Karaikudi

Date: 13.03.2018

Address by the Hon'ble Vice-Chancellor Prof.S.Subbiah to the Press Reporters on 13.03.2018

MoU signed with Bharathidasan University, Tiruchirappalli

Alagappa University, Karaikudi, has signed an MoU with Bharathidasan University, Tiruchirappali for academic cooperation and collaboration through research and study for advancement of learning.

This MoU provides scope for undertaking collaborative research and research projects and also exchange of expertise of the faculty from both the institutions for their mutual benefit.

It would help in organizing joint national and international seminars, conferences and symposia.

It would help the scholars of both the Universities to utilize the resources available in both the University Libraries and also in the Laboratories; and it would also pave the way for jointly organizing seminars and workshops, exclusively for research supervisors and research scholars towards quality enhancement of research. It would also help to conduct special short-term academic projects and programmes for the benefit of both the partners.

MoUsigned with M.S. Chellamuthu Institute of Mental Health and Rehabilitation

The University Grants Commission in its notification dated 8.3.2018 (D.O.No.1-11/2014(CPP-II)) has made it mandatory for all Universities in India to provide student-counselling system for the effective redressal of the problems and challenges faced by students such as "anxiety, stress, fear of change and failure …. and a slew of other academic worries". In connection with this, Alagappa University, Karaikudi, signed an MoU with M.S. Chellamuthu Institute of Mental Health and Rehabilitation, Madurai, today (13.3.2018), with the objective of conducting collaborative programmes to promote mental healthamong the students and other stakeholders.

M.S. Chellamuthu Institute of Mental Health and Rehabilitation is a nodal agency to the entire State of Tamil Nadu for mental health and rehabilitation programmes. Dr. C. Ramasubramanian is the State Nodal Officer for mental health programmes. He is also the Founder and Chairman of this institute.

The collaborative programme will aim at sensitizing the school students and general-public in the Alagappa University adopted villages on the importance of mental health and its promotion. Later, these sensitization programmes will be extended to the general-public of Ramanathapuram and Sivagangai Districts.The faculty of Alagappa University and Affiliated Colleges will be imparted trainingto provide counselling to the needy.

The memorandum mentions setting up of Student-Support Centres in Affiliated Colleges of Alagappa University, to identify students who need psycho-social support; and these Centres would refer the identified students to M.S. Chellamuthu Institute of Mental Health and Rehabilitation (MSCIMHR) for counselling, if required.

The collaborative partners will jointly organize seminars, workshops, and conferences in the areas of mental health and rehabilitation and they will take up joint research projects so as to contribute to knowledge building and provide recommendations to the Government to frame policies on rehabilitation measures.

The University will share and utilisethe expertise of MSCIMHR Institute for developing curriculum for the courses offered by the Department of Special Education and Rehabilitation Sciences and the Department of Social Work. The Department of Social Work offers a specialization course in Medical and Psychiatric Social Work. Besides their expertise will be used for educational programmes to be offered in the areas of mental health, counselling and related fields. The University will also use their expertise to develop mental health competence of the faculty members and students through training programmes.

MoU signed with SethuBaskara Agricultural College and Research Foundation, Visalaiyankottai, Karaikudi

Alagappa University and SethuBaskara Agricultural College and Research Foundation has signed an MoU for promoting academic co-operation and agricultural activities such as landscaping, land development in the form of vegetable farming and paddy cultivation in the available areas of the University and to promote organic agriculture.It would provide technical advice for waste land development and agro-forestry in the sprawling university area.

It would also provide scope for collaborative research in agro-based areasand for conducting national and international conferences, workshops and seminars jointly by the institutions.
