M.Phil. DEGREE EXAMINATION, APRIL 2011

First Semester

Commerce

RESEARCH METHODOLOGY

(CBCS—2008 onwards)

Time : 3 Hours Maximum : 75 Marks

(5 × 15 = 75)

Answer **all** the questions choosing **either** 'a' **or** 'b'.

1. (a) What is a research problem ? State the main issues which should receive the attention of the researcher. Give examples to illustrate your answer.

(*Or*)

(b) What kinds of literature should a researcher review and for what purpose ?

2. (a) Differentiate Cluster Sampling from Stratified Sampling.

(*Or*)

(b) What are the various ways by which the ultimate sample size is controlled ?

3. (a) What are the uses of Secondary data and what are their advantages and limitations ?

(*Or*)

(b) Evaluate Projective technique of data collection.

4. (a) What are the characteristics of mean, mode and median ? When and why each of these averages can be used ?

(*Or*)

(b) Define Hypothesis. What are the types of hypothesis ? Explain them with suitable examples.

5. (a) What are the characteristics of a research report ? What functions does this report perform ?

(*Or*)

(b) Describe the considerations and steps involved in Planning report writing work.

RESEARCH METHODOLOGY—TECHNIQUES

(CBCS—2008 onwards)

Time : 3 Hours Maximum : 75 Marks

(5 × 15 = 75)

Answer **all** questions, choosing **either** 'a' **or** 'b'

All questions carry equal marks.

1. (a) What do you understand by "Central Tendency"? What are the merits and demerits of arithmetic mean ?

(*Or*)

(b) When is multiple regression needed ? Explain with the help of an example.

2. (a) What is meant by hypothesis ? State the procedure followed in testing a hypothesis.

(*Or*)

(b) Intelligence test given to two groups of boys and girls gave the following information :

Mean Score		*SD*	*Number*
Girls 75	..	10	50
Boys 70	..	12	100

Is the difference in the mean scores of boys and girls statistically significant ?

3. (a) Use the 'Sign test' to see if there is a difference between the number of days until collection of account receivable before and after a new collection policy. Use the 0.05 level of significance.

Before	:	30	28	34	35	40	42	33	38	34
After	:	32	29	33	32	37	43	40	41	37
Before	:	45	28	27	25	41	36			
After	:	44	27	33	30	38	36			

(*Or*)

(b) Explain briefly the various types of non-parametric tests known to you and the specific situations in which they are applicable.

4. (a) Four machines A,B,C and D are used to produce a certain kind of cotton fabrics. Samples of size 4 with each unit as 100 square meters are selected from the outputs of the machines at random, and the number of flows in each 100 square meters are counted, with the following result.

A	B	C	D
8	6	14	20
9	8	12	22
11	10	18	25
12	4	9	23

Do you think that there is a significant difference in the performance of the four machines ?

(*Or*)

(b) What is analysis of variance ? What are the basic assumptions followed in analysis of variance ?

5. (a) Describe the different methods of scale construction, pointing out the merits and demerits of each.

(*Or*)

(b) Point out the possible sources of error in measurement. Describe the tests of sound measurement.

M.Phil. DEGREE EXAMINATION, APRIL 2011

Second Semester

Commerce

RESEARCH FOR BUSINESS DECISIONS

(CBCS—2008 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (5 × 15 = 75)

Answer **all** questions choosing **either** (a) **or** (b).
All questions carry equal marks

1. (a) Enumerate the component of business research dimensions.

(*Or*)

(b) Explain the research on enterprises and entrepreneurs.

2. (a) What do you mean by product development ? What are the stages in the process of developing a new product ?

(*Or*)

(b) Explain the various factors which affect Consumer behaviour.

3. (a) Discuss the importance of motivation to employees.

(*Or*)

(b) Explain the relevance of quality of work life in the Indian context.

4. (a) Discuss the role of the following in Corporate governance :

(i) Top Management.

(ii) Audit Committees

(iii) Statutory Auditors.

(*Or*)

(b) Explain the importance of research on Organisational climate.

5. (a) Highlight the various aspects of research on performance of mutual funds.

(*Or*)

(b) Discuss the research on investor behaviour and protection.
