(Accredited with A+ Grade by NAAC (CGPA 3.64) in the Third cycle)

KARAIKUDI – 630003, Tamilnadu, India.

In association with

RAJA RAMMOHUN ROY LIBRARY FOUNDATION

Three-Day National Workshop

on

"Open Source Software – KOHA for Public and Academic Libraries"

From 14th to 16th, February, 2018

Venue: University Convocation Seminar Hall

About the University

Alagappa University, accredited with 'A+' Grade by NAAC (CGPA: 3.64) in the Third Cycle, is located at Karaikudi in Tamil Nadu. This University has emerged from the galaxy of institutions initially founded by the great philanthropist and educationist **Dr. RM. Alagappa Chettiar.**

Alagappa University was brought into existence by a Special Act of the Government of Tamil Nadu in May 1985 with the objective of fostering research, development and dissemination of knowledge in various branches of learning. It has been recognized by the University Grants Commission (UGC) of India. The University has 34 teaching and research Departments, 7 Centres and 2 Constituent Colleges on its campus. Abpot 40 Colleges located in the districts of Sivagangai and Ramanathapuram have been affiliated to this University.

As a member of the Association of Indian Universities (AIU), as well as the member of the Association of Common Wealth Universities (ACU), it has established relations with other academic institutions, research laboratories and industrial establishments that promise a spectacular future.

The University is having International Collaborations with Universities / Institutions of Higher Learning in countries like China, Malaysia, West Indies, U.S.A. and South Korea. Innovative programmes have been designed and offered at the University for the foreign students. 40 international exchange programmes attract the attention of the teachers and students from abroad.

The University's motto is **"Excellence in Action"** and it keeps working towards the realization of the vision of excellence in all spheres of its action.

About the Department

The Department of Library & Information Science is functioning in the University since 2006 with the aim of providing up-to-date LIS education to the students through effective teaching programmes and practical training. The department is working with the vision to educate individuals for career as librarians, documentalists, information professionals, archivists, information scientists and knowledge managers. The students are educated and trained in order to undertake instruction, research and service oriented programmes which require knowledge on current emerging information technological developments and market requirements. **Presently the department is offering M.Lib.I.Sc. (2 Years), M.Phil. and Ph. D. programmes in Library & Information Science through regular stream** and it is also offering C.L.I.Sc, B.Lib.I.Sc, M.Lib.I.Sc. and PGDLAN through distance education mode.

Raja Rammohun Roy Library Foundation (RRRLF)

Raja Rammohun Roy Library Foundation (RRRLF) is a central autonomous organization established and fully financed by the Ministry of Culture, Government of India. This organization functions as a promotional agency, an advisory and consultancy organization and a funding body for public library development in India. The Foundation works in close association and active co-operation with different State Governments and Union Territory Administrations through a machinery called State Library Planning Committee set up in each State at the instance of the Foundation. More on RRRLF is available on its URL: http://rrrlf.nic.in/

About the Workshop:

Libraries are constantly facing challenges in meeting the ever increasing expectations of users on account of emerging technologies. Therefore, libraries are bound to innovate the new services and systems to fulfill these expectations. Open Source Software (OSS) for automation and modernization of services are needed to use the ever increasing contents in public domain. The purpose of the workshop is to familiarize the participants with the advanced topics and best practices in KOHA: Open Source Integrated Library System (ILS). KOHA is considered as a highly sophisticated web-based ILS, with a SQL database back-up and accessible via
