First Semester

MANAGEMENT CONCEPTS

(Upto 2012 – 13 Academic Year and
2013 Calendar Year Only)

(English medium only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Discuss the nature of management.

2. What are the essential characteristics of the management? Do they suffer from any limitations.

3. What is the concept of planning as an element of management process?

4. What are the essential characteristics of a good decision?

5. What are the main pillar of classical organisation theory.

6. What is the concept of motivation? How does it affect behaviour?

7. What is the need of coordination?

8. What do you mean by total quality management?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Assess the role of Peter F. Drucker in the development of management.

10. "Policies are guides for managerial action". Discuss should policies be permanent or subject to ready change? Explain.

11. What are the features of good organisation structure?

12. What is the systems approach of staffing? Who should bear the responsibility of staffing in an organisaton. Explain.

13. "Dynamic leadership is an integral part of effective management". Discuss.

14. Explain the special Control techniques.

15. Analyze the role of technology and information technology in the field of management.

ORGANISATIONAL BEHAVIOUR

(2012-13 Academic Year and 2013 Calendar Year only)

(English Medium only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Explain the elements of organisational behaviour.

2. What are the various factors responsible for attitude formation?

3. Why do we need informal organisations? What are thier characteristics?

4. Define power. Why is power so important in organisation?

5. What is authority? How does it differ from power?

6. How is the stress defined? It is always bad for the individuals? Explain.

7. What criteria are used for judging the effectives of an organisation?

8. What is team development? Discuss the process of team development.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. What are the various implications of perception for management? How does management affect perception of people in the organisation?

10. Discuss the situations under which group decision making is better than individual decision making. Suggest some measures to improve group decision making.

11. 'Orders will be obeyed if they make sense'. Comment on this. Do you agree with this? Give reasons.

12. "Job stress can have psychological, physiological, and behavioural effects". Explain give the examples of such effects.

13. How can goal conflicts be reduced in the organisation? Does goal conflict reduction solve problems of conflicts?

14. Briefly explain the relationship between morale and productivity?

15. What are some of the techniques which have been developed in creating organisational change?

First Semester

MANAGERIAL ECONOMICS

(2012-13 Academic Year and 2013 Calendar Year only)

(English Medium only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What is the contribution of economic theory to managerial economics?

2. What factors influence elasticity of supply?

3. Marginal cost is the cost of producing the 'last' unit of output. Do you agree? Why and why not?

4. Explain price-out relationship in perfect competition.

5. What are the problems in profit measurement?

6. What is deflation and what are its effects?

7. What are the advantages of capital budgeting?

8. Economies of scale may either be internal or external. Explain.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Discuss how managerial economics could be a tool for decision making and forward planning.

10. Discuss the determinants of demand.

11. Explain the difference between the long-run and the short-run production function. Why is the difference important for managerial decision-making?

12. What is price discrimination? Mention the forms of price discrimination.

13. Critically examine any three theories of profit.

14. Explain the various phases of a business cycle.

15. Discuss the principal methods for adjusting the adverse balance of payments.

QUANTITATIVE METHODS

(2012-13 Academic Year & 2013 Calendar Year Only)

(English Medium Only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What is a symbolic model? What are its advantages and disadvantages?

2. What are the underlying assumptions in linear programming?

3. Determine an initial basic feasible solution to the following transportation problem using North West Corner Rule.

	D1	D2	D3	D4	Supply
O_1	6	4	1	5	14
O_2	8	9	2	7	16
O_3	4	3	6	2	5
Required	6	10	15	4	35

4. What are the condition of multiplication rules in probability?

5. What are the components of queuing model?

6. Distinguish between minima and maxima principles.

7. What is trade-off? How is the same relevant to decision making.

8. What is Binomial Distribution? What are the uses of it?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. The total cost function of a firm is given by

$$C = \frac{2}{5}x + \frac{49}{2}$$

Where C is total cost and x is the units of output, find

(a) Total cost when output is 100 units,

(b) Average cost where output is 250 units and

(c) Marginal cost when output is 75 units.

10. Solve the following linear programming problem using simplex method.

Minimize : $Z = 2X_1 + 3X_2$

Subject to $X_1 + X_2 \geq 6$

$7X_1 + X_2 \geq 14$

$X_1, X_2 \geq 10$

11. Solve the following transportation problem by Vogel's Approximation Method to minimize the total cost. Also find the optimum solution.

	To				
From	A	B	C	D	Available
I	11	13	17	14	250
II	16	18	14	10	300
III	21	24	13	10	400
Requirement	200	225	275	250	

12. Given below is the number of vacancies of Judges occurring in a high court over period of 96 years :

No. of vacancies :	0	1	2	3	Total
Frequency :	59	27	9	1	96

Fit a Poisson distribution to the data the find expected frequencies.

13. Explain the following :

(a) Advantages and disadvantages of simulation process,

(b) Monte Carlo simulation method.

14. Briefly explain the steps in decision tree analysis and how are they useful in decision making?

15. What is price elasticity of demand? How would you measure it? What is its significance in business?

First Semester

Business Laws

(2012-13 Academic Year and 2013 Calendar Year Only)

(English medium only)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What are the essential of a valid contract?

2. Distinguish between contract of indemnity and contract of guarantee.

3. Define a contract of sale? What are its essentials?

4. What are the different types of goods?

5. Define negotiable instruments and its essential features.

6. Distinguish between common carries and private carries.

7. What are the essential of a partnership?

8. Write about the procedures for winding up a company.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Write about the classifications of contracts.

10. Define a contract of guarantee? What are the essentials of a contract of guarantee?

11. What is meant by specific and unascertained goods?

12. Explain the right and duties of bailor and bailee.

13. Define fire insurance contract and write about it characteristics.

14. Write the classes of partners.

15. Briefly explain the characteristics of a company.

Second Semester

FINANCIAL AND MANAGEMENT ACCOUNTING

(2012-13 Academic Year and 2013 Calendar Year Only)

(English Medium Only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What is Financial Accounting? Differentiate between Management accounting and Financial Accounting.

2. Enumerate any four principles of financial accounting.

3. Explain different categories of financial analysis.

4. Explain the different types of Budgets.

5. Prepare a trading and profit and loss account from the following information for the year endings 31.12.2016:

	(Rs.)
Sales	6,00,000
Opening stock	1,00,000
Purchases	1,50,000
Closing stock	1,00,000

	(Rs.)
Wages	20,000
Salaries	30,000
Depreciation	10,000
Bad debts	20,000
Printing and stationary	4,000
Advertising	2,000

6. The balance sheet of a company as on 31.12.2001 is as follows :

Liabilities	Rs.	Assets	Rs.
Equity capital	1,00,000	Buildings	75,000
Reserve	50,000	Machinery	80,000
Profit and loss a/c	20,000	Stock	30,000
Debentures	50,000	Marketable Securities	20,000
Creditors	30,000	Accounts receivable	40,000
Bills payable	10,000	Cash	20,000
Bank O/D	5,000		
	2,65,000		2,65,000

Calculate :

(a) Current Ratio

(b) Liquid Ratio

(c) Debt — Equity Ratio

(d) Fixed Assets Ratio.

7. The following are the summarized balance sheets of a company for two years 2012 and 2013. Prepare Fund flow statement.

Balance sheet

	2012 Rs.	2013 Rs.		2012 Rs.	2013 Rs.
Share capital	10,00,000	15,00,000	Fixed assets	12,00,000	21,00,000
Share premium	1,00,000	1,50,000	Stock	1,75,000	3,00,000
Current liabilities	3,00,000	4,50,000	Debtors	2,25,000	3,50,000
Profit and loss a/c	4,00,000	7,00,000	Cash	2,00,000	50,000
	18,00,000	28,00,000		18,00,000	28,00,000

8. A manufacturing company submits the following figures relating to the Product X for the first quarter of 2016 :

Sales Targets :

January 60,000 units

February 48,000 units

March 72,000 units

Stock position : 1st January 2016 (% of January 2002 sales) – 50%

Stock position : 31st March, 2016 – 40000 units

Stock position : end January and February – 50%

(% of subsequent Month's Sales)

You are required to prepare production budget for the first quarter of 2016.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Define management accounting and explain its importance in the global business environment.

10. Write a detailed note on significance of ratio analysis and types of ratios.

11. Critically evaluate Capital budgeting appraisal methods.

12. The management of ABC Ltd. has to choose from Machine X and Machine Y. X has a cost of Rs. 75,000 and expected to last for 3 years with no salvage value. Y has a cost of Rs. 50,000 expected life of 3 years and no salvage value at end. The annual cash flows generated by the machine X are Rs. 30,000, Rs. 20,000 and Rs. 45,000 and cash flows of machine Y are Rs. 20,000, Rs 30,000 and Rs. 15,000.

    If the firm's required rate of return is 10%, determine :

    (a) NPV of each machine,

    (b) Which model should be recommended and why?

    (At 10% interest rate, the P.V. of Rs. 1 for I year 0.909 and for II year is 0.826 III year is 0.751)

13. Prepare a cash budget for three month May-July 2016 from the following details :

	MAR Rs.	APRIL Rs.	MAY Rs.	JUNE Rs.	JULY Rs.
Sales	50,000	56,000	60,000	80,000	90,000
Purchases	30,000	32,000	35,000	40,000	40,000
Wages	6,000	6,500	7,000	9,000	9,500
Factory overheads	5,000	5,500	6,000	7,500	8,000
Office overheads	4,000	4,000	4,000	4,000	4,000
Office overheads	3,000	3,000	3,500	4,500	4,500

Other Information

(a) 20% sales is for cash and balance collected in next month

(b) Suppliers supply goods at 2 months credit

(c) overheads are paid in the month following

(d) Bonus to workers in May Rs. 10,000

(e) Income Tax in July Rs.15,000

(f) Opening balance of cash on 1.5.2016 Rs. 25,000.

14. Prepare a cash flow statement from the following Balance sheet for the year 2014-2015

Liabilities	2014 Rs.)	2015 (Rs.)
Share capital	1,00,000	1,50,000
Profit and loss account	50,000	80,000
General reserve	30,000	40,000
16% Bonds	50,000	60,000
Creditors	30,000	40,000
Outstanding expenses	10,000	15,000
	2,70,000	3,85,000
Assets		
Fixed Assets	1,00,000	1,50,000
Goodwill	50,000	40,000
Inventories	50,000	80,000
Debtors	50,000	80,000
Bills receivable	10,000	20,000
Bank	10,000	15,000
	2,70,000	3,85,000

15. From the following information, you are required to prepare a Balance Sheet

Current Ratio – 1.75

Liquid Ratio – 1.25

Stock turnover ratio (Cost of sales / closing stock) – 9

Gross profit ratio – 25%

Debt collection period – 1.5 months

Reserves and surplus to capital – 0.2

Fixed assets turnover ratio (on cost of sales) – 1.2

Long-term debt to share capital – 0.6

Fixed assets to networth – 1.25

Sales for the year – Rs.12,00,000

BUSINESS ENVIRONMENT

(2012-13 Academic Year and 2013 Calendar Year only)

(English Medium only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. How does the political condition facilitate business operations?

2. What is business environment? State the importance of scanning the environment.

3. How does political forces influence the business policy of an organisation?

4. What is economic environment? How is it important for business?

5. Briefly explain technology trends in India.

6. What is the role of commercial banks in the growth of economy?

7. What were the steps to adopt liberalization and globalization?

8. State the danger of mergers and acquisition.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Analyse the problem of unemployment in India.

10. 'The changes taking place in socio-cultural environment in India is a boon for business' – Discuss.

11. Explain the political environment of business.

12. Explain the role of FDI in Indian economy.

13. Examine the need and impact of technology transfer in Indian economy.

14. Government should play the roles of both regulator and facilitator of business – Discuss.

15. Discuss the importance and limitations of foreign capital in India. What are the barriers to foreign investment in India?

RESEARCH METHODS

(2012 – 13 Academic Year and 2013 Calendar Year only)

(English Medium Only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Describe the criteria of good research.

2. Explain the problems encountered by researcher in India.

3. Give your understanding of a good research design.

4. What do you mean by the power of a hypothesis test?

5. Describe briefly the commonly used sampling distribution.

6. Discuss interview as a technique of data collection.

7. Narrate the various advantages of using non–parametric tests.

8. Describe the precautions that the researcher should take while interpreting his findings.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Briefly describe the different steps involved in a research process.

10. Write a comprehensive note on the "Task of defining a research problem".

11. What do you mean by 'Sample Design'? What points should be taken into consideration by a researcher in developing a sample design for this research project.

12. Enumerate the different method of collecting data.

13. Write a brief note different types of analysis of data pointing out the significance of each.

14. Answer using F test whether the following two samples have come from the same population.

Sample 1	17	27	18	25	27	29	27	23	17
Sample 2	16	16	20	16	20	17	15	21	

Use 5% level of significance.

15. Mention the different types of report, particularly pointing on the difference between a technical report and a popular report.

INTERNATIONAL BUSINESS

(2012-13 Academic Year and 2013 Calendar Year only)

(English Medium only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Examine the role of technology in fostering globalisation.

2. Explain the meaning of the term international marketing.

3. List out the commercial and regulatory documents required for international trade.

4. Write a note on the code of conduct for MNCs.

5. Examine the FDI – production linkage.

6. What do you mean by strategic merger?

7. What are the different types of duties?

8. Give a brief account of International Finance Corporation.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Discuss the different international orientations.

10. "IMF and World Bank serve the interests of industrialised nations rather than those of the developing countries". Discuss.

11. Elaborate procedure for availing credit insurance and necessary documents.

12. Examine the trends in the international capital flows.

13. Analyse the reasons for the growing dominance of the MNCs.

14. Evaluate IMF's policies and assistance in respect of developing countries.

15. Explain the concept of 'International Development Association'.

MANAGEMENT INFORMATION SYSTEM

(2012 – 13 Academic Year and 2013 Calendar Year only)

(English Medium Only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Why is MIS looked upon as a strategic need of management today?

2. List out the limitations of MIS.

3. What is the purpose of "Decision support system" in MIS?

4. Briefly explain recent development in information technology.

5. Explain the concept of "Local area networks" and 'wide area networks'.

6. Identify the master data in personnel and finance.

7. What are the value added networks? Where are they used?

8. Give a brief account of the term in M. Commerce.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. MIS supports a manager in his functional responsiblities. Explain.

10. Which is the type of DSS that can be integrated in the MIS and which are types not worthy of integration?

11. Elaborate the procedure control, facility control and auditing related to information systems.

12. Elaborate the application of MIS in manufacturing sector.

13. Explain the case role and purpose of ERP solutions in management of E–enterprise.

14. Describe the role of E. commerce and M–Commerce in E–enterprise.

15. Elaborate the Electronic Data Inter–change.

FINANCIAL MANAGEMENT

(2012-13 Academic Year and 2013 Calendar Year only)

(English Medium Only)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What is finance function? State the objectives of finance function.

2. Discuss the significance of global financial environment.

3. Explain the nature and features of capital budgeting.

4. What is risk? Explain risk-return trade off.

5. What are current assets and current liabilities? Explain with suitable examples.

6. Examine the role of bank credit in financing of working capital. What are the types of bank credit?

7. Investors have a strong preference for dividends. Do you agree?

8. What is meant by pay back method? State its advantages.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Define financial management. Describe the role financial management.

10. Examine the importance of cost of capital. What are the problems involved in determination of cost of capital?

11. Comment on capital structure policies in practice.

12. "Risk analysis of capital investments is one of the most complex, controversial and slippery areas in finance" Discuss. What is meant by decision tree analysis?

13. A company has the following capital structure:

Securities	Book value in Rs.	After Tax cost (%)
Equity share capital	8,50,000	15
Retained Earnings	2,25,000	10
Preferred capital	1,50,000	18
Debentures	10,00,000	6
	22,25,000	

From the above information, you are required to find out weighed average cost of capital.

14. Here is the forecast of sales by a company for the first four months of 2016 (figures in thousands of Rupees)

Months	1	2	3	4
Cash Sales Rs.	15	24	18	14
Sales on credit Rs.	100	120	90	70

On the average 50% of credit sales are paid for in the current month, 30% in the next month and the reminder in the month after that. What is the expected cash inflow from sales operations in months 3 and 4?

15. Determine which of the following two machines is better using NPV factor @14% year.

Year	1	2	3	4	5
Machine-X	40,000	1,20,000	1,60,000	2,40,000	1,60,000
Machine-Y	1,20,000	1,60,000	2,00,000	1,20,000	80,000

PROJECT MANAGEMENT

(2012-13 Academic Year and 2013 Calendar Year only)

(English Medium Only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What is project management and what is its scope?

2. How would you identify investment opportunities?

3. What are the levels of demand forecasting while conducting market appraisal?

4. Rising prices may lead to cost escalation of project. As a finance manager how can you finance such a cost escalation?

5. What is Turn-key project? What are its advantages and disadvantages?

6. What is project review and what are its goals?

7. What are the problems of project control?

8. What is resource leveling and what the options?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Discuss the project manager's responsibilities and the skills required of him.

10. Briefly describe the contents of a DPR.

11. Discuss the parameters to be considered in financial appraisal.

12. What is work break down structure? What are the approaches to the development of a WBS?

13. Explain the different types of project organizational structure.

14. What are the reasons for time and cost over-runs in general? How can it be managed?

15. What is a project plan? Enumerate the steps in the project planning process.

PRODUCTION AND OPERATIONS MANAGMENT

(2012 – 13 Academic Year and 2013 Calendar Year only)

(English Medium only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Distinguish between manufacturing systems and service systems.

2. What is the importance of capacity decisions?

3. What are the approaches to job design?

4. Describe any two judgemental techniques of forecasting.

5. What are the special features of lean manufacturing? -

6. What do you understand by acceptance sampling?

7. What are the objectives of assembly line balancing?

8. The design capacity for engine repair in our company is 80 Trucks per day. The effective capacity is 40 engines per day and the actual output is 36 engines per day. Calculate the utilization and efficiency of the operation. If the efficiency for next month is expected to be 82%, what is the expected output?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Explain the salient features, characteristics and when to use any two of the following types of production system

(a) make to order,

(b) make to stock,

(c) make to assemble.

10. Discuss the merits and demerits of process layout and product layout.

11. Explain different charts and diagrams which are used in method study.

12. Briefly discuss the different phases of production planning and control.

13. What are the objectives of MRP? Explain the components of a typical MRP system.

14. What is breakdown maintenance and what are its objectives? What is preventive maintenance and what are its features?

15. Potential Locations X, Y and Z have the cost structures shown below. The ABC company has a demand of 1,30,000 units of a new product. Three potential locations X, Y and Z having following cost structures shown are available. Select which location is to be selected and also identify the volume ranges where each location is suited?

	Location X	Location Y	Location Z
Fixed Costs	Rs. 1,50,000	Rs. 3,50,000	Rs. 9,50,000
Variable Costs	Rs. 10	Rs. 8	Rs. 6
