First Semester

MANAGEMENT CONCEPTS

(Upto 2012-13)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Define and explain the scope of Management.

2. Explain the concept of operational planning and compare it with strategic planning.

3. Define and explain span of Control.

4. Line, Staff and Functional Authority - Differentiate.

5. Explain different types of leadership styles.

6. What is Co-ordination? Briefly state its importance.

7. What is the power of core competence?

8. What are the barriers in implementing of total quality management in an organization? Suggest some measures to overcome such barriers?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the universality of concept of management on your understanding. Examine its pros and cons.

10. What is meant by decision making? Explain the process in detail.

11. Describe the merits and demerits of an informal organization. Suggest some measures to harmonize informal organization with formal organization.

12. Enunciate the importance of directing techniques.

13. What is motivation? Explain any three theories of motivation.

14. Explain various steps involved in controlling process.

15. Give your views on strategic alliances with quoting of two relevant Indian examples.

First Semester

ORGANISATIONAL BEHAVIOUR

(Upto 2012–13)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Define organisational behaviour. What are basic elements of organisational behaviour?

2. Explain nature and dimensions of attitude.

3. "Impact of Informal groups on Organisation Behaviour" Explain.

4. Define team and its importances in present organisation.

5. What is meant by organizational politics?

6. What is the difference between constructive and destructive conflicts?

7. Explain the importances of organisational efficiency.

8. Explain nature and scope of organisational development.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. "Most people believe that biological factors are important in determining the personality of a person". Comment on this statement by taking various biological factors relevant for personality and its impact?

10. What are different theories of group formation? Do they explain group formation phenomenon fully? How?

11. Why do organisational politics emerge? Discuss the measures to avoid organisational politics.

12. What do you mean by contingency approach to power? Discuss the contingency factors which affect effectiveness of power use.

13. What is the concept of organisational conflict? Are organisational conflicts always dysfunctional? Explain with an illustration.

14. How does organisational culture affect different aspects of organisational functions? Does culture become a liability? If yes, discuss how it is treated as liability.

15. What do you mean by planned change? What are its objectives?

MANAGERIAL ECONOMICS

(Upto 2012 – 2013)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the scope of Managerial Economics.

2. Describe the role of managerial economics in business decisions.

3. Explain the determinants of supply.

4. Explain the cost control techniques.

5. Explain the limitation of skimming the cream price and government controlled price.

6. What is NPV technique and explain its role in investment analysis and evaluation?

7. Explain briefly implication of Balance of Payment position in India in managerial decision.

8. Discuss the problem involved in the computation of national income.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. "Managerial Economics is integration of economic theory with business practice for the purpose of decision making and forward planning by manager". Explain and comment

10. Define Price Elasticity of Demand and distinguish its various types. How would you measure it? Discuss the role of Price Elasticity of Demand in managerial decision.

11. Discuss the Cobb–Douglas production functions in detail.

12. What is Oligopoly? Explain how price and output decisions are taken under the condition of Oligopoly?

13. What is profit? Explain the different methods adopted in measurement of profit.

14. Describe the various methods of measuring national income. How is a method chosen for measuring national income?

15. Define Inflation. What measures would you suggest to control it?

FINANCIAL AND MANAGEMENT ACCOUNTING

(Upto 2012–2013)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the principles of Accounting and give the significance of 'Generally Accepted Accounting principles'?

2. What is a trial balance? Explain its objectives.

3. What is financial statement analysis? Explain various techniques to conduct financial statement analysis.

4. Distinguish between funds flow and cash flow.

5. Briefly explain the various types of Budgets.

6. Explain the steps involved in the preparation of sales Budget.

7. What are the different Discounted Cash Flow (DCF) techniques used in evaluating capital investment projects? Explain any one of them.

8. What do you mean by 'capital rationing'? Explain with an illustration.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. What is accounting concepts? and explain any five accounting concepts in detail.

10. From the following trial balance and additional information, you are required to prepare final accounts.

Trial Balance as on 31st December 2011

Dr.	₹	Cr.	₹
Sundry Debtors	5,400	Capital	20,000
Drawings	1,800	Creditors	2,800
Machinery	7,000	Sales	29,000
Wages	10,000		
Purchases	19,000		
Opening Stock	4,000		
Bank Balance	3,000		
Carriage charges	300		
Salaries	400		
Rent and Taxes	900		
	51,800		51,800

Additional Information

(a) Closing stock ₹ 1,200

(b) Outstanding Rent and Taxes ₹ 100

(c) Charge depreciation on machinery at 10%

(d) Wages prepaid ₹ 400

11. What is ratio analysis? Explain its advantages and disadvantages.

12. Following are the ratios relating to the trading activities of an organization

Debtor's Velocity	3 months
Stock Velocity	6 months
Creditor's velocity	2 months
Gross profit ratio	20%

Gross profit for the year ended 31st December 2011 was ₹ 5,00,000. Stock at the end of 2011 was ₹ 20,000 more than what it was at the beginning of the year. Bills payable and Receivable were ₹ 36,667 and ₹ 60,000 respectively. You are required to ascertain the following:

(a) Sales (b) Sundry Debtors

(c) Sundry creditors (d) Stock

13. Distinguish between

(a) Statement showing changes in working capital and funds flow statement

(b) Income statement and funds flow statement.

14. Write short notes on:

(a) Budgetary control

(b) Master budget

(c) Functional budget

(d) Responsibility Accounting

(e) Zero Based budgeting

15. A project cost ₹16,000 and it is expected to generate cash inflows of ₹ 8,000, ₹ 7,000 and ₹ 6,000 at the end of each year for 3 years. Calculate NPV at 10% discounting rate.

First Semester

MARKETING MANAGEMENT

(Upto 2012 – 13)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Differentiate between selling and marketing

2. Explain the concept of Positioning.

3. What are the environmental variables that a marketing must take into considering while study the business environment?

4. How is the concept of planned obsolescence useful in product management decision?

5. What is the role of intermediaries in the marketing channel of a firm?

6. Under what conditions, is penetration pricing a good option?

7. Outline the steps in selling process.

8. How is online retailing different from offline retailing?

PART B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

9. Distinguish between industrial (B2B) and consumer (B2C) marketing.

10. Explain a model of consumer behaviour.

11. Discuss the contents of a marketing research report.

12. Explain the stages in new product development and list out the reasons for New Product failure.

13. Explain the channel design process in detail.

14. What are the issues in sales force management?

15. What are the influencing factors in media selection in planning an advertisement campaign? Illustrate with examples.

Second Semester

QUANTITATIVE METHODS

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Define the following terms related to Linear Programming Problems.
   (a) Slack Variable
   (b) Surplus Variable
   (c) Non negative constraint
   (d) Solution space

2. State few limitations of graphical method solution to Linear Programming Problems.

3. Write a short note on North-West corner Method and Vogel's Approximation Method of Transportation problems.

4. Briefly discuss few applications of queuing theory in business practices.

5. Write a short note on Bernoulli's process.

6. What is the difference between a discrete random variable and a continuous random variable?

7. Explain the significance of Marginal cost and marginal revenue.

8. Briefly explain the Maximin, Minimax criterion with suitable examples.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Solve the following transportation problem by Vogel's approximation method where the unit transportation costs demand and supplies are summarized below and check whether the solution is optimum?

		Markets				Supply
		M1	M2	M3	M4	
Factory	Factory 1	6	1	9	3	70
	Factory 2	11	5	2	8	55
	Factory 3	10	12	4	7	70
	Demand	85	35	50	45	

10. The managers of a local golf course have recently conducted a study of the types of golf balls used by golfers based on handicap. A joint frequency table for the 100 golfers covered in the survey is show below.

Types of Golf Ball

Handicaps	Strata	Titlist	Nike	Others
<2	5	8	3	2
2<10	8	7	9	10
>=10	7	8	10	23

(a) What is the probability of a golfer having a handicap less than 10?

(b) What is the probability that a player will use a Strata golf ball?

(c) If a player comes to the course using a Nike golf ball, what is the probability that he or she has a handicap of at least 10?

(d) What is the probability of someone using a Strata ball and having a handicap under 2?

11. Arrivals at a telephonic booth are considered to be Poisson, with an average time of 10 minutes between one arrival and the next. The length of a phone call is assumed to be distributed exponentially with mean 3 minutes.

(a) What is the probability that a person arriving at the booth will have to wait?

(b) What is the average length of the queue that forms from time to time?

12. Solve the following LPP

Max $Z = 6x_1 + 4x_2$

Subject to the constraints

$$-2x_1 + x_2 \leq 2$$
$$x_1 - x_2 \leq 2$$
$$3x_1 + 2x_2 \leq 9$$

Also x_1 and $x_2 \geq 0$.

13. Write a short note on applications of various models in Operations Research problems.

14. Using the following matrix, determine optimal job assignment and cost of assignments.

	Jobs				
Machines	1	2	3	4	5
A	10	3	3	2	8
B	9	7	8	2	7
C	7	5	6	2	4
D	3	5	8	2	4
E	9	10	9	6	10

15. Explain various types of functions and their business applications.

BUSINESS RESEARCH

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What is the difference between applied and basic research?

2. Describe a situation in which business research is not needed and one in which business research is needed. What factors differentiate between the two situations?

3. List at least five specific criteria that are essential for evaluating secondary data.

4. Define Research Design and types of various research designs

5. Under what kind of conditions would you recommend

   (a) A probability sample?

   (b) A non probability sampling method.

6. Compare Case studies and Statistical Research Designs

7. List the guidelines for asking questions

8. Briefly discuss at least three things that the researcher who is developing a questionnaire can do to increase the willingness of the respondent to answer.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss the relevance of Exploratory Research & various method of exploration.

10. Describe the characteristics of a focus group, and list and discuss the basic steps to conducting a focus group.

11. Studies involving internet as a primary data source is growing in a rapid pace. As a researcher, discuss shortly the advantages of using internet surveys.

12. Briefly discuss the elements that are included in a research proposal.

13. List and discuss the four primary scales of measurement. Illustrate with suitable examples of how each scale of measurement is used in business research?

14. What problems might be involved in attempting to utilize attitude measures to predict specific behaviour?

15. Describe the factors influencing the selection of Bivariate data analysis techniques?

STORE AND MALL MANAGEMENT

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Define "Location" Briefly explain the different types of Locations.

2. Briefly explain the importance of racks and shelves.

3. Write short notes on :

   (a) Super market racks

   (b) Fruits and vegetables racks

   (c) Electronic racks

   (d) Show case racks.

4. Explain the components of quality.

5. What is meant by stores and malls? Explain the different kinds of malls.

6. Explain the different types of leadership.

7. Briefly explain the factors influencing customer service and satisfaction.

8. Bring down and explain the different types of job position in retail stores.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss the internal layout designs in store and mall management.

10. Distinguish between the visual merchandise and merchandise display.

11. What is meant by procurement efficiency? Explain the techniques of inventory management.

12. Explain the features of different types of entertainment multiplex.

13. Discuss the theories of motivation.

14. Write Short note on the followings :

    (a) Multiples payment options

    (b) Kids keeping

    (c) Quick counter services

    (d) Facilities for parking.
