EDUCATIONAL RESEARCH METHODOLOGY AND STATISTICS

(CBCS—2008 onwards)

Time : 3 Hours Maximum : 75 Marks

Part - A (10 × 2 = 20)

Answer **all** questions about 100 words.

1. What do you mean by 'pin-point' the problem ?

2. How can you define a theory ?

3. What is a null hypothesis ?

4. What are the characteristics of a good sample ?

5. What is a case study ?

6. What is a survey research ?

7. What is a sociogram ?

8. What do you mean by an inventory ?

9. What is skewness ?

10. What is a non-parametric test ?

Part - B (5 × 5 = 25)

Answer **all** questions not exceeding 250 words.

11 (a) What are the characteristics of research ?

(*Or*)

(b) What are the differences between pure and applied research ?

12. (a) What is the need of review of related literature in research ?

(*Or*)

(b) Describe any one probability sampling technique.

13 (a) Explain primary and secondary data in historical research.

(*Or*)

(b) Explain Internal and External validity in experimental research.

14 (a) Explain the role of computers in research.

(*Or*)

(b) Describe any one projective technique.

15 (a) Calculate median for the data :

C.I. :	20 – 24	25 – 29	30 – 34	35 – 39	40 – 44
f :	1	2	3	4	2

(*Or*)

(b) The intercorrelation of the variables academic achievement (X_1), self-concept (X_2) and intelligence (X_3) are as follows $r_{12} = .60$ $r_{13} = .40$ and $r_{23} = .50$. Calculate the multiple correlation when X_1 is the criterion variable.

Part - C (3 × 10 = 30)

Answer any **three** questions.

Answer to each questions should not exceed 1000 words.

16. Describe the emerging trends in educational research.

17. How can you formulate a hypothesis ? Explain the procedure for testing a hypothesis.

18. Describe the steps for evaluating a research report.

19. What are the characteristics of a good tool in research ?

20. Calculate quartile deviation for the following data :

C.I	:	10 – 14	15 – 19	20 – 24	25 – 29	30 – 34	35 – 39	40 – 44
f	:	1	3	4	2	3	2	1

M.Ed. DEGREE EXAMINATION, DECEMBER 2010

Specialization I—PERSPECTIVES OF EDUCATIONAL TECHNOLOGY

(CBCS–2008 onwards)

Time : 3 Hours Maximum : 75 Marks

Part - A (10 × 2 = 20)

Answer **all** questions.

Answer to each question should not exceed **half a page**.

(About 100 words)

1. Write the scope of educational technology.

2. What are the classifications of educational technology ?

3. Define the term Communication.

4. What is multi-media approach ?

5. Write the advantages of CCTV.

6. What is web based learning ?

7. Write a short note on open learning.

8. Explain the use of SITE in Distance Education.

9. State any four limitations of Distance Education.

10. What is Special Education ?

Part - B (5 × 5 = 25)

Answer **all** questions.

Answer should not exceed 250 words

11. (a) Differentiate Technology of Education and Technology in Education.

(*Or*)

(b) Explain the concept of Systems approach.

12. (a) Discuss the barriers to communication.

(*Or*)

(b) Explain the basic principles of effective classroom communication.

13. (a) Explain the major steps involved in software production.

(*Or*)

(b) Explain the advantages of Micro-computers.

14. (a) Explain the merits of Distance Education Programme in India.

(*Or*)

(b) Discuss the limitations of Open University System.

15. (a) How can we apply Educational Technology in developing special education programmes ?

(*Or*)

(b) Discuss the uses of technology in research development.

Part - C

(3 × 10 = 30)

Answer any **three** questions.

Answer to each question should not exceed 1000 words.

16. Discuss the scope and importance of multi-media approach in teaching–learning process.

17. Explain the steps involved in effective communication.

18. How does e-learning help the researchers ? Explain with illustrations.

19. Distance Education helps to extend non-formal education–Discuss.

20. How does education technology help to improve the quality of Teacher Education Programme.

Education

Specialisation II—INFORMATION AND COMMUNICATION TECHNOLOGY IN EDUCATION

(CBCS–2008 onwards)

Time : 3 Hours Maximum : 75 Marks

Part - A (10 × 2 = 20)

Answer **all** questions about 100 words.

All questions carry equal marks.

1. Define ICT.

2. Name any four challenges of ICT.

3. What is VSNL ?

4. List out the parts of computer.

5. What is Microsoft Access ?

6. Give any four uses of LCD.

7. Name any two names of 'e' journals.

8. What is 'on line discussion'.

9. Comment Webliography.

10. Give four uses of I Pod.

Part - B (5 × 5 = 25)

Answer **all** questions should not exceed 250 words.

11. (a) Compare ICT with E.T.

(*Or*)

(b) Bring out the impact of ICT in Teacher Education.

12. (a) What are the reasons to consider computer as a major device of ICT ?

(*Or*)

(b) Bring out the importance of Online learning.

13. (a) Define multimedia and discuss its role in teaching-learning process.

(*Or*)

(b) Write notes on SPSS.

14. (a) How far internet plays an important role in collection of review of related literature ?

(*Or*)

(b) Explain the characteristic features of Mobile technology

15. (a) How would you develop of Digital Lesson Plan ?

(*Or*)

(b) Discuss the role of ICT in child education programmes.

Part - C (3 × 10 = 30)

Answer any **three** questions should not exceed 1000 words.

16. Why ICT integration in Teacher Education is essential ?

17. Computer will be the future teacher. Justify this statement.

18. Explain elaborately Microsoft Office.

19. Discuss the role played by Internet in education.

20. Describe the procedure followed in developing self learning modules.
