DISTANCE EDUCATION

M.B.A. (IM) DEGREE EXAMINATION, MAY 2012.

First Semester

MANAGEMENT CONCEPTS

(2005 onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What are the steps in the process of management?

2. What are the different aspects in the function of decision making?

3. What are the principles of organization?

4. How is authority different from responsibility? Explain.

5. Discuss the steps involved in selection process.

6. What do you understand by Decentralization? Explain.

7. What are the basic elements of control process? Explain.

8. What is meant by core competence? State its importance.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Discuss the contribution of Elton Mayo to the development of management of thought.

10. What steps are necessary for effective managerial planning? Explain.

11. Discuss various types of organizing function.

12. What is Delegation? Explain its importance in business organizations.

13. Explain about coordination. Discuss the essentials of an effective coordination.

14. What is meant by control? How is it related to other functions of management?

15. Discuss the needs and importance of total quality management in an enterprise.

DE–3871 **12**

DISTANCE EDUCATION

M.B.A. (IM) DEGREE EXAMINATION, MAY 2012.

First Semester

ORGANISATIONAL BEHAVIOUR

(2005 onwards)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What is meant by organizational behaviour? State its elements.

2. How do you understand the term Group Dynamics? State its features.

3. What are the barriers to effective communication?

4. What is meant by stress? State its steps to overcome it.

5. What are the different types of power? Explain.

6. What do you understand by organizational dynamics? How is different from organizational design?

7. How do you understand the term organizational change? State its nature.

8. What is meant by organizational development? State its importance.

SECTION B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

All questions carry equal marks

9. Discuss about the significant relationship between management and organizational behaviour in an organization.

10. What is Group cohesiveness? How is it relevant to organizational behaviour?

11. What is an attitude? Explain the components of it?

12. Describe briefly the different patterns of communication networks within an organization.

13. Discuss various styles of leadership.

14. What is organizational culture? How it is different from organizational climate? Explain.

15. Why do employees resist to change? Explain main causes for it.

DE–3872 **13**

DISTANCE EDUCATION

M.B.A. (IM) DEGREE EXAMINATION,
MAY 2012.

First Semester

MANAGERIAL ECONOMICS

(2005 onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Point out the differences between managerial economics and economics.

2. What is managerial Economics? What are its characteristics?

3. Give reasons for the downward sloping demand curve.

4. Distinguish fixed cost from variable cost.

5. Explain the concept of returns to scale.

6. Write a note on profit forecasting and control.

7. Explain the various concepts of measuring national income.

8. Mention the features of a business cycle.

PART B— ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Managerial economics is economics applied in decision making — Explain.

10. Discuss the nature and scope of managerial economics.

11. Discuss the factors that influence a demand for a product.

12. Discuss the various economics of scale.

13. Examine the importance of profit policy, profit planning and profit forecasting.

14. Explain the term price discrimination. How is price determined in a discriminating monopoly?

15. Discuss the causes for disequilibrium in balance of payment and the measures for correcting disequilibrium.

———————

DISTANCE EDUCATION

M.B.A. (IM) DEGREE EXAMINATION, MAY 2012.

First Semester

QUANTITATIVE METHODS

(2005 onwards)

Time : Three hours Maximum : 100 marks

SECTION A — ($5 \times 8 = 40$ marks)

Answer any FIVE of the following.

All questions carry equal marks.

1. Give the concept and the type of functions.

2. Explain the managerial uses of BEP.

3. Discuss the assumptions of Linear programming with suitable examples.

4. Using graphical method, obtain the values of x_1 and x_2 of the following LP problem

Max $Z = 30x_1 + 20x_2$

Sub to $2x_1 + x_2 \leq 800$
$x_1 + 2x_2 \leq 1000$
and $x_1, x_2 \geq 0$

5. Solve the following transportation problem using North–West Corner rule

	S_1	S_2	S_3	ai
W_1	5	4	2	6
W_2	4	7	6	8
W_3	2	5	8	12
W_4	8	6	7	4
bj	8	10	12	30

6. Explain addition and multiplication theorems of probability.

7. What are the uses and limitations of Simulation?

8. A small industry finds from the past data, that the cost of making an item in Rs. 25, the selling price of an item is Rs. 30, if it is sold with in a week and it could be disposed at Rs. 20 per item at the end of the week

Weekly Sales :	≤ 3	4	5	6	7	≥ 8
No. of weeks :	0	10	20	40	30	0

Find the optimum number of items per week should the industry produce.

SECTION B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

All questions carry equal marks.

9. The cost function for a firm producing x units is TC = $5x + 350$ and its revenue function is $TR = 5x - x^2$. Find the demand function break - evenpoint, profit maximising output and sales maximising output.

10. Solve the following LPP using Simplex method

Max $Z = 45x_1 + 80x_2$

Sub to $5x_1 + 20x_2 \leq 400$

$10x_1 + 15x_2 \leq 450$

and $x_1, x_2 \geq 0$

11. A and B are two events such that $p(A) = 0.25, p(B) = 0.15$ and $p(A \cup B) = 0.30$. Find the value of

(a) $p(A \cap B), p(B / A), p(A / B)$

(b) $p(A \cap \overline{B}), p(\overline{B} / A), p(A / \overline{B})$

(c) $p(\overline{A} \cap B), p(B / \overline{A}), p(\overline{A} / B)$

12. Explain the Monte-Carlo technique and its limitations.

13. A company has three plants A, B, C and three warehouses X, Y and Z. Number of units, available at the plants is 60, 70 and 80 respectively. Demands at X, Y, Z are 50, 80 and 80 respectively. Unit cost of transportation are as follows :

	X	Y	Z
A	8	7	3
B	3	8	9
C	11	3	5

Find the allocation so that total transportation cost is minimum.

14. You are given the following pay-off table

	States of Nature			
Alternative	S_1	S_2	S_3	S_4
A_1	1	3	8	5
A_2	2	5	4	7
A_3	4	6	6	3
A_4	6	8	3	5

Decide the best course of action according to

(a) Maximax criterion

(b) Maximin criterion

(c) Minimax regret criterion

(d) Laplace criterion.

15. Describe the computational procedure of the simplex method for the solution of a maximization LPP.

DISTANCE EDUCATION

M.B.A. (IM) DEGREE EXAMINATION, MAY 2012.

First Semester

FINANCIAL ACCOUNTING

(2005 onwards)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Differentiate single entry system from double entry system.

2. What is the object of preparing a Trial Balance?

3. What are the differences between trading account and profit and loss account?

4. How will you calculate the purchase consideration?

5. Write short notes on Amalgamation, Absorption and Reconstruction.

6. Briefly explain the important adjustments in final accounts.

7. From the following transactions prepare journal entries in the books of Kumar.

2009

Jan 1 Started business with Rs. 1,000, paid into bank Rs. 5,000

Jan 3 Bought furniture for Rs. 900

2009

Jan 4 Purchased goods form Mohan & Co., for Rs. 4,000 for cash

Jan 5 Sold Goods for Rs. 1,700

Jan 7 Paid telephone rent for the year Rs. 400

Jan 8 Purchased goods for Rs. 1,000 from Bir & Co.,

Jan 10 Paid Rs. 100 for advertisement by cheque

Jan 12 Sold goods to Bedi & Co., for Rs. 2,900

Jan 14 Withdrew Rs. 350 form the Bank for private use

Jan 16 Sold goods to Bedi & Co., for Rs. 650 cash.

8. Prepare a Trial Balance from the following as on 31st December 2009.

	Rs.		Rs.
Stock Jan. 2009	46,000	Sundry debtors	36,000
Purchases	1,50,200	Sundry creditors	29,670
Purchase returns	600	Wages	25,000
Cash in hand	3,400	Salaries	14,000
Bank balance	22,660	Capital	1,14,000
Freehold premises	38,600	Income tax	1,600
Trade expenses	840	Discount allowed	6,300
Printing and		Discount received	4,600
Stationary	1,640	Sales returns	550
Professional charges	280	Sales	1,08,950
Commission received	3,300	Bills receivable	3,200
Investments	4,000	Office furniture	3,050
Interest there of	200	Rent & rates	4,000

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the accounting concepts and conventions.

10. How will you calculate profit under the single entry method of maintaining accounts?

11. Explain the Computer Applications in Accounting.

12. Enter the following transactions in proper subsidiary records, post them to ledger and prepare the trial balance.

		Rs.
Sep 1	Sold to Raman at 10% trade discount.	5,000
2	Kesavan sold us goods at 20% trade discount	3,000
4	Sold to Narayanan	1,000
6	Purchased goods form Madhavan at a trade discount of 15%	2,000
9	Goods Returned by Raman	500
10	Purchased Goods from Govindan	1,700
12	Returned goods to Kesavan	300
14	Sold to Narayanan at 10% trade discount	1,500
15	Purchases form Kesavan (nett value)	1,000
18	Narayanan returned a part of the goods sold to him on 14.9	300
22	Returned goods to Kesavan (a part of 15.9 purchases)	100
27	Goods Purchased from Madhavan	400
29	Sold to Narayanan (at 10% trade discount)	500
30	Returned goods to Madhavan	40

13. From the following details find out the credit purchases and total purchases :

Particulars	Amount Rs.	Particulars	Amount Rs.
Cash Purchase	32,000	Cash paid to creditors	24,000
Opening balance of bills payable	8,500	Bills payable paid during the year	11,000
Opening balance of creditors	22,000	Purchase returns	1,000
Closing balance of bills payable	3,500	Allowance from creditors	900
Closing balance of creditors	20,000	Bills payable dishnonoured	400

14. From the following Trial Balance, prepare Trading and Profit and Loss account and Balance sheet

Debit balance	Rs.	Credit Balance	Rs.
Opening stock	12,000	Capital	80,000
Salaries	12,000	Return outwards	1,000
Drawings	12,000	Rent outstanding	200
Goodwill	10,000	Creditors	40,800
Wages	200	Provision for bad debts	2,000
Insurance	1,200	Discount	600
Carriage inwards	2,000	Sales	1,47,400
Carriage outwards	1,000		
Return inwards	1,600		
Rent	2,400		

Debit balance	Rs.	Credit Balance	Rs.
Purchases	1,20,000		
Debtors	66,000		
Advt.	6,000		
Bad debts	1,000		
Discount	1,200		
Cash	17,400		
Furnitures	6,000		
	2,72,000		2,72,000

Adjustments :

(a) Closing stock Rs. 24,000

(b) One quarter of insurance premium falls in next year

(c) Provide 10% depreciation on furniture

(d) Goods worth Rs. 1,000 have been taken by the proprietor.

15. From the following Trial Balance of Siva Limited as on 31.3.2010 prepare a Trading and Profit and Loss account for the year ended 31st December 2010 and Balance sheet as at that after making necessary adjustments.

Debit balance	Rs.	Credit Balance	Rs.
Salaries	17,400	Share capital (paid up)	5,52,000
Call in arrears	9,000	Reserve for bad debts	4,200
Land	3,60,000	General reserve	30,000
Wages	92,760	Debentures	60,000

Debit balance	Rs.	Credit Balance	Rs.
Plant	4,32,000	Creditors	60,000
Interim dividend	9,000	P & L A/C	17,400
Purchases	2,29,880	Bills payable	45,600
Discount	20,280	Sales	4,98,000
Cash	900		
Furnitures	40,000		
Bank	35,980		
Debtors	20,000		
	12,67,200		12,67,200

Adjustments :

(a) Outstanding wages 6,000 : Salaries 3,000

(b) Provide depreciation Land, Plant and furniture 5%, 10% and 20% respectively.

(c) Closing Stock Rs. 1,40,000

(d) Write off Rs. 500 as bad debts.

DE–3875 **21**

DISTANCE EDUCATION

M.B.A. (IM) DEGREE EXAMINATION, MAY 2012.

Second Semester

MANAGEMENT ACCOUNTING

(2005 onwards)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What do you mean by financial statement analysis? Explain the advantages of financial statement analysis.

2. What is Ratio analysis? Explain how the ratio analysis helps in decision making.

3. Define fund flow statement. Explain the method of preparing the fund flow statement.

4. Calculate cash from operation from the following:

	Rs.
Net loss after adjustments	1,20,000
Depreciation	70,000
Goodwill written off	35,000
Outstanding salary	25,000
Rent accrued	24,000
Dividend received	45,000
Preliminary expenses written	37,000

5. Define budgetary control and explain the objectives of budgetary control.

6. What is BEP? State the procedures of preparing break-even chart?

7. What is Cost Accounting? Explain the differences between Cost Accounting and Management Accounting.

8. Calculate the break-even point in units and sales value from the following details :

   Production 10,000 units; Total fixed cost Rs. 1,00,000 Variable cost Rs. 50 per unit; Selling price Rs. 70 per unit.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Bring out clearly the differences between Financial Accounting and Management Accounting.

10. Explain the differences between Cash Flow and Fund Flow statements.

11. Kishore Ltd provided the following information for the year ended 31st March 2009.

    Gross profit ratio 25%, Operating profit ratio 14%, Net profit ratio 10%; Tax @ 50%; 10% debenture Rs. 3,00,000; 12% Loan Rs. 2,00,000; Gross profit Rs. 6,00,000, Stock Turnover ratio 9; Closing stock is Rs. 50,000, more than the opening stock; Wages Rs. 1,50,000; Profit on sale of plant Rs. 50,000; Loss on sale of furniture Rs. 30,000; Ratio of administration and selling expenses is 3:2.

    Prepare trading and profit and loss account.

12. The sales turnover and profit during two years were as follows :

Year	Sales	Profit
	Rs.	Rs.
1991	1,50,000	20,000
1992	1,70,000	25,000

You are required to calculate :

(a) P/V ratio and fixed cost

(b) Break-even point

(c) The sales required to earn a profit of Rs. 40,000

(d) The profit made when sales are Rs. 2,50,000

(e) Margin of safety at a profit of Rs. 50,000

(f) Variable cost of the two periods.

13. The following information are related to the budgeted production of 50,000 units of a product manufactured by W.D Ltd. The actual production during the period is 40000 units. Calculate the budgeted cost per unit.

	Rs.
Direct materials	5,00,000
Direct labour	3,70,000
Direct expenses	1,30,000
Works overhead (70% fixed)	3,00,000
Administration overhead (90% fixed)	4,00,000
Selling overhead (60% fixed)	1,50,000

14. Prepare a statement of fund flow from the following :

Liabilities	2008 Rs.	2009 Rs.	Assets	2008 Rs.	2009 Rs.
Share capital	12,00,000	15,00,000	Land & buildings	6,60,000	7,00,000
Loan	3,00,000	1,00,000	Plant & machinery	5,00,000	4,60,000
Sundry creditors	60,000	90,000	Stock	1,40,000	1,90,000

Liabilities	2008 Rs.	2009 Rs.	Assets	2008 Rs.	2009 Rs.
Bank OD	40,000	20,000	Debtors	50,000	25,000
			Cash	60,000	95,000
			Profit and loss a/c	1,90,000	2,40,000
	16,00,000	17,10,000		16,00,000	17,10,000

Depreciation for land and building is Rs. 30,000 and plant and machinery is Rs. 40,000.

15. From the following information, calculate BEP and determine the net profit if sales are 25% above BEP.

Selling price per unit Rs. 50

Direct material cost per unit Rs.20

Direct wages per unit Rs. 10

Variable overhead per unit Rs. 7.5

Fixed overhead (total) Rs. 50,000.

Second Semester

BUSINESS LAWS

(2005 onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Distinguish between private company and public company.

2. What is anticipatory breach of contract?

3. What is an offer?

4. Distinguish between a sub-agent and a substituted agent.

5. What is complaint?

6. Briefly explain the procedure for registration of partnership farm.

7. Define endorsement. What are its significance?

8. What is life insurance?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the various steps required to form a company.

10. Explain the rules relating to offer and acceptance.

11. Define agent. Describe the rights, duties and scope of authority of an agent.

12. Who is an unpaid seller? List out his duties.

13. What are the rights and duties of a partner?

14. Explain the essential features of life insurance.

15. Explain the different types of fire policies.

Second Semester

MANAGEMENT INFORMATION SYSTEM

(2005 Onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What is system design? State its features.

2. Briefly explain the evaluation of MIS.

3. What are the Pre-requisites of effective MIS?

4. How do you understand the concept of global village?

5. What are the uses of WAN?

6. What is Electronic bullet in board? State its uses.

7. Briefly explain the Value added network.

8. What are the applications of internet?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Discuss the applications of Web site management.

10. What is data processing and decision support system? How far it differ from MIS?

11. What is the structure of MIS? What are its merits?

12. Explain the differences between data processing and information processing?

13. What are the steps involved in the implementation of MIS is an organization?

14. Explain 'Global Village'. What are its scope in India?

15. What are Digital networks? Explain its importance.

Second Semester

RESEARCH METHODS

(2005 Onwards)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Define research and describe its characteristics.

2. How would you evaluate the research design?

3. What are the types of sampling methods used in social science research?

4. Discuss different types of Hypothesis.

5. What are the advantages of tabulation?

6. How would you make the interview method more effective?

7. What is referencing? Mention its purpose.

8. What is pre-testing and write about its importance.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Briefly describe the different steps involved in a research process.

10. What are the factors to be considered while selecting a research problem?

11. What are the factors affecting research design?

12. Explain different types of Questionnaire as a tool for data collection.

13. Discuss the various steps involved in writing a report.

14. Briefly describe the pros and cons of sampling method.

15. Discuss the different types of report and explain its purpose.

DE–3879 **25**

DISTANCE EDUCATION

M.B.A. (IM) DEGREE EXAMINATION, MAY 2012.

Second Semester

FINANCIAL MANAGEMENT

(2005 onwards)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)
Answer any FIVE questions.

1. What is Wealth maximization? Explain with examples.

2. What are the significance of financial management?

3. Distinguish between Average cost and Marginal cost.

4. Explain the term risk and uncertainity in the context of capital budgeting.

5. A company has two alternative proposals. The details are

	Proposal I Automatic machine	Proposal II Ordinary machine
Cost of the machine	Rs. 2,20,000	Rs. 60,000
Estimated life	$5\frac{1}{2}$ years	8 years
Estimated sales p.a.	Rs. 1,50,000	Rs. 1,50,000
Cost :		
Material	50,000	50,000
Labour	12,000	60,000
Variable overheads	24,000	20,000

Compute the profitability of the proposals under the return on investment method.

6. A company has to choose one of the following, two mutually exclusive projects. Investment required for each project is Rs. 15,000. Both the projects have to be depreciated on straight line basis. The tax rate is 50%.

Year	Profit before depreciation	
	Project A	Project B
	Rs.	Rs.
1	4200	4200
2	4800	4500
3	7000	4000
4	7000	5000
5	2000	10000

Calculate pay back period.

7. Write notes on CAPM.

8. The following information relates to Vignesh Ltd.
Earning per share = Rs. 9
Internal rate of return = 18%
Cost of capital = 12%
Payout ratio = 33.33%

Compute the market price under the Walter's model.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Sathyam industries Ltd., has assets of Rs. 3,20,000. The sources of funds are equity capital Rs. 1,80,000. General Reserve Rs. 36,000; Debt Rs. 1,04,000.

The company's total profits after interest and taxes for the year ended 31st March 2005 were Rs. 27,000. It pays 10% interest on its debt and is in the 50% tax bracket. The equity share capital consists of 1800 shares of Rs. 100 each. Current market price of the share is Rs. 150. Calculate the weighted average cost of capital using market value.

10. Udhayam Industries Ltd. gives the following abridged profit and loss account.

	Rs.		Rs.
To Materials used	1,20,000	By Sales	2,50,000
To Wages	20,000		
To Manufacturing expenses (including depreciation Rs. 10,000)	30,000		
To Office expenses	14,000		
To Selling expenses	12,000		
To Net profit	54,000		
	2,50,000		2,50,000

It is the company's policy to maintain the following stock.

(a) Finished goods $1\frac{1}{2}$ month's sales

(b) Raw materials 1 month's consumption

(c) Work-in-progress is equal to 1 month's production in terms of materials and $\frac{1}{2}$ month's wages and manufacturing expenses

(d) Credit allowed to customers 3 months and credit allowed by suppliers 2 months

(e) All expenses and wages one month in arrear but selling expenses are paid 2 months in advance

(f) A safety margin of 10% on total current assets is desirable

Estimate the working capital requirements for the company.

11. Sri Ram Industries Ltd. issued 10,000. 10% debentures of Rs. 100 each. The tax rate is 50%. Calculate the before tax and after tax cost of debt if the debentures are issued.

(a) at par

(b) at a premium of 10%

(c) at a discount of 10%.

12. Rainbow Ltd, has an ordinary share capital of Rs. 25 lakhs consisting of 25,000 shares of Rs. 100 each. The management is planning to raise another Rs. 20 lakhs to finance a major programme of expansion.

The options available are :

(a) Entirely through ordinary shares

(b) Rs. 5 lakhs through ordinary shares and Rs. 15 lakhs through long-term borrowings at 9% interest per annum

(c) Rs. 10 lakhs through ordinary shares and Rs. 10 lakhs through 5% preference shares.

Rainbow Ltd expects an earnings before interest and taxes (EBIT) of Rs. 10 lakhs. Determine the earning per share in each alternative, assuming a tax rate of 50%.

13. "The objective of wealth maximisation is superior to profit maximisation"-Do you agree? Explain.

14. Explain the various methods of evaluating capital expenditure decisions.
