DECEMBER 2013.

First Semester

MANAGEMENT CONCEPTS

(2012 – 2013 Batch only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Distinguish between administration and management.

2. What are the important characteristics of planning?

3. What are the various types of organization?

4. What is meant by global leading?

5. Explain the importance of motivation.

6. Describe the merits of decentralization.

7. Explain the process of controlling.

8. What do you mean by JIT? Explain its significance.

SECTION B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

9. Analyse Fayol's theory of management.

10. What types of factors are involved in the decision making process? Explain them.

11. What do you mean by departmentation? Explain the merits and demerits of departmentation.

12. What are the various forms of verbal communication? Explain their scope and merits.

13. What are all the functions of a leader?

14. What is delegation of authority? What obstacles stand in the way of effective delegation of authority?

15. Explain the total quality management in detail.

ORGANISATIONAL BEHAVIOUR

(2012–2013 Batch only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain how the study of O.B. is relevant to different functions of management.

2. Explain the trait theories of personality.

3. Compare the cognitive and affective components of attitude.

4. Describe the effects and influence of stress on personality.

5. What is group cohesiveness? Explain the five stage model of group development.

6. Define stress. Explain the Different type of stress.

7. Explain the steps involved in the organizational change process.

8. Discuss the importance of organisational culture.

SECTION B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

9. Discuss inter relationships between various disciplines with OB.

10. Write an essay on "stress management".

11. Explain the major personality attributes that influence organisational behaviour.

12. Explain the foundations of group behaviour in detail.

13. Discuss the advantages and disadvantages of using regular attitude survey to monitor employee job satisfaction.

14. What are the challenges of work force diversity and how would you manage diversified work force?

15. Explain the sources of resistance to change and its managing tactics.

First Semester

MANAGERIAL ECONOMICS

(2012–13 Batch only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Mention any five applications of managerial economics.

2. Write the role of decision making in managerial economics.

3. State different types of demand schedule and curve.

4. Write the meaning of marginal cost and state their advantages and disadvantages.

5. State different kinds of cost.

6. Explain the concept of productivity and point out its importance.

7. State kinds and degrees of price discrimination.

8. Explain "Shut Down Point" and its managerial implications on a firm.

SECTION B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

9. "Economics is neutral between ends". Critically examine this statement.

10. What is elasticity of demand? Discuss briefly the factors which govern it.

11. How do you measure elasticity of demand? What is the measure of marginal revenue when elasticity of demand is unity? Illustrate your answer with the help of a diagram.

12. Distinguish between cost control and cost reduction. Discuss some of the techniques of cost control.

13. Profit is the cause and effect the economic progress. Do you agree with this view?

14. "The business cycle is purely a monetary phenomenon". Discuss.

15. Bring out clearly the relation between national income and economic welfare.

M.B.A. (General)(Semester) DEGREE EXAMINATION, DECEMBER 2013.

First Semester

QUANTITATIVE METHODS

(2012-2013 Batch only)

(English Medium Only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the relationship between costs and level of activity.

2. What is the procedure for forming A LPP model?

3. Write algorithm of Big-M method.

4. Find all the basic feasible solution to the system of linear equations :

$$x_1 + 2x_2 + x_3 = 4$$
$$2x_1 + x_2 + 5x_3 = 5.$$

Are the solutions degenerate?

5. What are the classifications of decision theory?

6. Explain the different types of linear programming with suitable examples.

7. A firm manufacturers two products "A" and "B" on machine I and II as shown below :

Machine	Product		Available hours
	A	B	
I	30	20	300
II	5	10	110
Profit per unit (Rs.)	6	8	

The total time available is 300 hours and 110 hours on machines "I" and "II" respectively. Product "A" and "B" contribute Rs. 6 and Rs. 8 per unit respectivity.

Determine the optimum product mix. Write the dual of this LP problem and give its economic interpretation.

8. Write down the relationship between primal and dual LP problems.

SECTION B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

9. A news paper boy has the following probability of selling A magazine :

No. of copies sold	Probability
10	0.10
11	0.15

No. of copies sold	Probability
12	0.20
13	0.25
14	0.30

Cost of a copy is 0.30 paise and sales price is 0.50 paise. He cannot return unsold copies. How many copies should He order?

10. What are the characteristics and limitations of graphical method of solving A LPP?

11. Solve Graphically :

Maximize $z = 3x + 6y$

Subject to

$x \leq 40$

$y \leq 20$

$x + y \leq 40$

$x, y \geq 0.$

12. Find the optimum solution for the following transportation problem.

TO

		X	Y	Z	W	Supply
	1	35	21	22	43	23
FROM	2	60	42	26	71	44
	3	98	10	76	61	33
Demand		23	31	16	30	100

13. Explain simplex method algorithm.

14. Food "A" contains 20 units of Vitamin X and 40 units of Vitamin Y per gram. Food "B" contains 30 units each of Vitamin X and Y. The daily minimum human requirements of Vitamin X and Y are 900 units and 1,200 Units respectively.

    How many grams of each type of food should be consumed so as to minimize the cost if Food "A" cost Rs. 0.60 per gram and Food "B" costs Rs. 0.80 per gram.

15. Explain simulation process and Monte Carlo simulation.

DE–7585 **15**

DISTANCE EDUCATION

BUSINESS LAWS

(2012-13 batch only)

(English Medium Only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What is meant by contract and its elements?

2. "Mere silence as to facts is not fraud". – Explain with examples.

3. "Between co-sureties there is equality of the business and the benefits". – Elucidate.

4. Explain briefly the various modes by which an agency may be created.

5. "Insurance is a contract of speculation". Examine This statement.

6. "All cheques are bills but all bills are not cheques". Discuss.

7. Classify Goods.

8. List out the rights and liabilities of a common carrier.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the following :

   (a) Legality of objects of a contract

   (b) Modes of discharge of a contract.

10. Write short note to the following :

   (a) Quasi contract

   (b) Remedies for breach of contract.

11. Explain the following :

   (a) Difference between indemnity and guarantee.

   (b) Termination of agency.

12. Discuss the following :

   (a) Essentials of a contract of sale

   (b) Rights of unpaid seller.

13. Briefly discuss the following :

   (a) Endorsement of a cheque

   (b) Statutory protection of a collecting banker.

14. Explain the following :

   (a) Types of fire policies

   (b) Settlement of claims.

15. Discuss the following :

   (a) Kinds of common carrier

   (b) Documents involved in carriage.

Second Semester

FINANCIAL AND MANAGEMENT ACCOUNTING

(2012-13 batch only)

Time : Three hours Maximum : 100 marks

PART A — ($5 \times 8 = 40$ marks)

Answer any FIVE questions.

1. What is meant by double entry system of book keeping?

2. What are Trend Ratios? How are they computed?

3. State the advantages and limitations of Ratio analysis.

4. Illustrate the preparation of schedule of changes in working capital.

5. What are the objectives of budgetary control?

6. Discuss the use of management accounting as a tool in decision-making.

7. Illustrate the preparation of a trial balance.

8. What are the relevant costs for capital expenditure decision?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Elucidate the concepts and conventions of accounting.

10. Describe briefly the methods of analyzing the financial statements.

11. Distinguish between Trading, Profit and Loss a/c and Balance Sheet.

12. Prepare a flexible Budget for 75% and 90% levels. Details at 60% level is given below :

	Rs.
Materials (100% variable)	90,000
Labours (100% variable)	42,000
Salary and Allowance (100% Fixed)	24,000
Office expenses (100% fixed)	16,000
Commission and marketing exp.(40% fixed)	36,000
Delivery and storage expenses (50% variable)	24,000
Sales (100% variable)	3,40,000

13. Explain the sources of funds and applications of funds to be presented in fund flow statement.

14. Explain the following methods of capital budgeting with the advantages and disadvantages of each in details :

    (a) Pay-back method

    (b) Accounting Rate of return method.

15. Explain budgeting and budgetary control. Discuss the types of budgets.

BUSINESS ENVIRONMENT

(2012 –13 Batch only)

(English Medium only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What are the advantages and limitations of the business environmental analysis?

2. What are the important strategies in the globalisation? Explain in brief.

3. State the government responsibilities to the business.

4. What are the consequences of state control? Is it necessary or not?

5. State the objectives of industrial licensing policy.

6. What facilities are available for the promotion of SSI?

7. What do you mean by technology transfer and what are its limitations?

8. State the role of money market and the capital market in India.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss the significance of Socio–cultural and the legal environment.

10. What are the major socio economic problems which hamper the growth and development of India?

11. Briefly compare and contrast the EXIM policy of 1992–1997 with that of 1997–2000.

12. State and discuss the important recommendations of Raja Chelliah committee report.

13. Under what conditions and to what extent is the state intervention in the economic life of the nation justified?

14. Focus on the salient features of the economic planning and the development. Do you consider it conductive for the industrial development?

15. Identify the major industrial and agricultural sector areas where the globalisation process is already initiated in the major areas of exports and imports.

RESEARCH METHODS

(2012-13 Batch only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What is Research? What are the advantages of research?
2. Explain the slips in the formulation of research problem.
3. What are the factors that affect selecting a suitable research design?
4. What are the principles of sampling? What are its advantages?
5. Explain the different sources of secondary data.
6. Explain the various types of Interview method.
7. Write short notes on Editing and tabulation of data.
8. Briefly explain the criteria used for evaluating research reports.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss in detail the purposes of various types of research.
10. What are the different types of Hypothesis? Explain the procedure for testing Hypothesis.

11. Explain the advantages of various modes of data collection.
12. Discuss the steps in the process of interpretation.
13. What is Scaling? Why scaling is required in Business research? How is it constructed?
14. Explain the role and types of reports.
15. 'Error free social science research is impossible' - Discuss.

INTERNATIONAL BUSINESS

(2012-13 Batch only)

(English Medium only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the meaning and importance of international business.

2. What is NAFTA? What are its objectives?

3. Write a short note on UN code of conduct of MNC's.

4. What is WTO and state its features and development?

5. Explain the benefits of MNC's.

6. State the objectives of UNCTAD.

7. What are the major facts which need consideration while selecting a country for establishment of joint ventures?

8. Explain Anti-Dumping duties and how it is differ from countervailing duties.

SECTION B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

9. Define international business. State its concept and classifications.

10. Describe the strength and regulations of MNC's.

11. State the functions of international institutions.

12. Briefly explain the term UN code of conduct of transfer of technology.

13. Discuss the role of commercial arbitration in settlement of disputes in International business.

14. Discuss the impact of international business on the economic development of a country. What motivates people to encourage or discourage trade in a country like India?

15. Discuss the role of SAPTA.EC in international business of its member countries.
