ALAGAPPA UNIVERSITY
(Accredited with A+ Grade by NAAC)
Karaikudi

Date : 22.01.2018

Inaugurating the four-day National Level Workshop on "Commercialization Prospects of Microbial Formulates", jointly organized by the Department of Microbiology (DMB) and University Business Collaboration Centre (UBCC), Alagappa University, Karaikudi, the Vice-Chancellor of Madurai Kamaraj University, Prof. P.P. Chellathurai, in his inaugural address, conveyed that students should improve their attitude, deepen knowledge and sharpen their skills so as to thrive well in personal life, professional life and societal life. He stressed that, in due course, in order to safeguard millions of valuable human lives from the chemical pesticides, bio-pesticides are expected to replace them very soon.

Presiding over the function, Prof. S. Subbiah, Vice Chancellor, Alagappa University, said that the knowledge has to be disseminated to the society through research applications. Microbes play a key role on the health and wealth of soil, plants and human beings. Bio-fertilizers are good for soil health, plant health, human health and a suitable alternative for chemical fertilizers. Though we have alternatives to chemical fertilizers, we have to use bio-fertilizers abundantly in the interests of the human race.

Dr. A. Arun, Head of the Department (i/c), and Convener of the Workshop, welcomed the gathering. Dr. T. Kavitha, Assistant Professor and Organizing Secretary of the Workshop, delivered the thematic address. Dr. T. Sathiamoorthi, Assistant Professor, proposed a vote of thanks. Heads of Departments of Science Departments, Faculty and Students participated.

After the Inaugural Function of the Workshop, a Press Meet was arranged in the Syndicate Hall of Alagappa University for entering into an MoU between these two universities for developing academic and educational collaboration and to cooperate in their mutual interest for a wide range of higher educational activities.

The main objectives of the MoU include:

(a) cooperation in individual projects,

(b) conducting joint research and development projects,

(c) encouraging exchange of expertise among the faculty,

(d) providing opportunities for professors and researchers to deliver lectures,

(e) providing opportunities for undergoing special / short-term / advanced training for researchers and students,

(f) providing opportunities to utilize library / sophisticated instruments / other facilities,

(g) organization of both National and International Seminars, Conferences, Symposia and Workshops,

(h) providing opportunities to publish collaborative research papers in National / International journals,

(i) search for opportunities to collaboration in the future as well.

Both the Vice-Chancellors have signed the MoU and exchanged the documents.

Members of the Syndicate Dr. SM. Ramasamy, Dr. P. Subas Chandra Bose, Dr. A. Narayanamoorthy, Dr. J. Jeyakanthan and Dr. K. Gurunathan participated in the Press Meet.
