DISTANCE EDUCATION

M.B.A. (PM) DEGREE EXAMINATION, DECEMBER 2013.

First Semester

MANAGEMENT CONCEPTS

(Upto 2012–2013)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What is Management? What are its functions?

2. What are the essentials of a good plan?

3. Discuss the various kinds of organisation.

4. Explain the pros and cons of decentralisation.

5. What are the external sources of recruitment?

6. Discuss the Maslow's theory of needs.

7. What are the different types of Communication?

8. Explain the various devices of control.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Is management a Science, an art or a profession? Discuss.

10. Explain the components of Planning.

11. What is Departmentation? What are the different bases of departmentation?

12. Discuss the steps involved in the selection process.

13. Discuss the various special control techniques.

14. What is Co-ordination? Why it is necessary?

15. Explain the following :

    (a) BPR

    (b) TQM

    (c) Bench Marking.

First Semester

ORGANISATIONAL BEHAVIOUR

(Upto 2012-13)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Discuss the different models of organizational behavior. What are the situations under which each of these can be effective?

2. What are the background factors that determine behavior in an organization?

3. Discuss the nature of perception. How does it differ from sensation?

4. What is learning organization? How can a learning organization be created?

5. What are the leadership qualities that you would look for in a manager?

6. Why do organizational politics emerge? Discuss the measures to avoid organizational politics.

7. What do you mean by organizational culture? How does it differ from organizational climate?

8. How can group dynamics be used to overcome resistance to change on the part of subordinates?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Define organizational behavior and bring out its features. How does it differ from behavioral science and human relations?

10. What are the various personality theories? How will you integrate various theories to get a satisfactory theory of personality?

11. What are different theories of group formation? Do they explain group formation phenomenon fully? How?

12. What do you mean by communication network? Discuss the relative merits and demerits of formal and informal channels.

13. Discuss the way in which people may overcome the negative consequences of stress. How does Indian philosophy help in overcoming stress?

14. How does managerial effectiveness differ from organizational effectiveness? Discuss the elements of managerial effectiveness.

15. What are the various steps involved in organizational development process? Discuss the role of diagnosis in understanding the problems of the organization.

First Semester

MANAGERIAL ECONOMICS

(Up to 2012–13)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Define Managerial Economics? Discuss its scope.

2. Discuss the different types of demand.

3. What are the techniques of cost control?

4. Discuss the economies of small scale production.

5. Explain the concepts : Price discrimination and Price Discounts.

6. Explain the concept of BEP with a diagram and how to calculate it?

7. Discuss the different phases of the Business Cycle.

8. What is meant by Inflation? What are its types?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss the role of Managerial Economist for management.

10. Discuss the determinants of market demand.

11. What is cost control? What are the techniques of cost control?

12. What are the approaches to profit forecasting?

13. Discuss the methods of measuring National Income.

14. Explain the features of perfect competition.

15. What are the effects of Inflation on society/people?

DISTANCE EDUCATION

M.B.A. (PM) DEGREE EXAMINATION, DECEMBER 2013.

First Semester

QUANTITATIVE METHODS

(Upto 2012-13)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What is modelling? What are the pros and cons of various types of model?

2. What is a linear programming problem? What are the applications of LPP?

3. What are linear functions? Explain the concept of slope of a line.

4. Find the initial basic feasible solution to the following transportation problem by North West corner cell method :

		1	2	3	Supply
	1	2	7	4	5
From	2	3	3	1	8
	3	5	4	7	7
	4	1	6	2	14
Demand		2	9	18	

5. What is Baye's theorem? Explain.

6. Three coins are tossed : Find the probability of getting :

   (a) Atleast one head

   (b) Exactly two heads.

7. A factory manufacturing sewing machine has the capacity to produce 500 machines per year. The variable cost of each machine is Rs. 200 and each machine is sold for Rs. 250. Fixed overheads are Rs. 12,000 per year. Calculate the profit and BEP.

8. Determine an initial basic feasible solution to the following transportation problem by least-cost method :

		To			
		1	2	3	Supply
	A	10	13	6	10
From	B	16	7	13	12
	C	8	22	2	8
Demand		6	11	13	–

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Solve the following LPP graphically

   Max $z = 4x + 7y$

   Subject to

   $x + y \leq 60$

   $x \leq 40$

   $y \leq 40$

   and $x, y \geq 0$.

10. What is BEP? Draw a break-even chart and explain its significance to management.

11. Solve the following transportation problem by VAM.

Destination

		A	B	C	D	E	Supply
Origin	F	2	11	10	3	7	4
	G	1	4	7	2	1	8
	H	3	9	4	8	12	9
Demand		3	3	4	5	6	

12. Discuss the Monte-Carlo method of stimulation.

13. Four different jobs are to be done on four different machines. The following table gives the cost of producing job i in machine j in rupees.

Machine

		1	2	3	4
Jobs	1	5	7	11	6
	2	8	5	9	6
	3	4	7	10	7
	4	10	4	8	3

Assign jobs to machines so that the total cost is minimised.

14. What is transportation problem? What are the techniques available for computing an initial basic feasible solution to transportation problem?

15. The following table gives the pays for different strategies under different states of nature

	States of Nature		
Strategies	S_1	S_2	S_3
A	10000	3000	2000
B	20000	25000	–15000
C	30000	18000	–50000

Find the decision rule under

(a) Maximin

(b) Maximax

(c) Minimax

(d) Laplace criterion.

First Semester

BUSINESS LAWS

(Upto 2012-13)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What are the essentials of a valid contract?

2. What is Bailment? State the features of a Bailment Contract.

3. State the difference between conditions and warranties.

4. Bring out the essentials features of negotiable instrument.

5. Discuss the role of consumer protection councils functioning in India.

6. What is material alteration? Give any two examples for material alteration?

7. State the features of Life Insurance Contracts.

8. What are the different kinds of companies?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the different kinds of contracts.

10. Discuss the various ways in which a contract may be discharged.

11. What are the remedies for the breach of a contract?

12. Who is an unpaid seller? What are his rights?

13. What is contract of agency? What are the essentials of relationship of agency?

14. What are the consequences of the dissolution of a firm? Elaborate the rights of the creditors after dissolution.

15. What is Articles of Association? Explain its contents.

Second Semester

FINANCIAL AND MANAGEMENT ACCOUNTING

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Define Management Accounting. State its advantages

2. How do you classify Errors in Accounts?

3. State the objectives of Fund Flow Statement.

4. Explain how accounting Ratios are classified?

5. What is Capital Budgeting? What are its Objectives?

6. What are the factors which influence Capital Investment Decisions?

7. What are the different classifications of Budgets?

8. What is Zero Base Budgeting? Explain the process of Zero Base Budgeting

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the advantages and Limitations of Ratio Analysis.

10. Write Short Notes on :

    (a) Current Ratio

    (b) Debt Equity Ratio

    (c) Fixed Assets Ratio.

11. Describe the different types of Financial Statement Analysis.

12. Prepare a Flexible Budget at 50% and 70% capacity from the information given below :

	50%	60%	70%
Variable overheads :			
Indirect material		6,000	
Indirect labour		18,000	
Semi-variable overheads :			
Electricity (40% fixed)		30,000	
Repairs and maintenance (20% variable)		3,000	
Fixed overheads :			
Salaries		15,000	
Insurance		4,500	
Depreciation		16,500	

13. Following is the Trial Balance of Shyam Limited as on 31st December 2003. Prepare a Trading and Profit and Loss Account and a Balance sheet as on that date after making necessary adjustments.

Trial Balance as on 31st December 2003

Particulars	Debit (in Rs.)	Credit (in Rs)
Salaries	5,500	
Rent	1,300	
Cash	1,000	
Debtors	40,000	
Trade expenses	600	
Purchases	25,000	
Machinery	2,500	
Bank balance	5,600	

Creditors		9,500
Sales		32,000
Capital		30,000
Loans		10,000
Total	81500	81500

Adjustments:

(a) Closing Stock as on 31st December 2003 is Rs.9000

(b) Salary outstanding— Rs. 500

(c) Prepaid Rent— Rs. 100.

(d) Provide 5% for Doubtful Debts.

14. The following is the profit and loss account of M/s Usha industries for the year ended 31.12. 84.

	Rs.		Rs.
To opening stock	9,950	By sales	85,000
To purchases	54,525	By closing stock	14,900
To carriage inwards	1,425		
To gross profit c/d	34,000		
	99,900		99,900
To office expenses	15,000	By gross profit b/d	34,000
To selling expenses	3,000	By profit on sale of Investment	600
To financial expenses	1,500	By interest on investment	300
To Loss on sale of Asset	400		
To net profit	15,000		
	34,900		34,900

Balance sheet as on 31.12.1984

Liabilities	Rs.	Assets	Rs.
Capital-shares of Rs. 10 each	20,000	Land	15,000
Reserves	9,000	Plant	8,000
P/L account	6,000	Stock	14,000
Bank overdraft	3,000	Debtors	7,000
Creditors	8,000	Bills receivable	1,000
Outstanding expenses	2,000	Cash	3,000
Total	48,000		48,000

Calculate :

(a) Gross Profit Ratio

(b) Net Profit Ratio

(c) Current Ratio

(d) Liquid Ratio

15. A company has an investment opportunity costing Rs. 40,000 with the following expected net cash flow.

Year	Net cash inflow
1	10,000
2	20,000
3	10,000
4	15,000
5	20,000

Determine the Pay — back Period.

BUSINESS ENVIRONMENT

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What is business Environment? What are its constituents?

2. Discuss the importance of scanning the environment.

3. Explain the role of PSU's in India.

4. Discuss about the Industrial Licensing policy.

5. What is an EXIM Bank? What are its functions?

6. What are the functions of commercial banks?

7. Discuss the various objectives of five year plans in India.

8. Explain the role of SSI in India.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain in detail the elements of economic environment.

10. Discuss the trends and structure of Indian economy.

11. What do you mean by control of capital issues? List out the recommendations of Narasimhan committee II.

12. Discuss the functions of central Bank of India.

13. What are the problems of SSI and also suggest measures to overcome them?

14. What is meant by Globalisation? Discuss its impact on business.

15. Explain the need for environment assessment. How to analyse it using SWOT analysis?

Second Semester

ENTREPRENEURSHIP DEVELOPMENT

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Define the term 'Entrepreneur' and state its functions.

2. Innovation is the hall mark of Entrepreneurship – Discuss.

3. Write a detailed note on Intrapreneurship.

4. What are the factors that motivate an Entrepreneur?

5. What are the subsidies and incentives offered for Entrepreneurs?

6. Discuss the growth of Woman Entrepreneurship.

7. Explain the need for Rural Entrepreneurship.

8. State the importance of Small Scale Units in India.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss the main functions of an Entrepreneur.

10. Enumerate the problems faced in the conduct of Entrepreneurial Development Programmes.

11. Distinguish between Entrepreneurship and Intrapreneurship.

12. 'Entrepreneurs are an asset to the Nation. Governement should support with a policies to promote the Entrepreneurs'. Comment on this statement.

13. Examine the Entrepreneurial culture prevailing in India.

14. Discuss the remedies to solve the problems of Woman Entrepreneurs.

15. Explain the problems of Rural Entrepreneurship.

PROJECT FORMULATION AND APPRAISAL

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What is an Agricultural project?
2. What are the types of projects?
3. How do you identify projects for an existing company?
4. What are the steps involved in project report preparation?
5. Define project appraisal and list the components of the same.
6. Explain BOT approach to projects.
7. What is the need for project report?
8. In what way projects play a role in social welfare?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Elaborate on the methodologies in selecting a project.
10. Discuss the process steps for project formulation.

11. Explain economic appraisal for projects.

12. Discuss the market appraisal for projects.

13. Discuss the contents of an ideal project report.

14. Elaborate on the product life cycle and its stages for project.

15. Explain the significance of projects in globalisation era.

PROJECT SUPPORT SYSTEM

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What is the role of India investment centre in project support?
2. Explain the marketing process.
3. What is project cost estimation?
4. Discuss selection of machine and equipment.
5. What is awareness training?
6. What is the need for institutional support for project?
7. Discuss the need for state level support organisation for projects.
8. What is the role of international financial organisation in infrastructure projects?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Compare and contrast the support given by financial institutions and department of science and technology in completing projects.

10. Discuss the need for project support system.

11. Discuss the importance of district industries centre.

12. Elaborate the elements of technical support.

13. Expand KVIC and explain its role.

14. Explain the nature and types of project support facilities.

15. How do NGO and help in executing projects?

Third Semester

PROJECT CONTROL SYSTEM

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Discuss the concept of Decision Making.

2. Discuss the methods of ranking.

3. List out the uses and limitations of mathematical decision models.

4. Discuss CAPM approach to risk.

5. Discuss CPM techniques in project control.

6. What is meant by sensitivity analysis?

7. Write a note on Break-Even analysis.

8. Explain the resource monitoring in Projects.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss different approaches to decision making.

10. Elaborate on the elements of different queuing models for decision making.

11. Write notes on :

    (a) Little mirrlees approach.

    (b) Applied utility theory approach.

12. Discuss the nature and uses of Network analysis.

13. Discuss on the merits and demerits of different risk analysis approaches.

14. Elaborate on the different mathematical analysis techniques for decision making.

15. Explain the pricing decisions and the methods to handle them.

PROJECT FINANCE

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the functions of IDBI.

2. Bring out the factors determining fixed capital requirements for projects.

3. Explain the following :

   (a) Venture capital.

   (b) Factoring.

4. Explain how pre-sanction appraisal is done on technical aspects.

5. Compare and contrast money market instruments with capital market instruments as source of finance.

6. Explain the significance of post sanction supervision of a project.

7. Explain the factors determining long-term capital requirement for projects.

8. Explain efficient allocation of funds for project requirements.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Elaborate on the institutional framework and types of financial institutions in India.

10. Explain long-term sources of project finance.

11. Elaborate the pre-sanction Appraisal on the evaluation of managerial aspects of projects.

12. Explain the project appraisal in terms of financial aspects.

13. Explain the Role of BIFR in Rehabilation and Monitoring of sick units.

14. Explain the Assistance and schemes offered by IDBI for developing projects.

15. Elaborate project monitoring process after the project is kick-started.

DE–7284 **35**

Third Semester

PROJECT CONTRACTING AND CLEARANCES

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What is a project contract?

2. Bring out the principles of contracts.

3. Discuss the significance of delivery terms.

4. Discuss the parameters of negotiation.

5. What is the need for project communication?

6. Why is knowledge of legalities important?

7. Explain EAR insurance.

8. How will you proceed for getting clearance under competition Act?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss the various Aspects of contract packaging.

10. Discuss the negotiation process and its significance.

11. Explain the significance of sale of goods Act for projects.

12. Elucidate on the MCE policy and the implication for project risk management.

13. If your project requires foreign collaboration including assistance of a consultant from abroad, how will you handle it?

14. Discuss the process for importing capital goods.

15. Discuss the various components of a project contract with examples.

Third Semester

E-COMMERCE APPLICATIONS IN PROJECT MANAGEMENT

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Write a note on the anatomy of e-commerce application.

2. Discuss the mercantile process model.

3. How do you design electronic payment system.

4. What are value added networks?

5. How do you advertise on the internet?

6. What are the privacy issues in e-commerce?

7. Discuss the emerging tools in E-Commerce.

8. Write a note on smart cards.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Elucidate on the framework of E-Commerce.

10. Discuss the risks involved in E-Commerce and bring out the solutions for the same.

11. Discuss the EDI applications in business and the implementation.

12. Discuss the various aspects of information based marketing and E-Commerce.

13. How business can use internet for getting knowledge on markets?

14. Explain MIME and VANs.

15. Explain the online marketing process.

Fourth Semester

PROJECT EXPORTS

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What are the important steps involved in marketing of overseas projects?
2. Describe the essentials of exporter wise analysis.
3. Explain the lending programmes of Exim bank.
4. Outline the methods of contracting in exports projects.
5. Explain the functions and importance of packaging in export marketing.
6. Bring out the merits and demerits of project exports.
7. Describe the back ground snapshot of consultancy contracts.
8. "Export incentives are widely employed strategy of export promotion". Do you agree? Explain how?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Elucidate the meaning, nature and scope of project exports.
10. Discuss about the project export scenaries.

11. Give an elaborate note on ECGC.

12. Explain in detail about the turnkey projects.

13. What is appraisal of export projects and what are the steps followed in project appraisal?

14. Discuss about the institutional finance for exports.

15. Enumerate the problems of project exports.

DISTANCE EDUCATION

M.B.A. (P.M) DEGREE EXAMINATION, DECEMBER 2013.

Fourth Semester

PROJECT MANAGEMENT SOFTWARE

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Describe planning techniques.

2. How do you use software for project management?

3. Bring out the stages of projects.

4. Explain the use of BS 6079.

5. How do you control the project stages?

6. Explain the Euro method model.

7. Explain the ISO 12207 development process.

8. Discuss the role of PMI.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss the project procedures and closing of projects.

10. Explain the Euro method, acquisition process.

11. Discuss the project management process for software.

12. Discuss the ISO 12207 supply process.

13. Discuss the project management process of PM body of knowledge.

14. Explain the role of Australian Institute of Project Management.

15. Explain BS 6079-1:2000 quality plans.

DE–7288 **43**
