M.B.A. (Retail Mgt.) DEGREE EXAMINATION, MAY 2013.

First Semester

MANAGEMENT CONCEPTS

(2011 Academic Year Onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. State the functions of management.

2. Mention the universality of management.

3. Enlist the various kinds of policies.

4. State the importance of Decision — Making.

5. What do you mean by delegation of authority? Explain its objectives.

6. Compare the X and Y theories of motivation.

7. List out the characteristics of the control.

8. State Six Sigma in detail.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Elaborate the contributions made by Henry Fayol to management thought.

10. Explain the various stages involved in the process of Decision — Making.

11. Enumerate the theories of Organisaion.

12. Define "motivation". Describe the Maslow's theory of motivation.

13. Enlist the barriers to effective communication and discuss.

14. Describe the techniques for achieving co-ordination.

15. Explain the role of total quality management.

First Semester

ORGANISATIONAL BEHAVIOUR

(2011 Academic Year Onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Define "Learning" Briefly explain the different models of organizational behaviour.

2. Briefly explain the nature and dimension of attitude.

3. What are the importance and objectives of team in group behaviour? Explain

4. Explain the theories of group formation.

5. Define "organizational politics" Explain the influence of political factors in organization.

6. What is meant by organizational stress? Explain the strategies for encouraging constructive conflict.

7. Briefly explain the implications of organizational behaviour.

8. What are the different approaches of organizational dynamics? Explain.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss the determinants of personality.

10. Explain the step involved in formation of a team in detail.

11. Explain the role of organizational power and politics.

12. What are the factors influencing the organizational conflict? Explain.

13. Explain the different methods of conflict management in detail.

14. Discuss the benefits of organizational efficiency effectiveness and excellence.

15. Write an essay "organizational change and development".

First Semester

MANAGERIAL ECONOMICS

(2011 Academic year onwards

Time : Three hours Maximum : 100 marks

PART A — ($5 \times 8 = 40$ marks)

Answer any FIVE questions.

1. What are the features of managerial economics? Explain.

2. What is elasticity of demand? How it can be measured? Explain.

3. Define "cost function". Explain its strategies.

4. Discuss the significance of skimming pricing. What are its strengths and weakness?

5. Explain the concept of profit planning and forecasting.

6. What is inflation? List down its negative impacts.

7. List down and explain the different phases of business decision.

8. What are the utilities of cost volume profit analysis? Explain.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the relationships between economic theory and managerial economics.

10. Discuss the importance of elasticity of demand. Explain the different types of elasticity of demand.

11. Explain the role of production function in detail.

12. List down and explain the steps involved in pricing decision.

13. Explain the techniques of IRR and NPV with an example.

14. Discuss the different methods of computation of national income.

15. What are the factors influencing inflation and deflation? Explain.

First Semester

FINANCIAL AND MANAGEMENT ACCOUNTING

(2001 Academic Year onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Briefly explain the role of accounting in managerial function.

2. What are the principles of accounting? Explain.

3. List down and explain the significance and uses of subsidiary books.

4. Draw out a speciman trial balance while using your imaginatory figures.

5. Enlist the limitations of financial statements? Explain.

6. Briefly explain the managerial uses and limitations of fund flow statement.

7. What are the different types of budget? Explain.

8. List down and explain the merits and demerits of pay back period method.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the conventions and principles of financial accounting in detail.

10. Prepare trading and profit and loss a/c and balance sheet from the following balances, relating to the year ending 31st December 2008

Particulars	Rs.	Particulars	Rs.
Stock	1,500	Furniture	3,500
Purchases	25,000	Cash balance (Dr)	1,500
Sundry debtors	6,000	Purchase return	1,000
Sales	78,000	B/R	2,500
Capital	20,000	Land and buildings	36,000
Drawings	5,000	Trade expe	7,000
Sales return	1,800	Rent and insurance	1,200
Plant and machinery	15,000	Stationary	700
Bills payable	4,000		
Salary and wages	12,000		

(a) Closing stock as on 31st March, 2008 Rs. 1,200

(b) Accrued expenses : Wages Rs. 400, Rent Rs. 50

(c) Reserve for bad and doubtful debts should be maintained at 15% on debtors

(d) Provide for depreciation at 10% on plant and machinery and 8% on land and buildings.

11. From the following information prepare a balance sheet with as many detail as possible :

	Rs.		Rs.
Gross profit	80,000	Current assets	1,50,000
Gross profits to cost of goods sold ratio	1/3	Accounts payable velocity	90 days
Stock velocity	6 times	Bill receivable	Rs. 20,000
Opening stock	36,000	Bills payable	Rs. 5,000
Accounts receivable velocity (year 360 days)	72 days	Fixed assets turnover ratio	8 times

Hint : Turnover refers to cost of sales.

12. Explain the steps involved in the preparation of funds flow statement.

13. Prepare a speciman funds flow statement while using your imaginatory figures.

14. Discuss the benefits as well as the role of cash and master budgets.

15. Explain the assumptions, merits and demerits of ARR and payback method.

DE–6513 **15**

M.B.A. (Retail Management) DEGREE EXAMINATION, MAY 2013.

First Semester

MARKETING MANAGEMENT

(2011 Academic year onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Define "segmentation". Explain the benefits of market segmentation.

2. Briefly explain the influences of demographic factors in market segmentation.

3. Define "consumer behavior". Explain the consumer buying process.

4. Explain the objectives of marketing research.

5. Define "strategy" Explain the stages of strategies.

6. Explain the planned obsolescence.

7. What is promotion? Explain the steps involved in sales promotion.

8. Explain the steps involved selling.

PART B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

9. What is marketing mix? Discuss the 4p's of marketing.

10. Explain the components of marketing environment in detail.

11. Discuss the psychological and sociological determinants of consumer behaviour.

12. Explain the product mix management.

13. Discuss the procedure of price mix management.

14. Explain the modern trends in retailing in detail.

15. Explain the kinds of advertising in detail.

DE–6514 **21**

DISTANCE EDUCATION

M.B.A. (Retail Management) DEGREE EXAMINATION, MAY 2013.

Second Semester

QUANTITATIVE METHODS

(2011 academic year onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Write a short note on applications of Linear programming problems.

2. Write short notes on following terms, with suitable examples.

   (a) Surplus variable

   (b) Solution Space

   (c) Marginal cost

   (d) Variables.

3. Write down the various steps in obtaining an initial solution by North West Corner Method.

4. Explain what the expected value of a discrete random variable measures.

5. In a large consignment of electric bulbs 10% are defective. A random sample of 20 is taken for inspection. Find the probability that (a) All are good bulbs (b) exactly there are 3 defective bulbs.

6. Write a short note on expected monitory value criterion in decision making.

7. With suitable examples, explain the linear and non linear functions.

8. Briefly discuss the role of Monte Carlo simulation in business applications.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. A company has 5 jobs to be done on five machines. Any job can be done on any machine. The cost of doing the jobs on different machines is given below. Assign the jobs for different machines so as to minimize the total cost.

	Machines				
Jobs	A	B	C	D	E
1	13	8	16	18	19
2	9	15	24	9	12
3	12	9	4	4	4
4	6	12	10	8	13
5	15	17	18	12	20

10. Solve the following Linear Programming Problem

Maximize $Z = 5x_1 + 8x_2$

Subject to :

$$0.250x_1 + 0.5x_2 \leq 750$$
$$0.750x_1 + 0.5x_2 \leq 1200$$
$$x_1, x_2 \geq 0.$$

11. At a petrol pump, vehicles arrive at a mean rate of 25 per hour. A vehicle on an average, takes two minutes in taking the petrol. The arrival rate and service time rate are assumed to follow Poisson and exponential distributions respectively and there is only one booth for providing the petrol.

    (a) Find out the mean time a vehicle will have to wait in the queue for getting petrol?

    (b) What is the expected length of the system?

    (c) Expected length of queue?

    (d) Expected time a vehicle spends in system?

12. A competitive firm sells its product at a price of \$0.10 per unit. Its total and marginal cost functions are:

    $TC = 5 - 0.5Q + 0.001Q2$

    $MC = -0.5 + 0.002Q$,

    Where TC is total cost (\$) and Q is output rate (units per time period).

    Determine the output rate that maximizes profit or minimizes losses in the short term.

13. Find the optimum transportation plan such that the total transportation cost is lowest

Plant	Markets				
	S1	S2	S3	S4	Capacity
F1	4	6	8	13	50
F2	13	11	10	8	70
F3	14	4	10	13	30
F4	9	11	13	8	50
Total	25	35	105	20	

14. Harley Davidson, director of quality control for the Kyoto Motor company is conducting his monthly spot check of automatic transmissions. In this procedure, 10 transmissions are removed from the pool of components and are checked for manufacturing defects. Historically only 2 per cent of the transmissions have such flaws.

    (a) What is the probability that Harley's sample contains more than 2 transmissions with manufacturing flaws?

    (b) What is the probability that none of the selected transmissions has any manufacturing flaws?

15. Discuss the process of creating a pay off tables, expected value; also with suitable example explain the importance of decision trees in selecting best course of actions.

Second Semester

BUSINESS ENVIRONMENT

(2011 Academic Year onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What are the dynamic factors of business environment?

2. What are the threats and opportunities from environmental issues to be addressed by business managers?

3. Explain the role of government policy for the development of small scale industry.

4. Discuss the role of central bank in monetary management.

5. What are the factors involved in social and cultural environment?

6. Discuss the various aspects of law on environmental protection.

7. What are the functions of WTO, and IMF?

8. Explain the role of Export—Import policy for business development.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the role of technological and legal environment on business.

10. Explain the impact of political systems, political stability and political maturity on business growth.

11. Explain the role of banks, financial institutions and govt. budget in controlling fiscal deficit and inflation.

12. Explain the technology policy, technology trade and transfer and technology trends in India.

13. What are the needs for clean energy and reduction of carbon footprint?

14. Explain the impact of liberalization, privatization and globalization on business.

15. Describe the different phases of economic development in India.

M.B.A. (Retail Management) DEGREE EXAMINATION, MAY 2013

Second Semester

BUSINESS RESEARCH

(2011 Academic Year Onwards)

Time : Three hours Maximum : 100 marks

PART A — ($5 \times 8 = 40$ marks)

Answer any FIVE questions.

1. List at least three advantages and three disadvantages of using telephone interviewing to collect research data.

2. Discuss the differences between exploratory and conclusive research.

3. Define cross-tabulation and point out three primary reasons cross-tabulation is widely used in commercial research.

4. List and discuss the four commonly used non-probability sampling techniques used in business researches.

5. Discuss the differences between qualitative research and quantitative research.

6. Quantitative considerations are more important than qualitative considerations in determining the sample size." Discuss.

7. What are the appropriate descriptive statistics allowable with nominal, ordinal, and interval scales?

8. Discuss the impact of the globalization of markets on Business Research?

PART B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

9. Discuss various elements / components that are included in a Research Proposal, with a suitable example.

10. Write short notes about various points to be considered while designing the questionnaire

11. Discuss the Significance of Research Design. Write short notes on various research designs you are aware of?

12. You work in the marketing research department of Burger King. Burger king has developed a new cooking process that makes the hamburgers taste better. However, before the new hamburger is introduced in the market, taste tests will be conducted. How should the sample size for these taste tests be determined? What approach would you recommend?

13. Discuss the primary scales of measurement. Develop an example of each.

14. Assume you are planning to interview shoppers in a shopping mall about their views on increased food prices and what the government should do about them. In what different ways might you try to motivate shoppers to cooperate in your survey?

15. Discuss the basic requirements of report preparation including report format, report writing, graphs, and tables.

GLOBAL BUSINESS AND MNCs

(2011 Academic Year onwards)

Time : Three hours Maximum : 100 marks

PART A — ($5 \times 8 = 40$ marks)

Answer any FIVE questions.

1. Briefly classify international business.

2. What is letter of credit? — Explain its types.

3. How technology helps in the growth of MNCs?

4. What are restrictive clauses in the foreign collaboration?

5. Explain the functions of NAFTA in global business.

6. Explain intellectual property rights and its impact on world trade.

7. What are the documents required for export credit?

8. Write a note on foreign portfolio investment.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. How does economic environment of individual countries influence global business? — Discuss.

10. Describe the procedure for availing credit insurance and also explain necessary documents associated with it.

11. Discuss the factors influencing FDI.

12. Briefly explain strategic alliance and strategic acquisitions.

13. Discuss the structure, functions and area of operations of WTO.

14. Describe the methods of settlement of international commercial disputes.

15. Write notes on :

    (a) Transfer of technology

    (b) Shipment procedure

    (c) WIPO.

PRINCIPLES OF RETAIL MANAGEMENT

(2011 Academic Year onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What are the functions of retailing?

2. Explain recent trends in retailing.

3. What is meant by retail format?

4. Explain the importances of promotion in retailing.

5. Define the term visibility management.

6. What are the careers opportunities in retailing?

7. Explain the selection process in retailing.

8. What is meant by multi channel retailing?

PART B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

9. Explain different terms of retailing based on ownership.

10. What are the elements in Retail Market mix? Explain the designing of mix to suit to the different segment needs.

11. Explain the importances of retail Facilities with examples.

12. What are the various methods of retailing pricing techniques? Explain its strategies in retailing.

13. What are the various types of recruitment practices followed in retailing?

14. Explain the role of IT in retailing. Give examples.

15. What are the facts that influence foreign direct investment in retail industry?

SHOPPER BEHAVIOUR AND RELATIONS MANAGEMENT

(2011 Academic year onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Define “shopper behaviour” What are the components of shopper behaviour?

2. List down and explain the steps involved in post purchase behaviour.

3. Explain the nature and importance of perception in detail.

4. Explain the concept of reference groups in detail.

5. Briefly explain the process of CRM.

6. List down and explain the importance and benefits of environmental management.

7. Briefly explain the shopper behavior decision making process.

8. Write a short note on "International perspective of SRM".

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss the benefits of strategic market in detail.

10. What are the factors influencing store loyalty? Explain.

11. Explain the process and issues of shopping behaviour in detail.

12. Define "Cross Culture". What are the functions of cross culture? Explain.

13. Define "CRM". What are the characteristic of CRM? Explain.

14. What are the difference between the channel relations and competition relations? Explain.

15. Explain the determinants of dynamics process in detail.
