First Semester

MANAGEMENT CONCEPTS

(2008 onwards)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Who is the father of scientific management? List out his principles.

2. Explain the various management concepts.

3. Describe the advantages of planning.

4. Brief the various factors that affect staffing.

5. Discuss the leadership qualities.

6. Distinguish between motivation and satisfaction.

7. What all are the techniques for improving productivity?

8. Explain the characteristics of a effective control system.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Describe the functions of management in detail.

10. "Planning is the bridge between present and the future" – Comment.

11. Explain the various theories of leadership.

12. Explain the modern approaches to decision making under uncertainity.

13. Describe the guidelines for improving communication.

14. Explain the principles of preventive control.

15. Explain the nature and applications of information technology in management.

First Semester

ORGANISATIONAL BEHAVIOUR

(2008 onwards)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What is the need to study the Organisational Behaviour?

2. What are the factors that enrich group Cohesiveness?

3. What are components of attitude?

4. What are the Sources of power?

5. What are the principles of effective Communication?

6. Explain the sources of stress.

7. What is the significance of Organisational Culture?

8. Explain what an organisation can change during development.

SECTION B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Explain the approaches in Organisational Behaviour.

10. Explain the theories of learning.

11. "Performance of a group depends on the group Norms" – Discuss.

12. Power is generally misused in our Country, Suggest ways to make effective use of power.

13. Explain the strategies to manage stress.

14. Explain the approaches in organisational effectiveness.

15. Explain the factors that contribute the resistance to change.

DISTANCE EDUCATION

M.B.A. (HRM) DEGREE EXAMINATION, MAY 2012.

First Semester

MANAGERIAL ECONOMICS

(2008 Onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Is there any relevance between managerial economics and economics Justify your answer.

2. State the reason for Downward sloping demand curve.

3. Explain the cost output relationship in the long run.

4. Write a note on cobb- Douglas production function.

5. Explain the concept of Break even analysis.

6. Define the term Business cycle and its phases.

7. Give a note on Deflation.

8. Differenciate between cost control and cost reduction.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Define Managerial Economics and explain its nature and scope.

10. Explain the concept of price elasticity of demand and analyse the practical importance of price elasticity of demand.

11. Analyse the returns to scale and explain various laws of returns to scale.

12. What is meant by Price Discrimination? Discuss how pricing is done under discriminating monopoly.

13. What is CVP analysis? Explain the importance of break even analysis in CVP analysis.

14. What do you mean by inflation and how it can be controlled?

15. Explain the various types of pricing.

DISTANCE EDUCATION

M.B.A. (HRM) DEGREE EXAMINATION, MAY 2012.

First Semester

QUANTITATIVE METHODS

(2008 Onwards)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Explain the differences between primal and dual problem.

2. A retired person wants to invest up to an amount of Rs. 30,000 in fixed income securities. His broker recommends investing in two bonds: Bond A yielding 7% and Bond B yielding 10%. After some consideration he decides to invest at most Rs. 12,000 in Bond B and at least Rs. 6,000 in Bond A. He also wants the amount invested in Bond A to be at least equal to the amount invested in Bond B. Formulate the problem as a Linear Programming Model.

3. Define probability of an event? Give two examples.

4. What are the steps in solving a transportation problem by Lease Cost Method?

5. What is Monte Carlo simulation?

6. Explain the difference between expected opportunity loss and expected value of perfect information.

7. What do you mean by linear function? How do they differ from non linear functions?

8. Four coins are tossed simultaneously what is the probability of getting (a) 2 heads (b) 3 heads (c) atleast 3 heads.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Solve the following problem by simplex method :

Minimise $z = 80x + 100y$

Subject to

$80x + 60y \geq 1500$

$20x + 90y \geq 1200$

$x, y, z \geq 0$

10. Find the optimum solution for the following transportation problem.

To	Sales Office	Sales office	Sales office	Total
From	A	B	C	
Factory A	1	2	15	100
Factory B	3	2	1	130
Factory C	12	5	6	75
Factory D	3	1	2	95
Total	120	80	200	

11. "Simulation is nothing more or less than the technique of performing sampling experiments on the model of the system" — Discuss.

12. A company expects fixed costs of Rs. 37,500 and variable cost of Rs. 50,000 on sales of Rs. 80,000.

    (a) Find the break – even point

    (b) What will be the profit when the sales is Rs. 90,000?

13. A food products company is contemplating the introduction of a new product with new package and replace the existing product at much higher price (S1), or a moderate change in the existing product with a new package and a small increase in price (S2) or a small change in the existing product and with a word new in the package and a negligible increase in price (S3). The three possible states of nature of events are :

    (a) High increase in sales (NI)

    (b) No change in sales (N2) and

    (c) Decrease in sales (N3)

    Marketing department of the company worked out the payoffs in terms of yearly net profits for each strategy of three events. This is represented in the following table :

	States of nature		
Strategies	N1	N2	N3
S1	700,000	300,000	150,000
S2	500,000	450,000	0
S3	300,000	300,000	300,000

    Which strategy should the company choose on the basis of

    (i) Maximin Criterion (Pessimistic)

    (ii) Maximax Criterion (Optimistic)

    (iii) Minimax Regret Criterion

    (iv) Laplace Criterion (Equal likelihood).

14. A book store wishes to carry a particular book in stock. The demand of book is not certain and there is a lead time of 2 days for stock replenishment. The probabilities of demand are given below :

Demand (Units/day) :	0	1	2	3	4
Probability :	0.05	0.10	0.30	0.45	0.10

Each time an order is placed, the store incurs an ordering cost of Rs. 10 per order. The store also incurs a carrying cost of Re. 0.50 per book per day. The inventory carrying cost is calculated on the basis of stock at the end of each day. The manager of the book store wishes to compare two options for his inventory decisions.

A : Order 5 books when the present inventory plus any outstanding orders falls below 8 books

B : Order 8 books when the present inventory plus any outstanding orders falls below 8 books.

Currently (beginning of 1st day) the store has a stock of 8 books plus 6 books ordered two days age and are expected to arrive the next day. Carryout simulation run for 10 days to recommend an appropriate option. Use the following random numbers in sequence 89, 34, 78, 63, 61, 81, 39, 16, 13 and 73.

15. What is the purpose of a mathematical model? How does a model achieve this purpose?

M.B.A. (HRM) DEGREE EXAMINATION, MAY 2012.

First Semester

FINANCIAL AND MANAGEMENT ACCOUNTING

(2008 onwards)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Define 'Management Accounting ' and discuss the scope of management accounting.

2. What do you mean by 'Trial Balance'? Discuss the main objectives and limitations of preparing a Trial Balance.

3. What are the benefits we can enjoy in the Double Entry System from the Single Entry?

4. Explain the various tools for financial statement analysis.

5. Define 'Ratio Analysis'. What are its advantages and limitations?

6. Statement of financial position of Maheswari is given below :

Liabilities	2005 Rs.	2006 Rs.	Assets	2005 Rs.	2006 Rs.
Accounts payable	29,000	25,000	Cash	40,000	30,000
Capital	7,39,000	6,15,000	Debtors	20,000	17,000
			Stock	8,000	13,000
			Building	1,00,000	80,000
			Other Fixed Assets	6,00,000	5,00,000
	7,68,000	6,40,000		7,68,000	6,40,000

(a) There were no drawings.

(b) There were no purchases or sale of either building or other fixed assets.

Prepare a statement of Cash Flow.

7. What is a 'Master Budget'? How it is prepared?

8. From the following information suggest which of the two projects should be accepted on the basis of net present value method.

	Project *A* Rs.	Project *B* Rs.
Initial outlay	10,000	20,000
Cash inflows after taxes and before depreciation year 1	8,000	8,000
2	7,000	9,000
3	Nil	7,000
4	Nil	6,000
Service Life	2 years	4 years
Required rate of return	10%	10%

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Explain the various accounting concepts and conventions.

10. From the following balances and additional information, you are required to prepare
    (a) Trading account
    (b) Profit and Loss account
    (c) Balance sheet

	Rs.		Rs.
Capital	10,000	Cash	1,500
Machinery	3,500	Opening stock	2,000
Debtors	2,700	Rent	450
Drawings	900	Sales	14,500
Purchases	9,500	Sundry expenses	200
Creditors	1,400	Carriage on purchases	150
Wages	5,000		

Additional information :
(i) Stock at the end Rs. 600
(ii) Rent outstanding Rs. 50
(iii) Wages prepaid Rs. 200
(iv) Depreciation of machinery at 10%

11. Discuss the different techniques of analysis and interpretation of financial statements.

12. With the following ratios and further information given below, prepare a Trading account, Profit and Loss account and a Balance Sheet on Vijaya & Co
    (a) Gross Profit Ratio 25%
    (b) Net Profit Ratio 20%
    (c) Stock - turnover Ratio 10
    (d) Net Profit/Capital 1/5

(e) Capital to Total liabilities 1/2

(f) Fixed Assets/Capital 5/4

(g) Fixed Assets/Total current Assent 5/7

(h) Fixed Assets Rs. 10,00,000

(i) Closing stock Rs. 1,00,000.

13. What is a 'Fund Flow Statement'? Examine its managerial uses.

14. The expenses for budgeted production of 10,000 units in a factory are furnished below :

	Per Unit (Rs.)
Materials	70
Labour	25
Variable overhead	20
Fixed overhead (Rs. 1,00,000)	10
Variable Expenses (Direct)	5
Selling Expenses (10% Fixed)	13
Distribution Expenses (20% Fixed)	7
Administration Expenses (Rs. 50,000)	5
Total cost per unit (to make and sell)	155

Prepare a budget for production of

(a) 8,000 units

(b) 6,000 units

Assume that administration expenses are fixed for all levels of production.

15. Explain clearly the pay-back method of evaluating alternative capital requirement. What are its advantages and limitations?

BUSINESS ENVIRONMENT

(2008 onwards)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What is environmental scanning?

2. How political economy affects the business?

3. Write a short note on control of monopolies.

4. What is monetary policy?

5. Listout the various promotional schemes announced by government to develop industries.

6. What is industrial policy?

7. Explain the role of small scale industries in economic development.

8. What is privatisation?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. What are the macro environmental factors? How they affect the business?

10. Explain the role of government in setting the trend and structure of Indian economy.

11. What is Foreign exchange regulations act? How it helps to control the foreign exchange flow?

12. Discuss the fiscal policies and its impact on business.

13. Explain the new industrial policy 1991. How it changes the business competition.

14. How structural reforms has been implemented in India? Explain in detail.

15. How industries should assess the environment and evaluate its impact?

RESEARCH METHODS

(2008 onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What is research design?

2. What are the characteristics of a research report?

3. What are the advantages and disadvantages of collecting data by using questionnaire?

4. Explain the various types of sampling errors with examples.

5. What are the sources available for collecting secondary data?

6. Elucidate the factors that affect sample size.

7. Briefly explain the various types of hypothesis?

8. How will you identify the business research problems.

PART B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Elucidate the steps in the research process.

10. List and explain the various methods of sampling.

11. Explain the format and contents of a good research report.

12. Discuss the process of analysing data.

13. What is secondary data? List the issues to be considered when evaluating secondary data.

14. Explain the significance of research in making good decisions.

15. Write short notes on

    (a) Induction and deduction

    (b) Survey method

    (c) Review of literature.

MANAGEMENT INFORMATION SYSTEMS

(2008 onwards)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)
Answer any FIVE questions.

1. What is Feasibility Study? How it is helpful for MIS? Explain.

2. Classify and explain the types of Information System Models.

3. Discuss the concept DSS. List out it's benefits.

4. Briefly discuss different communication channels and Network Criteria.

5. Explain the following :
   (a) Domain Name System
   (b) Uniform Resource Locator
   (c) Network File System.

6. What is electronic Market? Discuss Benefits of E-commerce.

7. Describe 'Website Management' in detail.

8. Define 'system Design'. Discuss different types of design and methods.

SECTION B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

9. Explain 'System Development Life Cycle' in detailed study.

10. Why are the Information systems essential in business today? Describe the characteristics and basic requirements of MIS.

11. Explain the concept of Expert system with an example of BES.

12. Discuss about the categories of Network and Data Security on Internet.

13. Elaborately discuss on ERP systems.

14. Define E-commerce. Discuss about it's scope and categories in detail.

15. Describe the concept of IRM and it's various functions in MIS.

Second Semester

STRATEGIC MANAGEMENT

(2008 onwards)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Define Strategy. What are the characteristics of Strategy?

2. What are the 5Ps of a Strategy?

3. What factors in India are responsible for growing importance of strategy?

4. Define mission and objectives and give examples.

5. Explain the Components of Business.

6. Discuss the various types of strategy.

7. Explain the concept of mergers and acquisitions.

8. Outline the steps in planning process.

SECTION B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Describe the applications of ERP.

10. Distinguish between Horizontal and Vertical diversification.

11. Identify generic and grand strategies that firm adopt.

12. What are the Key elements in designing structure?

13. Explain the process of strategy implementation.

14. What is diversification? Explain why it is followed.

15. Describe
    (a) Benchmarking
    (b) Balanced Score Card
    (c) MBO.

INDUSTRIAL RELATIONS MANAGEMENT

(2008 onwards)

Time : Three hours Maximum : 100 marks

SECTION A — ($5 \times 8 = 40$ marks)

Answer any FIVE questions.

1. Explain the industrial relations and nature of Industrial Relations.

2. Write a short note on Job Design.

3. Why do employees join in unions?

4. Define the nature of disputes.

5. Write the meaning of collective bargaining.

6. How to resolve the disputes?

7. Discuss employee safety programmes.

8. Describe ILO.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Write a note on:

   (a) CITU

   (b) HMS

   (c) BMS

   (d) UTUC.

10. Clearly define development of trade unionism in India.

11. Who is call concillator? State the role and qualities.

12. What is arbitration? How does it help to resolve Industrial Conflict?

13. Bring out the provisions of the Trade Unions Act 1926.

14. Explain – Ergonomics.

15. Discuss the nature of industrial relations in India.

LABOUR LEGISLATIONS-I

(2008 onwards)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks

1. Define the terms labour welfare."factory" and a worker.

2. Give a brief account of "Industrial dispute Act 1947".

3. Under which circumstances "Strike" and Lockouts are prohibited.

4. What are the rules with regard to contribution under the ESI ACT?

5. Write a note on workmen's compensation Act 1923.

6. List out the withdrawal benefits under the "PF Act"

7. Briefly explain salient provisions of shops and establishment Act 1947?

8. What is "Retrenchment"? Narrate the conditions for retrenchment.

SECTION B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

All questions carry equal marks.

9. What is statutory and Non statutory welfare activities under 'factories Act 1948'

10. State the scope and object of the Employees provident fund Act.

11. Explain the Machinery available for investigation and settlement of disputes.

12. Critically examine the progress of "Unfair labour practices in India".

13. Discuss how the company approval, licensing and registration of factories under the factories Act 1948.

14. State the objects and scope of "ESI"Act.

15. State the rules regarding the distribution of compensation to a discased work from in an accident.
