FINANCIAL ACCOUNTING

(Upto 2012 – 2013 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain any two accounting concepts.

2. What is balance sheet? How does it differ from the profit and loss account?

3. Prepare the trial balance for the following :

Cash	4,000
Plant and machinery	30,000
Sales	10,000
Capital	25,000
Bank loan	6,000
Creditors	15,000
Closing stock	5,000
Outstanding expenses	1,000
Purchases	15,000
Purchases returns	1,000
Outstanding income	4,000
Drawings	3,000
Reserve fund	3,000

4. What are the defects of single entry system of book keeping?

5. What is dividend? What are the various sources of dividend for a company?

6. What is meant by amalgamation? What are its types?

7. What are the various reserves to be maintained by a bank as per the guidelines of the RBI?

8. What are the advantages of computerisation in accounting?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the objectives and functions of accounting.

10. The following is the trial balance of M/s Kasturi Agencies as on 31st March 2002. Prepare trading and profit and loss account for the year ended 31st March, 2002 and a balance sheet on that date :

Particulars	Dr.	Cr.
Capital		1,00,000
Drawings	18,000	
Buildings	15,000	
Furniture and fittings	7,500	
Motor van	25,000	
Loan from Hari @ 12% interest		15,000
Interest paid on above	900	

Particulars	Dr.	Cr.
Sales		1,00,000
Purchases	75,000	
Opening stock	25,000	
Establishment expenses	15,000	
Wages	2,000	
Insurance	1,000	
Commission received	-	4,500
Sundry debtors	28,100	-
Bank balance	20,000	-
Sundry creditors		10,000
Interest	-	3,000
	2,32,500	2,32,500

Adjustments :

(a) The value of stock on 31st March 2002 was Rs. 32,000

(b) Outstanding wages Rs. 500

(c) Prepaid insurance Rs. 300

(d) Commission received in advance Rs. 1,300

(e) Allow interest on capital @ 10%

(f) Depreciate :

Building 2½ %

Furniture and fittings 10%

Motor van 10%

(g) Charge interest on drawings Rs. 500

(h) Accrued interest Rs. 500.

11. X and Y are equal partners in a business in which the books are kept by single entry. The position of affairs on 1st January was as under :

Liabilities	Rs.	Assets	Rs.
Bills payable	646	Cash in hand	27
Sundry creditors	2,029	Cash at bank	220
Capital accounts :		Bills receivable	407
X	7,340	Sundry debtors	4,868
Y	7,340	Stock	3,285
		Plant	8,018
		Furniture	530
	17,355		17,355

The following was the state of affairs on 31st December. Cash in hand Rs. 40; Cash at bank Rs. 584, Debtors Rs. 5,629, Bills receivable Rs. 684, Stock Rs. 3,673, Creditors Rs. 2,147, Bills payable Rs. 595. The partners had drawn Rs. 450 each and were further entitled to interest on their capitals at 5% per annum. It was agreed to depreciate plant at the rate of 10% and furniture at 5%. Draw up the final accounts.

12. A Ltd. was registered with an authorised capital of Rs. 6,00,000 in equity shares of Rs. 10 each. The following is its trial balance on 31st March 2000.

Trial balance of 'A' Ltd

Particulars	Debit balance	Credit balance
	Rs.	Rs.
Goodwill	25,000	-
Cash	750	-
Bank	39,900	-

Particulars	Debit balance Rs.	Credit balance Rs.
Purchases	1,85,000	-
Preliminary expenses	5,000	-
Share capital	-	4,00,000
12% debentures	-	3,00,000
P and L A/c (Cr)	-	26,250
Call-in-arrear	7,500	-
Premises	3,00,000	-
Plant and machinery	3,30,000	-
Interim dividend	30,250	-
Sales	-	4,15,000
Stock (1.4.1999)	75,000	-
Furniture and fixtures	16,200	-
Sundry debtors	87,000	-
Wages	84,865	-
General expenses	6,835	-
Freight and carriage	13,115	-
Salaries	14,500	-
Directors' fees	5,725	-
Bad debts	2,110	-
Debenture interest paid	18,000	-
Bills payable	-	37,000
Sundry creditors	-	40,000
General reserves	-	25,000
Provision for bad debts	-	3,500
	12,46,750	12,46,750

Prepare profit and loss a/c, profit and loss appropriation a/c and balance sheet in proper form after making the following adjustments :

(a) Depreciate plant and machinery by 15%

(b) Write off Rs. 500 from preliminary expenses

(c) Provide for 6 months interest on debentures

(d) Provide for bad and doubtful debts at 5% on sundry debtors

(e) Provide for income tax at 50%

(f) Stock on 31.3.2000 was Rs. 95,000.

13. The following are the balance sheets of Raman Ltd., and Soman Ltd., as on 31.3.2004.

Liabilities	Raman Ltd. Rs.	Soman Ltd. Rs.	Assets	Raman Ltd. Rs.	Soman Ltd. Rs.
Share capital (Rs. 10 each)	15,00,000	6,00,000	Fixed assets	16,03,500	4,49,500
Securities premium	1,50,000	15,000	Current assets	9,28,930	3,70,600
P & L A/c	1,89,360	-	Miscellaneous expenditure	10,000	-
General reserve	4,70,000	-	P & L A/c	-	96,530
8% debentures	-	2,00,000			
Creditors	2,33,070	1,01,630			
	25,42,430	9,16,630		25,42,430	9,16,630

Bhiman Ltd., was formed to take over the businesses of Raman Ltd., and Soman Ltd., for the agreed purchase consideration of Rs. 19,50,000 and Rs. 4,80,000 respectively. Which is payable in the form of Rs. 100 share at par. Soman Ltd.'s debentures are to be converted into 10% debentures of Bhiman Ltd. Amalgamation expenses of Rs. 15,000 are to be borne by the transferee company.

Close the books of the tranferor companies and give the balance sheet in the transferee company's book.

Assume that the amalgamation is in the nature of merger.

14. Explain the various schedules to be prepared by a commercial bank.

15. Write a note on :

    (a) International accounting standards

    (b) Petty cash book

    (c) Provision for doubtful debts

    (d) Net assets method.

FINANCIAL MANAGEMENT

(Upto 2012–2013 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. How do you analyse and interpret the financial statements?

2. State the differences between Fund Flow Statement and Cash Flow Statement.

3. Enumerate the various methods of ranking investment proposals.

4. Discuss the limitations of Ratio Analysis.

5. Explain the procedure for calculating working capital forecasting.

6. Elucidate the managerial uses of marginal costing.

7. Explain the factors which determine the requirements of working capital.

8. How do you manage the accounts receivables?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain briefly the functions of Financial Management.

10. With the help of the following ratios regarding Ram & Co., draw up the Balance sheet of the company for the year 2014.

Current ratio	2.5
Liquidity ratio	1.5
Networking capital	Rs. 3,00,000
Stock turnover ratio (cost of sales/ closing stock)	6 times
Gross profit ratio	20%
Fixed assets turnover ratio (on cost of sales)	2 times
Debt collection period	2 months
Fixed assets to shareholders' networth	0.80
Reserves and surplus to capital	0.50

11. Kittu Ltd. has under consideration, the following two projects the details which are given below :

	Project A	Project B
Cost of investments	Rs. 1,00,000	Rs. 1,50,000
Working capital	Rs. 50,000	Rs. 50,000
Economic life	4 years	6 years
Salvage value	10%	10%
Tax rate	50%	50%
Profit before depreciation and tax :	Rs.	Rs.
1	80,000	1,50,000
2	80,000	90,000
3	80,000	1,50,000
4	80,000	80,000
5	–	60,000
6	–	30,000

You are required to calculate the Average Rate of Return and suggest which project is to be preferred.

12. From the following information you are required to calculate (a) operating leverage (b) financial leverage and (c) combined leverage under situation I and II and financial plans A and B.

Installed capacity 4,000 units; Actual production and sales 75% of the capacity; Selling price Rs. 30 per unit; Variable cost Rs. 15 per unit.

Fixed Cost: Situation-I Rs. 15,000 and Situation-II Rs. 20,000.

Capital structure:	Financial Plan	
	A	B
Equity	Rs. 10,000	Rs. 15,000
Debt (20% interest)	Rs. 10,000	Rs. 5,000
Total	Rs. 20,000	Rs. 20,000

13. From the following estimates, calculate the average amount of working capital required.

Average amount locked up in stock of finished goods and work in progress	Rs. 10,000 p.a
Average amount locked up in stock of stores and material etc.	Rs. 8,000 p.a
Average credit given: for local sales 2 week's credit	Rs. 1,04,000 p.a
Average credit given: for outside the state 6 week's credit	Rs. 3,12,000 p.a
Time available for payment of purchase 4 weeks	Rs.78,000 p.a
Time available for payment of wages 2 weeks	Rs. 2,60,000 p.a

Add 10% to allow for contingencies.

14. Assuming that the cost structure and selling prices remain the same in periods I and II find out

    (a) Profit volume ratio

    (b) Break even point

    (c) Profit when sales volume is Rs. 1,00,000

    (d) Sales required to earn a profit of Rs. 20,000; and

    (e) Margin of safety in II period.

Period	Sales	Profit
I	Rs. 1,20,000	Rs. 9,000
II	Rs. 1,40,000	Rs. 13,000

15. A firm has cash Rs. 25,000 in hand on 1.5.2012. Prepare a cash budget for 3 months May, June and July.

Months	Sales	Purchases	Wages	Office expenses	Production expenses	Selling expenses
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
March	50,000	30,000	6,000	4,000	5,000	3,000
April	56,000	32,000	6,500	4,000	5,500	3,000
May	60,000	35,000	7,000	4,000	6,000	3,500
June	80,000	40,000	9,000	4,000	7,500	4,500
July	90,000	40,000	9,500	4,000	8,000	4,500

Other informations :

(a) 20% of sales for cash, balance will be collected in the following month.

(b) Creditors are allowed a period of 2 months.

(c) Wages and other expenses are paid in the following month.

(d) Dividend and bonus to workers are due respectively on May Rs. 10,000 and Rs. 15,000.

(e) Payment for plant is due on June for Rs. 80,000.

(f) Income tax is payable of July Rs. 25,000.

Third Semester

INTERNATIONAL BANKING AND FOREIGN EXCHANGE

(Upto 2012–13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Explain Nostro Account and Vostro Account with examples.

2. Explain about Unified Exchange Rate System with its features.

3. What are the causes for fluctuation in exchange rate?

4. Write a note on SWIFT.

5. How are documentary credits granted ?

6. How does loan syndication facilitate the promotion of international trade?

7. What are the functions of correspondent banks in the international trade?

8. What are the objectives of ECGC?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. How is foreign exchange administered in India?

10. What are the objectives of exchange control?

11. Discuss the effects of fluctuation in exchange rate.

12. Explain different types of letter of credit.

13. What are the financial services offered by the ECGC?

14. Give the important features of Foreign Exchange Management Act.

15. Specify the exchange control regulations regarding exports.

Third Semester

MANAGEMENT INFORMATION SYSTEM

(Upto 2012–13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Define Management Information System and describe its features.

2. Explain any two types of testing in the process of system development.

3. Write a detailed note on expert system.

4. Differentiate between MIS and data processing.

5. Explain the features of Electronic Bulletin Board System.

6. What is video conferencing? Mention its benefits in the information system.

7. MIS is one of the technologies in enterprise resource planning (ERP) – Explain.

8. Discuss the functions of value added networks.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the different stages in the system development and its implementation.

10. Explain the structure of MIS and its different levels.

11. Discuss decision support system and information resource management in relation to MIS.

12. Explain different types of communication networks with its features.

13. What are different types of e-commerce? Highlight its features.

14. Explain the functions and applications of electronic data interchange.

15. Explain the role of computers in MIS.

Third Semester

COMPUTERS AND BANKING

(Upto 2012-13 Academic Year & 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Differentiate between digital computer and analog computer.

2. Explain the concept of data processing.

3. Explain octal and hexadecimal number systems with examples.

4. What do you mean by primary memory and secondary memory?

5. Why is an operating system essential in operating a computer?

6. Differentiate between software and hardware.

7. Write a note on MICR Technology.

8. Explain batch processing with an example.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. How are computers classified on the basis of memory?

10. Explain the functioning of a computer with the help of a block diagram.

11. Bring out the features of high level language and machine level language.

12. In what ways, computers are useful in handling inter-branch transactions?

13. What are the different technologies used in banks in rendering customer service?

14. What are the various threats that affect the computers? How can they be prevented?

15. List out the uses of internet in business and banking.

Third Semester

QUANTITATIVE METHODS

(Upto 2012 – 13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Linear combination is the common method of trade off – Explain.

2. How are functions represented in graphical form?

3. How will you determine the cost of operating a system?

4. What is break even analysis ? State its uses.

5. What is the use of duality in solving a linear programming problem?

6. Explain the concept of probability. How is it defined under classical approach?

7. A diet conscious housewife wishes to ensure certain minimum intake of vitamins A, B and C for the family. The minimum daily requirements are A 30, B 20 and C 16 units. For the supply of these three vitamins, the housewife relies on two fresh foods. The first one provides 7, 5 and 2 units of the three vitamins per gram respectively and the second one provides 2, 4 and 8 units of the three vitamins per gram respectively. The first food costs Rs.3 per gram and the second one Rs.2 per gram. How many grams should the housewife buy to keep her food as low as possible? Formulate the above problem into an LPP.

8. What is the use of decision tree approach in choosing an optimal course of action?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the scope of quantitative analysis in the business management.

10. Solve the following LPP using Simplex Method:

Maximise $Z = 9x_1 + 16x_2$

Subject to

$$5x_1 + 20x_2 \le 80$$
$$10x_1 + 15x_2 \le 90$$
$$6x_1 + 8x_2 \le 110$$
$$x_1, x_2 \ge 0.$$

11. Find an economic solution for the following Transportation Problem:

		Destination				
		D_1	D_2	D_3	D_5	Available
Origin	O_1	11	8	5	7	125
	O_2	15	4	13	9	225
	O_3	12	16	11	13	175
	O_4	14	14	9	12	155
Required		180	160	150	190	

12. The management of XYZ Ltd., is faced with the problem of choosing one of the two products for manufacturing. The probability matrix after market research for the two products is as follows:

	Nature of market		
Product	Good	Fair	Poor
A	0.75	0.15	0.10
B	0.60	0.30	0.10

The profits at different levels of market are as follows:

	Profit (in Rs.) if market is		
Product	Good	Fair	Poor
A	35,000	15,000	5,000
B	50,000	20,000	–3,000

Calculate the expected value to choose the profitable product.

13. A market survey conducted in four cities pertained to preference for brand A soap. The responses are shown below:

Response	Delhi	Kolkatta	Chennai	Mumbai	Total
Yes	45	55	60	50	210
No	35	45	35	45	160
No opinion	5	5	5	5	20

(a) What is the probability that a consumer selected at random preferred brand A?

(b) What is the probability that a consumer preferred brand A and was from Chennai?

(c) What is the probability that a consumer preferred brand A given that he was from Chennai?

Given that a consumer preferred brand A, what is the probability that he was from Mumbai?

14. A company manufactures 30 items per day. The sale of these items depends on demand which has the following distribution:

Sales :	25	27	29	30	32	34
Probability :	0.10	0.15	0.20	0.30	0.20	0.05

The production cost and sale price of each unit are Rs.25 and Rs.30 respectively. Any unsold product is to be disposed of at a loss of Rs.5 per unit. There is a penalty of Rs.2 per unit if demand is not met. Using the following sequence of random numbers, estimate the total profit/loss of the company for the next 7 days:

10 89 55 79 95 20 69

15. Explain elasticity of demand using functional relationship.

BANK MARKETING

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Bring out the relevance of marketing in banking.

2. What are the marketing strategies adopted by private sector banks in India?

3. What are the constraints faced by banks in India, while developing new products?

4. As a banker, how would you identify a suitable location for opening a branch?

5. What do you mean by price in bank marketing? How does a bank fix the rate of interest on its deposits?

6. What are the personal promotional efforts adopted by banks in India?

7. What are the important points to be considered by a bank before organizing customer meets?

8. What are the functions of the marketing officers in a bank branch?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the different components of the marketing mix of the banks in India.

10. Emphasise the need for mew products in banking. Identify the reasons for product failures in banking.

11. Examine the features of an ideal branch layout in banking.

12. Explain the costing and pricing practices adopted by banks in India.

13. Elaborate different components of the promotional mix of public sector banks in India.

14. Explain different methods of training adopted by banks for its marketing personnel.

15. Write notes on :

    (a) Marketing research

    (b) Non-fund based business

    (c) CRM

    (d) Future of bank marketing.

INVESTMENT ANALYSIS AND PORTFOLIO MANAGEMENT

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What is price earnings analysis?

2. What is fundamental analysis? State its components.

3. What are the assumptions of CAPM?

4. Define portfolio audit with example.

5. Discuss briefly about the single and two factorial models.

6. What is moving average analysis?

7. Write about various methods of formula plans.

8. Define financial investment avenues with examples.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Explain the concepts and types of risk analysis.

10. Explain the techniques of portfolio revision.

11. Explain the nature and principles of Portfolio Management.

12. Explain the concept of investment and its types.

13. Explain in detail about the valuation analysis with suitable examples.

14. Discuss in detail about the concept and components of Fundamental analysis.

15. Discuss in detail about the Lagrange multiplier method with suitable example.

INVESTMENT AND DERIVATIVES MARKETS

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What are the characteristics of debt instruments?

2. What is trade off between risk and return?

3. Explain the importance of portfolio management.

4. What do you mean by Price Earning Ratio? Explain its importance in equity valuation.

5. Explain the nature of equity market.

6. How will you determine profit or loss on call and put options?

7. Explain future contract with an example.

8. What is the implication of passive immunization in portfolio management?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the features of debt market in India.

10. Explain debt pricing theorems in brief.

11. State the factors that determine the equity market growth.

12. Explain about earnings based equity valuation models.

13. What are the different types of options? Explain them.

14. Differentiate between options and futures.

15. Explain the significance and operations of government securities in India.

MUTUAL FUND MANAGEMENT

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the concept of mutual fund.

2. How are mutual fund schemes classified on the basis of operations?

3. Who are sponsors in mutual fund management?

4. What are the contents of a Trust Deed?

5. Trustees are custodians of mutual funds - Explain

6. Explain the relationship between net assets value and price of the units.

7. State the objectives of UTI.

8. Mutual funds are risk free — Evaluate.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the role of mutual funds in the development of economy.

10. Discuss the functions of Asset Management Company.

11. What are the operational activities involved in launching and marketing a mutual fund?

12. How are mutual fund schemes regulated by the SEBI?

13. Explain the present status of Unit Trust of India.

14. Evaluate the performance of public sector mutual funds in India.

15. Bring out the challenges and opportunities for mutual funds in India in the liberalized environment.

MERCHANT BANKING

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What are the services offered in relation to project counselling?

2. Explain the role of NSE in merchant banking.

3. Explain the scope of loan syndication.

4. What are the functions of a lead manager?

5. Write a note on bridge loan.

6. What is CAPM approach?

7. Describe the features of venture capital.

8. What are the different types of factoring?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the growth of merchant banking in India.

10. Write the functions of a portfolio manager.

11. Explain the role of merchant banker in mergers.

12. Why do people prefer mutual fund?

13. State the activities of a merchant banker.

14. Describe the guidelines of SEBI for listing of securities in Stock Exchange.

15. Explain the scope and role of venture capital in the development of a country.
