ALAGAPPA UNIVERSITY

(Re-accredited with 'A' Grade by NAAC)
Karaikudi - 630 003, Tamil Nadu, India.

DEPARTMENT OF BIOELECTRONICS & BIOSENSORS

Organizes
NATIONAL CONFERENCE ON

RECENT ADVANCES IN NANOMATERIALS FOR SENSOR APPLICATIONS (NANOSE - 2014)

6-7th March 2014

PROGRAMME COMMITTEE

Patron
Prof. S. KALIYAMOORTHY
Convener,
Vice-Chancellor Officiating Committee
Alagappa University, Karaikudi

Co-Patrons
Dr. V. MANICKAVASAGAM
Registrar Alagappa University, Karaikudi

Prof. S. KARUTHA PANDIAN
Dean, Research

Chairperson
Dr. C. SEKAR
Professor & Head, Department of Bioelectronics & Biosensors

Organizing Secretary
Dr. J. Wilson
Assistant Professor, Department of Bioelectronics & Biosensors

Secretaries
Dr. V. DHARUMAN
Assistant Professor, Department of Bioelectronics & Biosensors

Mrs. C. SUMATHI
Master Technician, Department of Bioelectronics & Biosensors

ADVISORY COMMITTEE

Prof. P. Manisankar
Department of Industrial Consultancy

Prof. S. Rajendran
Department of Physics

Prof. K. Gurunathan
Department of Nanoscience & Technology

Prof. J. Jeyakanthan
Department of Bioinformatics

Prof. B. Vaseeharan
Department of Animal Health & Management

Dr. C. Stella
Department of Oceanography & Coastal Area Studies

Dr. S. Karuppuchamy
Department of Energy Science

ABOUT THE UNIVERSITY

Alagappa University has emerged from the galaxy of institutions initially founded by the great philanthropist and educationist Dr. RM. Alagappa Chettiar in 1985 at Karaikudi. The University is re-accredited with 'A' Grade by NAAC. New innovative courses of social relevance are being offered by the University through regular and distance modes. The University's motto is "Excellence in Action" and the University keeps before it the vision of excellence in all spheres of its action.

CONFERENCE THEME

Emergence of new nanomaterilas and technology lead the development of novel and simple sensor devices for different applications. Developing simpler, faster and miniaturized devices for a variety of applications including medical, biological and environmental monitoring require the interface between engineering, materials science, medicine, chemistry, biology and physics disciplines. Many materials such as nanometals, metal oxides, conducting polymers, carbon structures and quantum dots are being used for the development of much needed simple and faster sensing devices. However, much remains to be done to improve the sensing applications and reduce the cost of production for efficient utilization of these devices. NANOSE-2014 will provide a platform for researchers, scientists, professionals and students to meet and exchange information on the latest developments in the topics of the conference.

ABOUT THE DEPARTMENT

The Department of Bioelectronics and Biosensors established in 2008, is engaged in the design and development of biosensors for application in various fields that include medical, food, environmental and agricultural. The major scope of this department is to innovate in the biosensing process and devices for the fast, sensitive and selective evaluation of clinical, biological, environmental and biowarfare analytes. The department offers M.Sc., M.Phil., and Ph.D. programmes in the field of Bioelectronics and Biosensors.

CALL FOR ABSTRACTS

Authors willing to submit their research findings can send one page abstract through email. Full-length papers of selected abstracts will be published in the conference proceedings with ISSN number.

Sponsors : Alagappa University, UGC and DST-PURSE.

TOPICS OF INTEREST

- Nanomaterials
- Biomaterials
- Conducting polymers
- Carbon nanotubes
- Graphene
- Quantum dots
- Biosensors
- Gas sensors
- Chemical sensors
- Electrochemical sensors
- Nanobiosensors
- Biomedical instruments
- Drug delivery
- Biofuel cells
- Supercapacitors

IMPORTANT DATES

Abstract dead line : February 28, 2014
Registration dead line : March 5, 2014

REGISTRATION FEE

Researchers, Students & Academicians : Rs.500

Delegates from Industries & Research Institutes : Rs.1000

Registration fee should be paid in the form of DD favoring **"The Organizing Secretary, NANOSE-14"** payable at Karaikudi.

ACCOMMODATION

Accommodation will be arranged on request and the expenses are to be met by the participants. TA will be paid for the limited number of deserving student participants.

All correspondence should be addressed to

Dr. J. WILSON
Organizing Secretary (NANOSE-2014)
Department of Bioelectronics & Biosensors Alagappa University,
Karaikudi-630 003, Tamil Nadu, India.
Phone : 04565 226385 Mobile : 9488260016
E.mail : sensor2025@gmail.com
Web : www.alagappauniversity.ac.in

Venue : Science Block, Alagappa University
