DE–8265 **11**

DISTANCE EDUCATION

M.B.A. (IM) DEGREE EXAMINATION, MAY 2014.

First Semester

MANAGEMENT CONCEPTS

(2005 onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What are the essential characteristics of management?

2. Enumerate the guidelines for objective setting.

3. State the purposes of organising.

4. Explain the rationale of centralisation.

5. Outline the principles of staffing.

6. Narrate the need for coordination.

7. Write a brief note on core competence.

8. Bring out the salient features of benchmarking.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Discuss the arguments relating to management as profession. To what extent, has Indian management been professionalised?

10. What is the concept of planning as an element of management process? Discuss its role in a modern business organisation.

11. Narrate the basic principles of delegation of authority. Suggest practical guidelines to make delegation effective.

12. Analyse the various techniques of co-ordination.

13. Examine the nature and importance of staffing.

14. Explain the nature and scope of total quality management.

15. Describe the devices of control in an organisation.

M.B.A. (IM) DEGREE EXAMINATION, MAY 2014.

First Semester

ORGANISATIONAL BEHAVIOUR

(2005 onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Explain the need for the study of organisational behaviour.
2. Narrate the concept of classical conditioning and operant conditioning.
3. What are group norms? How are they useful?
4. Explain the barriers in organizational communication.
5. Point out the consequences of stress.
6. Why is organisational design required?
7. Explain the nature of organisational change.
8. Bring out the relationship between power and politics.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. State and explain the various organisational behaviour models.
10. Examine the relevance of motivation and ability in organisational behaviour.

11. Narrate the principles of effective communication.

12. Write an elaborate note on the causes and management of stress.

13. Discuss the significance of organisational culture.

14. Describe the styles of leadership and their relative merits and draw backs.

15. Analyse the organisational development intervention techniques.

DISTANCE EDUCATION

M.B.A. (IM) DEGREE EXAMINATION, MAY 2014.

First Semester

MANAGERIAL ECONOMICS

(2005 onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What is managerial economics? Is it interdisciplinary? Explain.

2. What are the factors influencing demand for a commodity?

3. Explain the nature of short run average cost curve.

4. Why is government control over pricing required?

5. Point out the objectives of investment analysis.

6. How is profit measured? Explain.

7. Examine the stages involved in business cycle.

8. State the causes of inflation.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Assess the role played by the managerial economist.

10. Show diagrammatically price and output determination under perfect competition.

11. Discuss the objectives and methods of cost control.

12. Analyse the techniques of profit forecasting.

13. State and explain the law of demand. Point out exceptions to the law.

14. Narrate the causes of adverse BOP. Suggest remedial measures.

15. "Managerial economics facilitates forward planning and decision making" – Discuss.

DE–8268 **14**

DISTANCE EDUCATION

M.B.A. (IM) DEGREE EXAMINATION, MAY 2014.

First Semester

QUANTITATIVE METHODS

(2005 onwards)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the concept of trade off.

2. What are primal and dual problems? Explain with an example.

3. Define conditional probability. State the theorem of compound probability.

4. Narrate the decisions under different environment.

5. If $f(x)=2x^2-5x+4$ for what values of X is $2f(x)=f(2x)$.

6. Using graphical method, obtain the values of x_1 and x_2 of the following L.P. problem.

   Maximize $Z = 6x_1 + 8x_2$

   Subject to $30x_1 + 20x_2 \leq 300$

   $x_1, x_2 \geq 0$.

7. Suppose the demand for a particular item is 100 units with a standard deviation of 10 units. Simulate the demand for next 10 days and find the average demand use the random numbers.

   68, 95, 06, 36, 24, 71, 42, 78, 92, 33.

8. The following table gives the pays for different strategies under different states of nature;

	States of Nature		
Strategies	S_1	S_2	S_3
A	10000	3000	2000
B	20000	25000	– 15000
C	30000	18000	– 50000

   Find the decision rule under Minimax and Maximax.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss the 'Linear Function' and 'Non–linear function' with examples.

10. Explain the meaning of simulation and state its usefulness in business decision making.

11. A television manufacturer determines that his total cost for producing 'X' Television sets is given by $C(X) = 500x^2 + 2500x + 5000$.

    Each set sells for Rs 6,000. Determine;

    (a) BEP

    (b) The number of sets to be produced for no loss

    (c) The number of sets to be produced for no profit.

12. Find the dual of the following LPP:

Max. $Z = 3x_1 - x_2 + x_3$

Subject to $4x_1 \quad - x_2 \le 8$

$8x_1 + x_2 + 3x_3 \ge 0$

$5x_1 - 6x_3 \le 13$

$x_1, x_2, x_3 \ge 0$

13. Solve the following transportation problem:

	To			
	A	B	C	
I	50	30	220	1
II	90	45	170	3
III	250	200	50	4
	4	2	2	

14. A bag contains 4 white and 6 black balls. Two balls are drawn at random. What is the probability that

(a) Both are white

(b) Both are black

(c) One white and one black.

15. A milkman buys milk at Rs 2 per litre and sells for Rs. 2.50 per litre. Unsold milk has to be thrown away. The daily demand has the following probabilities;

Demand (litres)	46	48	50	52	54	56	58	60	62	64
Probability	.01	.03	.06	.10	.20	.25	.15	.10	.05	.06

If each day's demand is independent of previous day's demand, how much litres should be ordered every day.

DE–8269 **15**

DISTANCE EDUCATION

M.B.A. (IM) DEGREE EXAMINATION, MAY 2014.

First Semester

FINANCIAL ACCOUNTING

(2005 onwards)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What are Accounting Standards?

2. Define Trial Balance. How is it prepared?

3. State the limitations of Single Entry System.

4. Outline the proforma of Balance sheet of a Company.

5. What is meant by Reconstruction? Explain its types.

6. Explain the relationship between Internet and Accounting.

7. Find out profit from the following data

	Rs.
Capital at the beginning of the year	8,00,000
Drawings during the year	1,80,000
Capital at the end of the year	9,00,000
Capital introduced during the year	50,000

8. X Ltd. Is negotiating to sell its business to Y Ltd. Its assets are agreed to be worth Rs.40,00,000. Its share capital consists of 10,000 equity shares of Rs.l0 each and it has reserves of Rs.50,000. Workmen's compensation fund amounts to Rs.25,000 (estimated Liability 10,000) and Provident fund Rs.20,000.

   Employees security deposits amount to Rs.10,000. Trade Creditors amounted to Rs.80,000.

   Ascertain the Purchase consideration, if it is paid 75% in Rs.10 equity shares of the Transferee company and the balance in cash.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. What is meant by Accounting Convention? Briefly explain the various accounting conventions.

10. Distinguish between Merger method and purchase method of Accounting for Amalgamation.

11. 'Computer Applications in Accounting is inevitable'- Discuss.

12. Enter the following transactions in Purchases Book, Sales Book, Returns Inward Book and Returns Outward Book of Mr. Thangaraj.

2010			Rs.
Jan	1	Bought goods from Arunkumar	6,000
	2	Sold goods to Balu	3,000
	6	Sakila sold goods to us	3,000
	10	Bharathi bought goods from us	1,800
	11	Received goods returned by Balu	240
	13	We returned goods to Arunkumar	200
	15	Dharani returned goods	300
	18	Sold goods to Velu	1,400
	23	purchased goods from Madan	1,600
	25	Returned goods to Sakila	200

31	Sold goods to Anwer	2,400

13. A trader Commenced business as a cloth merchant on 1.4.2007 with a capital of Rs.20,000. On the same day he purchased furniture and fixtures for Rs.4,000. From the following particulars obtained from his books which do not conform to strict double entry principles, you are required to prepare Trading and P & L A/c and Balance Sheet as on 31-3-2008.

	Rs.
Sales (including cash sales Rs.10,000)	25,000
Purchases (including cash purchases Rs.6,000)	20,000
Drawings	1,000
Salaries	2,400
Bad debts written off	200
Trade Expenses	800

The trader has used cloth worth Rs.600 for private purposes and gave Rs. 1,000 to his son which are not recorded anywhere. On 31.3.2008 his debtors were worth Rs.7,000 and creditors were Rs.4,000. Stock on that date was valued at Rs.8,000.

14. Prepare a Balance sheet as at 31st March 2010 from the following information of ABC Ltd. As required under the companies Act 1956.

Liabilities	Rs.	Assets	Rs.
Term Loan	10,00,000	Loss for the year	3,00,000
Creditors	11,45,000	Sundry Debtors	12,25,000
Advances	3,72,000	Miscellaneous Expenses	58,000
Cash and Bank Balances	2,75,000	Loans from Directors	2,00,000
Staff advances	55,000	Provisions from Doubtful debts	20,200
Provision for Tax	1,70,000	Stock	4,00,000
Securities premium	4,75,000	Fixed Assets (W.D.V.)	51,50,000

Loose Tools	50,000	General Reserve	20,50,000
Investments	2,25,200	Capital work in progress	2,00,000

Additional Information :

(a) Share capital Consists of :

(i) 30,000 Equity shares of Rs.100 each fully paid up

(ii) 10,000 -10% pref. shares of Rs.100 each fully paidup

(b) Term Loan is secured

(c) Depreciation on assets: Rs.5,00,000

(d) Schedules need not be given.

15. The balance sheet of Gloomy Ltd. was as follows on 31st March 2011.

Liabilities	Rs.	Assets	Rs.
4,000 shares of Rs.100		Goodwill	60,000
each fully paid	4,00,000	Land and Buildings	1,00,000
6% debentures	2,00,000	Plant and Machinery	4,00,000
Sundry creditors	2,50,000	Stock	90,000
		Sundry debtors	60,000
		Preliminary expenses	10,000
		Profit and Loss A/c	1,30,000
	8,50,000		8,50,000

In order to reconstruct the company, wiping off fictitious and intangible assets and writing down Plant and Machinery to its proper figure of Rs.3,00,000, the shares were reduced to Rs.20 each. Court's approval was obtained. Draft the necessary journal entries and shown the balance sheet after the scheme is put through.

DISTANCE EDUCATION

M.B.A. (IM) DEGREE EXAMINATION, MAY 2014.

Second Semester

MANAGEMENT ACCOUNTING

(2005 Onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Define Management Accounting. State its limitations.

2. How is common size income statement prepared?

3. What are the managerial uses of Fund flow statement?

4. Explain the meaning of Break Even Analysis. What are its assumptions?

5. The following information is taken from the books of a firm.

	Rs.		Rs.
Sales	33,984	Sales returns	380
Gross Profit	8,068	Stock in the beginning	1,378
		Stock at the end	1,814

Calculate

(a) Purchases

(b) Rate of stock turnover

(c) Gross Profit ratio.

6. From the following details, calculate funds from operations:

	Rs.		Rs.
Salaries	5,000	Discount on issue of debentures	2,000
Rent	3,000	Provisions for bad debts	1,000
Refund of tax	3,000	transfer to general reserve	1,000
Profit on sale of building	5,000	Preliminary expenses written off	3,000
Depreciation on plant	5,000	Goodwill written off	2,000
Provision for tax	4,000	Proposed dividend	6,000
Loss on sale of plant	2,000	Dividend received	5,000
Closing balance of profit and loss a/c	60,000		
Opening balance of profit and loss a/c	25,000		

7. From the following data, prepare a Production Budget for Bajaj Ltd.

Stocks for the budgeted period

Products	As on 1st Jan	As on 30th June
R	8,000	10,000
S	9,000	8,000
T	12,000	14,000

	Requirements to fulfill Sales programme	Normal loss in Production
R	60,000 Units	4%
S	50,000 Units	2%
T	80,000 Units	6%

8. From the following information relating to Quick Standards Ltd., you are required to find out
   (a) P.V. ratio
   (b) Break-even point
   (c) Profit
   (d) Margin of safety
   (e) Also Calculate the volume of Sales to earn Profit of Rs.6,000.

Total fixed costs	Rs. 4,500
Total variable cost	7,500
Total sales	15,000

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Distinguish between Management Accounting and Financial Accounting.

10. How are ratios classified?

11. What is meant by Fund Flow Statement? How is it prepared?

12. The Balance Sheets of a company are given as under. Explain the significance of changes in assets and liabilities of these comparative balance sheets:

	31st March 2011	31st March 2012
Equity share capital	5,00,000	10,00,000
Preference shares capital	1,00,000	2,00,000
General Reserve	1,00,000	2,50,000
Accounts payable	1,00,000	2,00,000
Outstanding expenses	50,000	50,000
Profit and Loss Account	2,00,000	3,00,000
	10,50,000	20,00,000
Fixed assets	4,00,000	10,00,000
Investments	3,00,000	1,00,000
Receivables	2,00,000	4,00,000
Inventories	1,00,000	4,00,000
Cash	50,000	1,00,000
	10,50,000	20,00,000

13. The financial position of M/s. Tall and Short on 1st January 2011 and December 31,2011 was as follows:

Liabilities	1.1.2011 Rs.	31.12.2011 Rs.	Assets	1.1.2011 Rs.	31.12.2011 Rs.
Current Liabilities	36,000	41,000	Cash	4,000	3,600
Mrs. Tall's loan	-	20,000	Debtors	35,000	38,400
Loan from bank	30,000	25,000	Stock	25,000	22,000
Capital	1,48,000	1,49,000	Land	20,000	30,000
			Building	50,000	55,000
			Machinery	80,000	86,000
Total	2,14,000	2,35,000		2,14,000	2,35,000

During the year the partners withdrew Rs. 26,000 for domestic expenses. The provision for depreciation against machinery as on 1-1-2011 was Rs. 27,000 and 31-12-2011 Rs. 36,000. Prepare the Cash Flow Statement for the year ended 31st December, 2011.

14. The cost of an article at a capacity level of 5,000 units is given under A below. For a variation of 25% in capacity above or below this level, the individual expenses vary as indicated under B below:

	A Rs.	B Rs.
Material	25,000	(100% varying)
Labour cost	15,000	(100% varying)
Power	1,250	(80% varying)
Repairs and Maintenance	2,000	(75% varying)
Stores	1,000	(100% varying)
Inspection	500	(20% varying)
Depreciation	10,000	(100% varying)
Adm. Overheads	5,000	(25% varying)
Selling Overheads	3,000	(25% varying)
	62,750	

Cost per unit Rs. 12.55. Find the unit cost of the product at production levels of 4,000 units and 6,000 units.

15. SV Ltd., a multi-product company, furnishes you the following data relating to the year 2012.

	First Half of the Year	Second Half of the Year
Sales	Rs. 45,000	Rs. 50,000
Total Cost	40,000	43,000

Assuming that there is no change in prices and variable costs and that the fixed expenses are incurred equally in the two half year periods calculate for the year 2012.

(a) The profit volume ratio

(b) Fixed expenses

(c) Break-even sales

(d) Percentage of margin of safety.

Second Semester

BUSINESS LAWS

(2005 onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Define Contract. State its nature.
2. What is performance of contract? Explain with an illustration.
3. State the essential features of contract of guarantee.
4. What is sale? Explain its essentials.
5. Why is consumer redressal forum set up?
6. Who are parties to negotiable instruments? Explain.
7. Narrate the various kinds of fire policies.
8. Point out the essentials of a valid meeting.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. State and explain the remedies for breach of contract.
10. What is bailment? Explain the essentials of bailment.

11. Who is an unpaid vendor? Explain his rights
    (a) against goods and
    (b) buyers personally.

12. Discuss the modes of dissolution of partnership firm.

13. Narrate the fundamental principles of insurance.

14. Explain the provisions relating to Consumer Protection Act, 1986.

15. Describe the procedure followed in the formation of company.

Second Semester

MANAGEMENT INFORMATION SYSTEM

(2005 Onwards)

Time : Three hours Maximum : 100 marks

PART A — ($5 \times 8 = 40$ marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Define system. Explain its features.

2. Trace the evolution and growth of MIS.

3. What are the benefits of computerized MIS?

4. Point out any five limitations of MIS.

5. Bring out the relationship between MIS and information resource management.

6. Explain briefly the concept of global village.

7. What are digital networks? Explain.

8. Analyse the e-commerce bases with suitable illustration.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss the importance of system analysis and design.

10. Analyse the characteristics and basic requirements of MIS.

11. Narrate the recent developments in information technology.

12. Summarise the impact of computers on MIS.

13. State and explain the various communication channels.

14. Explain the applications of electronic data interchange.

15. Bring out the relationship between internet and website management.

RESEARCH METHODS

(2005 onwards)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. State the various steps involved in the research process.

2. When is a problem suitable for research supposed to exist?

3. What are the various types of Hypothesis?

4. Enumerate the essentials of sampling.

5. Define pretesting. Why is it needed?

6. What is meant by casestudy? Explain its importance.

7. Briefly explain the various scaling techniques.

8. Narrate the different types of report.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. "Experimental research is better than descriptive research". Do you agree with this statement? Why or why not?

10. Define research design. Explain the factors affecting research design.

11. Briefly explain the various non-probability sampling methods.

12. Summarise the advantages and disadvantages of sampling.

13. What is meant by questionnaire? Distinguish it from schedule.

14. "Processing of data implies editing, coding, classification and tabulation" – Elucidate.

15. Define Research report. State and explain its contents.

FINANCIAL MANAGEMENT

(2005 onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Explain the nature of financial management.
2. Explain the terms maximization, minimization and optimization.
3. Analyse the regulations relating to public deposits.
4. Point out the limitations of financing by commercial banks.
5. Enumerate the determinants of capital structure.
6. Define budgeting. State its objectives.
7. How are receivables controlled? Explain.
8. Summarise the factors affecting dividend decision.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Discuss in detail the various finance functions.

10. Explain the long term capital resources.

11. Narrate the types and determinants of working capital.

12. State and explain the methods of evaluation of capital investments.

13. Critically examine the inventory management techniques.

14. Examine briefly the capital structure theories.

15. Narrate the implications of Modigliani-Miller theory.

MANAGEMENT OF FUNDS

(2005 onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Explain the guidelines for effective allocation of funds.

2. Why is management of funds required as separate branch of study? Explain.

3. What is cost of capital? Explain its salient features.

4. How is profitable opportunity evaluated?

5. Explain the terms risk and uncertainty.

6. State the need for project appraisal.

7. Examine the concept of capital rationing.

8. 'Financing multinational organisations acquire significance' – Explain.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss the meaning and importance of funds.

10. What is capital structure? Explain the pattern of capital structure.

11. Enumerate the points to be borne in mind while allocating funds to most profitable opportunity.

12. State and explain advanced capital budgeting techniques.

13. Describe the importance of feasibility study and reporting in management of funds.

14. Write an elaborate note on international financing and management of funds.

15. How is fund management related to other functions? Explain.
