M.B.A. (L.M.) DEGREE EXAMINATION, MAY 2015.

First Semester

MANAGEMENT CONCEPTS

(Upto 2012–13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What are the various roles that managers perform in the organization? How will you reconcile management functions and management roles?

2. Explain the types of managerial decisions.

3. Discuss the essentials of an effective delegation of authority. Enumerate its difficulties.

4. What are the barriers to communication in an organization? How do you overcome?

5. Discuss the techniques of co-ordination.

6. What is strategic alliance? What are its advantages and disadvantages?

7. Write notes on Balanced Score Card.

8. What is leadership? Why is there a need for leadership?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Discuss the contribution of Elton Mayo.

10. Discuss the basic nature and purpose of planning and explain the steps involved in planning.

11. Distinguish between centralisation and decentralisation of management with merits and demerits.

12. Write a note on :

    (a) Maslow's theory of motivation

    (b) F.W.Taylor

    (c) Leadership styles.

13. Explain the different techniques of control.

14. Write notes on :

    (a) Sig Sigma

    (b) Benchmarking.

15. What are the reasons for conflict between line and staff officials? What can be done to develop them into an integrated team?

First Semester

ORGANIZATIONAL BEHAVIOUR

(Upto 2012–2013 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What are the components of attitude and how are attitudes formed?

2. Distinguish between formal and informal groups.

3. What are the reasons for organizational politics?

4. Discuss the positive and the negative aspects of conflict.

5. Discuss the importance in an organizational climate.

6. What are the various organizational sources of resistance to change?

7. What is group cohesiveness? What are its advantages?

8. Discuss the need for studying organizational behaviour.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. What, in your opinion, are the challenges and opportunities of Organizational Behaviour in the era of globalization?

10. What is group dynamics? Why is it important for understanding organizational behaviour?

11. What is power? How is it different from authority? Explain the various bases of power.

12. Express the various types and sources of stress and how effectively the stress can be managed.

13. Examine the various indicators of organizational effectiveness.

14. What is 'Team-building'? What are the factors that govern an effective team — building?

15. Explain the perception process.

First Semester

MANAGERIAL ECONOMICS

(Upto 2012–13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Explain how economic theory contributes to managerial decision making.

2. Write a note on the nature and scope of managerial economics.

3. Define demand and describe its determinants with suitable examples.

4. Distinguish between substitutes and complements with examples. How does this distinction of goods help in business decision making.

5. Write short note on 'Perfectly Elastic Market'.

6. What is Opportunity cost? Give some examples of opportunity cost.

7. What is 'Cost volume profit analysis'? State its significance.

8. What is inflation? State its causes.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. How does the study of managerial economics help a business manager in decision making?

10. If the demand is fixed by supply of the product increases, what happens to equilibrium price and quantity?

11. Explain the relationship between marginal cost, average cost, and total cost assuming a short run non linear cost function.

12. Discuss the significance of demand analysis to a sales manager of a Business firm with suitable examples.

13. Describe the promotion budget and the various methods used to set promotion budget.

14. Explain the cost-output relationship in the long-run.

15. Discuss various theories relating to profit in detail.

First Semester

FINANCIAL AND MANAGEMENT ACCOUNTING

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Define Accounting. Distinguish between financial accounting and management accounting.

2. What are subsidiary books? Explain the purpose of each one of them.

3. What is a Balance-Sheet? Distinguish between a trial-balance and a balance-sheet.

4. Describe any four profitability ratios

5. Explain the importance of capital budgeting.

6. What are the objects and limitations of ratio analysis?

7. Discuss the utility of cash budget.

8. Write short notes on (a) Trend analysis (b) fund flow statement.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Critically evaluate the different capital expenditure appraisal methods.

10. What is meant by budgetary control? What are the objectives of budgetary control?

11. Explain the managerial uses of Cash flow statement and its limitations.

12. Prepare a cash budget for the three months ended 30th Sept. 2013 based on the following information:

Cash at bank on 1.9.13 Rs.25,000

Monthly salaries and wages (estimated) Rs. 10,000.

Interest payable in August 2013 Rs.5,000.

Estimated	June	July	August	September
Cash sales (actual)	1,20,000	1,40,000	1,52,000	1,21,000
Credit sales	1,00,000	80,000	1,40,000	1,20,000
Purchases	1,60,000	1,70,000	2,40,000	1,80,000
Other expenses	18,000	20,000	22,000	21,000

Credit sales are collected 50% in the month of sale and 50% in the month following. 10% of the purchases are in cash and balance is paid in the next month.

13. The following is the Balance Sheet of a company as on 31st March 2009

Liabilities	Rs.	Assets	Rs.
Share capital	2,00,000	Land and Buildings	1,40,000
Profit and Loss A/c	30,000	Plant and Machinery	3,50,000

Liabilities	Rs.	Assets	Rs.
General Reserve	40,000	Stock	2,00,000
12% Debentures	4,20,000	Sundry Debtors	1,00,000
Sundry Creditors	1,00,000	Bills Receivable	10,000
Bills payable	50,000	Cash at Bank	40,000
	8,40,000		8,40,000

Calculate Liquidity ratios and solvency ratios.

14. The comparative Balance sheets of Ram & Company for the two years were as follows :

Liabilities	2009 Rs.	2010 Rs.	Assets	2009 Rs.	2010 Rs.
Capital	1,25,000	1,53,000	Cash	10,000	7,000
8% Debentures	40,000	50,000	Debtors	30,000	50,000
Retained earnings	40,000	56,000	Stock	35,000	25,000
Bills payable	25,000	–	Furniture	40,000	56,000
Creditors	40,000	44,000	Machinery	80,000	55,000
			Land	75,000	1,10,000
	2,70,000	3,03,000		2,70,000	3,03,000

Prepare Cash flow statement.

15. Which of the following should be selected as they are mutually exclusive?

Year	Cash Inflows M	Cash Inflows N
1	10000	30000
2	40000	50000
3	30000	80000
4	60000	40000
5	90000	60000

Both of the projects require an investment of Rs.l,00,000/-
Target (return on investment) 12%.

NPV factor: Year :	1	2	3	4	5
@ 12% :	0.893	0.797	0.712	0.636	0.567

PRINCIPLES OF LOGISTICS MANAGEMENT

(Upto 2012–13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What do you understand from the term "logistics"? What are the advantages of logistics management?

2. On what basis you would decide a depot location?

3. Write short notes on: market channel structure.

4. What are the issues in international customer service?

5. Write a note on : Dedicated air freight services.

6. Explain the differences between 3PL and 4PL with suitable examples.

7. Write short note on : E-logistics.

8. Discuss the basic principles of logistics that are applicable in any one of the following sectors

   (a) Healthcare

   (b) Education.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. What are the subsystems of Logistics Management? Explain the importance of each system with respect to the importance in business?

10. Discuss some location factors determining plant location. Why is it said that choice of location for a plant is one of the most neglected aspects of business?

11. Explain the concept of Push based supply chain and Pull based supply chain. What is a push-pull strategy?

12. Explain the considerations that should be employed to identify the appropriate customer service measures.

13. Discuss the salient features of ship and flight modes of transportation.

14. What modes of transportation are best suited for large, low – value shipments and why?

15. Explain global sourcing and its advantages and disadvantages.

M.B.A. (LM) DEGREE EXAMINATION, MAY 2015.

Second Semester

Logistics Management

QUANTITATIVE METHODS

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Explain in brief duality in Linear Programming.

2. Explain Vogel's Approximation Method.

3. What is an assignment problem? Discuss its method of solution. Give two areas of its application.

4. What are the steps in Decision theory?

5. What is meant by Binomial distribution? Explain under what condition it holds good?

6. Explain mutually exclusive events and dependent event.

7. What is a queuing problem? Explain some of the basic characteristics of a queuing system.

8. Briefly explain the Monte Carlo simulation with suitable example.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Solve the following LP problem graphically :

Max $z = 8000\ x_1 + 7000\, x_2$

Subject to :

$3x_1 + 3x_2 \leq 66$

$x_1 + x_2 \leq 45$

$x_1 \leq 20$

$x_2 \leq 40$

$x_1, x_2 \geq 0.$

10. Min $z = x_1 - 3x_2 + 2x_3$

Subject to

$-3x_1 - x_2 + 3x_3 \leq 7$

$-2x_1 + 4x_2 \leq 12$

$-4x_1 + 3x_2 + 8x_3 \leq 10$

$x_1, x_2, x_3 \geq 0.$

11. A bag contains 7 red, 12 white and 4 green balls. What is the probability that

(a) 3 balls drawn are all white and

(b) 3 balls drawn are one of each colour?

12. Two dice are thrown. Find thy probability that :

(a) The total of the numbers on the dice is 8

(b) The first die shows 6

(c) The total of the numbers on the dice is greater than 8.

13. The weekly wages of 1,000 workmen are normally distributed around a mean of Rs.70 and with a standard deviation of Rs. 5. Estimate the number of workers whose weekly wages will be :

    (a) Between Rs. 70 and Rs. 72

    (b) Between Rs. 69 and Rs. 72

    (c) More than Rs. 75.

14. A department head has four subordinates, and four tasks have to be performed. Subordinates differ in efficiency and tasks differ in their intrinsic difficulty. Time each man would take to perform each task is given in the effectiveness matrix. How the tasks should be allocated to each person so as to minimize the total man-hours?

		Subordinates			
		I	II	III	IV
Tasks	A	8	26	17	11
	B	13	28	4	26
	C	38	19	18	15
	D	19	26	24	10

15. Explain the basic queuing process. What do you understand by :

    (a) Queue discipline

    (b) Queue input

    (c) Queuing system.

Second Semester

BUSINESS ENVIRONMENT

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What is the significance of business environment?

2. Examine the growth of SSI in the post reform period.

3. What is the relationship between inflation and business?

4. What are the dimensions of social responsibilities?

5. Write a note on TRIPS.

6. Brief the implications of globalization on business.

7. What is an invention and what are the general principles applicable to an invention?

8. Write a note on technology transfer.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. What are the Opportunities and threats with respect to emerging scenario of business environment in India?

10. Discuss the role of government in the economy.

11. Explain the measures that are adopted by the government to improve India's balance of payments.

12. Discuss macro effects of technological change on the economy.

13. Discuss the role of SEBI in controlling stock market operations as reflected in the measures adopted by it towards that end.

14. Write notes on the role and functions of

    (a) WTO and

    (b) IMF in economic development.

15. What is fiscal deficit, its types and its impact on business?

BUSINESS RESEARCH

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Briefly explain the types of research.

2. What is a hypothesis? What characteristics must it possess in order to be a good research hypothesis?

3. What are sampling errors? Explain the different types of Sampling and Non-Sampling Errors.

4. Discuss the different types of Measurement and Scaling techniques.

5. State the advantages of multivariate analysis.

6. What are the advantages and pitfalls in using the probability sampling method?

7. What is a pilot survey? Discuss its usefulness in the context of social research.

8. What is t-test? When is it used and for what purposes?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Describe the scope, importance and limitation of research in social science.

10. What do you understand by the term research design? What are different types of research design?

11. Explain the various factors to be considered in making the decision of census or sampling method.

12. Explain the various techniques of interviewing. How to overcome the limitations of interviewing?

13. A milk producers union wishes to test whether the preference pattern of consumers for its product is dependent on income levels. A random sample of 500 individuals gives the following data.

Income Level	Product preferred		
	Product *A*	Product *B*	Product *C*
Low	170	30	80
Medium	50	25	60
High	20	10	55

Can you conclude that the preference patterns are independent of income level?

14. Explain any three parametric tests used in analysis of social research.

15. Discuss the structure of a research report.

GLOBAL BUSINESS AND MNCs

(Upto 2012–13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What is Global Business Environment? Discuss briefly the various factors affecting global business.

2. What are the types of letter of credit and what are the advantages of letter of credit?

3. Explain the concept and strategies of Multinational Corporations.

4. What are the forms of foreign collaboration?

5. What is the impact of ASEAN on trading activities?

6. Explain the contribution of IMF to global business.

7. Write short notes on GATT and multilateral negotiations.

8. Define transfer of technology. Discuss its relevance in International Business.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Explain how international portfolio investments differ from domestic investments. What are the problems of international investment?

10. Give an account of various standardized pre-shipment export documents.

11. Discuss the criteria by which you would evaluate an FDI.

12. Discuss the UN code of conduct of transfer of technology.

13. Write short notes on :

    (a) Anti-dumping duties, and

    (b) Countervailing duties

14. What are the procedures for International Commercial Attribution?

15. Explain the five specific functions of WTO.

MODERN LOGISTICS OPERATIONS

(Upto 2012–13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What is Vendor Managed Inventory? What are its benefits and limitations?

2. What is Bullwhip effect? What are the causes of Bullwhip effect?

3. What are the security issues that must be considered before shipping?

4. Explain the features of third party logistics and its types?

5. What is GS1? What are its components?

6. What are the requirements of E-logistics to be integrated to supply chain?

7. Explain the factors that play a role in developing logistics IT infrastructure.

8. What is multimodal transport and what logistical services it provides?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Explain the interfacing between logistics and demand forecasting.

10. Describe the role of logistics in order management.

11. Explain what is bonded warehouse, its purpose and its bonding operations.

12. Describe the value added services of 4PL.

13. Explain the determinants of time and quality perishables shipping.

14. What is automatic identification technology (AIT)? Choose any one of AIT and explain how does it works, its results and benefits.

15. Discuss the salient features of UN International convention on multimodal transport of goods.

PACKING AND PACKAGING MANAGEMENT

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What are the functions of packaging?

2. Discuss the requirements of consumer packaging.

3. Explain, how would you recycle packaging materials, with suitable examples, and its impact on waste management.

4. Write short notes on:

   (a) Rigid packaging

   (b) Semi-rigid packaging

   (c) Flexible packaging. Give examples.

5. What are the constituents of packaging costs?

6. What do you understand by 'standardization in packaging? What are its aims and purpose?

7. What are the packaging demands of industrial users?

8. What are the packing precautions you would take when you transport

   (a) wet hides and skins

   (b) liquids, in containers.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Compare and contrast the packing aspects in the case of overseas and domestic shipments.

10. Write short notes any three of the following:

    (a) Bar codes in packaging

    (b) RF tags in packaging

    (c) Tamper-proof packaging

    (d) Transport packaging.

11. Which type of packing systems need to be employed for commodities like milk, tea, fruit juices and potato chips? Explain briefly.

12. Discuss the basis on which you would select appropriate package materials for primary and secondary packing for

    (a) pharmaceutical industry,

    (b) electronic goods.

13. (a) What is eco-friendly packing for exports and how does it differ from domestic packing?

    (b) Write short notes on scientific packaging.

14. Write short notes on any four of the following with suitable examples:

    (a) Aseptic processing,

    (b) Blow molding

    (c) Vacuum forming

    (d) Industrial robot

    (e) Logistics automation.

15. What are the declaration and labeling requirements of an article of food as per prevention of food adulteration act?

RAIL – ROAD LOGISTICS

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Explain the importance of transport infrastructure.

2. Discuss the drivers of growth in rail logistics in India.

3. What are the determinants of price of rail freight?

4. What are the factors that influence the choice of roadways logistics?

5. What are the advantages of possessing own fleet in road logistics?

6. Explain the impact of fuel prices on rail-road logistics.

7. What are the advantages of combining road and rail transport?

8. What is the role of national highways and toll highways in terms of logistics development?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Explain the salient features of medium, long and continental transportation in logistics.

10. Discuss the features and facilities offered by Indian Railways in terms of logistics.

11. Explain the factors that lead to competition by other modes of transport with Railways.

12. Explain the advantages and disadvantages of moving freight by roadways.

13. Discuss the merits and demerits of outsourcing road fleets.

14. Briefly discuss the challenges posed by interstate logistics by road. Give live examples.

15. Discuss the recent developments and governmental measures in rail-road logistics.

STRATEGIC LOGISTICS MANAGEMENT

(Upto 2012 –2013 Academic year and 2013 calendar year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Enumerate the importance of strategic logistics.

2. Write short notes on vendor managed inventory with examples.

3. Explain the application of Balanced Score Card strategy in Strategic logistics.

4. Explain the significance of scanning techniques.

5. What are the advantages and disadvantages of differentiation strategies?

6. How does culture influence strategy?

7. What are the principles and strategic advantages of outsourcing to 3PL and 4PL service providers?

8. What is Logistics Strategy audit and what is its procedure?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Explain the components of strategic intent.

10. Identify how supply chains compete in terms of cost, quality and sustainability.

11. Discuss the identification of critical success factors in internal logistics analysis.

12. Briefly explain the factors affecting environmental appraisal.

13. Why are strategic alliances necessary? What are the forms of strategic alliances?

14. Explain the process of strategy implementation.

15. Discuss the steps of Porter's value chain.

IT FOR LOGISTICS MANAGEMENT

(Upto 2012-13 Academic Year & 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What are the advantages of application of information technology in Logistics?

2. How would you build a pivot table for easy data analysis? Illustrate with an example.

3. Enumerate the details you would consider while creating a multi-dimensional data base, with a suitable example.

4. Explain the various steps involved in designing e-payment systems.

5. What are the characteristics of information to be useful when making supply chain decisions?

6. What is EDI? How EDI applications are beneficial to logistics management?

7. Discuss the role of Data Mining in logistics management.

8. Explain smart-card based e-payment systems.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Discuss the areas of logistics management wherein you can apply LAN, WAN, Internet and Intranet.

10. What are the major computer software tools you would apply in logistics management to minimize the efforts of manual work?

11. Discuss the information flow you would consider while designing a logistics system.

12. What are the steps invoked in advertising and marketing on the internet?

13. What are information requirements at the strategic, tactical and operational level of Materials Management System?

14. Discuss the use of ERP to gain logistical advantages.

15. Explain the concept of B2B and B2C as the e-commerce strategies.

BUSINESS LAWS

(upto 2012-13 Academic Year & 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What are the essential requirements of a 'free consent'?

2. What are the duties and rights of finder of lost goods?

3. What is doctrine of caveat emptor and what are its exceptions?

4. What are the responsibilities of railways administration as a carrier of goods?

5. Bring out the distinction between a promissory note and a bill of exchange.

6. Briefly explain the fundamental principles of insurance contracts.

7. What elements you would consider while testing the partnership?

8. What are the advantages of doing business in the form of corporate body?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Discuss the remedies available to an aggrieved party for a breach of contract.

10. What are the different ways by which an agency can be terminated?

11. Discuss the rights of an unpaid seller against the goods and the buyer personally.

12. When banker 'must refuse' payment of his customer's cheques?

13. Discuss the rights and duties of partners.

14. Define oppression and mismanagement. What remedy or relief is open to the minority shareholders against this practice?
