M.B.A. (TM) DEGREE EXAMINATION, DECEMBER 2014.

First Semester

MANAGEMENT CONCEPTS

(Upto 2012 – 2013 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Define the term 'Management' and state its importance.

2. What is planning? List down the process involved in planning.

3. "An organisational structure provides the frame work to undertake managerial functions" – Explain.

4. What are the advantages and disadvantages of decentralization?

5. State the importance of human resource management in an organisation.

6. Explain Maslow's Hierarchy of needs theory.

7. How do you define leadership, and who would you identify as a great leader?

8. Explain the importance of controlling in an organisation.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. What is 'Scientific Management'? Explain its features and advantages.

10. Explain the various qualities of a good manager.

11. Explain the basic pattern of departmentation and the advantages and disadvantages of each.

12. Discuss the techniques and instruments used in selection process.

13. Describe the Steps in basic control process and explain the requirements for effective control.

14. Explain the various stages involved in the communication process.

15. State the importance and advantages of adopting six sigma in a manufacturing organisation.

ORGANISATIONAL BEHAVIOUR

(Upto 2012-2013 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What is organizational behaviour? Explain the various elements of organizational behaviour.

2. Define the term group cohensiveness? What are the factors responsible for it?

3. State the importance of organizational power.

4. How does stress impact decision making in an organization?

5. Give the meaning of 'conflict'. Explain the different types of conflict.

6. Describe the various dimensions of organisation culture.

7. What are the methods to deal with resistance to change?

8. What is 'learning organisation'? List down the characteristics of learning organization.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Write notes on :

   (a) Culture shock

   (b) Personality

   (c) Team work

10. Explain the importance and relevance of motivation and attitude in organizational behaviour.

11. Describe the organization as a power system. Explain the types of powers in an organization.

12. Explain about the strategies used to resolve organisational conflicts.

13. What do we mean by work stressors? How does stress impact decision-making in an organization?

14. Explain the term 'organisational change' and its types with suitable examples.

15. What is 'organisational development'? Explain the factors which are responsible for organizational development.

MANAGERIAL ECONOMICS

(Upto 2012 – 13 Academic Year and 2013 Calender Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Describe how the scope of managerial economics is getting changed over the time.

2. Demonstrate, using examples, how the prudent management of technology help in handling the elasticity of demand?

3. Discuss the behaviour of cost function with regard to technology variants. Give examples.

4. Detail various competitive conditions. Highlight the output decisions under each of them.

5. Discuss using examples, any two profit forecasting methods that are popularly adopted by manages.

6. Describe various macro economic factors that need to be handled during different business cycles and phases.

7. Explain the tools adopted for the measurement of profit under different economic conditions.

8. Discuss the specific role of government and 'its' institution in handle the economics in Insurance sector.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Detail the developments in Economic theory over the years. State its' impact on managing the technological issues.

10. Carryout the Demand – Supply analysis on Indian Energy sector? Suggest strategies to handle the situations.

11. Describe the Cost, Return and Production function relationship for a Hi-tech product of your choice.

12. Explain the new product development cycle. Highlight the economic parameters in each stage.

13. Carry out the investment analysis for the Formula – 1 Indian Grand Prix event conducted in India recents.

14. Describe the BOP trend in India. Explain the role of Euro in that.

15. Explain the process of arriving at the National Income of India. Detail how the population distribution is used for managerial decision making?

FINANCIAL AND MANAGEMENT ACCOUNTING

(Upto 2012 – 13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. List the main elements of balance sheet and income statement.

2. What are the differences between financial accounting and management accounting?

3. Explain the method of computation of cash from operation.

4. Explain the different types of budgets.

5. Define the term capital budget. Explain the importance of capital budget.

6. What is break even point? Illustrate with a diagram.

7. Define 'Capital Rationing'. Is it necessary for a growing firm?

8. What is 'Payback Period'? How it is calculated?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. What is the difference between cash flow statement and funds flow statement?

10. What is ratio analysis? Discuss briefly the different ratios used in ratio analysis.

11. What are the objectives of financial statements? – Explain.

12. Shri Dass commenced business on 1st April 2011 with a capital of Rs.90,000. He immediately purchased furniture of Rs.48,000, during the year he received from his uncle a gift of Rs.6,000 and he borrowed from his father a sum of Rs.10,000. He had withdrawn Rs.1,200 per month for his household expenses. He had no bank account and all dealings were in cash. He did not maintain any books but following information is given sales (including cash sales Rs.60,000) Rs.2,00,000 purchases (including cash purchases of Rs.20,000) 1,50,000 Carriage inwards = Rs.1,400; Wages = Rs.600; Discount allowed to debtors = Rs.2,400; Salaries = Rs.12,400; Bad debts written off Rs.2,200; Trade expenses = Rs.2,400; Advertisement = Rs.4,400; He used goods worth Rs.2,600; for his personal use and paid Rs.1,000 to his son for examination and college fees. On 31st March 2012 his debtors were worth Rs.42,000; and creditors Rs.30,000; stock in trade was valued at Rs.20,000; Furniture to be depreciated by 10% P/A. Prepare trading and profit and loss account for the year ended on 31st March 2012.

13. A department of Adhithya Tools Ltd attains sales of Rs.6,00,000 at 80% of its normal capacity and its expenses are given below.

Admission costs : Office salaries = Rs.90,000; General expenses 2% of sales; Depreciation = Rs.7,500; Rates and Taxes = Rs.8,750.

Selling costs : Salaries = 8% of sales; Travelling expenses = 2% of sales; Sales office = 1% of sales; General expenses = 1% of sales.

Distribution costs : Wages = Rs.15,000; Rent = 1% of sales; Other expenses = 4% of sales.

Draw up flexible administration selling and distribution cost budget, operating at 90%, 100% and 110% of normal capacity.

14. From the following information, prepare the balance sheet of Vishnu company showing the details of working.

Paid up capital Rs.50,000; Plant and machinery Rs.1,25,000; Total sales P/A = Rs.5,00,000; G.P. Margin = 25%. Annual credit sales = 80% of net sales; Current ratio = 2. Inventory turnover = 4; Fixed assets turnover = 2; Sales return = 20% of sales; Average collection period = 73 days. Bank credit to trade credit = 2; cash to inventory = 1:15; Total debt to current liabilities = 3.

15. What are the differences between financial accounting and management accounting?

PRINCIPLES OF TECHNOLOGY MANAGEMENT

(Upto 2012 – 2013 Academic year and 2013 Calendar year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. State the role of invention and innovation in Technology Management.

2. Explain the concept of intelligence techniques.

3. What is knowledge management? How it is useful in Technology Management?

4. Briefly explain about technology transfer.

5. How technology adoption is useful in production?

6. List down the competitive advantages due to new technologies.

7. How industrial R and D is useful to build a competitive advantage?

8. Explain about high technology ventures.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the methods and procedures involved in technology impact analysis.

10. How an artificial intelligence technique used in technology forecasting?

11. What are the factors to be consider at the time of choosing a technology?

12. Explain the various provisions on technology transfer laid down by WTO.

13. State the advantages of acquiring intellectual property rights. List down the formalities involved.

14. Explain the following concepts with suitable examples :

    (a) Technology audit

    (b) Technology collaboration

    (c) Organisational Reengineering.

15. Explain the different absorption strategies for acquired technology.

Second Semester

QUANTITATIVE METHODS

(Upto 2012–13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Briefly explain the problem of Decision Situation or Environment.

2. What are the advantages of transportation model in decision making?

3. State the steps in Simulation.

4. What are the uses of Break Even Chart?

5. Explain the uses of Duality.

6. Why slack variables are used in LPP?

7. Solve the Binomial probability for $n = 20$; $p = 0.40$ and $x = 10$.

8. Explain the trade-off concept with diagrams.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Describe various models of Operation Research.

10. Explain the uses of assignment models in Decision making.

11. Solve the following integer programming problem using the cutting plane algorithm

Maximize $z = 2x_1 + 20x_2 - 10x_3$

Subject to the constraints $2x_1 + 20x_2 + 4x_3 \leq 15$

$$6x_1 + 20x_2 + 4x_3 = 20.$$

and x_1, x_2 and x_3 non-negative integers.

12. Use dually to solve the following linear programming problem

Maximize $z = 2x_1 + x_2$

Subject to constraints $x_1 + 2x_2 \leq 10$

$$x_1 + x_2 \leq 6$$
$$x_1 - x_2 \leq 2$$
$$x_1 - 2x_2 \leq 1$$
$$x_1 \text{ and } x_2 \geq 0.$$

13. A confectioner sells confectionery items. Past data of demand per week in '00 kgs with Frequency are

Demand	0	5	10	15	20	25
Frequency	2	11	8	21	5	3

Generate the demand for next 10 weeks. Also findout the average demand per week.

14. In an examination 50% and 40% of the students failed in statistics and accountancy repeatedly. While 20% Failed in both the subjects. A student is selected at random. Find the probability that.

    (a) The student failed in accountancy. If it is known that he failed in statistics.

    (b) The student failed in exactly one subject.

15. Explain the characteristics of MMI queuing model.

BUSINESS ENVIRONMENT

(Upto 2012–13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Discuss the features of Modern Business.

2. Analyze the problem of unemployment in India.

3. Explain the achievements made through India's Five year plans.

4. Explain the positive and negative effects of fiscal deficit.

5. Explain the role of public sector in India.

6. Explain about India's EXIM policy.

7. Discuss the role of International Monetary Funds in economic development.

8. Bring out the role of world bank in development.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss the techniques of Environment Analysis.

10. Assess the rationale of the Industrial licensing policy and comment on the changes in corporate therein.

11. Explain the role played by commercial banks for the development of Indian Economy.

12. Explain the various provisions of the Environment Act 1986.

13. Explain the concept of Globalisation and its impact on Indian Business.

14. List down the various socio-cultural issues of India and also suggest remedial measures to overcome such issues.

15. Bring out in detail the various Environmental problems faced by the companies.

BUSINESS RESEARCH

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. How does one formulate a research problem? What are the characteristics of research?

2. What is a research design? What is its purpose?

3. What are the relative advantages and disadvantages of observation method?

4. Explain the stratified random sampling with an example.

5. What for the 't' test is conducted? How do you conduct 't' test in Regression analysis?

6. Explain about multivariate analysis.

7. Mention the different stages in preparing a research report.

8. Discuss the major problems associated with social science research.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Bring out the differences between exploratory research and descriptive research.

10. Enumerate the different methods of collecting data.

11. What is questionnaire? Explain the different types of questionnaire as a tool for data collection.

12. Briefly explain the qualities required for a researcher.

13. Explain the need for types and sources of hypotheses.

14. How do statistical techniques used in management research? Explain.

15. "Report writing is more an art that hinges upon practice and experience". Discuss.

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Briefly explain the concept of research and development and its advantages.

2. List down Jennifer Goddard's six focus areas for innovation.

3. What are the major reasons for innovation failures?

4. "Microsoft is number one in the world mainly because of innovations". Comment.

5. List out the innovative features of Facebook.

6. What are the innovations made by Samsung?

7. How intellectual property rights are classified? Briefly explain them with suitable examples.

8. State the importance of contract research in research and development.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. State the role of research and development in developing the image of the business.

10. What is creativity? Explain the various steps involved in creativity process?

11. Explain about open innovation theory and dominant design theory.

12. Explain the following concepts :

    (a) Bench marking

    (b) Product leadership

    (c) Copy rights.

13. Which types of organisations are called innovating firms? List down the various ways and means of innovations.

14. List down the various efforts taken by the Government in developing R and D culture in India.

15. Discuss the role of DST, DBT and CSIR in encouraging innovation and R and D in India.
