14. Define 'minutes' and state the different methods of recording minutes.

15. Discuss the characteristics of a good speech. What points should be kept in mind while drafting a speech.

DISTANCE EDUCATION

B.Com. (CA) DEGREE EXAMINATION, MAY 2012.

BASIC FINANCIAL ACCOUNTING

(2005 onwards)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain in detail the advantages of accounting.

2. What is an account? Classify the accounts with suitable examples.

3. Mala purchased goods for Rs. 3,000 from Kala on 1.4.1999. Mala accepted a three months' bill for the amount and gave it to Kala the same day. Kala discounted it immediately with Indian bank at discount of 5% p.a. On due date the bill was honoured by payment.

   You are required to give entries in the books of all the parties.

4. For goods sold, Nagarajan draws the following bills on Raj who accepts the same as per terms given under :

Amount of the bill Rs.	Date of drawing	Date of acceptance	Tenure
16,000	6.1.95	9.1.95	30 days after date
18,000	15.2.95	18.2.95	60 days
16,000	21.2.95	21.2.95	2 months
30,000	14.3.95	17.3.95	30 days after sight

On 18.3.95, it was agreed that the above bills will be withdrawn and the acceptor would pay the whole amount in one lump by a cheque, 15 days ahead of average due date and for a rebate of Rs. 1,000 would be allowed.

Calculate the average due date, the amount and the due date of the cheque.

5. From the following particulars, prepare income and expenditure a/c of the central sports society for the twelve months from April 1998 (date of inception) to March 31, 1999.

Particulars	Received or paid	Outstanding on March 31, 1999
	Rs.	Rs.
Subscription from members	4,600	–
Subscription from affiliated societies	1,400	200
Life subscriptions (10 years)	2,000	–
Gifts received	3,000	–
Interest received	160	–
Committee expenditure :		
Executive	1,500	200
Planning	1,440	640
Tournament	420	120
Printing, postage & stationery	1,140	160
Office furniture	2,000	–
Investments purchased	3,000	–

6. How does single entry systems differ from double entry systems?

7. Give the important features of joint venture agreement

8. Prepare the sales ledger adjustment a/c from the following information relating to the year ended 31.12.91.

	Rs.		Rs.
Opening balance of debtors	40,000	Bills receivable dishonoured	500
Sales (for cash of Rs. 10,000)	90,000	Bad debts	1,000
Cash received from debtors	80,000	Transfer to purchase ledger	2,000
Discount allowed to debtors	500	Reserve for doubtful debts	1,500
Bills receivable received from debtors	3,000	Bad debts of last year received	1,000
Sales returns	8,000		

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Prepare trading, profit & loss a/c and balance sheet from the following trial balance of Mr. M. Madan.

Debit balances	Rs.	Credit balances	Rs.
Sundry debtors	92,000	Madan's capital	70,000
Plant & machinery	20,000	Purchase returns	2,600
Interest	430	Sales	2,50,000
Rent, rates, taxes & insurance	5,600	Sundry creditors	60,000
Conveyance charges	1,320	Bank overdraft	20,000

Debit balances	Rs.	Credit balances	Rs.
Wages	7,000		
Sales returns	5,400		
Purchases	1,50,000		
Opening stock	60,000		
Madan's drawings	22,000		
Trade expenses	1,350		
Salaries	11,200		
Advertising	840		
Discount	600		
Bad debts	800		
Business premises	12,000		
Furniture & fixtures	10,000		
Cash in hand	2,060		
	4,02,600		4,02,600

Adjustments :

(a) Stock on hand on 31.12.96 Rs. 90,000.

(b) Provide depreciation on premises at 2.5% ; Plant & machinery at 7.5% and furniture & fixtures at 10%.

(c) Write off Rs. 800 as further bad debts.

(d) Provide for doubtful debts at 5% on sundry debtors.

(e) Outstanding rent was Rs. 500 and outstanding wages Rs. 400.

(f) Prepaid insurance Rs. 300 and prepaid salaries Rs. 700.

10. On 1.1.99, Yasmin and Begum for their mutual accommodation drew on each other bills for Rs. 5,000 each payable after three months. On 4.1.99, they discount with their bankers each other's bill @ 12% p.a. On due date, Yasmin meets her bill and Begum fails to meet her acceptance. Begum then accepts a bill of Rs. 5,500 (including Rs. 500 interest for renewal of bill) drawn by Yasmin on 4.3.99 payable after one month. Yasmin immediately gets the bill discounted for Rs. 5,250. On 5.4.99. Begum becomes insolvent and a final dividend of 40 paise in a rupee is received from her estate on 6.5.99. Pass journal entries in the books of Yasmin and Begum. Also show Begum's account in Yasmin's ledger.

11. Games sports club gives you the following receipts and payments account for the year ended 31 Mar, 1982.

Receipts and Payments a/c

Receipts	Rs.	Payments	Rs.
To Balance b/d	4,820	By Salaries	12,000
To Subscriptions	28,600	By Rent & electricity	7,220
To Miscellaneous income	700	By Library books	1,000
To Interest of fixed deposit	2,000	By Magazines & newspapers	2,172
		By Sundry expenses	10,278
		By Sports equipments	1,000
		By Balance c/d	2,450
	36,120		36,120

Figures of other assets & liabilities :

	31.3.81	31.3.82
	Rs.	Rs.
Outstanding salaries	710	170
Outstanding rent & electricity	864	973
Outstanding for magazines and newspapers	226	340
Fixed deposit (10%) with bank	20,000	20,000
Interest accrued thereon	500	500
Subscriptions receivable	1,263	1,575
Prepaid expenses	417	620
Furniture	9,600	–
Sports equipments	7,200	–
Library books	5,000	–

The closing values of furniture and sports equipments are to be determined after charging depreciation at 10% and 20% p.a. respectively inclusive of additions, if any during the year. The library books are revalued at the end of every year and the value at the end of March 31, 1982 was Rs. 5,250.

Required :

(a) Balance sheet as at 31.3.81

(b) Income & expenditure a/c for the year ended on March 31, 1982

(c) Balance sheet as at 31.3.82.

12. Rama commenced business on 1.1.89 with a capital of Rs. 25,000. He immediately bought furniture for Rs. 4,000. during the year, he borrowed Rs. 5,000 from his wife and introduced a furthur capital of Rs. 3,000. He has withdraw Rs. 600 at the end of each month for family expenses. From the following particulars obtained from his books, you are required to prepare trading and P & L a/c and balance sheet as on 31.12.89.

	Rs.
Sales (including cash sales of Rs. 30,000)	1,00,000
Purchases (including cash purchases of Rs. 10,000)	75,000
Carriage	700
Wages	300
Discount allowed to debtors	800
Salaries	6,200
Bad debts written off	1,500
Trade expenses	1,200
Advertisement	2,200

Rama has used goods worth Rs. 1,300 for private purpose and paid Rs. 500 to his son which is not recorded anywhere. On 31.12.89, his debtors, were worth Rs. 21,000 creditors Rs. 15,000 and stock in trade Rs. 10,000. Furniture to be depreciated at 10% p.a.

13. David of coonor consigns 2,000 cases of goods costing Rs. 100 each to Sundar of Chennai. David pays the following expenses :

	Rs.
Freight	6,000
Carriage	2,000
Landing charges	2,000

Sundar sells 1,400 cases at Rs. 140 per case and incurs the following expenses.

	Rs.
Clearing charges	1,700
Warehousing & storage	3,400
Packing & selling expenses	1,200

It is found that 100 cases have been lost in transit and 200 cases are still in transit. Sundar is entitled to a commission of 10% on gross sales. prepare :

(a) Consignment a/c and

(b) Sundar a/c in the books of David.

14. Balu and Thanu agreed to enter into a joint venture to buy and sell second hand ice cream vehicles and to share profits and losses in the ratio 5 : 3 respectively. On 21.12.95 Thanu purchased two vehicles and paid cash of Rs. 40,000. On 2.1.96, he spent sums of Rs. 4,960 on repairs, Rs. 480 on driver's wages and Rs. 720 on temporary insurance cover. He sold the vehicles a week later for Rs. 56,000 subject to a 2% cash discount, if paid within 7 days. He paid the proceeds of sale into his bank

account on 10.1.96. On 31.1.97, Balu purchased five vehicles for Rs. 1,00,000 of which he managed to sell three for Rs. 72,000 for cash on the same day, without incurring any expenses. The fourth vehicle was sold on 7.2.96 for Rs. 27,000 and he received a bill receivable to be presented for payment in three months time. On 31.3.96, the fifth vehicle was still unsold and it was agreed that Thanu should take over this vehicle at a valuation of Rs. 15,000. On 31.3.96, the parties made a settlement between each other, Balu agreeing to take the bills receivable at a value of Rs. 26,360. You are required to show ledger accounts in the books of both parties.

15. From the following details, write general ledger adjustment accounts as on 31.12.1993.

	Rs.		Rs.
Debtors (1.1.1993) (Dr.)	1,74,250	Bills accepted for	
Debtors (1.1.1993) (Cr.)	3,200	creditors	74,000
Creditors (1.1.1993) (Dr.)	2,74,080	Discount allowed	
Creditors (1.1.1993) (Cr.)	2,040	to debtors	2,150
Purchases	2,52,000	Discount allowed	
Sales	2,82,090	to debtors but	
Sales returns	2,080	later on disallowed	1,000
Purchase returns	7,140	Cash received	
Cash paid to creditors	1,27,000	from debtors	87,000
Bills received from		Discount allowed	
debtors	93,000	by creditors	10,200

	Rs.		Rs.
Bills dishonoured	2,000	Transfer from debtors to creditors ledger	12,420
		Cash purchases	43,200
		Cash sales	74,000
		Bad debts written off	2,150

B.Com. (CA) DEGREE EXAMINATION, MAY 2012.

PRINCIPLES OF MANAGEMENT

(2005 onwards)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE of the following.

All questions carry equal marks.

1. What is meant by the 'management process'?

2. What are the attributes of a profession?

3. Briefly explain the components of planning.

4. Distinguish between organisation as a 'structure' and a 'process'.

5. Write short notes on:

   (a) Job analysis

   (b) Job description

   (c) Job specification.

6. Define motivation. Describe its characteristics.

7. List the features of co-ordination.

8. What is principles of direct contact?

SECTION B — ($4 \times 15 = 60$ marks)

Answer any FOUR of the following.

All questions carry equal marks.

9. Discuss the importance of management in the present-day world.

10. What are planning premises? Explain the classification of planning premises.

11. Explain the important principles of organising.

12. Differentiate between recruitment and selection. Describe the steps involved in the selection process.

13. What is job satisfaction? What are its determinants?

14. Describe Skinner's behaviour modification theory.

15. Explain coordination. State its principles and techniques.

OFFICE AUTOMATION

(2005 onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain open and saves document.

2. Discuss the following in MS-Word.
   (a) Selection of text
   (b) Find and replace
   (c) Cut and copy
   (d) Redo and undo.

3. Explain the inserting rows and colums in excel.

4. Explain the create and save a TABLE in access.

5. What are the uses of creating a powerpoint presentation?

6. Discuss the various component in the out look express window.

7. Explain the following :
   (a) Text Alignment
   (b) Font and Font size.

8. Discuss the various mathematical functions of excel.

PART B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

9. What is Formating? Discuss the various formatting features of MS-words.

10. Explain the following document methods :

    (a) Rename

    (b) Copy

    (c) Move.

11. Explain creating, enhancing and printing a chart.

12. (a) Explain how will create a new database in MS-access.

    (b) Explain the different types of queries in access.

13. Explain various menus in outlook.

14. (a) Explain briefly how to create a power point presentation.

    (b) Explain in detail for creating and printing binders.

15. How do you problem calculations and use functions in a worksheet?

DISTANCE EDUCATION

B.Com. (CA) DEGREE EXAMINATION, MAY 2012.

LAB I — MS – OFFICE

(2005 onwards)

Time : Three hours Maximum : 100 marks

Answer TWO questions, each question carry 50 marks.

Candidate has to choose the question by lot system.

Choose ONE from MS–Word and another one from either MS–Excel or MS–Access.

MS-Word

1. Create a student details in Ms-Word in table format, which has details of Roll no, Name, Class, Mark 1, Mark 2, Mark 3 and find total and Average of the marks.

---------- Cut here ----------

2. Using the MS-WORD type a CIRCULAR LETTER to be posted to PGDCA candidates to attend personal contact programmed (PCP). Format the circular letter as it is an apply the suitable font types and font size.

---------- Cut here ----------

3. Create a bar graph for the profit a company's data. The inputs are year and % of profit.

4. Create a word document in which perform the following operations :

(a) Changing the case.

(b) Underline, Bold, and Italics.

(c) Left, right and center alignment.

(d) Changing the line spacing.

(e) Inserting bullets.

---------- Cut here ----------

MS-EXCEL

5. Create a student report with the following information. Reg. No., Name, Maths, English, Science and Total. Enter values for Reg. No., Name, Maths, English and Science.

(a) Calculate the total.

(b) Fitter the candidate whose English > 60.

(c) Find the Maximum marks for each subject.

(d) Sort the records in Ascending order of Name.

---------- Cut here ----------

6. Create the following worksheet in Excel.

Amount in crores

Year	Sales	Expense
2000	20	9
2001	25	15
2002	30	24
2003	42	32

Draw the graph and mention the appropriate headings and create different types of graphs.

7. Create the following in an Excel Worksheet :

S.No. Emp. No., Name and basic pay, DA, HRA Gross pay, PF, IT, Deductins and Netpay.

Enter data for Emp.No., Name and basic pay, fill the S.No. colum with auto series.

(a) Calculate DA = 90% of basic pay, HRA = 5% of basic pay

(b) Calculate Gross pay = Basic pay + DA + HRA

(c) Calculate PF = 6% OF BASIC PAY, it = 10% of gross pay.

(d) Calculate deductions = PF + IT

(e) Calculate Net pay = gross pay – deductions.

---------- Cut here ----------

MS – ACCESS

8. Create LIBRARY table with the following fields.

Field	Data type
Book number	Number
Title	Text
Author	Text
Price	Number
Brach	Text

(a) Add 5 records using forms

(b) Display the records for Title and Author like 'B*'

(c) SORT the table in the ascending order of book number.

9. Create a SALES table with the following fields :

Field Name	Data type
Name	Text
Sex	Text
Sale code	Number
Sale Amount	Number

(a) Add 5 record using FORMS.

(b) Display the records for sale amount > 5000 and Sex = 'M'.

(c) Display the records for Sex = 't' and sale amount between 5000 and 9000.

(d) Display the records for sale amount < = 5000

(e) Sort the table in the descending order of sale amount.

---------- Cut here ----------

10. Create STUDENT table with the following fields.

Field Name	Data types
Reg. No.	Number
Name	Text
Age	Number
Sex	Text
Degree	Text
Percentage	Number

(a) Add 5 records using FORMS.

(b) Display the records for Sex='M' and Degree = 'MCA'.

(c) Display the records for Sex = 'F' and percentage between 70 and 80.

(d) Display the records for Degree = 'MCA' and name like 'M*'.

LAB II — C PROGRAMMING

(2005 onwards)

Time : Three hours Maximum : 100 marks

Candidates has choose ONE question by lot system, each subdivision (a) and (b) carries 50 marks.

1. (a) Write a 'C' program to calculate simple interest.

   (b) Write a 'C' program to input a basic pay and calculate cross pay and net pay.

Income	Deductions
HRA = 15% of Basic Pay	PF = 10% of Basic Pay
DA = 90% of Basic Pay	WCharge = 200
Gross pay = Basic Pay + DA + HRA	Deductions = PF + WCharge Net pay = Gross pay – Deduction

---------- Cut here ----------

2. (a) Write a 'C' program to find square root, square and cube of any number.

   (b) Write a 'C' program to sort 5 names in ascending order.

3. (a) There are 10 students in an class. Their names and marks in three different subjects are given. If a student takes more than 40 marks in each subject, the he is declared 'PASS'. Other wise 'FAIL'. Write a 'C' program to do the above.

(b) Write a 'C' program to find a bigger number between the two numbers using POINTER METHOD.

---------- Cut here ----------

4. (a) Write a 'C' program to input a temperature in Celsius and find the corresponding temperature in Fahrenheit. Use the formula $f = a/5^{*}C + 32$

(b) Write 'C' program to accept and display your DATE OF BIRTH using STRUCTURE.

---------- Cut here ----------

5. (a) Write a 'C' program to convert a given number in to words for numbers 1 to 5.

For examples : 1 to One, 2 to Two and 5 to Five.

(b) Write a 'C' program to find the biggest on 5 Nos. Modify the program to find the biggest of 10 Nos.

---------- Cut here ----------

6. (a) Write a 'C' program to accept two strings. Assign a string to another variable, concatenate the two string and find the length of concatenated string.

(b) Write a 'C' program to calculate simple interest.

7. (a) Write a 'C' program to create an ADDRESS FILE.

(b) Write a 'C' program to find the factorial of a given number using function declaration.

---------- Cut here ----------

8. (a) Write a 'C' program to input a temperature in Celsius and find the corresponding temperature in Fahrenheit use the formula f = a/5 * C + 32.

(b) There are 10 students in an class. Their names and marks in three different subjects are given. If a student takes more than 40 marks in each subject then he is declared 'PASS'. Other wise "FAIL". Write a C program to do the above.

---------- Cut here ----------

9. (a) Write a 'C' program to convert a given number into words for numbers 1 to 5.

For example: 1 to One, 2 to Two and 5 to Five.

(b) Write a C program to sort 5 NAMES in ascending order.

---------- Cut here ----------

ADVANCED ACCOUNTANCY

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What is meant by piecemeal distribution? Explain Garner Vs Murray rule.

2. What is meant by purchase consideration? What are the methods of calculating purchase consideration in company amalgamation, absorption and reconstruction?

3. What is meant by redemption of preference shares? What are the conditions to be fulfilled for redemption?

4. Explain the following terms :

   (a) forfeiture of shares

   (b) over subscription

   (c) minimum subscription

   (d) ex-interest, cum-interest.

5. The directors of a company forfeited 100 shares of Rs. 10 each fully called up for non payment of first call of Rs. 2 per share and final call of Rs. 3 per share. 60 of these shares were subsequently reissued at Rs. 6 per share fully paid up. Pass journal entries to record the above.

6. The Balance sheet of A Ltd. as on 31.12.2007 was as under.

Liabilities	Rs.	Assets	Rs.
1,000 redeemable preference shares of Rs. 100 each	1,00,000	Sundry assets	3,65,000
2,000 equity of Rs. 100 each fully paid	2,00,000	Bank balance	1,50,000
General reserve	80,000		
Profit and loss a/c	50,000		
Sundry creditors	85,000		
	5,15,000		5,15,000

On this date, the preference shares were redeemed at par. Journalise and prepare balance sheet after redemption.

7. R shoe company opened a branch at Chennai on 1.1.02. From the following particulars calculate the Chennai Branch Account for the year 2002.

Goods sent to branch 15,000

Cash sent to branch for :

Rent	1,800
Salaries	3,000
Other expenses	1,200
Cash received from branch	24,000
Stock on 31.12.02	2,300
Petty cash in hand on 31.12.02	40.

8. B Ltd. was incorporated on 1.8.94. It required the business of a partnership firm from 1.4.94 from the following particulars. Find out the profit prior to incorporation and after incorporation.

(a) Sales for the year ended 31.3.95 is Rs. 6,00,000. the includes a sale of Rs. 2,50,000 upto 1.8.94

(b) Gross profit for the year was Rs. 1,80,000

(c) The expenses debited to P/L a/c were :

Rent	9,000
Directors fee	4,800
Audit fees	1,500
Depreciation	24,000
Advertising	18,000
Commission on sales	6,000
Interest paid to vendor on purchase consideration (upto 1.10.94)	3000
Salaries	15,000
Interest on debentures	5,000
Discount on sales	3,600
General expenses	4,800
Stationary	3,600
Bad debts (Rs. 500 related to prior to incorporation)	1,500

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the features of Hire purchase system.

10. Explain the various methods of redemption of debentures.

11. What is meant by profit prior to incorporation? Explain the procedure of calculating it.

12. From the following balances extracted from the books of M/s. Padma Departmental Stores, prepare departmental Trading and Profit and Loss a/c. for the year ended 30.6.05 and Balance Sheet as on the date.

Particulars	Debit	Credit
Opening stock		
Dept. A	12,000	
Dept. B	9,000	
Purchases		
Dept. A	16,000	
Dept. B	14,000	
Sales		
Dept. A		30,000
Dept. B		28,000
Carriage inwards		
Dept. A	400	
Dept. B	200	

Particulars	Debit	Credit
Machinery		
Dept. A	2,000	
Dept. B	1,600	
Salaries	6,000	
Rent	1,200	
Repairs	3,000	
Debtors and creditors	4,500	6,000
Capital		16,000
Cash in hand	1,200	
B/R and B/P	1,500	600
Drawings	2,000	
Buildings	6,000	

Additional information :

(a) Closing stock :

Dept A 14,000

Dept B 12,000

(b) Salary to be allocated in the ratio of 7:3 and repairs in the ratio of 2:3

(c) Area of the building is occupied in the ratio 3:2

(d) Depreciated building 5% per annum

Machinery 10% per annum.

13. On 1st January 2000, X purchased a machine from ABC Ltd on fire purchase basis. The particulars are as follows :

(a) Cash price Rs. 10,000

(b) Rs. 4,000 to be paid on signing the contract

(c) Balance is 3 instalments of Rs. 2,000 plus interest

(d) Interest charget on outstanding balance at 5%

(e) Depreciation at 10% p.a. on written down value method.

Show Interest calculation and prepare ABC Ltd. account in the books of Hire purchases.

14. The following is the Balance Sheet of A Co. Ltd. as on 31.2.99.

Liabilities	Rs.	Assets	Rs.
12,000 shares of Rs. 10 each	1,20,000	Goodwill	10,000
Capital reserve	2,000	Machinery	90,000
Bank overdraft	36,000	Furniture	15,000
Sundry creditors	30,000	Stock	40,000
		Sundry debtors	22,000
		P and L a/c	11,000
	1,88,000		1,88,000

B company Ltd took over the assets of A Co. Ltd for Rs. 1,20,000 payable as to half is fully paid shares and half in cash.

The expenses of liquidation were Rs. 3,000. A creditor for Rs. 5,000 agreed to take shares in B Co. Ltd. The available cash was just sufficient to satisfy the claims of creditors.

Give journal entries in the books of A Co. Ltd. and to record the journal entries in the books of 'B' Co. Ltd.

15. Raja, Raman and Raghavan are equal partners in a firm and their balance sheet as on 31.12.96 is given below.

Liabilities	Rs.	Assets	Rs.
Creditors	18,000	Machinery	20,000
Reserve fund	3,000	Furniture	1,000
Capital :		Debtors	20,000
Raja	10,000	Stock	10,000
Raman	8,000		
Raghavan	12,000		
	51,000		51,000

Raghavan retired on 31.12.96 and assets were revalued as machinery Rs. 25,000; Furniture Rs. 800 ; Debtors Rs. 19,000 ; Stock Rs. 9,800 ; Good will is valued at Rs. 6,000. Prepare the necessary accounts and the new balance sheet.

AUDITING

(2005 onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the various kinds of errors.

2. What is Internal control? Explain the essential characteristics of good system of Internal control.

3. Define Internal check.

4. "An auditor is not a valuer"–Discuss.

5. Discuss problems in the valuation of assets.

6. What are capital profits?

7. What is Investigation?

8. Difference between Investigation and Auditing.

PART B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

9. What is an audit programme? What are its advantages and disadvantages?

10. Explain vouching of cash transaction and voching of trade transaction.

11. What are the duties of an Auditor in connection with vouching of payment side of cash book?

12. Explain various types of Auditing.

13. Explain the duties of an auditor in the verification and valuation of stock in trade.

14. Explain difference between 'Investigation' and 'Auditing'.

15. What special points should be borne in mind while carrying out an investigation on behalf a person who wants to purchase business as a going concern?

DISTANCE EDUCATION

B.Com. (CA)/B.Com. (CA) (Lateral) DEGREE EXAMINATION, MAY 2012.

COST ACCOUNTING

(2005 onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What is cost accounting? Discuss briefly its objectives.

2. Calculate the material turn over ratio for the year 1989 from the following details.

	Material x	Material y
Opening stock	25,000	87,500
Closing stock	15,000	62,500
Purchase	1,90,000	1,25,000

Determine the fast moving material.

3. Calculate the economic order quantify from the following particulars

Annual requirements	1600 units
Cost of material per units	Rs. 40
Cost of playing and receiving one order	Rs. 50
Annual carrying cost of inventory 10% of inventory value	

4. What are the various methods of pricing material issues?

5. From the following information, calculate labour turnover and labour flux rate.

   No. of workers as on 01-01-2000 = 7,600

   No. of workers as on 31-12-2000 = 8,400.

   During the year, 80 workers left while 320 workers were discharged, 1,500 workers were recruited during the year of these, 300 workers were recruited because of exits and the rest were recruited in accordance with expansion plans.

6. 1000 units of raw material were transferring is to the costing profit Rs. 4,000 10% wastage is allowed, each unit of wastage realises Rs. 2.50. The actual production was 650 units (with an abnormal wastage of 50 units) expenses being as follows.

   Direct wages Rs. 6,500

   Indirect wages Rs. 3250.

   Prepare the process account to bring out the effect of wastage.

7. The following information is given

   Standard hours per unit 15

   Standard rate Rs. 4 per hour

   Actual data :

   Actual production 1,000 units

   Actual hours 15,300 hours

   Actual rate Rs. 3.90 per hour.

8. Enumerate the objectives of integral accounting.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Define cost accounting. Explain objectives and functions of cost accounting.

10. Two components A and B are used as follows.

Normal usage 50 units per week each

Minimum usage 25 units per week each

Maximum usage 75 units per week each

Re-order quantity A 800 units; B 500 units

Re-order period A 4 to 6 weeks; B 2 to 4 weeks Calculate for each components

(a) Reorder level.

(b) Minimum level

(c) Maximum level and

(d) Average stock level.

11. It is similar to Halsey plan. But the bonus is 30% instead of 50%.

Time rate Rs. 2 per hour

Standard time 10 hours.

Time taken 8 hours.

Calculate wages according to Halsey weir -scheme from above data.

12. A particular brand of phenyle passed through three important processes. During the week ended 15th January 2005, 600 gross of bottles are produced. The cost books show the following information.

	Process 1 Rs.	Process 2 Rs.	Process 3 Rs.
Material	4,000	2,000	1,500
Labours	3,000	2,500	2,300
Direct expenses	600	200	500
Cost of bottles	Nil	2,030	Nil
Cost of works	Nil	Nil	325

The indirect expense for the period were Rs. 1,600. The by products were sold for Rs. 240 (process 2).

The reside sold Rs. 125.50 (process 3) prepare the amount in respect of each of the process showing its cost of production of the finished product per gross of bottles.

13. Explain the reasons for the disagreement of profits shown by cost and financial accounts.

14. What is standard costing? Explain the limitation and feature of standard costing.

15. From the following figures, prepare a reconciliation statement between cost and financial records.

	Rs.
Net profit as per financial records	1,28,775
Net profit as per costing records	1,72,400
Works overhead under recovered in costing	3,100
Administration overhead recovered in excess	1,700
Depreciation in cost accounts	12,500
Depreciation in financial accounts	11,200
Interest on investments not included in costing	8,000
Obsolescence loss charged in financial accounts	5,700
Income tax debited in financial accounts	40,300
Bank interest credited to financial accounts	750
Stores adjustment credited in financial account	475
Depreciation of stock charged in financial account	6,750

WEB DESIGNING AND ITS APPLICATIONS

(2005 onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Briefly explain the history of an Internet.
2. Explain the concept of TELENET and USENET.
3. Explain the components of the header section in a HTML document.
4. Write a note on banners with examples.
5. Explain, how to create a table in HTML document.
6. How to embed an image in a HTML document? Explain with example.
7. Explain, how to implement the multiple styles in a HTML Document.
8. Explain the concept of Nested Frameset with examples.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain any two browsers which are popular among the internet users.
10. Explain the various attributes of the ⟨body⟩ tag with examples.

11. Explain the various components of a table with examples.

12. Explain the attributes that are associated with the form tag with example.

13. Create a web page which gives the information about an organization.

14. How can you create, edit and add text in a web page?

15. Explain the various attributes of FRAME tag with examples.
