FINANCIAL ACCOUNTING

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Define Accounting. Explain the nature and scope of accounting.

2. What are subsidiary books? Bring out its advantages.

3. What is trial balance? Bring out the objectives of preparing the trial balance.

4. From the following list of balances, prepare a Trial Balance as on 31.3.2012 :

   Capital Rs. 1,00,000

   Drawings Rs. 18,000

   Motor van Rs. 25,000

   Interest paid Rs. 900

   Purchases Rs. 75,000

   Wages Rs. 3,000

   Commission received Rs. 7,500

Bank balance Rs. 20,000

Buildings Rs. 15,000

Furniture Rs. 7,500

Loan from Arun Rs. 15,000

Sales Rs. 1,00,000

Stock Rs. 25,000

Salaries Rs. 15,000

Debtors Rs. 28,100

Creditors Rs. 10,000

5. From the following information, prepare statement of affairs and ascertain profit and loss made during the year 2005.

	1.1.2005	31.12.2005
Cash in hand	100	80
Cash at bank	300	320
Stock in trade	2,200	2,240
Bills receivable	150	180
Bills payable	120	90
Sundry creditors	2,400	2,100
Furniture	300	22
Machinery	1,600	2,000
Sundry debtors	1,050	1,840

During the year, he introduced additional capital in the business Rs. 300 and withdrew Rs. 720 for private use charge interest on capital at 6% per annum, write off Rs. 40 bad debts and create a reserve at 5% on debtors for bad debts.

6. Prepare Form 'A' of the Third Schedule under Section 29 of the Banking Regulations Act.

7. Explain amalgamation, absorption and reconstruction with examples.

8. What are the advantages which a business house reaps by computerising their accounts?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss the various accounting concepts and conventions.

10. From the following Trail Balance of Thiru. Rehman as on 31st March 2006, prepare Trading and Profit and Loss A/c and Balance Sheet taking into account the adjustments :

Debit balances	Rs.	Credit balance	Rs.
Land and Buildings	42,000	Capital	62,000
Machinery	20,000	Sales	98,780
Patents	7,500	Return Outwards	500
Stock 1.4.2005	5,760	Sundry Creditors	6,300
Sundry debtors	14,500	Bills payable	9,000
Purchases	40,675		
Cash in hand	540		
Cash at Bank	2,630		
Return Inwards	680		
Wages	8,480		
Fuel and power	4,730		
Carriage on Sales	3,200		
Carriage on Purchases	2,040		
Salaries	15,000		
General Expenses	3,000		
Insurance	600		
Drawings	5,245		
	1,76,580		1,76,580

Adjustments:

(a) Closing Stock was Rs. 35,000,

(b) Depreciate machinery and furniture by 10%.

(c) Outstanding wages Rs. 1,500.

(d) Prepaid advertisement Rs. 500.

(e) Create 5% on debtors for bad debts as provision.

11. From the following details, prepare trading and profit and loss a/c and balance sheet.

	On 1.1.2003 Rs.	On 31.12.2003 Rs.
Stock	25,000	12,500
Debtors	62,500	87,500
Cash	6,250	10,000
Furniture	2,500	2,500
Creditors	37,500	43,750

Other details :

	Rs.
Bad debts	1,250
Discount received	3,750
Discount allowed	2,500
Sundry expenses	7,500
Payments to creditors	1,12,500
Received from debtors	1,33,750
Drawings	10,000
Sales returns	3,750
Purchase returns	1,250

Charge depreciation on furniture at 5%.

12. Mr. Ram keeps his books by single entry method. His position on 31.3.2010 was as follows :

Cash Rs. 28,700; Debtors Rs. 18,400; Stock Rs. 28,600: Furniture Rs. 5,000 and Creditors Rs. 20,700.

On 1.10.2010, Mr. Ram introduced Rs. 10,000 as further capital in the business and withdrew on the same date Rs. 7,000, out of which he spent Rs. 5,000 on the purchase of a machine for the business. On 31.3.2011, his position was as follows : Cash Rs. 29,600; Stock Rs. 31,500; Debtors Rs. 24,200; Furniture Rs. 6,000 and creditors Rs. 25,400.

Prepare necessary statements showing profit or loss made by him during the year ended 31.3.2011 after considering the following adjustments :

Depreciate furniture and machinery by 10% p.a. Write off bad debts Rs. 1,200 and provide 5% for doubtful debts. Also provide interest on capital at 10% p.a.

13. The following is the balance sheet of XY Ltd. as on 31.12.2005 :

Liabilities	Rs.	Assets	Rs.
Capital (shares of Rs. 10 each)	2,00,000	Land and buildings	1,00,000
Debentures	1,00,000	Plant and machinery	1,50,000
Creditors	30,000	Furniture	2,500
Reserve fund	25,000	Work-in-progress	30,000
Dividend equilisation fund	20,000	Stock	60,000
Profit and loss a/c		Sundry debtors	25,000
	5,100	Cash at bank	12,500
		Cash in hand	100
	3,80,100		3,80,100

The company is absorbed by 'AB' Ltd., on the above date. The purchase consideration for the absorption is the discharge of debentures at a premium of 5% taking over the liability in respect of the sundry creditors and a payment of Rs. 7 in cash and one share of Rs. 5 in AB Ltd., at a market value of Rs. 8 per share in exchange of one share of 'XY' Ltd. The cost of liquidation of Rs. 5,000 is to be met by 'AB' Ltd.

Pass journal entries in the books of both the companies.

14. On 31.03.2006 the following balances stood in the books of New Bank Ltd., after preparing Profit and Loss A/c.

	Rs.
Share capital	35,00,000
Reserve fund	24,50,000
Fixed deposit accounts	66,50,000
Savings bank accounts	2,10,00,000
Current Accounts	5,60,00,000
Money at call and short notice	21,00,000
Investments (at cost)	2,10,00,000
Profit and Loss Account (Cr.) 01.04.2005	14,70,000
Dividend for 2005	3,50,000
Land and Buildings (after depreciation) upto 31.03.2006	74,45,000
Cash in hand	4,20,000
Cash with Reserve Bank	1,05,00,000
Cash with other banks	91,00,000
Borrowings from other banks	44,00,000
Bills discounted and purchased	42,00,000
Sundry creditors	2,10,000
Bills payable	56,00,000
Loans, over drafts and cash credits	4,90,00,000

	Rs.
Unclaimed dividend	2,10,000
Bills for collection	9,80,000
Acceptance on behalf of customers	14,00,000
Net profit 2005-2006	16,80,000

[After deducting provisions for bad debts Rs. 2,10,000; tax provision Rs. 7,00,000 and rebate on bills discounted Rs. 35,000] Prepare balance sheet of the bank as on 31.03.2006.

15. What is meant by electronic data processing? Explain the advantages and limitations of EDP system.

FINANCIAL MANAGEMENT

(Upto 2012–13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What are the goals of Financial Management?

2. Examine the traditional role of Finance Manager. What is his present role?

3. Point out the uses of ratio analysis.

4. Discuss the importance of capital budgeting.

5. State briefly the applications of break even analysis.

6. Explain different types of working capital.

7. Distinguish between operating leverage and financial leverage.

8. What is credit policy? Explain its types.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. "Maximisation of profit is regarded as the proper objective of investment decision, but it is not as exclusive as maximizing shareholder's wealth". Comment.

10. Pay Off Ltd., is producing articles mostly by manual labour and is considering to replace it by a new machine. There are two alternative models M and N of the new machine. Prepare a statement of profitability showing the pay-back period from the following information:

	Machine M	Machine N
Estimated life of machine	4 years	5 years
Cost of machine	Rs. 9,000	Rs. 18,000
Estimated savings in scrap	Rs. 500	Rs. 800
Estimated savings in direct wages	Rs. 6,000	Rs. 8,000
Additional cost of maintenance	Rs. 800	Rs. 1,000
Additional cost of supervision	Rs. 1,200	Rs. 1,800

Ignore taxation.

11. A Co. is producing an identical product in two factories. The following are the details in respect of them.

	Factory X	Factory Y
Selling price per unit	Rs. 50	Rs. 50
Variable cost per unit	Rs. 40	Rs. 35
Fixed cost	Rs. 2.00,000	Rs. 3,00,000
Depreciation included in the above	Rs. 40,000	Rs. 30,000
Sales (units)	Rs. 30,000	Rs. 20,000
Production capacity (units)	Rs. 40,000	Rs. 30,000

You are required to determine

(a) BEP for each factory individually

(b) Assess which factory is more profitable.

(c) Calculate break even point for each factory individually.

12. A firm is evaluating a proposal. The project cost is 20,00,000 and has equal cash inflows of 5,00,000 at the end of each of next 6 years. There is no salvage value. Cut off rate is 12%. Find out the IRR.

13. From the following information, prepare a statement showing the working capital requirements.

Budgeted sales (Rs. 10 p.u) Rs. 2,60,000 p.a

Analysis of one unit of sales.

Raw materials	0.30
Direct labour	0.40
Overheads	0.20
Total cost	0.90
Profit	0.10
Rs.	1.00

It is estimated that

(a) Raw materials are carried in stock for three weeks and finished goods for two weeks.

(b) Factory processing will take three weeks.

(c) Suppliers will give full five weeks credit.

(d) Customers will require eights weeks credit.

It may be assumed that production and overheads accrue evenly throughout the year.

14. State and explain the determinants of working capital requirement of a firm.

15. Super Star Ltd. is considering the purchase of a new machine. Two alternative machines (A and B) have been suggested each costing Rs. 4,00,000. Earnings after taxation are expected to be as follows :

Cash flow

(Rs.)

Year	Machine A	Machine B
	Rs.	Rs.
1	40,000	1,20,000
2	1,20,000	1,60,000
3	1,60,000	2,00,000
4	2,40,000	1,20,000
5	1,60,000	80,000

The company has a target of return on capital at 10% and on this basis, you are required to compare the profitability of the machines and state which alternative you consider financially preferable.

The present value of Re.1 in various years are, 1st yr. 0.91; 2nd yr. 0.83; 3rd yr. 0.75; 4th yr 0.68 and 5th yr 0.62.

1. What are different types of system?

2. State the features of DSS.

3. Explain unit testing and module testing.

4. What is the role of artificial intelligence in the information system?

5. What are the uses of electronic bulletin board?

6. Write a note on on-line analytical processing in the processing of information.

7. Explain the role of value added networks in the communication channel.

8. What are the functions of EDI?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. What are the steps involved in the development and implementation of a system?

10. What are the characteristics of MIS?

11. Explain the structure of MIS in detail.

12. What are different types of networks? Explain its suitability in an organization.

13. Explain the role of computers in the implementation of MIS.

14. Describe the role of web management in e-commerce.

15. What are the tools of DSS? Explain its uses in MIS.

Third Semester

COMPUTERS AND BANKING

(Upto 2012–2013 Academic Year & 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What are the features of an analog computer?

2. Explain the concept of data processing.

3. Differentiate between hardware and software.

4. Explain different types of memory.

5. What is the relevance of software to banking?

6. Why do we have binary system in the computers?

7. What are the operational problems in relation to computers?

8. What do you mean by inter-branch reconciliation?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. How are computers classified according to memory? Explain them in detail.

10. Explain the working principle of a computer with the help of a computer.

11. Explain the evolution of computers.

12. What are the characteristics of assembly language and machine language?

13. State the advantages of computerization in banks?

14. Describe different types of operating system.

15. What are the security considerations regarding computers and softwares?

M.B.A. (B&F) DEGREE EXAMINATION, DECEMBER 2014.

Third Semester

QUANTITATIVE METHODS

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain linear and non-linear functions with examples.

2. How is cost of operating a system calculated using productive function?

3. Explain the importance of relevant cost in decision making.

4. A media specialist plans to allocate advertising expenditure in three media whose unit costs of a message are Rs. 1,500; Rs. 1,250 and Rs. 1,000 respectively. The total advertising budget available for the year is Rs. 50,000. The first medium is monthly magazine and it is decided to advertise not more than once in one issue. At least five advertisements should appear in the second medium and the number of advertisements in the third medium should be between 6 and 10. The effective audience for unit advertisement in the three mediums is : first medium 50,000, second medium 40,000 and third medium 25,000. Formulate the above problem into an LPP.

5. Explain the concept of duality in linear programming and state its uses.

6. What are different types of event in probability?

7. What are the limitations of simulation?

8. How will you represent various alternatives regarding an event in a decision tree?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Analyse the relationship between:

(a) cost and level of activity

(b) cost and profit.

10. Solve the following LPP using Simplex Method:

Maximise $Z = 7x_1 + 9x_2$

Subject to:

$3x_1 + 2x_2 <= 180$

$5x_1 + 4x_2 <= 160$

$2x_1 + 1x_2 <= 80$

$x_1, x_2 >= 0.$

11. Find an optimal solution for the following Transportation Problem:

	Warehouse				
	D1	D2	D3	D4	Supply
Factor - A	10	8	7	12	500
Factory - B	12	13	6	10	600
Factory - C	8	10	12	14	900
Required	700	550	450	300	

12. A company has to choose any one of the following. The amount of estimated sales and the estimated revenue there from are given below:

Scheme	Revenue		
	Estimated amount of Sales (Rs. in Lakhs)		
	500	300	200
Bajaj Platina	15	45	30
Bajaj Pulsar	51	34	46
Bajaj Discover	48	62	37

Suggest the product to be adopted using (a) Maximin Criterion (b) Minimax Criterion (c) Maximax Criterion and Laplace Criterion.

13. A company manufactures 30 items per day. The sale of these items depends on demand which has the following distribution:

Sales:	27	28	29	30	31	32
Probability:	0.10	0.15	0.20	0.35	0.15	0.05

The production cost and sale price of each unit are Rs.40 and Rs.50 respectively. Any unsold product is to be disposed of at a loss of Rs. 15 per unit. There is a penalty of Rs. 5 per unit if demand is not met. Using the following sequence of random numbers, estimate the total profit/loss of the company for the next 7 days:

10 99 65 99 95 01 79

14. A husband and wife appear in an interview for two vacancies in the same post. The probability of husband's selection is 1/7 and that of wife's selection is 1/5. What is the probability that

(a) Both of them will be selected.

(b) Only one of them will be selected and

(c) None of them will be selected.

15. What is linear programming? Explain its different types. List down the steps involved in the formulation of an LPP.

BANK MARKETING

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the concept of marketing in banking.

2. What are the components of marketing mix for a bank?

3. What are non-fund based banking business?

4. What are the points to be considered in locating a bank branch?

5. What does price mean for a bank?

6. Write a note on social banking.

7. What are the functions of marketing officers at the branch level?

8. What is the need for training programme for bankers?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss the business objectives of a bank. How is marketing plan prepared to achieve the objectives?

10. What are the strategies to be adopted by the bank in the rural areas?

11. What are the different stages in the product development in banking?

12. Explain the role of market research in understanding the customer needs.

13. Explain the branch expansion policy in India.

14. Describe the pricing practices of a bank.

15. Customer relationship management is a promotional tool — Evaluate.

INVESTMENT ANALYSIS AND PORTFOLIO MANAGEMENT

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Distinguish between investments and speculation.

2. Why do people prefer fixed income securities?

3. What is Hedging? Illustrate.

4. How will you analyse the individual securities on the basis of returns?

5. Enlist the types of risk analysis.

6. Discuss the features of 'DOW' theory.

7. What is markowtz diversification?

8. Evaluate the practicability of random walk theory.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Explain "Risk and Return trade off" at corporate level investments.

10. What are the various investment avenues for small scale investors?

11. Discuss the procedure for computing the risk of individual securities.

12. Explain the effectiveness of various components of fundamentals analysis.

13. Explain any two models regarding portfolio construction.

14. Describe the application of capital asset pricing model.

15. Discuss the methods of measuring portfolio performance.

INVESTMENT AND DERIVATIVES MARKETS

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Discuss duration theorem regarding debt pricing.

2. What is the importance of debt market?

3. Write down the procedure under horizon analysis.

4. Why do people prefer to invest in equity shares?

5. How will you value equities under dividend model?

6. How are options operated in a secondary market?

7. State the significance of futures contract.

8. How are government securities marketed in India?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. How will you measure the effective functioning of debt market in India?

10. Is there any standard in the risk and return structure of debt market?

11. Explain the factors influencing the growth of equity market in our country.

12. Explain the earnings based models to value the equities.

13. Distinguish between futures and options.

14. How will you compute profits or losses on various option strategies?

15. Bring out the merits and limitations of various gift edged securities.

MUTUAL FUND MANAGEMENT

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Why do small investors prefer to invest in Mutual Funds?

2. Enlist the schemes of mutual funds under portfolio classification.

3. Analyse the responsibilities of Fund sponsors.

4. What are the objectives of AMCs?

5. How do the funds follow portfolio management?

6. How will the NAVs be calculated?

7. What is the state of private sector mutual funds in India?

8. Enlist the major schemes offered by UTI.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Evaluate the role of Mutual funds in the development of the Indian economy.

10. Describe the functions of AMCs.

11. Explain the operational activities of mutual funds in launching their schemes.

12. Critically evaluate the regulatory measures of the SEBI regarding the accounting norms of Mutual funds.

13. Give a detailed account of the organisation of Mutual funds.

14. Substantiate your views on the success or failure of Public Sector Mutual funds.

15. Analyse the situation for mutual funds in the liberalised economy.

MERCHANT BANKING

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What is OTCEI? Write its features.

2. Write a note on project counselling.

3. Explain the advisory role of a merchant banker with respect to corporate counselling.

4. Enumerate various types of corporate securities.

5. What are the advantages of underwriting?

6. Explain the functions of a portfolio manager.

7. What is venture capital? Explain its features.

8. Explain the mechanism of factoring.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Define "Merchant Banking". Explain its functions.

10. "Merchant banker is a problem solver of an enterprise" – Discuss.

11. Describe the characteristics of corporate securities.

12. Briefly explain the management of post-issue activities.

13. Describe the procedure for amalgamation of companies.

14. Define portfolio management. Explain CAPM approach to market operations.

15. What is mutual fund? What are its advantages and disadvantages?
