First Semester

MANAGEMENT CONCEPTS

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the important functions of management.
2. Comment on the true nature of management. Is it a science or an art?
3. How external factors affect planning?
4. What are the different models of decision-making?
5. State the factors in span of control.
6. Distinguish between motivation and morale. How is morale related to productivity?
7. What are the essentials of effective control systems?
8. Write the concept of business process reengineering.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss the contributions made by Henry Fayol to management thought.
10. "Decision making is the primary task of a manager" – Comment.

11. What is planning and discuss various steps in planning?

12. What would you recommend for efficient functioning of a committee?

13. How would you determine the training needs in an organisation?

14. Describe the chief requisites of coordination in an enterprise.

15. Define total quality management and state its basic concepts, essentials and principles.

MANAGERIAL ECONOMICS

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)
Answer any Five questions.

1. Discuss the relationship of Managerial Economics with other discipline.

2. What are the factors determining the demand?

3. Distinguish Long run cost from Short run cost.

4. Cost control and Cost reduction - Explain.

5. State the importance of time element in price determination.

6. Explain clearly one of the approaches to profit forecasting.

7. Write a note on "Profit Maximisation".

8. Bring out the causes of Business Cycle.

SECTION B — (4 × 15 = 60 marks)
Answer any FOUR questions.

9. Explain how managerial economics is related to Economics.

10. Critically examine the different methods of forecasting demand for established products.

11. Explain the economics of scale and diseconomies of scale with examples.

12. Under what conditions price discrimination is possible and profitable? Explain.

13. Examine the concept of "Cost-Volume-Profit" analysis.

14. What is ISO-QUANT curves? Explain the production function through ISO-QUANT curves.

15. Analyse the various methods to measure National Income. What precautions are to be taken in this connection?

INTERNATIONAL BUSINESS

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Why do you consider Economic environment more important than other types of environment?

2. Write a note on Diversification strategy of MINCs.

3. State the principles of WTO trading system.

4. What are the privileges of WTO members?

5. Bring out the principles of SAARC.

6. Point out Indian Joint Venture position in abroad.

7. Explain the importance of foreign direct investment.

8. What do you mean by International Commercial Arbitration? Explain its functions.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the various factors influencing international business.

10. Analyse the causes of dominance of MNCs in the world.

11. Discuss the impact of NAFTA on Mexico's policy on admission and establishment.

12. Briefly explain the kinds of collaboration and Joint ventures.

13. "Gainers from WTO will be only rich nations at the cost of less developed countries" – Do you agree with this statement.

14. Explain the different arbitration bodies for settlement of disputes.

15. Analyse about the TRIPS and its competitive position.

INTERNATIONAL BUSINESS ENVIRONMENT

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Define international business environment and differentiate between micro and macro environments

2. What is the importance of inter-cultural communication in business?

3. Write a note on 'political risks'?

4. What are the benefits of multilateral investment agreements?

5. What are the features of emerging market economy?

6. What is the relevance of ecological environment to international business?

7. Enumerate the business prospects at firm level/corporate level due to globalization.

8. Enumerate the ethical codes to be followed by companies active in international trade.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Discuss the effects of geographic environment on international business.

10. Explain how Socio-cultural aspects can impact international business environment.

11. Write a note on the instruments used by the government to control trade?

12. Discuss the nature and types of international investment due to economic globalization and liberalization.

13. Explain any five major problems of developing economies.

14. Discuss the threats to bio-diversity in result of international business development.

15. Discuss the unethical marketing issues involving MNCs.

QUANTITATIVE METHODS

(Upto 2012 – 13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the importance of Break–Even analysis.

2. Explain Simplex method of solving linear programming problem.

3. Explain the modified Distribution method for solving a given transportation problem.

4. Describe the simulation process. What are the reasons for using simulations.

5. Obtain the dual for the following LPP.

$Maxmize\ Z = 5x - 2y + 3z.$

Subject to:

$$2x + 2y - z \geq 2$$
$$3x - 4y \leq 3,$$
$$y + 3z \leq 5.$$
$$Where\ x, y, z \geq 0.$$

6. Solve the following L.P.P. graphically.

$Maxmize\ Z = 4x_1 + 6x_2$

Subject to:

$$x_1 + x_2 = 5$$
$$x_1 > x_2,$$
$$x_2 < x_4,$$
$$x_1, x_2 \geq 0.$$

7. Find the initial basic feasible solution of the following transportation problem by Vogel's appropriation method.

Warehouse

		W1	W2	W3	W4	Capacity
	F1	19	30	50	10	7
Factory	F2	70	30	40	60	9
	F3	40	8	70	20	18
Requirements		5	8	7	14	34(Total)

8. Customer arrives at a service facility to get the service required. The inter arrival and service times are constant and are 1.8 minutes and 4 minutes respectively. Simulate the system for 14 minutes. Determine the average waiting time of a customer and idle time of the service facility.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Sole the following LPP by Simplex method.

$Maxmize\ Z = 2x_1 + x_2 + x_3,$

Subject to:

$$4x_1 + 6x_2 + 3x_3 \leq 8,$$
$$3x_1 - 6x_2 - 4x_3 \leq 1,$$
$$2x_1 + 3x_2 - 5x_3 \leq 4,$$
$$x_1, x_2\ and\ x_3 \geq 0.$$

10. There location are being considered for a new plant. Fixed costs per year for the three location are ₹30,000. ₹60,000 and ₹1,10,000 respectively. Variable costs in ₹ / unit are 75, 45 and 25 respectively. The selling price of the product is ₹120. Find the most economical location for an expected volume of 2,000 units per year using the locational break–even analysis.

11. Find the feasible solution of the following transportation problem using north–west corner method.

		W1	W2	W3	W4	Supply
	F1	14	25	45	5	6
Factory	F2	65	25	35	55	8
	F3	35	3	65	15	16
	Demand	4	7	6	13	30

12. Illustrate 'Decision trees' with suitable example.

13. Describe the role of theory of games for scientific decision–making.

14. In a game of matching coins, player A wins ₹2. If there are two heads, wins nothing if there are two tails and loses ₹1. When there are one head and one tail. Determine the payoff matrix, best strategies for each player and the value of game to A.

15. Write a note on :

    (a) Duality and Sensitivity analysis.

    (b) Pay–off and loss Tables.

    (c) Relevance of marginal average and total costs.

FINANCIAL AND MANAGEMENT ACCOUNTING

(Upto 2012 – 2013 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE of the following.

1. What is accounting? Explain the objective of accounting.

2. Journalise the following transations:

2010

January 1	Mr. Ashock commenced business with cash Rs. 50,000 building Rs. 1,00,000, bank balance of Rs. 1,00,000
January 3	Purchased goods for cash Rs. 7,000
January 4	Purchased goods for Rs. 7,500 from Mohan S. Co.
January 5	Sold goods to Swamy & Co., Rs. 9,500
January 6	Sold goods to Nithya & Co., Rs. 6,500
January 7	Sold goods Rs. 2,000
January 8	Obtained a loan from Indian Bank Rs. 20,000
January 9	Purchased Furniture Rs. 2,000
January 10	Purchased land by issuing a cheque Rs. 25,000

3. Briefly explain the different method used for analysis and interpretation of financial statements.

4. What is capital budgeting? Examine its need and importance?

5. Given:

   Opening stock Rs. 29,000, closing stock Rs. 31,000, sales Rs. 3,20,000, Gross profit Ratio 25% on sales. Calculate stock turnover ratio.

6. A project costs Rs. 20,00,000 and yields Annualy a profit of Rs. 3,00,000 after depreciation at 12.5% but before tax at 50%. Calculate the pay-back period.

7. A project head as investment of Rs. 1,38,500. The cost of capital is 12%. The net cash inflow are as under:

   Year's 1 – 30,000 year 3 – 60,000 year 5 – 20,000.

   Year's 2 – 40,000 year 4 – 30,000

   Calculate the IRR and suggest whether the project should be accepted (or) not.

8. Write short notes on:

   (a) Production Budget (b) Sales Budget (c) Zero base budgeting (d) Master Budget.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR of the following.

9. Write the differences between Journal and Ledger.

10. Following are the ledger balance Sir Rao. You are asked to prepare Trial Balance as on 31.12.2000.

	Rs.		Rs.
Opening stock	10,000	Capital	60,000
Salaries	5,000	Creditor's	10,000

	Rs.		Rs.
B/P	5,000	Loan from main	25,000
Cash in hand	12,000	Discount allowed	700
Bank OD	4,000	Accrued interest payable	5,000
Debtro's	15,000	Purchase	30,000
Cash at bank	18,000	Reserve for bad debts	1,200
Sales	80,000	Trade expense	500
Wages	10,000	Outstanding salaries	2,000
Prepaid insurance	2,500	Plant machinery	90,000
Depreciation on plant	8,000	Outstanding interest on overdraft	500

11. What are the limitations of financial statement and explain how you would overcome them?

12. Determine the average rate of return from the following data of two machine "A" and "B".

	"A"	"B"
Original cost	56,125	56,125
Estimated life in years	5	5
Estimated salvage value	3,000	3,000
Average Income tax rate	55%	55%

Annual estimate income after depreciation and Tax:

Year's	"A"	"B"
1	3,375	11,375
2	5,375	9,375
3	7,375	7,375
4	9,375	5,375
5	11,375	3,375
	36,875	36,875

Depreciation has been charged on straight line basis.

13. Differentiate between cash flow and fund flow analysis.

14. Write short notes on:
    (a) Post pay back period
    (b) Net present value method
    (c) ARR method
    (d) Discounted cash flow method
    (e) IRR method.

15. Explain the importance of capital budgeting system.

INTERNATIONAL ECONOMICS

(Upto 2012-2013 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the concept 'International Economics'.

2. Explain the Samuelson model with suitable example.

3. Discuss the theory of Immisersing growth.

4. Write short notes on :

   (a) NAFTA

   (b) Free Trade.

5. Briefly explain Balance of payments.

6. Describe the determinants of exchange rate.

7. What is labour migration? Explain the types of labour mobility.

8. Mention the objectives of International Monetary system.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. What are the components of Foreign exchange reserves?

10. Differentiate between modern theories and classical theories of International trade.

11. Describe the barriers of Trade.

12. Distinguish Fixed Rate from Flating Rate.

13. Analyse the Equilibrium in International Trade.

14. Discuss the role played by World Bank for International Economics Development.

15. Describe the factors responsible for International Labour Migration.

ORGANISATIONAL BEHAVIOUR

(Upto 2012 – 2013 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Define organization and bring out its various elements.

2. What are the major factors which shape the personality of an individual?

3. What is group dynamics? Why it is important for understanding organizational behaviour?

4. Explain the various qualities of successful leader.

5. Define power. Why is power so important in organization?

6. Explain the ways in which a sound organizational climate may be created.

7. What do you mean by planned change? What are the factors which necessitate changes in organizations?

8. Explain the various steps involved in organizational development process.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Define organizational behaviour as a field of study? What are its main features? How does it differ from organization theory and behavioural science?

10. Critically examine Herzberg's two-factor theory. Make a comparison between theories of Herzberg and Maslow. Which of these theories do you prefer in Indian context? Give reasons.

11. "A good leader is not necessarily a good manager". Discuss this statement and compare leadership with management.

12. Discuss the methods for measuring effectiveness of communication. Suggest some ways for making communication effective.

13. What is stress, eustress and distress? How are these terms related to performance?

14. What do you mean by organizational climate? What are the factors on the basis of which the climate of an organization is perceived?

15. How do people react to an organizational change? Discuss the methods of overcoming resistance to organizational change.

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What are the functions of foreign exchange market?

2. What is the concept of nominal effective exchange rate and real effective exchange rate?

3. What are the types of option contracts?

4. Differentiate between transaction exposure risk and economic exposure risk.

5. Write a note on: Currency Accounts.

6. What do you mean by rupee convertibility? What is partial and full convertibility?

7. Analyze the foreign exchange trends in India.

8. What are the distinguishing features of currency swaps?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Discuss the main transactions in the foreign exchange market.

10. Explain Interest rate parity and reasons for deviations.

11. Write a detailed note on classification of forward contracts with examples.

12. Discuss external techniques of managing transaction exposure risk.

13. Discuss the need and forms exchange control.

14. Explain any one of the approaches to forecasting of exchange rates.

15. A Mobile phone is priced at $ 10500 at Chicago. The same mobile phone is priced at Rs. 4,250 in Delhi. Determine Exchange Rate in Delhi. If, over the next one year, price of the Mobile phone increases by 7% in Delhi and by 4% in Chicago, determine the price of the mobile phone at Delhi and Chicago?
