M.B.A. (TM) DEGREE EXAMINATION, DECEMBER 2013

First Semester

MANAGEMENT CONCEPTS

(Upto 2012–13)

Time : Three hours Maximum : 100 marks

SECTION A — ($5 \times 8 = 40$ marks)

Answer any FIVE questions.

1. What is management? Explain its scope.
2. Explain various levels of hierarchy in management.
3. Brief the characteristics of good plan.
4. Planning Vs decision making.
5. Write any two theories of organisation.
6. Explain the factors affecting span of control.
7. Describe the general principles of direction.
8. Bring out the limitations of the control function.

SECTION B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

9. Explain the contribution of prof. F.W. Taylor to management thought.

10. Define decision tree and explain the different types of decision making.

11. Enumerate the principles of organisation.

12. Explain the significance of "staffing" as a management process.

13. Describe any three special control techniques.

14. Discuss the different kinds of leadership styles with their relative merits and demerits.

15. Explain the components and importance of total quality management.

DE–7482 **12**

M.B.A. (Technology Management) DEGREE EXAMINATION, DECEMBER 2013.

First Semester

ORGANISATIONAL BEHAVIOUR

(Upto 2012–2013)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What is organizational behaviour? Discuss its needs and organizational behaviour process in brief.

2. What is personality? Explain the various factors which affect the personality development of an individual.

3. Define group cohesiveness. Explain the relationship between group cohesiveness and productivity.

4. Discuss the various types power in detail.

5. What are the soruces of inter – password conflict? Discuss how TA will help to resolve inter reversed conflict.

6. What do you mean by job stress? What are the symptoms of stress?

7. How organisational culture created and sustained?

8. Discuss the major external and internal forces for the change in organization.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. In what way do you find perception relevant to understand organisational behaviour? Distinguish between impression and perception.

10. 'Behaiour is generally predicaple' do you agree? And discuss the various models of organisational behaviour.

11. Discuss the team building process and explain various types of team.

12. What do you mean by organizational politics? Why do organisational politics emerge? Discuss the measures to avoid organizational politics.

13. What are the styles of conflict management? Discuss.

14. Discuss the various diamensions of organisational climate in brief.

15. Discuss the major OD interventions. In your opinion, which OD intermentsion is most effective and why?

M.B.A. (Tech - Mgt) DEGREE EXAMINATION, DECEMBER 2013.

First Semester

MANAGERIAL ECONOMICS

(Upto 2012 – 2013)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain with examples the practical application of economic theory in decision making.

2. What are the exceptions of Law of Demand?

3. Explain income elasticity of demand? Explain its relevance in managerial decision making.

4. Explain the relationship between Average cost and Marginal cost curves.

5. What are the methods of pricing new products?

6. What is Break Even Analysis? Illustrate with diagram.

7. What is Balance of Payment? What are its components?

8. Give a note on :

   (a) Cost push inflation

   (b) Demand pull inflation

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. What is price elasticity of demand? How to measure price elasticity of demand? Explain its application in marketing FMCG products.

10. Explain the various determinants of demand with example.

11. Explain the factors influencing economy of scale.

12. What are discounting techniques? Explain two discounting techniques of investment analysis with illustration.

13. What is Business Cycle? Explain its phases with applications in business decision making.

14. What is per capita income? Explain the factors influencing per capita income.

15. "Firm is a price maker and not price taker under monopoly" Discuss the statement with diagramatic illustration.

DE–7484 **14**

DISTANCE EDUCATION

M.B.A. (Tech. Mgt.) DEGREE EXAMINATION, DECEMBER 2013.

First Semester

FINANCIAL AND MANAGEMENT ACCOUNTING

(Upto 2012 – 2013)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What do you understand by double entry system? Explain the principles in detail.

2. Write the meaning of accounting standards. What are the steps to be taken to make accounting standards effective?

3. Write the journal entries for the following transactions :

   2011

   Jan. 1 Raj started business with capital of Rs. 50,00,000

   Jan. 5 He purchased furniture for Rs. 8,00,000

   Jan. 10 He bought goods from Ganesh for credit for Rs. 15,00,000

   Jan. 20 He sold goods for cash Rs. 1,00,000

4. Explain the meaning of the term financial statements. State their objectives and nature.

5. Discuss the managerial use of fund flow statement. What are its limitations?

6. What is the order in which assets and liabilities are marshalled in a balance sheet? Explain.

7. State the advantages of budgetary control.

8. Discuss the advantages and disadvantages of pay back period method in capital budgeting.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Distinguish between double entry system and single entry system.

10. What do you understand by ratio analysis? Examine its significance and utility.

11. Prepare cash flow statement from the given information :

Liabilities	March 31 2010 Rs.	March 31 2011 Rs.	Assets	March 31 2010 Rs.	March 31 2011 Rs.
Share capital	5,00,000	6,50,000	Fixed assets	4,00,000	5,00,000
General			Less :		
reserve	1,00,000	1,50,000	Depreciation	–	50,000
P & L a/c	50,000	1,50,000		4,00,000	4,50,000
7% debentures	2,00,000	2,00,000	Investments	1,00,000	1,00,000
Creditors	2,00,000	2,00,000	Debtors	2,00,000	3,00,000
Proposed			Stock	2,00,000	2,50,000
dividend	50,000	65,000	Cash	1,50,000	3,15,000
			Mis-Expenses	50,000	–
	11,00,000	14,15,000		11,00,000	14,15,000

12. From the given information calculate :

(a) Current ratio

(b) Liquidity ratio and

(c) Debt-equity ratio,

Liabilities	Rs.	Assets	Rs.
5,000 equity shares of		Land & Building	6,00,000
Rs. 100 each	5,00,000	Plant	5,00,000
2,000 8% preference		Stock	2,40,000
shares of Rs. 100 each	2,00,000	Debtors	2,00,000
4,000, 9% debentures	4,00,000	Cash	55,000
Reserves	3,00,000	Prepaid expenses	5,000
Creditors	1,50,000		
Bank OD	50,000		
	16,00,000		16,00,000

13. Prepare trading and profit and loss account for the year ended 31, December 2011.

	Rs.		Rs.
Opening stock	35,000	Wages	36,900
Sales	2,10,000	Purchase	98,000
Sales return	2,000	Closing stock	66,000
Stock loss by fire	1,500	Supervisor salary	12,600
Office expenses	2,500	Insurance	1,600
Discount	1,200	Prepaid insurance	400
Interest on investment	4,000	Office rent	2,600
Postage	1,400	Bad debts	1,200
Reserve for bad debts	500		
Loss by fire	500		
Depreciation	12,225		

14. From the given particulars prepare cash budget for the month of April to May 2011. Indicate how much overdraft facility is required at the end of every month.

Month	Credit Sales Rs.	Purchase Rs.	Wages Rs.
Feb. 2011	1,80,000	1,24,000	12,000
March	1,92,000	1,44,000	14,000
April	1,08,000	2,43,000	11,000
May	1,74,000	2,46,000	10,000
June	1,26,000	2,68,000	15,000

Additional information :

(a) 50% of the credit sales are realised in the month following the sales and remaining 50% in the second month following.

(b) Creditors are paid in the month following the month of purchase.

(c) Cash at bank on 1.4.2011 (estimated) Rs. 25,000.

15. Write short notes on :

(a) ARR

(b) NPV

(c) Capital rationing.

DE–7485 **15**

M.B.A. (Tech.Mgt) DEGREE EXAMINATION, DECEMBER 2013.

First Semester

PRINCIPLES OF TECHNOLOGY MANAGEMENT

(Upto 2012 – 13)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. How to create the competitive advantages in the market?

2. Discuss about the knowledge based techniques

3. Discuss about

   (a) Ergonomic effectiveness

   (b) Utility efficiency.

4. Explain the MOU framework.

5. How can you learn and manage creativity using the various organizations in India?

6. Illustrate the sustaining venture creation from industrial R and D.

7. Explain in detail about the innovative auditing mechanism.

8. What are the advantages of tie-up with foreign companies? Give with suitable example.

SECTION B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

9. Describe in detail about the environment, social, legal and political aspect in India.

10. Explain in detail about incremental and leap forward approach to technology creation.

11. Write short notes on :

    (a) Bonus shares

    (b) Preferential shares

    (c) Share warrants.

12. Briefly explain about the implications of WTO provisions on technology transfer.

13. Explain about the competitive advantages through new technology.

14. Explain legal provision relating to winding up of companies.

15. Illustrate in detail about creativity and innovation to improve the technology.

DE–7486 **21**

DISTANCE EDUCATION

M.B.A. (Tech. Mgt). DEGREE EXAMINATION, DECEMBER 2013.

Second Semester

QUANTITATIVE METHODS

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Describe the application areas of linear programming.

2. Write short notes on

   (a) Slack variables, surpuls vairables, artificial variables and decision variables.

   (b) Concept of trade off.

3. Solve the following LPP by graphic method.

   Maximise

   $$Z = 5x_1 + 3x_2$$

   Subject to the constraints

   $$3x_1 + 5x_2 \leq 15$$

   $$5x_1 + 2x_2 \leq 10$$

   $$x_1, x_2 \geq 0.$$

4. Obtain an initial basic feasible solution to the following transportation problem using Vogel's approximation method.

	D_1	D_2	D_3	D_4	
O_1	20	16	25	13	11
O_2	17	18	14	23	13
O_3	32	27	18	41	19
	6	10	12	15	43

5. A bag contains 10 white and 6 black balls. 4 balls are successively drawn out and not replaced. What is the probability that they are alternatively of different colours?

6. Explain Monte - Carlo simulation technique.

7. Customers arrive at a sales counter manned by a single person according to a Poisson process with a mean rate of 20 per hour. The time required to serve a customer has an exponential distribution with a mean of 100 seconds. Find the average waiting time of a customer.

8. Apply

   (a) Maximin

   (b) Maximax and

   (c) Minimax regret to the following pay - off matrix.

Act \ States of nature	S_1	S_2
A_1	–6	2
A_2	4	1
A_3	7	–4

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the different models of operations research.

10. Solve the following LP using simplex method.

Maximise

$$Z = 20x_1 + 30x_2$$

Subject to the constraints :

$$3x_1 + 3x_2 \le 36$$
$$5x_1 + 2x_2 \le 50$$
$$2x_1 + 6x_2 \le 60$$
$$x_1, x_2 \ge 0.$$

11. How will you find out initial feasible solution to a transportation problem by using MODI method?

12. Consider the problem of assigning five jobs to five persons. The assignments are given as follows :

		Jobs				
		1	2	3	4	5
	A	8	4	2	6	1
Persons	B	0	9	5	5	4
	C	3	8	9	2	6
	D	4	3	1	0	3
	E	9	5	8	9	5

Determine the optimal assignment schedule.

13. State the features of Poisson distribution and its application in various fields.

14. Bright Bakery keeps stock of a popular brand of cake. Previous experience indicates the daily demand as given below.

Daily Demand	0	10	20	30	40	50
Probability	0.01	0.20	0.15	0.50	0.12	0.02

Consider the following sequence of random numbers.

48, 78, 19, 51, 56, 77, 15, 14, 68, 09.

Using this sequence, simulate the demand for the next 10 days. Find out the stock situation if the owner of the bakery decides to make 30 cakes every day. Also estimate the daily average demand for the cakes on the basis of simulated data.

15. Describe the 'Decision Tree Approach' with suitable example.

DISTANCE EDUCATION

M.B.A. (Tech. mgt) DEGREE EXAMINATION, DECEMBER 2013.

Second Semester

BUSINESS ENVIRONMENT

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the importance of scanning the business environment.

2. Discuss Government relationship with business in India.

3. Describe the positive and negative effects of fiscal deficit.

4. What is Export - Import policy? State its objectives.

5. State the social and cultural factors and their implications in business.

6. Mention the need for clear energy and reduction of carbon foot print.

7. List out the legal procedure for entering into secondary capital market.

8. Bring out the achievements of world bank in global economic development.

SECTION B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

9. Explain the factors that influence the external environment of business.

10. Discuss the growth of public enterprises and their problems in India.

11. Describe the role of any two major financial institutions in economic development.

12. Enumerate the recent trends in India's Foreign Direct Investment.

13. Explain the role of information technology in technological environment of business.

14. Enumerate the main provisions of the Consumer Protection Act, 1986.

15. What is meant by privatisation? Explain its impact on business development.

DE–7488 **23**

DISTANCE EDUCATION

M.B.A(Tech. Mgt) DEGREE EXAMINATION,
DECEMBER 2013.

Second Semester

BUSINESS RESEARCH

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Define research : What are the various objectives of research? And explain the significances of research.

2. Describe the techniques of defining a research problem in detail.

3. What do you mean by sampling? Discuss the steps and characteristics of a good sample design.

4. Examine the merits and limitation of interview method of data collection.

5. Why tabulation is considered essential in research study? Narrate the characteristics of a good table.

6. Write a note on :

   (a) Cumulative scales and

   (b) Arbitrary scales.

7. What do you mean by pilot study? Explain its importance in research.

8. What are the various types of reports? Explain.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss the various types of research in detail.

10. What do you mean by research design? Discuss the features and need for a good research design.

11. Discuss the various types of sampling design in detail.

12. What are the various precautions to be taken while preparing questionnaire? What are the difference between a questionnaire and an interview schedule?

13. Write a note on :

    (a) Hypothesis

    (b) Type I error and Type II error

    (c) One tailed test and two tailed test.

14. Describe in brief the layout of a research export, covering all relevant points.

15. Distinguish between primary and secondary data. Discuss the various methods used to collect secondary data.

DE–7489 **24**

DISTANCE EDUCATION

M.B.A.(Technology management) DEGREE EXAMINATION, DECEMBER 2013.

Second Semester

GLOBAL BUSINESS AND MNC's

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the concept of international business.

2. Briefly explain foreign portfolio investment.

3. List the documents required for export credit.

4. Discuss the Indian efforts to attract FDI.

5. State the UN code of conduct of transfer of technology.

6. State the role of regional trade blocks in international business.

7. Give a brief account of ASEAN.

8. State the role of multilateral investment guarantee agency and its functions.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain how international business is classified into various types. State the regulation of international business.

10. Explain the procedure for importing goods.

11. Examine the role of MNC in global business.

12. Explain the various forms of foreign collaborations and its merits.

13. Evaluate the role of WTO and global trade in developing countries.

14. Critically examine the trade related aspects of intellectual property rights.

15. Discuss the role of world banks towards its contribution to global business.

DISTANCE EDUCATION

M.B.A. (Technology Management) DEGREE EXAMINATION, DECEMBER 2013.

Second Semester

MANAGEMENT OF INNOVATION AND R AND D

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Define Innovation. What are the requisites for innovation?

2. Explain Jennifer Goddard's six focus areas for innovation.

3. Illustrate Out–of–box thinking with suitable examples.

4. Explain brainstorming theory.

5. What is Brinnovation? Explain.

6. List out and describe the highlighted features of Google and Wal–Mart.

7. Define reverse engineering. Also explain it with suitable example.

8. Research and Development a corporate function — Justify.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain Jay Doblin's ten types of innovation with example.

10. Describe the 4 P's of creativity and 4 zones of innovation in detail.

11. Briefly explain the behavioral theory of R & D investment and innovation.

12. Discuss the role of MNCs in R&D.

13. Discuss in detail about the salient features of any three top innovators of the world.

14. Write short note on:

    (a) Patents

    (b) Copy Rights

    (c) Trade Marks

15. R & D a corporate function — elucidate.

RE-ENGINEERING AND FLEXI SYSTEMS

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What are the most important factors in BPR success?

2. Choose any business process and draw a flow chart of the activities involved in it. What is the objectives of the process?

3. Draw and explain the BPR process chart.

4. How an organisation to maintain their reengineering success?

5. What is meant by marketing flexibility?

6. What are the fundamental of BPR?

7. Briefly explain the flexibility in mergers and acquisitions.

8. Briefly explain in service offerings in flexibility.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Describe the different phases of the BPR procedure.

10. (a) Explain business process discovery and diagnosis.

    (b) Explain business process mapping.

11. Enumerate the BPR principles.

12. Explain the reengineering reporting and reengineering enabling processes.

13. Describe BPR (vs) industrial Engineering.

14. "In an organisation the marketing flexibility is related with manufacturing system flexibility" – Explain.

15. Describe the competitiveness of flexi systems.

ENERGY AND ENVIRONMENTAL TECHNOLOGY MANAGEMENT

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the significance of energy.

2. What are the various sources of carbon footprint of energy?

3. Write short notes :

   (a) Bio – physical environment and

   (b) Ecological environment.

4. Explain the vertical and horizontal wind turbines.

5. Write short notes :

   (a) Bio mass grinding and

   (b) Bio fuel technology.

6. Write short notes :

   (a) Energy security and

   (b) Energy technology.

7. Briefly explain the energy policy for firms and households.

8. Briefly explain the environment protection act.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Enumerate the major resources of energy.

10. Explain the different types of environment.

11. Explain the various nuclear methods and their requirements and risks.

12. Describe the energy sustainability and realisation facilities.

13. Explain the manufacturing technology and product design to enhance the energy quality and to reduce consumption.

14. What is environment protection? Explain the need and measures of its.

15. Describe the per capital energy consumption trend in India.

DE–7493 **33**

DISTANCE EDUCATION

M.B.A. (TM) DEGREE EXAMINATION, DECEMBER 2013.

STRATEGIC TECHNOLOGY MANAGEMENT

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Define strategy and state its features.

2. What is strategic planning? Why is it necessary?

3. Write a note on value chain analysis.

4. How does economic environment help competitive environment analysis?

5. Explain different levels of strategies.

6. What is BCG matrix? State its limitations.

7. What are the seven factors identified by mckinsey's model?

8. What is the role of skilled leadership in strategy implementation process?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. What is strategic management process? Explain the steps involved in strategic managements process.

10. Write a note on the following:

    (a) Balanced scorecard

    (b) CSF (CRITICAL SUCCESS FACTORS)

    (c) Internal appraisal.

11. Describe with examples how mega environmental factors influence strategic decisions of a business.

12. Discuss different forms of corporate restructuring.

13. Explain and illustrate Hofer's product–market evolution matrix.

14. Enumerate the various steps involved in strategic control process.

15. Elucidate the major aspects of strategy implementated process.

Technology Management

IT FOR TECHNOLOGY MANAGEMENT

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Define IT. State the features of IT.

2. What is meant by software? Explain various types of software.

3. State the meaning of biotechnology and its applications.

4. What is GIS technology? Bring out its applications.

5. Give the meaning of web mapping. What are its applications?

6. Write a note on Robotics.

7. What is Green computing? State the uses of Green computing.

8. Explain the importance of nano-technology.

SECTION B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

9. Write an essay on modern IT accessories.

10. Describe the applications of Bioinformatics in drug recovery process.

11. What are the problems involved in developing spatial analysis methods for GIS? Explain.

12. State the advantages and disadvantages of automation today.

13. Describe various ways in which IT enabled e-governance is helpful for government bodies.

14. Explain the CNC process in IT.

15. Discuss the role of IT in medical field.

BUSINESS LAWS

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Define the term 'Offer'. Explain the features of a valid offer.

2. What is Quasi contract? Explain with the help of two examples.

3. State the difference between Indemnity and Guarantee.

4. What are the rights of an unpaid seller?

5. State the duties of common carriers.

6. Bring out the salient features of a Bill of exchange.

7. Explain different types of fire insurance policies.

8. Explain the features of a joint stock company.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. What is meant by Breach of contract? Explain the remedies for breach of contract.

10. State the rights and duties of bailor.

11. Define the term condition. State how is it different from warranty?

12. What is meant by Material Alteration? State the effects of material alteration.

13. Define 'Insurance'. State the characteristics of an Insurance contract.

14. Is registration of a firm compulsory? State the procedure for registration of a firm. What are the disabilities of non-registration?

15. How is directors of a company appointed? Explain.

TECHNOLOGY POLICY ETHICS AND IPR MANAGEMENT

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. State the impact of science and Technology Policy on Industry.

2. Write a note on Women Scientists programs.

3. Explain the concept of cyber security.

4. In what way Science and Technology is socially responsible? Explain.

5. What do you mean by Artificial Intelligence? State the ethics to be followed in Artificial Intelligence.

6. What are the issues involved in Sociolisation of Technologies?

7. States the importance of power Technology policy.

8. Highlight the purpose of patent cooperation Treaty (PCT).

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. What is the procedure for the Registration of Trademark? State the grounds on which registration may be refused.

10. State the science and Technology policy of India and its impact on society.

11. What are the challenges in power sector in India? How nanotechnology can address these issues?

12. Describe the factors to be considered while commercialising innovations.

13. Discuss the role to be played by science and Technology in solving the problems under the sustainability paradigm.

14. What are the central issues of environmental ethics? Give an account of various actions taken at the international level to address these issues.

15. Define Intellectual property Rights. Enumerates various types of IPR.
