ABOUT THE DEPARTMENT

The Department of Computer Science established in the Academic year 2016 - 2017. The main objective of the department is to produce worldwide competitive, highly skilled, socially responsible Computer Science graduates who can work in highly challenging and dynamic knowledge based industry and pursue higher education. The Department of Computer Science offers Master of Science, Master of Philosophy and Doctor of Philosophy degrees in Computer Science. The Department is comprised of well experienced faculty members with research interests and expertise in thrust areas of Computer Science.

INTERNATIONAL CONFERENCE ON COMPUTATIONAL SCIENCES (ICCS-2019)

In the present day world, Technology and inventions are reaching greater heights in the field of Computer Science and Information Technology. Inventors and researchers strive a lot to implement various Machine Learning Algorithms, Artificial Intelligence Techniques and Big Data in various domains of Computer Science. This International Conference is staged in such a way that it will serve as forum for Teachers, Young Students and Innovative Researchers to have discussions on the latest trends in Computer Science and Technology, exchange of ideas, formulate new techniques and methods for implementing the trending technologies to the Real time applications.

THRUST AREAS OF DISCUSSION

Original and unpublished research papers on the following thrust areas are invited for presentation in the conference, but not limited to.

- Data Mining
- Image Processing
- Big Data Analytics
- Mathematical Modeling
- Evolutionary Computing
- Communication Networks
- Internet of Things
- Computational Biology
- Artificial Intelligence
- Bioinformatics
- Neural Networks
- Statistical Applications
- Information Security
- E – Commerce
- High Performance Computing
- Pervasive and Ubiquitous Computing
- Social Networking
