First Semester

MANAGEMENT CONCEPTS

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What are the major contributions of Henry Fayol?

2. Is management a science or an art? Discuss.

3. What do you mean by Authority and Responsibility?

4. How does structure confluence the working of an organization?

5. What do you mean by scalar chain?

6. Discuss the importance of motivation.

7. What are the barriers to effective communication?

8. What do you mean by standards and budgets? Give the differences.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. "Management contains both elements, those of a science and those of art" – Do you agree?

10. Discuss about the various components of planning and how they are related to each other?

11. Discuss the various leadership styles with suitable illustrations.

12. Explain the role of informal organisation.

13. Explain the various steps in the selection process.

14. How strategic alliances can help the organisation? Explain with examples.

15. Explain the various principles of total quality management.

First Semester

MANAGERIAL ECONOMICS

(Upto 2012 – 13 Academic Year and 2013 Calender Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Indicate the scope of managerial economics.

2. Explain the factors that influence elasticity of demand.

3. Define law of demand. What are the exceptions to the law of demand?

4. Describe the role of fixed and variable cost in the cost structure of production.

5. Analyse the cost output relationship in the short – run.

6. Write down the methods to measure the profits.

7. What are the three stages of laws of production?

8. Explain what is meant by 'Recovery' in depression. State how this could be brought about.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain in detail the role of a managerial economist.

10. What are determinants of demand?

11. Brief the economies and diseconomies of scale.

12. What is price discrimination? What it is possible and profitable?

13. Discuss the tools of cost control.

14. Explain the price and output determination in a perfectly competitive market.

15. What are conceptual difficulties in the measurement of national income?

INTERNATIONAL BUSINESS

(upto 2012–2013 academic year and 2013 calender year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Define the concept of International Business.

2. Explain the various strategies available in MNCs.

3. Point out the Indian Joint venture position in abroad.

4. What are the kinds of collaboration?

5. Write short notes on anti – dumping duties.

6. What is international commercial arbitration? Discuss the importance.

7. Explain NAFTA Regional Agreement.

8. What are the strategies adopted in designing a multinational company?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Give a brief account of economical and political environment of International Business.

10. Describe the international code of conduct for the transfer of technology.

11. Discuss the role of SAARC Association in trading activities.

12. Discuss the kinds of collaborations and joint ventures avail in India.

13. Explain the various functions of WTO.

14. Explain the role of Industrial and trade policy of India for encouraging foreign direct investment.

15. Explain the role and importance of International trade in service sector.

First Semester

INTERNATIONAL BUSINESS ENVIRONMENT

(Upto 2012 – 13 Academic Year and 2013 Calender Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the significance and need of the study of business environment.

2. Explain how language and material culture influences business.

3. Briefly explain the various risk involved in political environment.

4. What is meant by economic system? Outline the general features of distinctive economic systems.

5. Why businesses go international?

6. What challenges the emerging markets face? What are their prospects?

7. Discuss ecological issues in different stages of business.

8. "The success of a business depends on its ability to foresee the environmental changes" - Do you agree?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss different macro environment factors.

10. Define Socio-cultural environment of business. Discuss the interaction between socio-cultural elements and the business.

11. Explain the achievements of UNO since its accomplishment.

12. What are the scope and functions of WTO? Is WTO an improvement over GATT? If so, how?

13. Emerging markets have always enjoyed a reputation for being risky places for investors - Discuss.

14. "The main cause of environmental decline is economic growth" - Do you agree? - Discuss.

15. How does bio diversity contribute to ecological balance?

DISTANCE EDUCATION

M.B.A. (IB) DEGREE EXAMINATION, DECEMBER 2014.

First Semester

QUANTITATIVE METHODS

(Upto 2012–13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the concept of trade off with example.
2. What is meant by sensitivity analysis?
3. What is scientific decision making process? Discuss the role of statistical method for it.
4. Simulation is an aid to decision making – Evaluate.
5. Explain the relevance of marginal cost and total costs.
6. Explain the linear and non-linear function in details.
7. Differentiate between dynamic and linear programming.
8. Does a transportation problem always possesses a feasible solution.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Solve the following LPP using simplex method.

   Maximize $Z = 4x_1 + 3x_2$

   Subject to :

   $$x_1 + x_2 \leq 450$$

   $$2x_1 + x_2 \leq 600$$

   $$x_1, x_2 \geq 0.$$

10. A bag contains 13 balls membered from 1 through 13. Suppose on even number is considered a 'success'. Two balls are drawn, with replacement, from the bag. Find the probability of getting.

    (a) Two successes

    (b) No success

    (c) Exactly one success

    (d) Atleast one success.

11. A confectioner sells confectionery items previous experience indicates the demand per day (in hundred Kilogram) with frequency is given blow.

Daily demand :	0	1	2	3	4	5
No of days :	10	20	40	20	6	4

Consider the following sequence of random numbers.

35 92 68 03 51 05 72 84 98 34

Simulate the demand for the next 10 days. Find out the average weekly demand for the confectionery on the basis of the simulated data.

12. (a) Write down the dual of the following linear programming problem.

    Maximize $Z = 4x_1 + 2x_2$

    Subject to the constraints :

    $-x_1 - x_2 \leq -3$

    $-x_1 + x_2 \leq -2$ and

    $x_1, x_2 > 0$.

    (b) Discuss the application of duality.

13. A candidate is selected for interview of management trainees for three companies. For the first company there are twelve candidates. For the second there are 15 candidates and for the third there are 10 candidates. What are the chances of his getting job at least in one company?

14. How will you measure the level of activity of a system in terms of volume and value?

15. Consider the following (Profit) matrix :

Alternatives	Expected levels of sales (Rs)		
	I	II	III
A	30	20	15
B	40	50	20
C	70	50	5

Solve this using square minimax regret criterion.

Second Semester

FINANCIAL AND MANAGEMENT ACCOUNTING

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the importance of International Accounting Standards.

2. Prepare a Trial Balance with imaginary figures.

3. What are the limitations of financial statements?

4. State the uses of fund flow statement.

5. What is capital rationing?

6. Prepare Trading Account of Archana for the year ending 31.12.09 from the following information.

	Rs.		Rs.
Opening stock	80,000	Purchase returns	10,000
Purchase	8,60,000	Sales returns	3,16,000
Freight inward	52,000	Closing stock	1,00,000
Wages	24,000	Import duty	30,000
Sales	14,40,000		

7. Two kinds of materials, M and N are required for manufacturing a product. Each of the product requires 2 kgs and 3 kgs of M and N. The estimated opening balances as on 1st January 2008 are :

   Finished products 5,000 units

   Raw material M – 6,000 kgs, N – 7,500 kgs

   Estimated sales during 2008 – 25,000 units

   The desirable closing balances as on 31.12.2008

   Finished products – 7,000 units

   Raw material : M – 6,500 kgs N – 8,000 kgs

   From the above particulars draw up a quantitative chart shows materials purchase budget for the year 2008.

8. Given :

   Current Ratio 2.5

   Liquidity Ratio 1.5

   Working capital Rs. 60,000

   Calculate :

   (a) Current liabilities

   (b) Current assets

   (c) Liquid assets

   (d) Stock.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR of the following.

9. Define management accounting. Discuss the scope and functions of management accounting.

10. What are the different methods of discount cash flow?

11. Bring out the managerial uses of cash flow statement and its limitations.

12. Explain the steps in capital budgeting system.

13. In taking out a trial balance, a book keeper finds that debit total exceeds the credit total by Rs. 352. This amount is placed to the credit of a newly opened suspense account. Subsequently the following mistakes were discovered. Give the correcting entries and prepare the suspense account.

    (a) Sales day book was overcast by Rs. 100

    (b) A sale of Rs. 50 to X was wrongly debited to Y

    (c) General received from C. Das was debited to his account, Rs. 150

    (d) While carrying forward the total of one page of the purchase book to the next, the amount of Rs. 1,235 was written as Rs. 1,325.

14. M/S Rakesh and Co. supplies you the following information for the year ending 31st December 1995.

    Credit sales Rs. 1,50,000; Cash sales Rs. 2,50,000; Returns inward Rs. 25,000; Opening stock Rs. 25,000; Closing stock Rs. 35,000.

    Find out :

    (a) Inventory turnover when Gross Profit Ratio is 20%

    (b) Inventory conversion period.

15. Project X initially cost Rs. 25,000. It generates the following net cash flows.

Year	Cash inflows Rs.	Present value of Re. 1 at 10%
1	9,000	.909
2	8,000	.826
3	7,000	.751
4	6,000	.683
5	5,000	.621

The cost of capital of a company is 10%. Suggest whether the project should be accepted or rejected.

INTERNATIONAL ECONOMICS

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the concept of International Economics and its scope.

2. Explain the relevance of Samuelson models to international trade.

3. What is Trade Blocks and explain how is it a protectionist policy?

4. How does the monetary approach of devaluation differ from other approaches?

5. What are the sources of resources for IMF?

6. Explain the major factors that influences the exchange rate of a currency.

7. How can an Indian partnership firm attract foreign investment?

8. What are the recent trends in technology transfer?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Justify as to why countries should engage in international trade.

10. Evaluate the limitations of absolute cost advantage theory overcome by comparative cost advantage theory.

11. "Free Trade is an unmixed blessing"-Comment on the statement.

12. Discuss the types of economic integration achieved by regional trade agreements. Enumerate the functions of any one such agreement.

13. Evaluate the merits and demerits of floating rates in comparison to those of fixed exchange rates.

14. List out the causes for the problems of inadequacy of international liquidity and offer suggestions for improving its position.

15. Evaluate the performance of IMF.
