Health Service Management

HEALTH MANAGEMENT PROCESS AND BEHAVIOUR

(2016 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. What are the social responsibilities of business?

2. Define planning and its importance.

3. Define strategy.

4. Briefly write about 'MBO'.

5. Differentiate between authority and responsibility.

6. Short note on types of communication.

7. Differentiate between effectiveness and efficiency.

8. Define control.

9. Differentiate between creativity and innovation.

10. Bench marking – Comment.

Part B (5 × 5 = 25)

Answer **all** questions.

11. (a) What are the objectives of management?

Or

(b) According to you what are managerial skills a manager should have.

12. (a) Explain the scope of hospital management.

Or

(b) Mention the principles of organising.

13. (a) Write about managerial effectiveness and mention its objectives.

Or

(b) The steps in decision making process.

14. (a) Management of diversity – your views.

Or

(b) Your views on power and politics in an organization.

15. (a) How would you make communication effective?

Or

(b) Write about performance standards and measurement in an organization.

Part C (3 × 10 = 30)

Answer **all** questions.

16. (a) Explain the contribution made by any two authors towards management thought.

Or

(b) Discuss in detail the steps in planning process.

17. (a) Explain the components of attitude.

Or

(b) Explain the elements of learning process.

18. (a) Define policy and explain various types of policies.

Or

(b) Explain Maslow's theory on motivation.

Health Service Management

BASICS OF ACCOUNTING

(2016 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. State the ruler for debiting and crediting?

2. What is a ledger?

3. What is a trial balance?

4. What is inflation accounting?

5. What is cost sheet?

6. What is allocation?

7. What is contribution?

8. What is three column as cash book?

9. What is purchase return?

10. What is carriage inward?

Part B $(5 \times 5 = 25)$

Answer **all** questions.

11. (a) What are the various branches of accounting?

Or

(b) Prepare a bank reconciliation statement from the following data as on 31-12-2016.

(i) Balance as per cash book Rs. 12,500

(ii) Cheques issued but not presented for payment Rs. 900.

(iii) Cheques deposited in bank but not collected Rs. 1,200.

(iv) Bank paid insurance premium Rs. 500.

(v) Direct deposit by a customer Rs. 800.

(vi) Interest on investment collected by bank Rs. 200.

(vii) Bank charges Rs. 100.

12. (a) What are the advantages of ratio analysis?

Or

(b) Calculate the earnings per share from the following data

Net profit before taxes Rs. 1,00,000.

Taxation at 50% of net profit

10% preference share capital (Rs. 10 each) Rs. 1,00,000. Equity share capital (Rs. 10 each) Rs. 1,00,000.

13. (a) What are the differences between cash flow and funds flow.

Or

(b) From the following, calculate cash from operations

Particulars	December 31st	
	2015	2016
Debtors	50,000	47,000
Bills receivable	10,000	12,500
Creditors	20,000	25,000
Bills payable	8,000	6,000
Outstanding expenses	1,000	1,200
Prepaid expenses	800	700
Accured income	600	750
Income received in advance	300	250
Profit made during the year		1,30,000

14. (a) Explain cost sheet and cost centre by giving suitable examples.

Or

(b) Prepare a proforma cost sheet. (Assume the figure by yourself) or answer it as XXX.

15. (a) What are the usefulness of standard costing?

Or

(b) Explain break-even analysis.

Part C (3 × 10 = 30)

Answer **all** questions.

16. (a) Explain various accounting conventions.

Or

(b) Prepare trading, P & L a/c and balance sheet as on 31st December 2016.

	Rs.
Credit balances capital	72,000
Creditors	17,440
Bills payable	5,054
Sales	1,56,364
Loan	24,000
Debit balances	
Debtors	7,770
Salaries	8,000
Discount	2,000
Postage	546
Bad debts	574
Interest	2,590
Insurance	834
Machinery	20,000

Stock (1-1-16)	19,890
Purchases	1,24,184
Wages	8,600
Buildings	47,560
Furniture	32,310

Value of goods on hand on 31-12-16 Rs. 28,600.

17. (a) Calculate the current assets, current liabilities and stock turnover ratio from the following :

Current ratio = 2.5.

Working capital = Rs. 60,000.

Opening stock = Rs. 29,000.

Closing stock = Rs. 31,000.

Sales = Rs. 3,20,000.

Gross profit ratio = 25% on sales

Or

(b) How is marginal costing useful in decision making?

18. (a) Explain application of accounting for human resources.

Or

(b) From the following particulars find B.E.P in units.

Variable cost per unit Rs. 15.

Selling price per unit Rs. 24.

Fixed cost = Rs. 54,000.

What should be the selling price per unit. If the company wants to bring down B.E.P to 9,000 units?

Health Service Management

HEALTH ECONOMICS AND POLICY

(2016 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. Define health market.

2. Write about managerial theory.

3. What is categorization of consumption?

4. Describe demand supply.

5. What is oligopoly?

6. Describe health policy.

7. What is globalization of health?

8. What is national rural health mission?

9. Write about indigenous system.

10. Why do we need health policy?

Part B $(5 \times 5 = 25)$

Answer **all** questions.

11. (a) What is fundamental concepts of Health economics?

Or

(b) Write about the perfect competition with examples in health care sector.

12. (a) Write about the elasticity of demand in health care business.

Or

(b) Explain the details about determination of health.

13. (a) Explain the details about health policy and administration in Indian scenario.

Or

(b) Briefly explain the determinants of demand for supply of health services.

14. (a) Explain National AIDS control programme.

Or

(b) Explain the socio economic factors affecting health policy and economics in India.

15. (a) Discuss the need and the importance of the government role in the health care services to its citizens.

Or

(b) What are the contribution of non government organization towards health in India?

Part C (3 × 10 = 30)

Answer **all** questions.

16. (a) Briefly explain nature and scope of economics in health care in India.

Or

(b) Describe law of demand and utility analysis in hospital.

17. (a) How does competition in health care industry influence value of money in health?

Or

(b) Health is a dynamic concept explain.

18. (a) Critically evaluate the current national policy of health.

Or

(b) What is the trend in private sector expenditure on health care?

HUMAN RESOURCE MANAGEMENT

(2016 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. What is development function?

2. State the social objectives of human resource management.

3. What is human resource inventor?

4. What is the need for transfer of employees?

5. What is job description?

6. What do you understand by performance standards?

7. What is employee morale?

8. Enumerate the types of employee grievances.

9. What is collective bargaining?

10. What is safety training?

Part B $(5 \times 5 = 25)$

Answer **all** questions.

11. (a) State the operative functions of human resource management.

Or

(b) What are the objectives of human resource planning?

12. (a) Describe the characteristics of personnel policies.

Or

(b) State the need for training of employees.

13. (a) What are the factors influencing manpower planning?

Or

(b) What are the different sources of recruitment?

14. (a) What is career education? How does it helps employee development?

Or

(b) What is potential appraisal? Why is it done?

15. (a) What are the various fringe benefits given to employees?

Or

(b) What are the principles of effective compensation plan?

Part C (3 × 10 = 30)

Answer **all** questions.

16. (a) Discuss the scope and applications of human resource management.

Or

(b) What do you mean by human resource information system? What are its components and objectives?

17. (a) Discuss the various stages of selection process.

Or

(b) What is employee motivation? As a human resource manager how would you motivate your empolyees?

18. (a) Briefly explain the health measures provided by the organization to its employees.

Or

(b) Describe the performance appraisal process.

HEALTH MANAGEMENT INFORMATION SYSTEM

(2016 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. Define MIS.

2. What is Data mining?

3. What are Indicators?

4. What is Data warehousing?

5. What is e-business?

6. Briefly explain ERP.

7. What is Cloud computing?

8. Mention few interface controls.

9. What is the difference between data and information?

10. What is Knowledge information system?

Part B (5 × 5 = 25)

Answer **all** questions.

11. (a) Explain the concept of MIS in hospital setting.

Or

(b) Explain Database Management system.

12. (a) Explain the application of MIS in hospital records.

Or

(b) Discuss functional information system.

13. (a) Explain Data warehousing.

Or

(b) What are the various computer based tools for collecting information for decision making?

14. (a) Explain the various areas of application of MIS in an hospital.

Or

(b) Explain the applications of E-business in health care industry.

15. (a) What are the ethical issues in information management?

Or

(b) Discuss the advantages of SPSS compared to Excel.

Part C (3 × 10 = 30)

Answer **all** questions.

16. (a) How will you develop indicators?

Or

(b) How will you monitor performance in health care industry through MIS?

17. (a) Explain the application of MIS in stores in an hospital.

Or

(b) Explain interface and reporting.

18. (a) Discuss the e-governance measures undertaken in a hospital.

Or

(b) What are the hidden costs and benefits of implementing an ERP system?

Health Service Management

CORPORATE FINANCE AND MANAGEMENT ACCOUNTING

(2016 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. What is time value of money?

2. What do you mean by single asset?

3. What is average rate of return?

4. What is dividend?

5. Define working capital.

6. What is inventory management?

7. What is derivative?

8. What is operating leverage?

9. What is bonus share?

10. What is net present value?

Part B (5 × 5 = 25)

Answer **all** questions.

11. (a) "Liquidity and profitability and competing goals of financial management". Comment.

Or

(b) Calculate the maturity value of an annuity if Rs. 20,000 is paid annually for seven years at 12% compounded annually.

12. (a) What are the advantages and disadvantages of net present value method?

Or

(b) From the following details. Calculate pay back period cost of the project : Rs. 32,000. Scrap value : Rs. 3,200. Estimated savings – I Years – 4,000, II year Rs. 6,000, III year Rs. 10,000, IV years Rs. 10,000 V year Rs.8,000.

13. (a) How is cost of capital is used in valuation?

Or

(b) What are the factor that affect working capital?

14. (a) Find out the operating leverage from the following data :

	Rs.		
EBIT (2015)	40,000	Sales (2015)	20000 units
EBIT (2016)	50,000	Sales (2016)	28000 units

Or

(b) Explain the difference between hire purchase and leasing.

15. (a) What are the advantages and disadvantages of debentures of a source of finance?

Or

(b) What are the various source of finance for working capital?

Part C (3 × 10 = 30)

Answer **all** questions.

16. (a) Explain in detail time value of money.

Or

(b) How will you do risk analysis in capital budgeting?

17. (a) A choice is to be made between two competing projects which require an equal investment of Rs.50,000 and are expected to generate net cash flow as under.

End of the year	Project I	Project II
1	25,000	10,000
2	15,000	12,000
3	10,000	18,000
4	Nil	25,000
5	12,000	8,000
6	6,000	4,000

The cost of capital is 10% using discounted cash flow method, recommend which proposal is to be preferred.

Or

(b) Explain the procedure for inventory management and its advantages.

18. (a) What are the usefulness and limitation of financial statements?

Or

(b) What are the various sources of long term finance?

M.B.A. DEGREE EXAMINATION, NOVEMBER 2017

Health Service Management

RESEARCH METHODOLOGY AND STATISTICS

(2016 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. Write down any two objectives of research.

2. Write a short notes on design of the research project.

3. Briefly explain primary data.

4. Define sampling design.

5. Define null and alternate hypothesis.

6. Define Type I error and Type II error.

7. Find the median if mean is 32.5 and mode is 33.8

8. Define quartile deviation and coefficient of quartile deviation.

9. From a set of 17 cards numbered 1,2,3,....,17 one is drawn at random. Find the probability that its number is divisible by 3 or 7.

10. Define positive and negative correlation.

Part B (5 × 5 = 25)

Answer **all** questions.

11. (a) Briefly explain the difference between research methods and research methodology.

Or

(b) Write down the criteria's for a good research.

12. (a) Explain the ways in which a survey data can be collected.

Or

(b) What are the various qualities of a good test?

13. (a) Find the mean, median and mode for the following

Profits per shop :	0-10	10-20	20-30	30-40	40-50	50-60
No. of shops :	12	18	27	20	17	6

Or

(b) Calculate the quartile deviation for the following

Wages :	0-10	10-20	20-30	30-40	40-50	50-60	60-70
No. of workers :	12	28	50	66	18	16	10

14. (a) What should be the size of the sample from a set of 200 accounts if the standard deviation of default as per past experience was 2.6 when a 95% confidence is desired and sample mean should not differ by more than half from the population mean?

Or

(b) The null hypothesis is that 20% of the passengers go in first class, but management recognizes the possibility that this percentage could be more or less. A random sample of 100 passengers include 70 passengers holding first class tickets. Can the null hypothesis be rejected at 10% level of significance?

15. (a) What points will you keep in mind while preparing a research report? Explain.

Or

(b) Briefly explain various components of a research report.

Part C (3 × 10 = 30)

Answer **all** questions.

16. (a) Write short notes on the following scales for measuring attitudes of people

(i) Arbitrary scales

(ii) Differential scales

(iii) Summated scales

Or

(b) (i) Write down the criterias for selecting sampling procedure.

(ii) Write down the characteristics of a good sample design.

17. (a) Find the coefficient of skewness based on quartiles and standard deviation for the following data

Wages :	0-10	10-20	20-30	30-40	40-50	50-60	60-70	70-80
No.of workers :	12	16	26	38	22	15	7	4

Or

(b) Calculate the correlation coefficient from the following data marks obtained in commerce (X) and Economics (Y).

X : 50, 60, 58, 47, 49, 33, 65, 43

Y : 48, 65, 50, 48, 55, 58, 63, 48

18. (a) Sample sales in Similar shops in two towns are taken for a new product with following results :

Town	Mean sales	Variance	Size of sample
A	57	5.3	5
B	61	4.8	7

Is there any evidence of difference in sales in the two towns? (Use 5% level of significance).

Or

(b) A die is thrown 132 times with the following results :

No. turned up :	1	2	3	4	5	6
Frequency :	16	20	25	14	29	28

Test the hypothesis that the die is unbiased.

MATERIALS MANAGEMENT

(2016 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. What are the functions of material management?

2. What is buying centre?

3. What are the equipments available for material handling?

4. What are the objectives of store audit?

5. Name the different materials used for packaging.

6. Why packaging is important?

7. List the advantages of IT in Material Management.

8. What is JIT?

9. What do you understand by value analysis?

10. What is FIFO?

Part B $(5 \times 5 = 25)$

Answer **all** questions.

11. (a) How much contribution to total production cost is made by material?

Or

(b) Explain the problems in hospitals of material management.

12. (a) Discuss the various principles of purchasing.

Or

(b) Explain the procedures of purchasing.

13. (a) Write short note on equipment utilization.

Or

(b) How do you import equipments?

14. (a) Explain the inspection of materials.

Or

(b) Write short note on condemnation.

15. (a) Explain the various types of packaging.

Or

(b) Write short note on waste management.

Part C (3 × 10 = 30)

Answer **all** questions.

16. (a) Explain briefly about material management.

Or

(b) Describe the functions of materials manager.

17. (a) Discuss in detail about planning consideration of stores.

Or

(b) Explain in detail about distribution of materials.

18. (a) Discuss the objectives and elements of purchasing.

Or

(b) Describe in detail about purchasing cycle.

M.B.A. DEGREE EXAMINATION, NOVEMBER 2017

Health Service Management

OPERATIONS RESEARCH

(2016 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. Define operations research.

2. List the application of operation research in health care industry.

3. State the uses of linear programing problem (LPP).

4. How primal and dual relationship is significant in LPP?

5. What do you mean degeneracy in transportation problem?

6. Why assignment model is important in manufacturing industry?

7. Differentiate PERT and CPM.

8. Describe the queuing system.

9. State the situations and its significance of decision making in business.

10. Define simulamon.

Part B $(5 \times 5 = 25)$

Answer **all** questions.

11. (a) Explain the procedure for solving LPP using graphical method.

Or

(b) A firm makes two components x and y the firm sellc the products x and y for Rs. 50/unit and Rs. 70/unit respectively. The material cost and labour cost for a component x is Rs. 25/unit and for y is Rs. 35/unit The components x and y is demanding 5 min/unit and 7 min/unit. The firm is available for 8 hrs/day. The company has the cash balance of Rs. 10,000 to pay for labour and material cost formulate this problem as LPP in order to maximize profit.

12. (a) Explain the procedure for getting optimal solution by U-V method in transportabour model.

Or

(b) Solve the following transportation problem using (i) least cost method (ii) VAN method.

		Market				Supply
		I	II	III	IV	
Plant	A	4	1	3	4	20
	B	2	3	2	2	40
	C	3	5	2	4	60
	Demand	15	25	45	35	

13. (a) Find the minimum processing time and also the assignment of jobs to the workers

		Workers			
		I	II	III	IV
Jobs	A	4	6	11	10
	B	8	10	6	12
	C	10	11	8	7
	D	9	12	10	6
	E	10	11	12	6

Or

(b) Find the critical path for the following project and the hotel project completion time

Activity	A	B	C	D	E	F	G	H
Predecessor	–	–	–	A	B	C	D,E	B,F,G
Time in days	2	4	3	1	6	5	7	2

14. (a) Explain the queuing system and any one model in queuing.

Or

(b) The road transport company has a reservation officer, handles the schedule of vehicles. Customer arrives at a rate of 8 per hour and the officer taken 12 min to service each condoner. Assival and service are following exponential distribution find out

(i) Average no customer waiting in queue for service.

(ii) Average waiting time of the customer in system.

(iii) Perobability of arriving customer has to wait.

15. (a) Explain the model in decision making under uncertainty.

Or

(b) A shop keeper purchases cakes. Pervious experience indicate that the daily demand is given below.

Daily demand :	0	10	20	30	40	50
Probability :	0.01	0.2	0.15	0.5	0.12	0.02

Consider the following sequence of random nos.

48, 78, 19, 51, 62, 77, 15, 14, 68, 09

Simulate the demand for next 10 days. Calculate the are unity Simulated data.

Part C (3 × 10 = 30)

Answer **all** questions.

16. (a) Solve the following LPP using simplex method.

Max $Z = 2x_4 - x_2 + x_3$

Subject to

$$3x_1 + x_2 + x_3 \leq 60$$
$$x_1 - x_2 + 2x_3 \leq 10$$
$$x_1 + x_2 - x_3 \leq 20$$
$$x_1, x_2, x_3 \geq 0$$

Or

(b) A firm manufacture two products A and B on stock the profits earned per unit are Rs. 3 and Rs. 4 respectrely. Tach product is processed on two machius M_1 and M_2. Product A requires one minute of pro every on M_1 and two minutes on M_2 while B requires on mutation M_1 and one minute on M_2. M_1 is available for one hour and w_2 is available for 2 hrs formulate this pronum as LPP and solve it using graphical method.

17. (a) An oil refinery company has three prodn points and for depots. The transportation cost per ton is given below. Find the optimal allocation of production to the different deposits using transportation models.

Depots

		I	II	III	IV	V	Capacity
	A	5	8	6	6	3	900
Prodn plan	B	4	7	7	6	5	800
	C	8	4	6	6	4	1000
	Demand	400	500	400	600	800	

Or

(b) Solve the following travelling sale man problem.

To

		A	B	C	D	E
From	A	–	4	7	3	4
	B	4	–	6	3	4
	C	7	6	–	7	5
	D	3	3	7	–	7
	E	4	4	5	7	

18. (a) Find the critical path and total following each Activity

Activity	A	B	C	D	E	F	G	H	I	J
Predecessor	–	–	A	B	C,D	C,D	E	E	F,G	H,I
Duration	4	6	9	7	5	4	3	6	9	4

Or

(b) A Project related to publication of book is listed on follows

Activity	Immediate Predecessor	t_o	t_p	t_m
A	–	4	10	8
B	A	2	2	2
C	–	1	3	2
D	C	4	12	6
E	B,D	3	5	4
F	E	3	3	3
G	B,D	3	5	4
H	G	4	9	6
I	F,H	6	16	8

(i) Draw network

(ii) Find the critical path

(iii) Calculate the prob that the project will be completed in 32 weeks.

M.B.A. DEGREE EXAMINATION, NOVEMBER 2017

Health Service Management

COUNSELLING

(2016 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. Brief on Yestalt therapy.

2. Difference between Active and Passive listening.

3. Define conflict.

4. What are the communication barriers?

5. Write on stress and stressors.

6. Difference between constructive and destructive conflict.

7. Counselling Setting – Explain.

8. Write the importance of listening skills will counselling the terminally ill.

9. Explain counsellor – counselle relationship.

10. Write on the process of listening.

Part B (5 × 5 = 25)

Answer **all** questions.

11. (a) What should be the qualities of a good counsellor?

Or

(b) Write in detail about ethics in counselling.

12. (a) Elaborate on group therapy.

Or

(b) Write on listening, it's stages, types and importance of listening skills.

13. (a) What are the challenges faced by a counsellor during counselling?

Or

(b) Transactional analysis – Elaborate.

14. (a) Write about the need for counselling.

Or

(b) Brief on marital counselling and it's importance.

15. (a) Brief on the process of history taking.

Or

(b) Write on how to develop case histories.

Part C (3 × 10 = 30)

Answer **all** questions.

16. (a) What is meant by communication? Brief on its barriers and importance of communication skills during counselling.

Or

(b) Write a detailed note on Egan's developmental model of helping and interpersonal relating.

17. (a) How will you counsel a person who is HIV positive and what should be the qualities of a counsellor handling HIV positive cases?

Or

(b) Write in detail about the process of interviewing – it's characteristics, types and techniques.

18. (a) Write the counselling techniques involved in counselling the terminally ill.

Or

(b) What is meant by conflict? Brief on how to handle a conflict at an organizational level.

LAW RELATING TO HOSPITAL MANAGEMENT

(2016 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. List down the significance of Minimum Wages Act.

2. What do you know about Law of Torts?

3. What is implied consent?

4. (a) What is Exhumation?

   (b) What do you mean by IMC?

5. 'Consumer' as defined by Consumer Protection Act.

6. What is COPRA?

7. Define Insurance. Who is TPA and their role in Health Insurance?

8. Define Ethics.

9. What do you mean by INC? What is its Objective?

10. Write about (a) Retrenchment and (b) Lay off.

Part B $(5 \times 5 = 25)$

Answer **all** questions.

11. (a) Bring out the salient features of Industrial Dispute Act mentioning the authorities appointed under the act to solve disputes.

Or

(b) What are considered as unethical acts of physicians listed under code of Ethics Regulation 2002 notified by Medical Council of India?

12. (a) What is deficiency in Service? Can a medical practitioner be held responsible for deficiency in service? Explain with Case Law.

Or

(b) Define Negligence. Write short notes on contributory negligence and vicarious liability.

13. (a) Write short notes on Birth and Death Registration Act.

Or

(b) Explain Maternity Benefits Act and bring out its salient features.

14. (a) Discuss in detail Dying Declaration.

Or

(b) Discuss in detail about Autopsy and its types.

15. (a) Enumerate the Characteristics of Pharmacy Act 1948.

Or

(b) Bring out the salient features of the Drugs and Cosmetics Act 1940.

Part C (3 × 10 = 30)

Answer **all** questions.

16. (a) Write in detail the Object, scope, Schemes under the Acts, duties of employer and employee, their contributions and other salient features of

(i) Provident Fund Act and (ii) Employee State Insurance Act.

Or

(b) What are the rights of patients and discuss the Patients' bill of rights.

17. (a) Write brief notes (i) The Legal responsibilities of a Hospital (ii) Laws applicable to Health Care Industry.

Or

(b) Write in briefly about the laws relating to (i) Organ Donation (ii) Artificial Insemination (iii) surrogacy.

18. (a) Explain in detail about Infant Milk Substitutes Act.

Or

(b) Write short notes on (i) Payment of Bonus Act (ii) Tobacco Control Act (iii) Consumer Protection Act and (iv) Medical Termination of Pregnancy Act.

OPERATIONS MANAGEMENT – II

(2016 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. What is recommended dietary allowance?

2. What is terminal disinfection?

3. What are the various blood groups?

4. Define infection control?

5. Describe LAN?

6. Define FIFO method?

7. Write any two dietary opinion for diabetic patients?

8. Duties of special nurse?

9. What is elemental diet?

10. Table manners in F+B?

Part B (5 × 5 = 25)

Answer **all** questions.

11. (a) What are the steps involved in organising a blood donation camp?

Or

(b) Describe the responsibilities of a nursing supervisor?

12. (a) Brief about the role of IT department in networking?

Or

(b) Discuss in detail about the zones of operation Theatre?

13. (a) Highlight the importance of food and beverage department as a means to patient satisfaction?

Or

(b) Importance of Naturality in a hospital?

14. (a) What are the steps Involved in organising a blood donation camp?

Or

(b) Nursing procedures for admission of patients in a ward?

15. (a) Coordination between food and beverage dept and dietary department?

Or

(b) Storage procedure followed in blood bank?

Part C (3 × 10 = 30)

Answer **all** questions.

16. (a) Write about :

(i) Audit?

(ii) Tendering?

(iii) Negotiations?

(iv) Cost control?

Or

(b) Explain in brief about inventory control techniques?

17. (a) Objectives of diet councelling?

Or

(b) Different types of hospital diets and Explain clear liquid diet?

18. (a) Explain administrative procedure followed by OT manager in Operation Thatre?

Or

(b) Highlight the importance of grooming and personal hygiene among the food beverage staff?

HOSPITAL PLANNING AND DESIGN

(2016 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. Describe SWOT analysis?.

2. Describe level of survey?

3. Two laws applicable to the hospital.

4. What is demand and supply?

5. Define scientific planning.

6. What are the criteria to see while purchasing medical equipments?

7. Importance of HIS?

8. Define market segmentation.

9. Define hospital.

10. What is Break down period?

Part B (5 × 5 = 25)

Answer **all** questions.

11. (a) Write about a brief note on hospital interior designing.

Or

(b) Role of hospital planning team in a hospital set up?

12. (a) Brief the various municipal laws applicable for construction of a new hospital?

Or

(b) Write about hospital budgeting.

13. (a) List and detail the departments available in the ambulatory zone of hospital.

Or

(b) Brief the principles of hospital design for modification and expansion in a hospital.

14. (a) List and brief about the utility services.

Or

(b) Mention the guiding principles in planning hospital facilities and services.

15. (a) List and brief about the architectural plan for multi specialty hospital?

Or

(b) Write brief notes on operational and function plan in a hospital set up.

Part C (3 × 10 = 30)

Answer **all** questions.

16. (a) Steps taken to create healing environment in a hospital.

Or

(b) Write brief note on hospital interior designing.

17. (a) Write short note on :

(i) Tertiary Care

(ii) Secondary Care

Or

(b) Write patient flow process for 100 bedded hospital.

18. (a) Flow chart of hospital services areas. Explain in detail.

Or

(b) Describe principles and methodology of hospital design.
