The Department comprises experienced and innovative faculty members with expertise in Aquatic Biotechnology, Molecular Biology, Aquatic Animal Disease control and prevention, Nano-Biotechnology, Cancer Biology, rDNA Technology and Vermitechnology. The department has conducted entrepreneurship training programme for students

ABOUT THE CONFERENCE (MP-TEM 2019)

2nd International Conference on Molecular Physiology, Therapeutics and Experimental Medicine (MP-TEM 2019) will bring jointly the foremost scientists and Research scholars in the area of Molecular Physiology to discuss the current issues and challenges, concerns and strategies in this area, promote association and information share the new findings. It is a great opportunity to develop their own research, and communicate with other physiologists. MP-TEM 2019 aims to produce a modern, progressive and friendly environment for unrestrained scientific exchange. We are proposing the determined and unique program which will feature a broad range of themes in Molecular physiology.

THRUST AREAS

- Molecular Physiology
- Molecular Therapeutics
- Immunology
- Genetics
- Biochemistry
- Microbiology
- Neurophysiology
- Animal Biotechnology
- Pharmacology
- Experimental Medicine
- Bioinformatics
- Antimicrobial Drug Design
- Bioactive Compounds
- Nanotechnology
- Bioremediation

This Conference is open to Faculties, Research Scholars and students of Science and Engineering Institutions, faculty members from the Colleges, Universities, Institutes and Industries.
