PRINCIPLES OF HOSPITAL MANAGEMENT

(Upto 2012 – 2013 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the steps involved in hospital planning process.

2. Discuss the concept called "Core Competence" with its applications.

3. Explain the role of supervision and its challenges with suitable examples.

4. Describe the importance of motivation to the employees of hospitals.

5. Discuss the different types of communications with apt illustrations.

6. Enumerate the concept called Business Process Outsourcing and its applications in a hospital.

7. Discuss about the concept called Departmentation and its scope in hospitals.

8. Explain the methods to overcome the barriers of communication with apt illustrations.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Define Hospital Management. Explain its scope, importance and process in detail.

10. Discuss the hospital organization structure of your choice and explain its Core Competence.

11. Discuss about the different styles of leadership and its impact on management with its merits and limitations.

12. Explain the following theories of motivation and its application in a hospital management:

    (a) Abraham Maslow Theory of Motivation

    (b) ERG Theory of Motivation

    (c) Herzberg Theory of Motivation.

13. Detail the principles of effective communication in a hospital organization.

14. Explain the meaning, importance and applications of Supply Chain Management (SCM) in hospital management with suitable illustrations.

15. Analyse the role of MBO in Hospital management. How effectively it can be used to bring better productivity and synergy? Explain.

HEALTH ECONOMICS

(Upto 2012–13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Enumerate the fundamental principles of health care system in India with examples.

2. With illustrations, differentiate the role of free market health care and government sponsored health care in India.

3. Explain various policy tools adopted to regulate the competition of private health care institutions in India. Give examples.

4. Describe various forms of elasticity in healthcare with examples.

5. Elucidate the internal and external factors constituting economic analysis of health care products. Give examples.

6. Illustrate a system model to describe cost benefit analysis of various health care products designed for BPL families in Tamil Nadu.

7. Discuss the role of both Central and State governments in regulating free market health care in India. Give adequate examples.

8. Explain with illustrations, the principles of regulated pricing and promotion of health care products in India.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. 'Developing and implementing healthcare policy framework is a very complex issue in India' – Bring out your arguments on this statement with the support of adequate illustrations.

10. (a) Explain the economic factors related to health care.

    (b) Elucidate the role of Central government in reducing the scarcity in health care in India. Give examples.

11. Critically examine the specific techniques designed and developed to control the public health care system in India. Give examples.

12. With illustrations explain the yardsticks adopted to measure various forms of elasticity of demand and supply of health care.

13. "Pricing, Production and Distribution of health care products in India is a very critical issue considering that the per-capita income of the majority of the population is below average" – Critically examine this statement illustrations.

14. Evaluate the role of state governments in distributing public health care schemes cost effectively in India.

15. Discuss how the monetary and fiscal policies of the government influence the management of health care in India.

HOSPITAL PLANNING AND DESIGNING

(Upto 2012 – 2013 Academic year and 2013 Calender year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Discuss the role of hospitals in the society.

2. Brief about regionalization and its importance in hospital planning.

3. Highlight the need and significance of hospital drawings and documents.

4. How different zones are planned and designed in a hospital building?

5. Demonstrate the requirements of a transport services in a hospital.

6. Detail the mechanical and electrical standards of hospital.

7. Explain the process of bed planning using examples.

8. Enumerate the different communication facilities required for a multi-speciality hospital.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Explain, using suitable examples, the challenges and issues involved in hospital administration.

10. Discuss the factors influencing construction and commissioning of hospital planning with apt illustrations.

11. Enumerate the space requirements and allocation of resources in hospital design.

12. Explain, using examples, the resource requirements for diagnostic and critical zone in a hospital.

13. List down the ancillary services needed for a hospital? How does a hospital administer it?

14. Detail the significance in setting up and implementing standards in hospitals.

15. Explain, using suitable examples, the role of hospital architect in establishing a multi-speciality hospital.

ORGANIZATIONAL BEHAVIOUR

(Upto 2012 – 2013 Academic year and 2013 Calender year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the concept and nature of organizational Behaviour? Also discuss its determinants.

2. Explain any two motivation theories with its merits and demerits.

3. Discuss the process of effective communication with suitable corporate examples.

4. Explain the different types of power? Give examples.

5. What do you mean by organizational design? How is it established?

6. Why change management is vital in global business environment? Illustrate.

7. Explain the personality traits that shape the behaviour of individuals.

8. What challenges will be faced by organizations in future? Discuss the impact of these challenges on the structural design of organizations.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the elements and need for organizational Behaviour in the Global Context.

10. Examine the various theories of learning and their relevance in the Multinational Companies.

11. Highlight the most common barriers for communication? How does an organization overcome barriers?

12. "Modern organizations are key place for politics to thrive" – Justify.

13. Explain how an organization culture is established? Why is it important?

14. Explain the major characteristics in successful implementation of change in organization? Give business examples.

15. Explain, using suitable examples, the factors affecting perception and the causes for perceptual distortion.

Second Semester

ACCOUNTING AND FINANCIAL MANAGEMENT

(Upto 2012–13 Academic year and 2013 calender year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What is Financial Management? State its significance.

2. What is Capital Market? Explain in detail.

3. Discuss Break Even Analysis with illustration.

4. Differentiate between P and L a/c and Income and Expenditure a/c?

5. Differentiate between Balance Sheet and Trial Balance.

6. What is cost Accounts? State its elements and uses of cost accounts.

7. What are cash discounts and trade discounts? Why these discounts are allowed state the reasons adequately.

8. Explain in detail about capital budget. State their importance in financial management.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. The financial manager of a company has to advise the board of Directors on choosing between two compelling project proposals which require an equal investment of Rs. 1,00,000 and are expected to generate cash flows as under

	Project I (Rs.)	Project II (Rs.)
End of year 1	48,000	20,000
2	32,000	24,000
3	20,000	36,000
4	Nil	48,000
5	24,000	16,000
6	12,000	8,000

Which project proposal should be recommended and why? Assume the cost of capital to be 10% p.a. The following are the present value factors at 10% p.a.

Year :	1	2	3	4	5	6
Factor :	0.909	0.826	0.751	0.683	0.621	0.564

10. From the following Trial Balance extracted from the books of Kamalnath. Prepare trading, profit and loss accounts and balance sheet for the year ending 31st December 1996.

Debit Balance	Amount	Credit Balance	Amount
Cash at bank	2,610	Creditors	4,700
Book debts	11,070	Discounts	150
Salaries	4,950	Creditors for expenses	400

Debit Balance	Amount	Credit Balance	Amount
Carriage inward	1,450	Return outwards	2,520
Carriage outward	1,590	Sales	80,410
Bad debts	1,310	Capital	40,000
Office expenses	5,100		
Purchases	67,350		
Return inwards	1,590		
Furniture and fixtures	1,500		
Stock	14,360		
Insurance	3,300		
Depreciation on property	1,200		
Freehold property	10,800		
	1,28,180		1,28,180

Adjustments :

(a) Make provision for doubtful debts at 5%

(b) Calculate discounts on creditors at 2%

(c) Office expenses including stationary purchased Rs. 800

(d) Carriage inward includes carriage paid on furniture purchase Rs. 50

(e) Outstanding salaries Rs. 150

(f) Prepaid insurance Rs. 300

(g) Stock on hand Rs. 10,700 (including stationary stock Rs. 200).

11. The following is the receipts and payments account of Kandan recreation club for the year ended 31st March 2002.

Receipts		Amount	Payments	Amount
To Balance b/d		7,000	By Salaries	28,000
To Subscription			By General expenses	6,000
2000–2001	5,000			
2001–2002	20,000			
2002–2002	4,000	29,000		
To Rent use of conference room		14,000	By Electricity	4,000
To receipts from entertainment		28,000	By books purchased	10,000
To sale of old magazines		2,000	By periodical purchased	8,000
			Loan repaid	20,000
			By balance c/d	4,000
		80,000		80,000

Additional data :

(a) The club has 50 members each paying Rs. 500 PA as subscription

(b) Subscription outstanding on 31-03-2002 Rs. 6,000

(c) Salaries outstanding Rs. 2,000. Salaries paid include Rs. 6,000 for 2000-01

(d) On 1-4-2001 the club properties were : Building Rs. 2,00,000 Furniture and fittings Rs. 20,000 and books Rs. 20,000

(e) Provide 10% depreciation on building and furniture.

Prepare income and expenditure account for the year ending 31-03-2002 and balance sheet on that date.

12. Two business units X Ltd and Y Ltd sell the same type of product in the same type of market. Their budgeted profit and loss accounts for the coming year are as follows :

Particulars	X Ltd	Y Ltd
Sales	1,50,000	1,50,000
Less		
Variable	1,20,000	1,00,000
Costs		
Fixed cost	15,000	35,000
Profit	15,000	15,000

You are required to

(a) Calculate the breakeven point of each business

(b) Calculate the sales volume at which the business will earn Rs. 5,000 profit.

(c) State which business is likely to earn greater profits to conditions of

(i) Heavy demand for the product

(ii) Low demand for the product.

13. Given below is the summarized balance sheet and profit and loss a/c of Rajalaxmi Sugar Mills Ltd., as on 31-12-1997. You are required to calculate.

(a) Current ratio

(b) Quick ratio

(c) Fixed assets ratio

(d) Debt equity ratio

(e) Proprietary ratio

(f) Stock turnover ratio

(g) Fixed assets turnover ratio

(h) Return on capital employed

(i) Debtors turnover ratio

(j) Creditors turnover ratio

(k) Net profit ratio

(l) Operating ratio.

Balance sheet as on 31.12.1997.

Liabilities	Rs.	Assets	Rs.
Issued capital :			
40,000 shares of Rs. 100 each	40,00,000	Land and building	30,00,000
Reserves	18,00,000	Plant and machinery	16,00,000
Creditors	26,00,000	Stock	29,60,000
Profit and Loss a/c	6,00,000	Debtors	14,20,000
6% debtors	6,00,000	Cash at bank	6,20,000
	96,00,000		96,00,000

Profit and Loss a/c

	Rs.		Rs.
To opening stock	19,90,000	By Sales	1,70,00,000
To purchases	1,09,05,000	By closing stock	29,80,000
To direct expenses	2,85,000		
To Gross profit c/d	68,00,000		
	1,99,80,000		1,99,80,000
To administrative expenses	30,00,000	By Gross profit b/d	68,00,000
To Selling and distribution exp	6,00,000	By non operating income	1,80,000
To financial expenses	3,00,000		
To other non–operating exp	80,000		
To net profit	30,00,000		
	69,80,000		69,80,000

14. How do you justify recording of all possible losses but not of possible gains?

15. Discuss the steps in the appraisal of Finance Management.

MANAGEMENT INFORMATION SYSTEMS

(Upto 2012-2013 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Discuss the following design techniques :

   (a) Logical design

   (b) Physical design

2. Explain the various elements of MIS.

3. Discuss the pre-requisites of an effective MIS.

4. Discuss the impact of expert system on MIS.

5. Describe the relationship between the MIS and information resource management.

6. Illustrate the applications of video conferencing in an organization.

7. List out the application of electronic data interachange.

8. Write a note on value added network.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. How do you collect the required information from the people at various levels in an organization for developing a system? Discuss in detail.

10. Illustrate the structure of an MIS in an organization.

11. Describe the importance and role of decision support system, in an organization, to the decision makers.

12. Discuss the recent developments in information technology and its impact on MIS.

13. Discuss the advantages and disadvantages of the internet, electronic mail and interactive video on decision making process in an organization.

14. (a) How does EDI solves the problems with traditional information interchange?

    (b) Discuss the EDI standards and features in detail.

15. Describe the major legal and ethical issues of e-commerce.

OPERATIONS RESEARCH

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Brief about the assumptions of operation research.

2. Maximize $Z = 4x_1 + 3x_2$

   Subject to the constraints

   $3x_1 + 4x_2 \geq 20$

   $-x_1 - 5x_2 \leq -15$

   $x_1, x_2 \geq 0$

3. State the significance of linear programming model.

4. Explain m/m/c model of queuing theory.

5. Solve the following transportation problem with North West corner method.

	Warehouses				
Plant	A	B	C	D	Available
1	25	17	25	14	300
2	15	10	18	24	500
3	16	20	8	13	600
	300	300	500	500	

6. Write down the applications of Simulation.

7. Explain the general structure of queuing system.

8. Brief about PERT and CPM.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Solve the following problem using graphical method.

Max $Z = 15x_1 + 10x_2$

Subject to the constraints :

$4x_1 + 6x_2 \leq 360$

$3x_1 \leq 180$

$5x_2 \leq 200$

$x_1, x_2 \geq 0$

10. Solve the following transportation using all methods.

	P	Q	R	S	
1	3	1	7	4	300
2	2	6	5	9	400
3	8	3	3	2	500
	250	350	400	200	

11. Solve the assignment problem

Machines

		M_1	M_2	M_3	M_4	M_5
	J_1	10	12	15	12	8
	J_2	7	16	14	14	11
Jobs	J_3	13	14	7	9	9
	J_4	12	10	11	13	10
	J_5	8	13	15	11	15

12. Explain the various steps to solve Simplex method for boundary values.

13. Find the critical path of the following project.

Activity :	A	B	C	D	E	F	G	H
Predecessor :	–	A	B	B, C	C	D	E	F, G
Duration (in days) :	–	12	8	6	4	12	10	14

14. What are the advantages and limitations of simulation?

15. Describe about the arrival and departure mechanisms of queuing model.

Third Semester

MARKETING OF HOSPITAL SERVICES

(Upto 2012-13 academic year and 2013 calendar year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the service mission statement.

2. Describe the role of service product mix.

3. What are the factors influencing pricing in Hospital services? Explain.

4. Explain

   (a) Sales promotion

   (b) Personal selling.

5. What is internal marketing? And also explain its processes.

6. Explain the need for physical evidence in hospital services.

7. Explain the role of Branding in hospital services.

8. Describe the Franchise in hospital services.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. What is services mix? What are its elements and also explain their relation to hospital marketing.

10. How do you develop new services? Explain the stages.

11. Explain the following in detail

    (a) Medical camps

    (b) Suburban centers and

    (c) Rural centers management in pricing of hospital services.

12. What is promotion? And also explain promotional strategies in Hospital services.

13. Explain customer relationship marketing and its process.

14. Describe the physical facilities and equipments in hospital services.

15. Explain the relevance of logistics management in hospital services.

QUALITY MANAGEMENT IN HOSPITALS

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. List out the quality terminologies.

2. Explain the elements of quality management.

3. Describe the characteristics of ISO 9000.

4. Explain the methods of quality assurance methods.

5. Give short note on quality auditing.

6. How will you evaluate hospital performance?

7. Write a note on 'Benchmarking'.

8. How will you analyse the training needs for quality?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Explain the process of Total Quality Management.

10. Describe the Evaluation and benefits of ISO 9000.

11. Explain the steps involved in quality assurance. Process.

12. Write an essay on 'Quality Circles'.

13. Explain the methods of Evaluation of hospital performance.

14. Write a note on :

    (a) Fish bone technique

    (b) Quality policies

    (c) Process Reengineering.

15. Draft a training plan for your hospital employees.

HOSPITAL HAZARDS MANAGEMENT

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What are Hospital Hazards? Explain its impact on Hospital employees.

2. Explain the need for Hospital Hazards Management.

3. How will you prevent Hospital acquired infection? Explain.

4. What are the strategies adopted to improve Hospital staff's health? Explain.

5. Explain the TNPCB rules for disposal of Biomedical waste products.

6. Explain the various diseases carried from excreta.

7. Highlight the drawbacks of improper disposal of wastes.

8. Explain in detail the principles of medical insurance.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Explain in detail the various types of Hospital Hazards.

10. Discuss the procedure to be followed to prevent Hospital employees from Hospital Hazards.

11. Highlight the purposes of various agents in preventing Hospital related infection.

12. Briefly explain the various techniques adopted in Biomedical waste management.

13. Explain the methods adopted in sewage disposal.

14. Critically examine the significance of Medical Insurance.

15. Discuss in detail the strategies adopted to create awareness about Hospital Hazards.

DISASTER MANAGEMENT

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Explain the scope for disaster management.

2. What are the preventive steps to be followed to prevent land slides?

3. Write down the causes for fire disaster.

4. What are the various types of man made disaster? Explain.

5. Explain the steps to be taken in preventing accidents.

6. Explain in detail the significance of organising medical camps.

7. What are the causes of cholera? Explain.

8. Explain the various hazardous materials.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Describe the measures to be taken by Government for managing natural disaster.

10. Explain the role to be played by community in disaster management.

11. Briefly explain the preventive measures taken in nuclear power plant.

12. Bring out the various rehabilitation programme organised to avoid using drugs.

13. Discuss the methods adopted by hospitals to manage epidemics.

14. Highlight the role of Government in managing man made disaster.

15. 'Disaster management is only a remedial measure rather than taking preventing action' – Discuss.

COMPUTER APPLICATIONS IN HOSPITAL MANAGEMENT

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What are input devices and output devices?

2. Briefly explain the types of memory in a computer.

3. What are relational databases? Why are they used?

4. What is a spreadsheet? State the applications of spread sheet.

5. What is a domain name? How a domain name can be registered?

6. What is a web server? How and why it is being used?

7. What is word analysis? How is it being done using computers?

8. What are medical report forms? What are it's contents?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the various types of operating systems and their features in detail.

10. Describe the features, functions and limitations of windows applications.

11. Explain and compare the features and functions of internet and intranet.

12. Elucidate the history and physical examination of terminologies in medical language.

13. Explain the transcribing techniques and procedures.

14. Illustrate the structure and objectives of hospital information systems.

15. Explain the recent developments in using computers in hospital management.
