DISTANCE EDUCATION

M.B.A. (G) DEGREE EXAMINATION, MAY 2015.

First Semester

MANAGEMENT CONCEPTS

(2012-13 Academic Year and 2013 Calendar Year only)

(English Medium Only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What are the various schools of thought in management?

2. What are policies? How are they different from procedures?

3. What are the various types of decisions that are taken in organizations?

4. What are called informal organisations? Give examples.

5. What is Grapevine communication? What are it's merits and demerits?

6. What are called as the devices of control? Give an example for each one.

7. What is Benchmarking? What are the types of Benchmarking?

8. What is core competence? How is it built?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Explain the association and relationships between management and other disciplines.

10. Describe the various components of planning in detail.

11. Explain the interlinks and critical aspects of Authority – Responsibility – Accountability Triad.

12. Explain any three popular theories of motivation in detail.

13. Compare and contrast transactional leadership with transformational leadership.

14. What is Integrated Control? How can it be effectively implemented?

15. What are Strategic Alliances? Explain the advantages and limitations of Strategic Alliances through examples.

DISTANCE EDUCATION

M.B.A. (G) DEGREE EXAMINATION, MAY 2015.

First Semester

ORGANIZATIONAL BEHAVIOUR

(2012-13 Academic Year and 2013 Calendar Year only)

(English medium only)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What are the bases on which the field of study of organizational behaviour is built?

2. Define "Learning". What are the various types of learning?

3. What is group cohesiveness? Why is it important?

4. What are the qualities of an effective leader?

5. What are the various sources of power?

6. What is organizational climate? Why is it so important?

7. What are the road blocks in implementing a change?

8. Distinguish between teams and groups.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. How does the study of organizational behaviour help to improve organizational performance?

10. What is perception? What are its various types? Why do we need to study perception?

11. Explain the sources of stress and analyze the consequences of stress.

12. Explain how multicultural issues are addressed and managed by multinational companies.

13. Explain the various approaches towards organizational effectiveness.

14. Explain about OD interventions in detail.

15. Explain any three popular theories of leadership.

DISTANCE EDUCATION

M.B.A. (General) (Semester) DEGREE EXAMINATION, MAY 2015.

First Semester

MANAGERIAL ECONOMICS

(2012-2013 Academic Year & 2013 Calendar Year Only)

(English Medium Only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)
Answer any FIVE questions.
All questions carry equal marks.

1. What are the contributions of economic theory to business decisions?

2. Define price elasticity of supply. What are the determinants of supply elasticity?

3. Distinguish between economies and diseconomies of scale.

4. Write notes on kinked demand curve.

5. What is profit forecasting? Why profit maximization is not always the aim of business?

6. What are the characteristic features of a business cycle?

7. What are the causes of different kinds of disequilibria in the balance of payments?

8. Distinguish between cost control and cost reduction

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. What are the characteristics and scope of managerial economics?

10. Discuss the different kinds of demand elasticity.

11. Explain short run and long run cost functions.

12. Explain the effects of Government intervention in price fixation. What steps are necessary to make this intervention effective?

13. Critically evaluate the traditional and discounted cash flow techniques of investment appraisal.

14. Explain any two methods used for determining national income.

15. Discuss the need for demand forecasting. What are the criteria of good forecasting methods?

First Semester

QUANTITATIVE METHODS

(2012-13 Academic Year and 2013 Calendar Year Only)

(English Medium only)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What are the important techniques used in quantitative methods?

2. Explain the graphical method of solving an LP Problem.

3. Explain the marginal cost and marginal revenue.

4. What is sensitivity analysis in an LP problem? Discuss its significance.

5. Determine an initial basic feasible solution to the following transportation problems by using

   (a) NWCR

   (b) VAM

Destination

		D_1	D_2	D_3	D_4	Supply
	S_1	21	16	15	3	11
Source	S_2	17	18	14	23	13
	S_3	32	27	18	41	19
	Demand	6	10	12	15	

6. From a sales force of 150 persons, one will be selected to attend a special sales meeting if 52 of them are unmarried, 72 are college graduates, and 3/4 of the 52 that are unmarried are college graduates, find the probability that the sales person selected at random will be neither single nor a college graduates.

7. A tourist car operator finds that during the past few months, the car's use has varied so much that the cost of maintaining the car varied considerably. During the past 200 days the demand for the car fluctuated as below :

Trips per week	Frequency
0	16
1	24
2	30
3	60
4	40
5	30

Random numbers : 82, 95, 18, 96, 20, 84, 56, 11, 52, 03. Using random numbers, simulate the demand for a ten week period.

8. Explain characteristics and classifications of queuing models.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss and describe the role of linear programming in management decision – making bringing out its limitations.

10. Use the graphical method to solve the following LP problem.

Minimize $z = 3x_1 + 2x_2$

Subject to constraints

(a) $5x_1 + x_2 \geq 10$

(b) $x_1 + x_2 \geq 6$

(c) $x_1 + 4x_2 \geq 12$ and $x_1, x_2 \geq 0$.

11. What is duality? What is the significance of dual variables in an LP model?

12. Use two – phase simplex method to solve the following LP problem.

    Minimize $z = x_1 + x_2$

    Subject to the constraints

    (a) $2x_1 + x_2 \geq 4$

    (b) $x_1 + 7x_2 \geq 7$, $x_1, x_2 \geq 0$.

13. A husband and wife appear in an interview for two vacancies in the same post. The probability of husband's selection is 1/7 and that of wife's selection is 1/5. What is probability that

    (a) Both of them will be selected.

    (b) Only one of them will be selected, and

    (c) None of them will be selected.

14. Consider a single server queuing system with Poisson input and exponential service times. Suppose the mean arrival rate is three calling units per hour, the expected service time is 0.25 hour and the maximum permissible calling units in the system is two. Derive the steady - state probability distribution of the number of calling units in the system, and then calculate the expected number in the system.

15. Write notes on :

    (a) Laplace criterion

    (b) Minimax regret criterion

    (c) Criterion of bayes and

    (d) Criterion of realism.

First Semester

BUSINESS LAWS

(2012-13 Academic Year and 2013 Calendar Year only)

(English Medium Only)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Examine the essential elements of contract.
2. Explain discharge of contract by mutual agreement.
3. What are the rights of an agent?
4. Distinguish between condition and warranty.
5. Discuss the essential features of negotiable instruments.
6. What are the different kinds of partners?
7. Explain the nature of a joint stock company.
8. What are the characteristics of a company?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain different kinds of a contract.
10. What are the features of a contract of guarantee?

11. Describe the Carriers Act and Railway Act.

12. Explain the rules regarding transfer of property under the sale of goods act.

13. What are the functions of insurance?

14. Explain the position of minor partner in a partnership firm.

15. Describe briefly the different kinds of meetings of companies.

Second Semester

FINANCIAL AND MANAGEMENT ACCOUNTING

(2012-13 Academic Year and 2013 Calendar Year only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What do you understand by " Dual aspect concept" of accounting? Explain briefly.

2. Explain the different rules for journalising the transaction with appropriate illustrations.

3. What is a trial balance? Explain its objectives.

4. State the formulae to calculate the following accounting rations.

   (a) Quick ratio

   (b) Debt equity ratio

   (c) Debtors ratio

   (d) Gross profit ratio.

5. From the following list of balances, prepare A trial balance as on 31-3-2007.

	Rs.
Capital	1,00,000
Drawings	18,000
Motor van	25,000
Interest paid	900
Purchases	75,000
Wages	3,000
Commission received	7,500
Bank balance	20,000
Buildings	15,000
Furniture	7,500
Loan from Arun	15,000
Sales	1,00,000
Stock	25,000
Salaries	15,000
Debtors	28,100
Creditors	10,000

6. From the following balance sheet as on 31-12-2000 and 31-12-2001. You are required to prepare a schedule of changes in the working capital and a fund flow statement taking.

The provision for tax and proposed dividends as non - current liabilities.

Balance Sheet as on 31st December

Liabilities	2000 Rs.	2001 Rs.	Assets	2000 Rs.	2001 Rs.
Share capital	10,000	15,000	Fixed assets	10,000	20,000
P & L a/c	4,000	6,000	Current assets	13,000	14,500
Provision for tax	2,000	3,000			
Proposed dividends	1,000	1,500			
Sundry creditors	4,000	6,000			
Outstanding expenses	2,000	3,000			
	23,000	34,500		23,000	34,500

Additional information :

Tax paid during 2001 Rs. 2,500

Dividends paid during 2001 Rs. 1,000.

7. What do you understand by budgetary control? Briefly explain the objectives of budgetary control.

8. ABC Ltd has 4 sales territories A, B , C and D. Each salesman is expected to sell the following number of units during the first qurater of 2003. Assume the average selling price to be Rs. 10.

	Territory			
Month	A	B	C	D
	Units	Units	Units	Units
April	500	750	1,250	1,750
May	1,000	900	1,400	2,000
June	1,250	1,000	1,500	2,250

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Briefly explain the basic accounting concept and conventions.

10. Journalize the following transactions. Post in the ledger. extract balances and prepares trial balances also.

2003

March

1	Jain commended business with Rs.80,000 cash and also brought into business furniture worth Rs.10,000; motor car valued for Rs. 24,000 and stock worth Rs. 40,000
4	Paid in to bank Rs. 76,000
5	Goods purchased from Ramesh on credit for Rs. 18,000
7	Goods sold to James on credit for Rs.12,000
8	Brought stationary from Javier and Co for Cash Rs. 400
10	Goods sold to Ram and Co, for cash Rs. 4,000
11	Paid travelling expenses to manager for Rs.1,200
13	Withdraw cash Rs. 2,000 from bank for personal use
15	With drawn from the bank Rs. 6,000 for office use
17	Issued by cheque Rs. 17,600 to Ramesh in full settlement on his account
21	Paid clearing charges Rs. 800
22	Received cheque for Rs. 12,000 from James
29	Paid Rs. 600 by cheque to owner's house being the house rent of Jain
30	Interest credit by bank for Rs. 400
31	Bank charges Rs. 50 debited in Jain a/c

11. From the following particulars of Mrs. Raman and Co. You are required to prepare trading, profit and loss account and balance sheet for the year ended 31-12-2001.

	Rs.		Rs.
Sales	3,55,000	Sundry debtors	30,000
Sales return	5,000	Rent received	3,000

	Rs.		Rs.
Purchase	2,52,000	Discount received	3,000
Refund outwards	2,000	Discount allowed	2,000
Carriage outwards	1,000	Commission allowed	1,000
Carriage inwards	5,000	Taxes and insurance	3,000
Opening stock	40,000	Provision for doubtful debts	2,000
Direct expenses	5,000	Bad debts	1,500
Capital	60,000	Salaries	20,000
Furniture	5,000	Dividend paid	5,000
Bank overdraft	10,000	General expenses	5,000
Buildings	45,000	Rent paid	3,000
Plant and machinery	40,000	Bills receivable	21,500
Sundry creditors	25,000		
Bills payable	30,000		

Additional informations :

(a) Stock at the end Rs. 42,000

(b) Depreciation made on

Plant and machinery Rs. 2,000

Building Rs. 1,000

(c) Provision for doubtful debts at 5% sundry debtors

(d) Outstanding rent Rs. 1,000

(e) Prepaid salaries Rs. 1,000.

12. Explain in detail:

(a) Fund from operation

(b) Schedule of charges in working capital

(c) Uses of fund flow statement.

13. Prepare a flexible budget for overheads on the basis of the following data. Ascertain the overhead rates at 50%, 60%, 70% and 80% capacity.

	At 60% capacity Rs.
Variable overheads:	
Indirect material	3,000
Indirect labour	9,000
Semi-variable overheads :	
Electricity (40% fixed 60% variable)	15,000
Repairs (80% fixed 20% variable)	1,500
Fixed overheads:	
Depreciation	8,250
Insurance	2,250
Salaries	7,500
Total overheads	46,500
Estimated direct labour hours	93,000

14. Elucidate the different types of functional budgets.

15. Explain in details :

(a) Difference between funds flow and cash flow statements

(b) Procedure for preparing fund flow statement and cash flow statement.

Second Semester

BUSINESS ENVIRONMENT

(2012-13 Academic Year and 2013 Calendar Year Only)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Why scanning a business environment is important?

2. Define a small industry. What is the role of small industries in our economy?

3. Write a note on EXIM policy.

4. How does advances in information technology impact business opportunities?

5. What do you mean by 'clean energy' and what is the need of it?

6. Write any four points 'for' and 'against' privatization.

7. What is the relationship between inflation and business?

8. What are threats a growing business often faces that can alter environment?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Discuss how the demographic and technological trends that could affect the future of the business

10. Critically examine the salient features India's Industrial Policy, with suitable illustrations.

11. What are the forms of foreign capital in India? Explain the need for foreign capital in India.

12. What is technology transfer? What is the impact of technology transfer on industries and economic development of India?

13. Identify the salient features of SEBI regulations governing capital issues in India.

14. What is WTO? What is its role and functions?

15. Explain the critical elements of political environment.

RESEARCH METHODS

(2012–13 Academic Year and 2013 Calendar Year only)

(English Medium Only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. What are the characteristics of a research?

2. Discuss the procedure of hypothesis testing.

3. What are the causes for sampling errors?

4. Describe the important scale construction techniques.

5. What do you mean by non-parametric tests? What are the characteristics of non-parametric tests?

6. What are the essentials of a good research report?

7. From a sample of 64 answer papers, it was found that the average marks secured is 85%. An examiner claims that these papers are from Alagappa College, while the average standard of the students is 90% with a standard deviation of 16% only. Test the validity of the examiner's claim.

8. From the following data test the hypothesis that the drug is no better than sugar pills for curing cold.

Treatment	Helped	Harmed	No effect	Total
Drug	50	12	18	80
Sugar Pills	40	14	26	80
Total	90	26	44	160

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Discuss the various types of research.

10. What are the difficulties in formulation of a hypothesis? Describe the errors in hypothesis testing.

11. Explain various types of non-probability sampling.

12. What are the major steps involved in the process of construction of schedule or questionnaire?

13. Explain briefly various multivariate techniques.

14. What are the types of research reports? Explain them in brief.

15. From the following data relating to the time taken by the workers in completing a job under the two different methods, test whether the variances of the time distribution differ significantly, or not.

Methods	Time taken in hours						
I	76	68	64	70	84	67	54
II	44	46	54	52	32	42	–

Given, for $V_1 = 6$. $V_2 = 5$, the critical value of F at 5% significance level = 4.95.

INTERNATIONAL BUSINESS

(2012–13 Academic Year and 2013 Calendar Year only)

(English Medium Only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Describe the factors that influence international business.

2. Explain the services rendered by ECGC to exporters.

3. Describe the basis on which an FDI is evaluated by MNCs.

4. What do you mean by 'level playing field' and why is it demanded?

5. Describe the issues on which WTO has to still make progress.

6. Explain the contribution of IMF to global business.

7. What are the objectives and functions of International Development Association?

8. What efforts are taken by the Government of India to attract FDI?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. What is protectionism and what do you understand by it? Critically examine its pros and cons.

10. Describe any five types of letter of credit and the documents required under letter of credit.

11. Critically examine the major theories of FDI.

12. Discuss the advantages and disadvantages gained by MNCs through

    (a) acquisitions.

    (b) joint ventures and

    (c) strategic alliances.

13. Write notes on :

    (a) NAFTA

    (b) SAPTA and

    (c) ASEAN.

14. Explain the categories of intellectual property covered by TRIPs agreement.

15. Briefly discuss the concept of multinational corporations.

MANAGEMENT INFORMATION SYSTEM

(2012 – 13 Academic Year and 2013 Calendar Year Only)

(English Medium Only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Define a "system". What is a system study?

2. What are the various types of information needs of managers in business organizations?

3. What are the pre-requisites of an effective MIS?

4. What is a decision support system? How does it work?

5. How does an electronic bulletin board work?

6. What is a virtual private network? What are its applications?

7. What is an ERP system? What are its features?

8. What are portals? What are its uses and limitations?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Explain the evolution of MIS and its elements.

10. What are the various sources and types of data? How these data can be captured, stored and retrieved for decision making?

11. Explain the scope and limitations of artificial intelligence in MIS.

12. Explain the TCP / IP Protocol in an effective MIS system.

13. What are Inter-organizational information systems? How do they work?

14. Explain the bases of E-commerce and its applications with examples.

15. What is a digital network? What are value added networks? Explain their features in detail.

FINANCIAL MANAGEMENT

(English Medium Only)

(2012 – 13 Academic Year and 2013 Calendar Year only)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. "Financial management is more than an art of accounting and book-keeping". Explain.

2. What is Financial Planning? Explain the principles governing a sound financial plan.

3. State the limitation of M.M. Approach of capital structure.

4. What is debenture? What are its features? State the pros and cons of debentures from the company's points of view.

5. Explain the difference between IRR and NPV methods.

6. What is meant by working capital? What are the techniques used for analysis working capital of the company?

7. Write brief note on Walter's approach to Dividend Policy.

8. Define Leverages. Explain its types.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. What are the assumptions which underline Gordon's model of Dividend effect? Does dividend policy affect the values of the firm under Gordon's model? Explain.

10. "Efficient inventory management is reflected in the liquidity and profitability of the firm". Explain.

11. What are the different sources of long-term financing? State briefly the merits of each sources of long-term financing.

12. Explain EBIT-EPS approach for determining capital structure of a company.

13. A Limited company is considering investing in a project requiring a capital outlay of Rs.2,00,000. Forecast for annual income after depreciation but before tax is as follows.

Year	Rs.
1	1,00,000
2	1,00,000
3	80,000
4	80,000
5	40,000

Depreciation may be taken as 20% on original cost and taxation at 50% of net income.

You are required to evaluate the project according to each of the following methods.

(a) Pay-back method

(b) Rate of return on original investment method.

(c) Rate of return on average investment method.

(d) Net present value method.

(e) Internal rate of return method.

14. Write short notes on :

(a) Tax avoidance

(b) Tax Evasion

(c) Tax incentive

(d) Tax management Nexus.

15. Write detail note on Net income and net operative income theories.

PROJECT MANAGEMENT

(2012-2013 Academic year and 2013 Calendar year only)

(English Medium Only)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Define project management. Explain project life cycle with suitable example.

2. Discuss various stages from project formulation to report preparation.

3. What do you mean by project appraisal? What are the objectives of project appraisal?

4. Write down the objectives and components of project planning.

5. What is Gantt Charts? Explain its features.

6. What are the factors that influence effective project management? Explain.

7. Differentiate between sub-contracting and turnkey approaches.

8. What are the methods of monitoring a project? Explain its merits and demerits.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the role of project manager. What are the responsibilities of a project manager?

10. Explain the process of project identification and development.

11. Write a short note on the following terms :

    (a) Market Appraisal

    (b) Technical Appraisal

    (c) Financial Appraisal

    (d) Socio-economic Appraisal.

12. Discuss various network techniques used for project planning and scheduling.

13. Write in detail about the project control techniques used in project management.

14. What TPMM? Explain its features and significance.

15. Why project review is needed? Explain its advantages in project management.

PRODUCTION AND OPERATIONS MANAGEMENT

(2012-13 Academic Year & 2013 Calendar Year only)

(English Medium Only)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Write the applications of CAD and CAM.

2. Brief the steps involved in capacity planning.

3. The time study engineer of a company was asked to fix the standard time of making a spindle using a lathe. The data of the time study are shown below. The performance rating of the worker is 105%. Find the standard time for the spindle by assuming an allowance percentage of 10%.

Cycle time in minutes	36	37	38	39	40
Frequency	1	3	3	2	1

4. What are the objectives of layout?

5. Write notes on JIT.

6. Out of preventive and breakdown maintenance, which would you prefer and why?

7. What are the fundamental factors that affects quality?

8. What are the steps in process planning?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Discuss the relationship of production function with other functional areas.

10. Write notes on

(a) ALDEP

(b) CORELAP

(c) CRAFT.

11. What is meant by PLC? Explain the various factors of influence of PLC on product design.

12. Briefly explain the different phases of production planning and control functions.

13. Explain the concept of MRP and the requirements of MRP process.

14. What is six sigma? Explain the approaches to six sigma and benefits of six sigma.

15. Beta industry estimates that it will sell 24,000 units of its products for the forth coming year. The ordering cost is Rs. 150 per order and carrying cost per unit per year is 20% of the purchase price per unit which is Rs. 50. Find (a) economic order quantity, (b) no. of orders per year and (c) time between successive orders.
