DISTANCE EDUCATION

M.B.A. (Retail Management) DEGREE EXAMINATION, MAY 2015.

First Semester

MANAGEMENT CONCEPTS

(Upto 2012-13 Academic year and 2013 Calendar year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What are the important principles of management? Explain their relevance to practice with examples.

2. Describe American and Japanese styles of management. Explain their relevance to Indian Management.

3. Explain how to motivate staff.

4. Explain the TQM with appropriate example.

5. What are the different methods of control in an organization?

6. Outline how to manage change in organizations.

7. Identify, analyze, reflect and evaluate a management related research problem.

8. State the different types of leadership styles.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the significance of quantitative approach to decision-making. Give an example.

10. Explain the importance of six-sigma.

11. Apply management theory to solve management problems presented in a range of international case studies.

12. State the importance of centralization-decentralization. Justify with illustration from industry examples.

13. Explain any four motivational theories.

14. Identify and explain the main functions of management (e.g. planning, organizing, leading and controlling) in a global environment.

15. Evaluate the concept of strategic alliance.

First Semester

ORGANISATIONAL BEHAVIOUR

(Upto 2012-13 Academic Year & 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What are the elements of organisational behaviour?

2. What is meant by perception? What are perceptual errors?

3. Explain differences between formal organisation and informal organization.

4. Define power. What are its characteristics?

5. What is meant by stress management?

6. Define the team "organizational dynamics".

7. What is importances of management of change?

8. Define culture. Its significance to present day organisations?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. What is meant by organisational commitment? What are various steps involved in it and explain its importances?

10. Explain the process involved in motivation. Take any two motivation theories and explain its relevance in present day employees of organisation.

11. What is meant by group norms? Explain its relevance to organisational behaviour.

12. What are various strategies followed in organisation for encouraging constructive conflict? And strategies for resolving destructive conflict?

13. What is meant by organisational culture? Explain its importance and various steps followed in organisation.

14. Define organizational change. What are various reasons for organizational change?

15. Define importances of learning organisations. Explain with an example.

DISTANCE EDUCATION

M.B.A. (RM) DEGREE EXAMINATION, MAY 2015.

First Semester

MANAGERIAL ECONOMICS

(Upto 2012-13 Academic Year & 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Briefly illustrate the role of managerial economics in managerial decision making.

2. Briefly discuss the implications of conspicuous consumption on Indian economy.

3. Give the selling price per unit as Rs. 10 and variable cost per unit as Rs. 6 and fixed cost as Rs. 10,000, determine the BEP sales.

4. What do you mean by discrimination? In what form of market is this pricing in existence?

5. Briefly discuss the process of determination of equilibrium price by the market forces.

6. Distinguish between perfectly and imperfectly competitive markets.

7. Will falling value of Indian rupee against US Dollar benefit Indian importers or exporters?

8. Discuss the different types of demand.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. The value of sales and advertising expenditure in Lakhs of X Ltd. For the past ten years are as follows :

Year :	1	2	3	4	5	6	7	8	9	10
Sales :	80	90	100	110	115	120	125	130	135	140
Advt. :	5	8	10	12	15	18	20	22	25	30

You are required to calculate using regression, the amount to be spent on advertisement by the company if it aspires to achieve a turnover of Rs. 200 lakhs.

10. Discuss the implications of elasticity of demand on laptop market.

11. From the following details of ABC Ltd. For the two years of 2011-12 and 2012-13, calculate the company's margin of safety for the year of 2012-13.

Year	Profits	Sales
2011-12	20,000	1,00,000
2012-13	10,000	80,000

12. Explain the different methods which can be used to determine the price of new products.

13. AXZ Ltd. Is considering to invest in two machines, X or Y costing Rs. 20,000 and Rs. 50,000 respectively. The company's cost of capital is 10% and it is subject to a tax at the rate of 50%. Given the cash inflows from the two machines for their entire life, determine the NPV of the two machines and suitably advice the company management about investing in either of them.

Year	1	2	3	4	5
X	10,000	12,000	15,000	11,000	10,000
Y	40,000	47,000	52,000	23,000	12,000

14. Explain the measures taken by RBI to control inflation in our country.

15. Explain the causes for business reaping economies of scale with expansion.

DISTANCE EDUCATION

M.B.A. (RM) DEGREE EXAMINATION, MAY 2015.

First Semester

FINANCIAL AND MANAGEMENT ACCOUNTING

(Upto 2012–13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the role of Journal and Ledger in recording accounting transactions.

2. What do you mean by Secret Reserve and Window Dressing?

3. Briefly enumerate the limitations of budgeting.

4. Briefly explain the limitations of NPV Method of appraising capital expenditures.

5. Record the following transactions of Ram Ltd. in the company's Journal.

	Rs.		Rs.
Cash Purchases	24,000	Cash Sales	45,000
Wages Paid	1500	Credit Sales made to Robert	49,000
Credit Purchases from Rahul	20,000		

6. Briefly enumerate the steps involved in preparation of Cash flow statement.

7. "Ratios are not the true indicators of business performance" – Comment.

8. Briefly state the objectives of capital budgeting.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. X & Co. Use two materials A and B for manufacturing a product. For the year 2013, the company has planned to sell 2000 units of the product. Production department informs that after providing for normal loss, etc., 5 kgs. Per unit of material A and 2 kgs. per unit of material B are needed for the product. The stores in charge, after a study of his records and orders placed to the vendor, provides the following details

	Finished Product (units)	Material *X* (in kgs.)	Material *Y* (in kgs.)
Estimated Stock on 1/4/2013	400	1,800	700
Materials on Order (1/4/2013)	–	2,000	500
Desired stock on 31/3/2013	600	2,200	800
Estimated Materials on order on 31/3/2013	–	1,800	600
Estimated Average Purchase Price during 2012-13	–	Rs. 8 per kg.	Rs. 15 per kg.

You are required to prepare a Purchases Budget for the materials, clearly showing the total cost of estimated purchase.

10. Prepare Cash Flow Statements from the following Balance Sheets pertaining to two years of 2011 and 2012, and additional information provided :

Balance sheets as on 2011 and 2012

Liabilities	2011	2012	Assets	2011	2012
Capital	80,000	41,000	Land and Buildings	70,000	1,00,000
Loan from SFC	–	30,000	Plant and Machinery	35,000	20,000
Bank OD	60,000	96,000	Inventories	40,000	58,000
Creditors	42,000	60,000	Debtors	30,000	40,000
Outstanding Expenses	8,000	13,000	Cash	15,000	22,000
Total	1,90,000	2,40,000		1,90,000	2,40,000

Additional Information :

(a) During the year 2012, Mr. T sold a machine costing Rs. 11,000 (accumulated depreciation thereon Rs. 3,000) for Rs. 4000. The accumulated depreciation on Plant and Machinery was Rs. 8,000 on 31/12/2011 and Rs. 12,000 on 31/12/2012.

(b) Profit and Loss A/C showed a net loss of Rs. 24,000 for the year of 2012.

11. Given the following information of *A* Ltd. As on 31/12/2012, prepare the Income statement and Balance Sheet of the company.

Sales	Rs. 1,00,000
Inventory Turnover	1.25
Debt Assets Ratio	0.6
Gross profit Margin	25%
Short-term Debt	Rs. 50,000
Debtors Turnover based on Sales	2
Fixed Assets Turnover on Sales	0.8
Net profit Margin (after tax)	5%
Return on Investment in Assets	2%

12. Prepare Profit and Loss A/C and balance sheet of Saravanan & Sons for the year ended 31/03/2013 using the following information.

	Rs.		Rs.
Cash	2,400	Bank	2400
Capital	4,00,000	Purchases	80,000
Bills Payable	88,000	Opening stock	1,40,000
Debtors	2,00,000	Wages	64,000
Buildings	2,40,000	Sales	8,00,800
Furniture	60,000	Bad debts Reserves (Opening)	4,000
Bills Receivable	80,000	Rent and Taxes	40,000
Salaries	80,000	Creditors	96,000

Additional Information :

(a) Closing Stock is valued at Rs. 89,000

(b) Outstanding Salaries for the period amounts to Rs. 5,000

(c) Rent and taxes prepaid for Rs. 300

(d) Wages outstanding for Rs. 5,000

13. Explain the managerial uses of Cash flow statement.

14. *ABC* company ltd. is attempting to evaluate two mutually exclusive projects '*A*' and '*B*'. Each project requires a net investment of Rs. 10,000 and the annual cash flows from each of the projects is estimated at Rs. 2,000 p.a in the next 15 years. The company's cost of capital may be taken as 10%. The management has made the following optimistic, most likely and pessimistic estimates of the annual cash inflows associated with each of these projects.

	Project *A*	Project *B*
Initial investment	Rs. 10,000	Rs. 10,000
Estimated cash inflows		
Pessimistic	1,500	–
Most likely	2,000	2,000
Optimistic	2,500	4,000

You are required to give your opinion to the management in arriving at a decision.

15. You are given the following Balance Sheet of Alpha Ltd. :

Liabilities	1992 Rs	1993 Rs		1992 Rs	1993 Rs
Equity share capital	3,00,000	4,00,000	Goodwill	1,00,000	80,000
8% redeemable pref. share capital	1,50,000	1,00,000	Lands and buildings	2,00,000	1,70,000
Capital reserve	10,000	20,000	Plant	80,000	2,00,000
General reserve	30,000	50,000	Investments	20,000	30,000
Profit & Loss A/c	30,000	48,000	Debtors	1,40,000	1,70,000
Proposed dividend	42,000	50,000	Stock	77,000	1,09,000
Sundry creditors	25,000	47,000	Bills receivable	20,000	30,000
Bills payable	20,000	16,000	Cash in hand	15,000	10,000
Outstanding exp.	30,000	36,000	Cash at bank	10,000	8,000
Provision for tax	40,000	50,000	Preliminary exp.	15,000	10,000
Total	6,77,000	8,17,000	Total	6,77,000	8,17,000

Note :

(a) A piece of land has been sold out in 1993 and the profit on sale has been credited to capital reserve.

(b) A machine has been sold for Rs. 10,000. The written down value of the machine was Rs. 12,000. Depreciation of Rs. 10,000 is charged on Plant account in 1993.

(c) Rs. 3,000 by way of dividend on investments is received. It includes Rs. 1,000 from pre-acquisition profit which has been credited to investment account.

(d) An interim dividend of Rs. 20,000 has been paid in 1993.

Based on the above information, prepare Statement of changes in working capital and Funds flow statement.

DISTANCE EDUCATION

M.B.A. (Retail Management) DEGREE EXAMINATION, MAY 2015.

First Semester

MARKETING MANAGEMENT

(Upto 2012 – 13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Define social marketing concept.

2. What are various features of systems approach?

3. Explain various determinants of consumer behaviour.

4. What is meant by product diversification?

5. What are various factors involved in price fixing?

6. What are modern trends in retailing?

7. What are various factors to be considered to choosing a media?

8. What is meant by advertisement layout? Explain its importances.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. What is meant by marketing environment? Explain various factors involved in it.

10. Explain various theories of consumer behaviour.

11. What are various steps involved in product life cycle? Where marketer has to take precautions for continuance of product in the market?

12. Define policy. What are the objectives of pricing? How pricing in important for any product?

13. What is meant by physical distribution mix? Explain various steps involved in it.

14. What is meant by recruitment and selection? What are various factors to be considered for recruiting and selection of sales force?

15. Define Advertising budget. Explain various steps are to be taken for advertising budget preparation.

M.B.A. (RM) DEGREE EXAMINATION, MAY 2015.

Second Semester

QUANTITATIVE METHODS

(Upto 2012 – 13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain elasticity of demand with example.

2. Explain the procedure of solving a linear programming problem by graphical method.

3. How do you interpret simplex table solution for managerial decisions?

4. Explain travelling salesman problem.

5. Write the properties of normal distribution.

6. Explain the concepts of (a) Probability (b) Events with examples.

7. Briefly explain few applications of queuing theory in business.

8. Explain Decision Tree Analysis with examples.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. $f(x) = x^3 - 27x + 1000$ is the cost function with x units of product. Find marginal cost and minimum cost.

10. Solve the following LPP by simplex method

Max $Z = 5x_1 + 2x_2$

Constraints

$$4x_1 + 0x_2 \le 12$$
$$0x_1 + 3x_2 \le 12$$
$$x_1, x_2 \ge 0$$

11. Use Vogels approximation method to solve the following.

Factory	Warehouses				Supply
	W_1	W_2	W_3	W_4	
	(Cost per unit)				
F_1	2	3	1	4	800
F_2	0	4	9	8	200
F_3	3	8	1	7	500
Capacity	500	500	300	200	

12. Solve

Jobs	Persons				
	P_1	P_2	P_3	P_4	P_5
J_1	0	1	2	3	4
J_2	5	5	5	4	3
J_3	2	2	2	2	2
J_4	0	0	2	3	4
J_5	0	0	1	1	1

13. Simulate for 10 days sales and find average sales per day from the following distribution and random numbers.

Sales in Rupees	Number of days
5000	12
6000	18
7000	20
8000	20
9000	10

Random numbers : 16, 09, 14, 13, 80, 88, 76, 23, 56, 11.

14. Use maxi-max, mini-max regent criteria to find solution.

Decision alternatives	State of nature			
	N_1	N_2	N_3	N_4
D_1	80	20	10	30
D_2	40	40	90	10
D_3	60	10	80	90

15. Solve by both binomial and Poisson distribution formulae.

$n = 20$; $p = 0.2$, (a) $P(X = 0) = ?$ (b) $P(X = 1) = ?$
(c) $P(X < 4) = ?$

BUSINESS RESEARCH

(Upto 2012–2013 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Draw a research process flow diagram and explain.

2. Explain hypothesis formulation in a pure research.

3. What is meant by research design? Enumerate its components.

4. What are factors to be considered while deciding the sample size?

5. What are the secondary sources of data? Enlist its strengths.

6. How do you assess the validity and Reliability of the questionnaire?

7. What are the difference between parametric and non-parametric methods?

8. What is a case study? State its merits and demerits.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain various types of research.

10. (a) Explain hypothesis with different types.

(b) Explain the steps involved in the processing of data.

11. Explain the procedure of formulating a questionnaire.

12. Distinguish between

(a) Pre-test and pitot study

(b) Bibliography and appendix.

13. Explain some of the non-probabilistic sampling methods. Mention merits of the same.

14. Elucidate the methods of collecting primary data.

15. What are the features of a good report? Describe the criterias for evaluating a research report.
