   (h) Drew three months bills on Nath for Rs. 4,000.

   (i) Sold goods for 2,500 to David on credit.

   Journalise the above transactions.

5. Nataraja keeps his books by single entry system. His position on 1 January 2003 was as follows. Cash in hand Rs. 300; Cast at Bank Rs. 3,750; Stock Rs. 16,000; Furniture Rs. 2,250; Sundry debtors Rs. 10,500; Plant and Machinery Rs. 24,500; Sundry creditors Rs. 32,000.

   On 31st December, 2003 his position was as follows :

   Cash in hand Rs. 375; Stock Rs. 23,750; Furniture Rs. 2,125: Debtors Rs. 18,300; Plant and Machinery Rs. 33,750; Creditors Rs. 35,000. Bank overdraft Rs. 13,000.

   During the year, Nataraj withdrew from the business for his private use Rs. 17,500 and introduced a further capital of Rs. 10,000. Find out the profit made during the year 2003.

6. What do you mean by "Interim dividend" and "Final dividend"?

7. Explain amalgamation, absorption and reconstruction with examples.

8. What are the advantages of computerising the accounts?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss the various accounting concepts and conventions.

10. Following is the Trial Balance of Mr. Venu as on 31.3.2001, prepare a trading and profit and loss account for the year ended on 31.3.2001 and a balance sheet as on that date.

Trial Balance

Debit balances	Rs.	Credit balances	Rs.
Stock (1.4.2000)	16,000	Sales	1,00,000
Drawings	4,000	Bills payable	8,000
Wages	3,200	Sundry creditors	15,200
Building	44,000	Bank overdraft	20,000
Purchases	72,000	Capital	48,000
Carriage inwards	2,000	Commission	400
Cash in hand	1,200	Discount	1,200
Sundry expenses	3,200	Returns outward	4,400
Bills receivable	10,000		
Sundry debtors	12,000		
Bad debts	1,800		
Salaries	4,800		
Rent	2,400		
Printing and Stationery	600		
Loan to Ram	20,000		
	1,97,200		1,97,200

Adjustments :

(a) Closing stock Rs. 23,000 at cost (market value Rs. 25,000)

(b) Outstanding wages Rs. 1,000; Salary Rs. 700 and Rent Rs. 400.

(c) Interest on loan outstanding Rs. 1,400.

(d) Depreciate building at 5% p.a.

(e) Create a provision on sundry debtors @ 5% for doubtful debts.

11. Rama commenced business on 1.1.2007 with a capital of Rs. 25,000. He immediately bought furniture for Rs. 4,000. During the year, he borrowed Rs. 5,000 from his wife and introduced a further capital of Rs. 3,000. He has withdrawn Rs. 600 at the end of each month for family expenses. From the following particulars obtained from his books, you are required to prepare Trading and P & LA/c and Balance Sheet as on 31.12.2007.

	Rs.
Sales (including cash sales of Rs. 30,000)	1,00,000
Purchases (including cash purchases of Rs. 10,000)	75,000
Carriage	700
Wages	300
Discount allowed to debtors	800
Salaries	6,200
Bad debts written off	1,500
Trade expenses	1,200
Advertisement	2,200

Rama has used goods worth Rs. 1,300 for private purposes and paid Rs. 500 to his son, which is not recorded anywhere. On 31.12.07, his debtors were worth Rs. 21,000. Creditors Rs. 15,000 and stock in trade Rs. 10,000. Furniture to be depreciated at 10% p.a.

12. M/S Big Ltd. is a company with an authorised capital of Rs. 5,00,000 divided into 5000 equity shares of Rs. 100 each. On 31.12.2005, 2500 shares were fully called up. The following are the balances extracted from the ledgers of the company as on 31.12.2005.

	Rs.
Stock	50,000
Sales	4,25,000
Purchases	3,00,000
Wages (productive)	70,000
Discount allowed	4,200
Discount received	3,150
Insurance upto 31.3.2006	6,720
Salaries	18,500
Rent	6,600
General expenses	8,950
P and L a/c	6,220
Printing and stationery	2,400
Advertisement	3,800
Bonus	10,500
Debtors	38,700
Creditors	35,800
Plant and Machinery	80,500
Furniture	17,100
Cash at bank	1,34,700
Reserve	25,000
Loan from MD	15,700
Bad debts	3,200
Calls in arrear	5,000

Additional informations :

(a) Closing stock Rs. 91,500.

(b) Depreciation to be charged on plant and furniture at 15% and 10% respectively.

(c) Outstanding liabilities : Wages Rs. 5,200, Salary Rs. 1,200, Rent Rs. 6,000.

(d) Dividend @ 5% on paid up share capital is to be provided.

Prepare Trading and Profit and Loss Account for the year ended 31.12.2005 and balance sheet as on that date.

13. A Ltd. sells its business to B Ltd. as on 31st December 2010 on which date its balance sheet was as under :

Liabilities	Rs.	Assets	Rs.
Paid up capital		Goodwill	80,000
4,000 shares of		Property	3,20,000
Rs. 10 each	4,00,000	Machinery	2,60,000
Debentures	2,40,000	Stock	50,000
Trade creditors	80,000	Debtors	56,000
General reserve	80,000	Cash	64,000
P and L a/c	30,000		
	8,30,000		8,30,000

A Ltd. agreed to take over the assets exclusive of cash and goodwill at 10% less than the book value and to pay Rs. 1,20,000 for goodwill. The purchase consideration was to be discharged by the allotment of 4,000 shares of Rs. 100 each at a premium of 10% and the balance in cash. The cost of liquidation amounted to Rs. 8,000. Show the necessary accounts in the books of both the companies.

14. On 31.03.2006 the following balances stood in the books of New Bank Ltd., after preparing Profit and Loss A/c.

	Rs.
Share capital	35,00,000
Reserve fund	24,50,000
Fixed deposit accounts	66,50,000
Savings bank accounts	2,10,00,000
Current Accounts	5,60,00,000
Money at call and short notice	21,00,000
Investments (at cost)	2,10,00,000
Profit & Loss Account (Cr.) 01.04.2005	14,70,000
Dividend for 2005	3,50,000
Land and Buildings (after depreciation) upto 31.03.2006	74,45,000
Cash in hand	4,20,000
Cash with Reserve Bank	1,05,00,000
Cash with other banks	91,00,000
Borrowings from other banks	44,00,000
Bills discounted and purchased	42,00,000
Sundry creditors	2,10,000
Bills payable	56,00,000
Loans, overdrafts and cash credits	4,90,00,000
Unclaimed dividend	2,10,000
Bills for collection	9,80,000
Acceptance on behalf of customers	14,00,000
Net profit 2005-2006	16,80,000

[After deducting provisions for bad debts Rs. 2,10,000 tax provision Rs.7,00,000 and rebate on bills discounted Rs. 35,000]

Prepare the balance sheet of the bank as on 31.03.2006.

15. Explain the any five important international accounting standards.

10. Discuss the Foreign Exchange Management Act 1999 in India.

11. Describe the recent India's Foreign Trade Policy.

12. Discuss the role of EXIM Bank in promoting exports in India.

13. What is letter of credit? Explain its different types.

14. What are the different incentives offered for the promotion of foreign trade?

15. Examine the instruments issued by the correspondent bank for international payments.

M.B.A. (B & F) DEGREE EXAMINATION, MAY 2015.

Third Semester

MANAGEMENT INFORMATION SYSTEM

(Upto 2012-13 academic year and 2013 calendar year onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What is feasibility study? List out the various types of study available.

2. Discuss on computerized MIS.

3. Define MIS. Write the limitations of MIS.

4. Describe video conferencing.

5. Give a note on value added networks.

6. Explain the impact of E-commerce in the filed of business.

7. What are the various levels of MIS?

8. What is IRM? Why IRM is needed for management?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the phases of system analysis and system testing.

10. What are the various approaches of MIS development? Explain.

11. Explain the recent scenario in development of information technology.

12. Explain different types of computer networks with neat diagram.

13. Discuss in detail about EDI and its applications.

14. Elaborately discuss on Internet applications.

15. Describe in brief, executive information system and its functions.

M.B.A. (B & F) DEGREE EXAMINATION, MAY 2015.

Third Semester

COMPUTERS AND BANKING

(Upto 2012-13 academic year and 2013 calendar year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Enlist the fields where computers are used?
2. How will you represent non-numeric data?
3. Write a short note on peripherals.
4. Define the form software. Explain application software.
5. Discuss about ATM's.
6. Define Intranet. Write down the features of it.
7. Write a short note on central processing unit.
8. Discuss about MICR.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Write a long note on History of computers.
10. Explain octal and hexadecimal representation with suitable example.

11. Discuss on peripheral controller devices.

12. Explain operating system functions.

13. How effective when banks are computerized? Discuss in your point of view.

14. Explain security considerations when accidental damage and power failures occurred.

15. Describe programming languages.

DISTANCE EDUCATION

M.B.A. (B&F) DEGREE EXAMINATION, MAY 2015.

Third Semester

QUANTITATIVE METHODS

(Upto 2012 – 13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Write the importance of relevant costs for decision making.

2. What is break even analysis? State its uses.

3. Write the advantages of duality.

4. Solve graphically the LPP

   Maximize $Z = 45x_1 + 80x_2$

   Subject to the constraints

   $5x_1 + 20x_2 \leq 400$

   $10x_1 + 15x_2 \leq 450$ and $x_1, x_2 \geq 0$.

5. Define probability and events.

6. Explain the types of transportation problem.

7. Describe the advantages and disadvantages of simulation.

8. What are the characteristics of a decision problem?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss the limitations and application areas of linear programming.

10. Write short note to the following (a) elasticity of demands (b) relationship between costs and level of activity.

11. Obtain the dual problem of the following primal LP problem.

Minimize $Z_x = x_1 - 3x_2 - 2x_3$

Subject to the constraints

(a) $3x_1 - x_2 + 2x_3 \leq 7$

(b) $2x_1 - 4x_2 \geq 12$

(c) $-4x_1 + 3x_2 + 8x_3 = 10$ and $x_1, x_2 \geq 0; x_3$ unrestricted in sign.

12. Determine an initial basic feasible solution to the following transportation problem by using (a) the least cost method (b) Vogel's approximation method

Destination

Source		D_1	D_2	D_3	D_4	Supply
	S_1	1	2	1	4	30
	S_2	3	3	2	1	50
	S_3	4	2	5	9	20
	Demand	20	40	30	10	

13. A candidate is selected for interview in three different posts. There are 3 candidates for the first post, 4 for the second post and 2 for the third post. What is the probability that he will be selected for one of the posts?

14. A plant has a large number of similar machines. The machine breakdown or failure is random and independent. The shift incharge of the plant collected the data about the various machines breakdown times, the repair time required on hourly basis, and the record for the past 100 observations. This is shows below was.

Time between recorded machine break downs (hours)	Probability	Repair time required (hours)	Probability
0.5	0.05	1	0.28
1	0.06	2	0.52
1.5	0.16	3	0.20
2	0.33		
2.5	0.21		
3	0.19		

For each hour that one machine is down due to being, or waiting to be repaired, the plant loses Rs. 70 by way of lost production. A repairman is paid at Rs. 20 per hour.

(a) Simulate this maintenance system for 15 breakdown

(b) How many repairmen should the plant hire for repair work?

15. Explain the difference between expected opportunity loss and expected value of perfect information.

Fourth Semester

BANK MARKETING

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What are the marketing objectives of a bank?

2. How does Market Information System help the bankers in marketing research?

3. Explain the usefulness of SWOT analysis in banking.

4. What is the need for new products in banks?

5. Explain the features of sectoral banking.

6. What is an ideal location of a bank branch?

7. What are the reasons for deregulation of interest rates in banks?

8. State the functions of marketing department in a bank.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the components of marketing mix in banking.

10. Explain the process of product development.

11. Explain the features of branch expansion policy of India and also discuss the growth of branches subsequent to this policy.

12. Analyse the scope of rural banking in India and bring out the essential strategies to be adopted in the rural areas.

13. What are the factors considered in determining product prices in banks?

14. Explain different methods of sales promotion in banks.

15. How are training programmes given at different levels of bank employees?

Fourth Semester

INVESTMENT ANALYSIS AND PORTFOLIO MANAGEMENT

(Upto 2012-13 Academic Year & 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Identify the goals of Corporate Investments.

2. What are the merits and limitations of varying income securities?

3. Discuss the concept of Portfolio management.

4. Bring out the various measures of risk analysis.

5. What do you mean by moving average analysis? Give an illustration.

6. What are Risk-return indifferent curves?

7. Enlist the assumptions of Capital Asset Pricing model.

8. Highlight Treynor model regarding Portfolio Performance.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Explain the differences between investment, speculation and gambling.

10. Discuss the measures of return analysis regarding individual security.

11. Describe the assumptions and applications of Dow theory.

12. What are single and two factorial models regarding Portfolio choice?

13. Discuss the different forms of efficient Market hypothesis.

14. Bring out the application of valuation analysis on shares and debentures.

15. Justify the need for portfolio audit for better performance.

INVESTMENT AND DERIVATIVES MARKETS

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What are debt instruments?

2. State the importance of portfolio management.

3. Explain the application of horizon analysis in portfolio management.

4. Differentiate between growth model and dividend model.

5. What are the advantages of equity investment?

6. Explain the implication of index options in the options market.

7. Illustrate call and put options with examples.

8. Explain the importance of derivatives.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the nature and features of equity market.

10. Explain the equity valuation models based on price earnings ratio.

11. Discuss different types of options with examples.

12. What are the advantages of futures contract?

13. What are the instruments dealt in the Government securities market?

14. What are the methods of debt portfolio management?

15. Illustrate the debt pricing theorem based on price-yield relationship.

MUTUAL FUND MANAGEMENT

(Upto 2012–13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the important features of mutual fund.

2. Explain the structure of mutual fund operations in India.

3. How is NAV calculated?

4. What are the reasons for the slow growth of mutual fund?

5. What is the significance of NAV?

6. What are the accounting norms about mutual funds?

7. What are the advantages of public sector mutual funds?

8. What are the features of US 64?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the role of mutual funds in the development of an economy.

10. Explain different schemes of mutual fund.

11. What are the facilities available to investors of mutual fund?

12. Discuss the guidelines of SEBI towards mutual funds.

13. State the parameters available to evaluate the performance of mutual funds.

14. What are the duties and responsibilities of trustees?

15. What are the operational activities involved in mutual fund?

MERCHANT BANKING

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What is OTCEI? Write its features.

2. What is NIM? Explain its role.

3. Explain the advisory role of a merchant banker with respect to corporate counselling.

4. Bring out the features of Indian capital market.

5. Explain the features of bridge loan.

6. What do you mean by listing of securities? State its advantages.

7. Describe the mechanism of factoring.

8. How is venture capital administered?

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss the steps in loan syndication.

10. What are the various steps involved in project preparation? Elucidate.

11. Explain the classification of mutual fund with its advantages.

12. Explain the powers of SEBI regarding listing of securities.

13. Discuss the role of a merchant banker in connection with amalgamation and mergers.

14. Critically examine the functions of portfolio managers.

15. Explain the growth of merchant banking in India.
