M.B.A. (IB) DEGREE EXAMINATION, MAY 2015.

First Semester

MANAGEMENT CONCEPTS

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Briefly discuss the nature and scope of management.

2. Differentiate management from administration.

3. Explain the relationship between planning and decision making.

4. What are the recent developments in management?

5. Explain the factors that determine the span of control.

6. Explain business process reengineering.

7. Explain the concept of co-ordination.

8. What is bench marking? Briefly explain the bench marking process.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the evolution of management thought.

10. Explain policies and procedures of management.

11. Explain the various steps involved in decision making.

12. Discuss the 14 principles of management.

13. Discuss the different special control techniques with suitable examples.

14. Briefly outline the different control techniques.

15. Write an essay on role of liberalisation, privatisation and globalisation on new perspectives of management.

DE–1415 **12**

DISTANCE EDUCATION

M.B.A. (IB) DEGREE EXAMINATION, MAY 2015.

First Semester

MANAGERIAL ECONOMICS

(Upto 2012-13 Academic Year and 2013 Calender Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Bring out the role of managerial economist.

2. Why does a demand curve slope downward?

3. What do you mean by durable and non-durable goods?

4. What are economics of scale of production?

5. Explain the cost control methods.

6. Write a note on CVP analysis.

7. Distinguish between boom and depression.

8. Write a note on BOP.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Bring out the nature and scope of managerial economics.

10. Explain and illustrate distinctive types of elasticity.

11. Explain the cost-output relationship in the short and in the long run.

12. Write under what circumstances the government controls prices.

13. Discuss the methods of profit planning and forecasting.

14. Brief out the methods of measuring national income. What are the practical difficulties in it?

15. How are price and output determined in a perfectly competitive market?

DE–1416 **13**

First Semester

INTERNATIONAL BUSINESS

(Up to 2012–2013 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the classification of International Business.

2. What are the objectives of International Business?

3. Write short notes on EC.

4. Explain the importance of UNCTAD.

5. What is IPR? What are the importance of IPR?

6. What is arbitration? How the arbitration agreement drafted?

7. Explain the need for Indian Joint Ventures in Abroad.

8. Explain the India's Trade with European union.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Give an overview of International Business Environment with examples.

10. What are the special problem in International Business.

11. Explain the impact on the trading activities of the member states of ASEAN and SAPTA economic agreements.

12. Discuss the functional role of world Bank.

13. Explain the procedures of International commercial arbitration.

14. What are the factors determine the International Business in India?

15. Analyse about TRIPS and its competitive position.

DE–1417 **14**

DISTANCE EDUCATION

M.B.A. (IB) DEGREE EXAMINATION, MAY 2015.

First Semester

INTERNATIONAL BUSINESS ENVIRONMENT

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

All questions carry equal marks.

1. Explain the significance of environment in business.

2. What are the types of culture?

3. What are the forms of political system?

4. What do you understand by liberalization?

5. Explain FDI.

6. Explain the factors that have made India an attractive market for multinational companies.

7. Explain the features of developing economies.

8. What is Bio-diversity and Ecological Balance?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

All questions carry equal marks.

9. Describe the factors which are affecting the growth of International business.

10. Discuss the impact of economic development on ecological environment.

11. How does cultural environment influence International business?

12. What are the various problems in selecting an appropriate technology in India for business of your choice?

13. "World has become a global village. Soon we will have only International business" – Comment.

14. Explain the role of UNO in the international business environment.

15. Explain the role of business ethics at the global level.

DE–1418 **15**

DISTANCE EDUCATION

M.B.A. (IB) DEGREE EXAMINATION, MAY 2015.

First Semester

QUANTITATIVE METHODS

(Upto 2012–13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — ($5 \times 8 = 40$ marks)

Answer any FIVE questions.

1. Explain break even analysis with its uses.

2. Write down the applications of linear programming problem.

3. Explain the method for solving transportation problem using north west corner and least cost method.

4. Define Probability. State its important concept.

5. What are the advantages of simulation model?

6. State and prove addition and multiplication theorem.

7. Solve the following by graphical method :

Maximize $z = 5x_1 + 4x_2$

Subject to constraints

$1.5x_1 + 2.5x_2 \leq 80$
$2x_1 + 1.5x_2 \leq 70$
$x_1, x_2 \geq 0$

8. Payoffs of three acts X, Y, Z and the states of natures P, Q, R are given below :

	Pay–offs (Rupees)		
State of nature	X	Y	Z
P	–120	–80	100
Q	200	400	–300
R	260	–260	600

The probabilities of the states of nature are 0.3, 0.5 and 0.2 respectively. Tabulate the expected monetary values for the above data and state which can be chosen as the best act.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. How will you plot graphs of function and measure the level of activity of a system in terms of volumes?

10. (a) What is Duality? How can the concept of Duality be useful in managerial decision making?

(b) Explain Sensitivity analysis.

11. Use Vogel's approximation method to obtain an initial basic feasible solution of the following transportation problem

	A	B	C	D	Supply
a	40	25	22	33	100
b	44	35	30	30	30
c	38	38	28	30	70
Demand	40	20	60	30	

12. A problem in statistics is given to five students A, B, C, D and E. Their chances of solving it are $\frac{1}{2}, \frac{1}{3}, \frac{1}{4}, \frac{1}{5}$ and $\frac{1}{6}$. What is the probability that the problem will be solved?

13. Explain the steps involved in Monte–Carlo simulation method.

14. Explain Decision Tree analysis.

15. A newspaper distributor assigns probabilities to the demand for a magazine as follows :

Copies demanded :	1	2	3	4
Probability :	0.4	0.3	0.2	0.1

A copy of the magazine sells for Rs. 7 and costs Rs. 6. What can be maximum possible expected monetary (EMV) if the distributor can return unsold copies for Rs. 5 each?

DISTANCE EDUCATION

M.B.A. (IB) DEGREE EXAMINATION, MAY 2015.

Second Semester

FINANCIAL AND MANAGEMENT ACCOUNTING

(Upto 2012-13 Academic year and 2013 Calendar year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What are the functions of financial accounting?

2. How do you calculate profit under statement of affairs method?

3. Define budgetary control system. Bring out the uses of budgetary control.

4. Explain the various types of financial statement analysis.

5. Explain the main sources of "flow of funds" in a business.

6. Calculate current ratio and quick ratio from the information given below.

	Rs.			Rs.
Bank loan	1,00,000	Sock in trade		1,35,000
Sundry creditors	1,50,000	Sundry debtors	72,000	
Bills payable	20,000	Less : provision for		
Creditors for		doubtful debts	2,000	70,000
expenses	10,000	Cash in hand		15,000

	Rs.		Rs.
6% debentures	2,00,000	Cash in bank	1,10,000
Plant and machinery	3,00,000	Short term investments	15,000
		Prepaid insurance	5,000

7. From the following information, prepare a summarised balance sheet as at 31st March 1998 :

   (a) Working capital Rs. 1,20,000

   (b) Reserve fund surplus Rs. 80,000

   (c) Bank overdraft Rs. 20,000

   (d) Assets (fixed) proprietary ratio 0.75

   (e) Current ratio 2.5

   (f) Liquid ratio 1.5.

8. A project costs Rs. 20,00,000. It yields profits during the life of the project ie. 5 years as follows.

Years	Profit after tax and depreciation
1	1,00,000
2	1,50,000
3	2,50,000
4	2,60,000
5	1,60,000
	9,20,000

The plant and machinery can be sold after 5 years for Rs. 1,60,000. Calculate average rate of return.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR of the following.

9. Distinguish between financial and management accounting.

10. Distinguish between standard costing and budgetary control.

11. Explain the nature and limitations payback period and ARR method.

12. Elaborate on various accounting concepts and convention.

13. With the help of the following ratio regarding Indu Flims draw the balance sheet of the company for the year 1998.

Current ratio	2.5
Liquidity ratio	1.5
Networking capital	Rs. 3,00,000
Stock turnover ratio	
(cost of sales/closing stock)	6 times
Gross profit ratio	20%
Fixed assets turnover ratio	
(on cost of sales)	2 times
Debt collection period	2 months
Fixed assets to share holders net worth	0.80
Reserves and surplus to capital	0.50

14. From the following particulars prepare statement showing proprietor's funds are on 31.12.2009.

(a) Current ratio 25 : 1

(b) Acid test ratio 1.5 : 1

(c) Fixed assets to proprietory funds 75 : 1

(d) Working capital Rs. 60,000

(e) Reserves and surplus Rs. 40,000

(f) Bank overdrafts Rs. 10,000

15. XYZ company wishes to arrange overdraft facilities with its bankers during the period April to June, when it will be manufacturing mostly for stock.

(a) Prepare cash budget for the above period from the following data.

Months	Sales (Rs.)	Purchase (Rs.)	Wages (Rs.)
February	1,80,000	1,24,800	12,000
March	1,92,000	1,44,000	14,000
April	1,08,000	2,43,000	11,000
May	1,74,000	2,46,000	10,000
June	1,26,000	2,68,000	15,000

(b) 50% of credit sales is realised in the month following the sales and the other 50% in the second month following.

Creditors are paid in the month following the month of purchase.

(c) Wages are paid at the end of respective month.

(d) Cash at bank on the 1st April Rs. 25,000.

Second Semester

INTERNATIONAL ECONOMICS

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. What is the basic need for International Trade?

2. Explain how absolute cost advantage theory is in adequate to explain International Trade.

3. Compare and contrast : Modern and Classical theories.

4. What are tariff barriers? Explain its effect on International Trade.

5. Bring out the significance of Balance of Payment Disequilibrium.

6. Explain the role of exchange control and trade control in adjusting balance of payment disequilibrium.

7. Explain the circumstances that led to the abandonment of fixed parity of exchange rates and the introduction of floating exchange rates.

8. Give a detailed note on special drawing rights under IMF.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Discuss the extensions made to the comparative cost theory to overcome its criticisms.

10. Discuss the Heckesher – Ohlin theory and explain its suitability to the modern International Trade.

11. Describe the recent developments in International Trade.

12. Evaluate devaluation as a method of correcting Balance of Payment disequilibrium. Explain its mechanism.

13. Explain how relative version of PPP theory is an improvement over its absolute version.

14. Discuss the regulations relating to Foreign Direct Investment in India.

15. Explain the need for Technology transfer and the issues related to it.

ORGANISATIONAL BEHAVIOUR

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the various elements of organisational behaviour.

2. Explain the five factor theory of personality.

3. How individual behaviour is different from group behaviour?

4. Discuss the power and politics in organisation.

5. State the principles of effective communication.

6. What are the different types of stress?

7. What are the implications on organisational behaviour?

8. What are the causes of organisational change?

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Define organisational behaviour. Explain the need and importance of organisational behaviour.

10. Discuss the factors that limits the accuracy of perception.

11. Describe the factors influencing group cohesiveness.

12. Explain the various steps to manages stress in an organisation.

13. Explain the main "competencies" that may be associated with an effective leader.

14. Bring out the advantages of OD. Briefly the steps involved in introducing a planned change.

15. What are the reasons for employees to resist change? Explain with suitable examples.

INTERNATIONAL MARKETING

(Upto 2012-13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE of the following.

1. Explain Poly and Regio approaches in International Business.

2. Discuss the various theories of Consumer Behaviour.

3. Compare National with International Product.

4. Bring out the advantages of Market Segmentation.

5. Give a brief account of the important steps in International Pricing.

6. Explain the factors influencing International Pricing.

7. Who are Multinational Retailers? Explain.

8. Explain the International Marketing Information System.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Briefly explain the functions of Marketing.

10. Discuss the social factors influencing Consumer Behaviour.

11. Explain how is the Global Market Segmented.

12. Explain various steps in New Product Development.

13. Discuss the important pricing methods.

14. "Salesman are born and not made". Discuss.

15. Give a detailed account of the important Foreign Intermediaries.

INTERNATIONAL MARKETING LOGISTICS

(Upto 2012 – 13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Write a short note on marketing logistics system.

2. Explain about transportation and give its types.

3. Discuss the role of intermediaries in marketing logistics system.

4. Define port. Explain the types of port.

5. Give short note on chartering principles.

6. Write about technological developments in ocean transportation.

7. Write a note on international air transport.

8. Explain about supply chain management.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the objectives and scope of marketing logistics system.

10. Explain In-land and ocean transportation with its characteristics.

11. Discuss the functions and services of clearing and forwarding agents.

12. Write about structural and cargo handling facilities.

13. Explain the organisation and functions of transchart.

14. Explain about air transport problems and prospects.

15. Differentiate MTD VS CTD.

INTERNATIONAL BUSINESS RESEARCH AND INFORMATION SYSTEM

(Upto 2012–13 Academic Year and 2013 Calendar Year)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the significance of International Business Research.

2. Distinguish : Primary data and Secondary data.

3. What are the factors to be analysed in product research?

4. Explain the guiding considerations in the construction of a questionnaire.

5. Explain the meaning and significance of the concept of standard error in sampling.

6. Discuss the objectives and role of IBIS.

7. Write a note on strategic management market.

8. List out the need for cross cultural research.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Describe the technique and process of defining a research problem.

10. Discuss the importance of computers and internet in international business research.

11. Explain with suitable examples, how the following scales are constructed?

    (a) Likert scale

    (b) Semantic differential scale.

12. Explain the steps involved in the process of sampling.

13. Discuss the different forms of international marketing information system.

14. Enumerate the various market informations required by an Multinational Enterprise prior to its shift in the production location.

15. Explain the factors to be considered in preparing a research report. Also explain the process involved in it.
