M.B.A. (Corporate Management) DEGREE EXAMINATION, MAY 2012.

First Semester

MANAGERIAL ECONOMICS

(2011 academic year onwards)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the meaning and nature of managerial economics.
2. Discuss the determinants of demand.
3. What are the different types of elasticity of demand?
4. Explain the importance of relevant costs for decision-making.
5. Analyse any one production function, with which you are familiar with.
6. Discuss fully the nature and application of penetrative pricing.
7. Explain 'cost volume profit analysis'.
8. Inflation Vs deflation.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Bring out the relationship between economic theory and managerial economics.
10. Explain the various measures of elasticity of supply.

11. Explain the cost control and cost reduction techniques which may he relevant in the present day business environment.

12. Explain the utility of national income for business decision making.

13. Discuss fully the different phases of business cycle.

14. Critically analyse any two theories of pricing.

15. Explain with the help of present day examples, how price discrimination measures are carried out by organisations.

First Semester

FINANCIAL AND MANAGEMENT ACCOUNTING

(2011 Academic year onwards)

Time : Three hours Maximum : 100 marks

PART A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Financial accounting Vs management accounting.

2. Explain any four accounting concepts with examples.

3. Explain the different types of accounts with appropriate examples.

4. With the help of statement of affairs method, how will you calculate the profit of a concern?

5. Evaluate the different liquidity ratios.

6. Bring out the managerial uses and limitations of fund flow statements.

7. Show specimen production cost as well as production value budget.

8. Explain the procedure by which capital expenditure will be appraised, under IRR method.

PART B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the various accounting conventions with suitable examples.

10. Mr. M Keeps his books on single entry. From the following information, find out the profit/loss he made, after making the following adjustments.

Drawings Rs. 6,000; Depreciate furniture by 10%

	01-1-2010	31-12-2010
	Rs.	Rs.
Cash	4,500	5,000
Stock	59,000	75,000
Debtors	65,000	90,000
Furniture	15,000	20,000
Creditors	6,500	9,000
Loan (cr)	–	15,000

11. The statement given below gives the budget estimates at 60% capacity. Prepare a flexible budget at 75% and 90% capacity.

You make your own classification as to fixed and variable overheads.

	Rs.
Direct materials	1,60,000
Direct labour	40,000
Indirect materials and spares	48,000
Depreciation	60,000
Indirect labour	40,000
Rent	12,000
Electric power (40% fixed)	8,000

Repairs and maintenance (40% variable) 20,000 insurance on machinery Rs. 12,000.

12. B Ltd is interested on picking up one best project out of the six available alternatives with the cash flows as given below :

Projects	Required investment	Net cash inflows		
	Rs.	Year 1	Year 2	Year 3
A	12,000	1,000	–	–
B	12,000	6,000	6,000	6,000
C	12,000	3,000	4,000	13,000
D	12,000	12,000	4,000	4,000
E	12,000	8,000	4,000	6,000
F	12,000	9,000	9,000	3,000

Suggest the one based on payback period method.

13. From the following prepare raw materials purchase budget for January 2011.

Materials (units)

	A	B	C
Estimated stock on 1st January	8,000	3,000	12,000
Estimated stock on 31st January	10,000	8,000	14,000
Estimated consumption	1,20,000	44,000	1,32,000
Std. price per unit	25ps	5ps	15ps

14. Critically analyse the turnover ratios.

15. Explain the operation of budgetary control system in an organization with which you are familiar with.

First Semester

COMPANY LAW AND PRACTICE

(2011 Academic Year Onwards)

Time : Three hours | Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the different clauses of a memorandum of association.

2. Bring out the liabilities for misstatement in prospectus.

3. Explain the features of:

   (a) Shares issued at a discount

   (b) Shares issued at a premium.

4. Write the legal provisions relating to the forfeiture and reissue of shares.

5. How and when the managing director of a public limited company appointed?

6. Write short notes on:

   (a) Quorum

   (b) Minutes of a meeting.

7. Describe the features of various timely reporting formats.

8. Bring out the law relating to minority rights in relation to companies.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the different classes of companies.

10. Explain the procedure by which alteration of articles of association be made.

11. Write short notes on:

    (a) Bonus shares

    (b) Share warrants

    (c) Under writing.

12. Discuss the powers, rights and duties of the directors of a public limited company.

13. Explain the features of any three statutory meetings.

14. How auditors of a limited company - appointed and/or removed?

15. Explain legal provisions relating to winding up of companies.

Second Semester

QUANTITATIVE METHODS

(2011 Academic year onwards)

Time : Three hours Maximum : 100 marks

SECTION A — ($5 \times 8 = 40$ marks)

Answer any FIVE questions.

1. Discuss fully the place of quantitative analysis in the practice of management.

2. Elaborate the relationship between cost and level of activity, with the help of appropriate examples.

3. How will you be able to solve linear programming problem using Graphical method?

4. Explain with the help of examples, a balanced and an unbalanced transportation problem.

5. Write short notes on :

   (a) Joint probability.

   (b) Marginal probability.

6. Explain the two multiplication theorems of probability.

7. Evaluate the importance and uses of queuing theory.

8. How can one find out the expected volume of payoff?

SECTION B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

9. Solve graphically the following LPP :

Maximize $Z = 5X_1 + 7X_2$

subject to : $X_1 + X_2 \leq 4$

$3X_1 + 8X_2 \leq 24$

$10X_1 + 7X_2 \leq 35$

$X_1, X_2 \geq 0.$

10. Use the north west corner rule to find the initial basic solution to the following transportation problem :

6	4	1	5	14	
8	9	2	7	16	Sources
4	3	6	2	5	
6	10	15	4		

Destinations

11. Solve the following assignment problem :

Job	Machine			
	1	2	3	4
A	10	12	19	11
B	5	10	7	8
C	12	14	13	11
D	8	15	11	9

12. Discuss Monte Carlo simulation technique in inventory control situation.

13. Explain the decision tree approach to choose optimal course of action.

14. Solve the following LPP using simplex method :

Maximize $Z = 5X_1 + 3X_2$

subject to :

$$X_1 + X_2 \leq 2$$
$$5X_1 + 2X_2 \leq 12$$
$$3X_1 + 8X_2 \leq 10$$
$$X_1, X_2 \geq 0.$$

15. Explain the contradictory features and applications of Binomial and Poisson probability distributions.

Second Semester

BUSINESS ENVIRONMENT

(2011 Academic year onwards)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the dynamic factors of environment.

2. Discuss fully the role of government in business.

3. Bring out the importance of government budget and taxation measures towards business growth.

4. Explain the ways and means of tapping foreign capital by businesses.

5. Discuss the impact of entrepreneurial society for business development.

6. Discuss the legal aspects of entering secondary markets.

7. 'Law on environmental protection' – How it works?

8. "Competition brings in efficiency" – Evaluate.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain with the help of appropriate examples, the fundamental issues captured in political and economic environment.

10. Discuss the impact of the interface between government and public sector.

11. Evaluate the present day EXIM policy of the government of India.

12. Evaluate the present day technology trends in India, with the help of suitable examples.

13. "Legal environment is the all enveloping factor for business development" – Do you agree? Support your answer.

14. Explain the facets of liberalisation an its impact on business growth.

15. Critically analyse the role of IMF in global economic development.

DISTANCE EDUCATION

M.B.A. (C M) DEGREE EXAMINATION, MAY 2012.

Second Semester

BUSINESS RESEARCH

(2011 Academic year onwards)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain any four types of research.

2. Bring out the importance of research in social sciences.

3. Analyse the importance of review of literature in the field of business.

4. What are hypotheses? How they are formed?

5. Discuss fully the essentials of a good sampling.

6. Describe the importance and uses of sealing techniques.

7. Explain the guidelines for making valid interpretations.

8. Discuss the features of a good report.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Explain the process of research.

10. Discuss the factors affecting research design.

11. Critically evaluate any five sampling methods.

12. Analyse the different types of observation.

13. Describe the testing procedure of testing for significance of difference between means /proportions.

14. Critically analyse Mann Whitney test.

15. Elaborate the principles of good report writing.

M.B.A. (Corporate Management) DEGREE EXAMINATION, MAY 2012.

Second Semester

GLOBAL BUSINESS AND MNCs

(2011 Academic Year Onwards)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Explain the different classes of international business.

2. Bring out the factors influencing international business.

3. Elaborate the banking procedure in relation to international trade.

4. Evaluate the services of export credit and guarantee corporation in export credit insurance.

5. Discuss the factors influencing FDI.

6. Explain the different forms of foreign collaborations and bring out their special features.

7. Analyse the trade related aspects of intellectual property rights.

8. Bring out the role and importance of international development association on the development of less developed nations.

SECTION B — (4 × 15 = 60 marks)

Answer any FOUR questions.

9. Write short notes on:

   (a) Foreign Technology Transfer

   (b) Foreign Portfolio investment

   (c) Impact of Global melt down.

10. Analyse India's Export-import procedure.

11. Evaluate the commercial and regulatory documents.

12. Analyse the present day Indian efforts to attract FDI.

13. Explain the UN code of conduct on transfer of technology.

14. WTO Vs regional trade blocks.

15. How International commercial disputes are settled?

Second Semester

CORPORATE ACCOUNTING

(2011 Academic year onwards)

Time : Three hours Maximum : 100 marks

SECTION A — (5 × 8 = 40 marks)

Answer any FIVE questions.

1. Write the accounting entries for forfeiture and reissue of Debentures.

2. What are the ways and means of paying purchase consideration, in the case of acquisition of business?

3. What are managerial remuneration? How they are calculated and recorded?

4. Bring out the differences existing among : Amalgamation, absorption and reconstruction.

5. Elaborate the features of a holding company and a subsidiary company.

6. Write short notes on :

   (a) Bonus shares

   (b) Inter company holdings.

7. Capital profit Vs Revenue profit.

8. Discuss the significance of AS6 on Depreciation Accounting.

SECTION B — ($4 \times 15 = 60$ marks)

Answer any FOUR questions.

9. A company issued 20,000 shares to the public at the rate of Rs. 10 each, Rs. 3 payable on application, Rs. 3 on allotment, Rs. 2 on first call; and the balance on second and final call. Shareholders holding 680 shares failed to pay the final call and after due notice they were forfeited. They were reissued subsequently at a price of Rs. 7 per share. Give the necessary entries to record the above transactions.

10. A company redeemed its Rs. 5,00,000, 5% Debentures at a premium of 2%. The offer for redemption was as follows :

    (a) Holders could have cash (or)

    (b) They could utilise their redemption moneys in subscribing to 4% cumulative preference shares, issued at a premium of 5%

    Persons holding 2,00,000 debentures agreed to take immediate each. Others opted the subscription of cumulative preference shares.

    Show the journal entries to record the above.

11. The following underwriting of shares takes place ;

    A : 6000 shares; B : 2500 shares; C : 1500 shares.

    In addition there is firm underwriting:

    A : 800 shares; B : 300 shares; C : 1000 shares.

    The issue consists of 10,000 shares. The total subscription including the firm underwriting was : 7100 shares and the forms included the following marked forms : A : 1000 shares; B 2000 shares; C : 500 shares.

    Show the allocation of liability of underwriters.

12. Draw a specimen Balance sheet of a Banking company with as many details and figures as possible.

13. The following is the abridged Balance sheet of ABC Ltd on 31st December 2011.

	Rs.		Rs.
Paid up capital :		Goodwill at cost	30,000
10,000 6% cumulative preference shared of Rs. 10 each	1,00,000	Net tangible assets	1,52,000
15000 Equity shares of Rs. 10 each	1,50,000	Profit and Loss Account	68,000
	2,50,000		2,50,000

The preference dividend is in arrear for three years. The net tangible assets are estimated to be worth Rs. 1,30,000. On the expectation that the annual profits will be Rs. 15,000, draft a scheme of reconstruction to be submitted explaining important matters to be considered.

14. Identify and explain any fifteen accounting related Hotel industry specific items.

15. Explain how the following items will be treated in the case of Holding company accounts?

(a) Minority interest

(b) Common transactions

(c) Unrealised profits.
