ADVANCED CORPORATE ACCOUNTING

(CBCS – 2014 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. What is meant by share forfeiture?

2. Write a note on "Capital redemption reserve".

3. How do you treat "loss prior to incorporation"?

4. What is "Normal profit"?

5. Give the meaning of 'Amalgamation'.

6. What are bonus shares?

7. Explain the meaning of 'Deficiency or surplus a/c'.

8. Who is list 'B' contributory?

9. Define 'Subsidiary company'.

10. State the meaning of 'Minority interest'.

Part B (5 × 5 = 25)

Answer **all** questions by choosing either (a) or (b).

11. (a) The directors of 'M Co. Ltd., forfeit 10 shares of Rs.50 each belonging to 'Karthick' who had paid Rs.5 per share on application, Rs.10 on allotment and Rs.15 on first call but failed to pay the final call of Rs.20. The same shares are then reissued to 'Raj' as fully paid on receipt of Rs.400. Pass journal entries with narration to record the forfeiture and the reissue of shares.

Or

(b) The following extract from the balance sheet of Gayanthi Co Ltd. as on 31st March 2014, is given to you.

Share capital:	Rs.
2,00,000 Equity shares of Rs. 10 each	20,00,000
3,00,000 6% redeemable preference shares of Rs.10 each	30,00,000
Capital Reserve	15,00,000
General Reserve	9,00,000
Profit & Loss A/c	25,50,000

The company exercises its option to redeem the Preference Shares on 1st April 2014. The company has sufficient cash.

Give journal entries to record the redemption.

12. (a) Kalpana Ltd. was incorporated on 1.4.2011 to take over the business of Natu Brothers from 1.1.2011. From the following information, calculate sales ratio and Gross Profit;

(i) Sales during the period January – December 2011 amounted to Rs. 72,000. The trend of the sales was as under :

January and February – half the average sales in each month.

May, June and July-average sales in each month

November and December — half the average sales in each month

(ii) Cost of goods sold Rs. 18,000.

Or

(b) From the following information, calculate the value per equity share :

	Rs.
5,000, 8% preference shares of Rs. 100 each	5,00,000
75,000, equity shares of Rs. 10 each, Rs. 8 per share paid up	6,00,000
Expected profits per year before tax	2,80,000
Rate of tax	50%
Transfer to general reserve every year	20% of the profit
Normal rate of earnings	10%

13. (a) S Ltd. agreed to absorb the Business of M Ltd. The purchase consideration was as under :

(i) For every 4, 10% Preference shares of Rs. 10 each in M Ltd. 7 Equity shares of Rs. 10 each in L Ltd. as Rs. 8 paid up.

There were 60,000, 10% Preference shares in M Ltd.

(ii) For every 3 Equity shares of Rs. 10 each in M Ltd. 8 Equity shares in L Ltd as Rs. 10 paid up. There were 90,000 Equity shares in M Ltd.

Find out purchase consideration.

Or

(b) After getting approval of the court, XY Co. Ltd has decided to issue to its equity shareholders the following in exchange for 60,000 shares of Rs. 10 each in order to write off intangible assets of Rs. 1,00,000 and fictitious assets Rs. 1,60,000.

(i) Fully paid equity shares upto the extent of two-sixths of the present holding;

(ii) 6% Preference shares to the effect of one-fourth of the above new equity shares. Show journal entries in the books of XY Co Ltd.

14. (a) The liquidator of SR & Co. Ltd is entitled to get a remuneration of 3% on the amount realised from the assets and 2% on the amount distributed to the unsecured creditors. From the following particulars calculate the remuneration payable.

		Rs.
(i)	Cash realised from assets	3,00,000
(ii)	Preferential creditors	10,000
(iii)	Amount due to unsecured creditors	4,00,000

Or

(b) From the following details ascertain unsecured creditors to be shown in statement of affairs :

	Rs.
Creditors for goods	80,000
Bills payable	8,000
Loan from Bank (unsecured)	20,000
Bank over draft	6,000
Loan on Security of Machinery	40,000
Estimated realisable value of Machinery	32,000

Bills discounted 31,000 (2 % expected to rank)

Contingent liabilities 25,000(10 % expected to rank)

15. (a) Calculate minority Interest from the Balance Sheet of Mumbai Ltd: Balance Sheet of Mumbai Ltd., as on 3 1.3.2009.

Liabilities	Rs.	Assets	Rs.
Share capital :		Sundry debtors	10,00,000
7,00,000 shares of		Plant and	
Rs. 2 each	14,00,000	Machinery	7,00,000
General reserve		Other assets	1,50,000
as on 1.1.2009	6,00,000	Investment	
Creditors	3,00,000	(80% shares)	6,50,000
P & L a/c as on			
31.3.2009	2,00,000		
	25,00,000		25,00,000

Chennai Ltd., acquired 80% of the shares at Rs. 6,50,000.

Or

(b) Consolidated the following balance sheets :

Liabilities	H	S	Assets	H	S
	Rs.	Rs.		Rs.	Rs.
Capital Re. 1 shares	1,400	1,000	900 shares in		
Creditors	–	500	S at cost	1,200	–
P & L a/c	–	300	Sundry creditors	200	1,800
	1,400	1,800		1,400	1,800

When H Ltd acquired the shares in S, the profit and loss A/c of the latter had a credit balance of Rs. 200.

Part C (3 × 10 = 30)

Answer any **three** questions.

16. Ambitions Ltd issued a prospectus, inviting applications for 2,00,000 shares of Rs. 10 each at a premium of Rs. 5 per shares, payable as follows :

On application	-	Rs. 2.50 per share
On allotment	-	Rs. 7.50 per share (including premium)
On first call	-	Rs. 4.00 per share
On final call	-	Rs. 1.00 per share

Application were received for 3,00,000 shares and allotment was made pro-rata to the applicants of 2,40,000 shares, the remaining applications being refused. Money received in excess on the application was adjusted towards the amount due on allotment.

David, to whom 4,000 shares were allotted, failed to pay allotment money and on his failure to pay the first call, his shares were forfeited. Madan, the holder of 6,000 shares, failed to pay the two calls and so his shares were also forfeited. All these shares were sold to Robert, credited as fully paid for Rs. 8 per share.

Pass journal entries to record the above issue of shares by the company.

17. From the following balances, prepare the balance sheet of a company in the prescribed format. Goodwill Rs. 1,50,000; Investment Rs. 2,00,000; Share Capital Rs. 5,00,000; Reserves Rs. 1,10,000; Shares Premium Rs. 15,000; Preliminary expenses Rs. 10,000; Profit and Loss A/c (Cr) Rs. 25,000; Debentures Rs. 2,50,000. Other fixed assets Rs. 4,70,000; Stocks Rs. 80,000; Debtors Rs. 60,000; Bank balance Rs. 30,000; Unsecured loan Rs. 65,000; Sundry creditors Rs. 35,000.

18. The Balance Sheet of Kavitha Industries Ltd. as at 31.12.2011 was as follows :

Liabilities	Rs.	Assets	Rs.
Share Capital:		Good will	15,000
2,000 preference		Free hold	
Shares of Rs. 100 each	2,00,000	Properties	2,00,000

4,000 equity shares of		Plant and	
Rs. 100 each	4,00,000	Machinery	3,00,000
5% mortgage		Stock	50,000
Debentures	1,00,000	Debtors	40,000
Bank overdraft	50,000	P & L a/c	2,45,000
Creditors	1,00,000		
	8,50,000		8,50,000

The company got the following scheme capital reduction approved by the court:

(a) The preference shares to be reduced to Rs.75 per share, fully paid up and equity shares to Rs. 37.50.

(b) The debenture holders took over the stock and book debuts in full statisfaction of the amount due to them.

(c) The good will A/c is to be eliminated.

(d) The freehold properties to be depreciated by 50%.

(e) The value of the plant and machinery to be increased by Rs. 50,000.

Give journal entries for the above and prepare the revised balance sheet.

19. From the data relating to a company (in voluntary liquidation), prepare liquidator's final statement of account.

(a) Cash with liquidator (after all assets are realised and secured creditors and debenture holders are paid) is Rs. 6,73,800.

(b) Preferential creditors to be paid Rs. 30,000.

(c) Other unsecured creditors Rs. 2,15,000.

(d) 4,000, 6% preference shares of Rs. 100 each, fully paid

(e) 2,000, equity shares of Rs. 100 each, Rs. 75 per share paid up

(f) 6,000, equity shares of Rs. 100 each, Rs. 60 per share paid up

(g) Liquidator's remuneration 2% preferential and other unsecured creditors.

(h) Preference dividends were in arrears for 2 years.

20. The following are the Balance Sheets of P Ltd and N Ltd as at 3 1.3.2014.

Liabilities	P Ltd Rs.	N Ltd Rs.	Assets	P Ltd Rs.	N Ltd Rs.
Share capital			Fixed assets	2,50,000	1,30,000
(Rs. 10 each)	3,00,000	2,00,000	Good will	–	30,000
Capital reserve	50,000	–	Current		
General			Assets	70,000	1,40,000
Reserve	40,000	30,000	Shares in		
Profit & Loss A/c	60,000	40,000	N Ltd. At cost	1,80,000	–
Creditors	50,000	30,000			
	5,00,000	3,00,000		5,00,000	3,00,000

P Ltd acquired 75% of the shares in N Ltd on 1.7.2013. In the case of N Ltd., profit made during the current year is 40,000 and transfer to reserve is Rs. 10,000.

Draft a consolidated Balance Sheet of P Ltd., and its subsidiary N Ltd.

MARKETING MANAGEMENT

(CBCS – 2014 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** the questions.

1. Define Marketing.

2. What is marketing mix?

3. List out the characteristics of commodities.

4. What are the primary motives of buying?

5. State the benefits of market segmentation.

6. What do you mean by skimming price?

7. What is meant by Tele Marketing?

8. Define the term Advertisement.

9. State any two kinds of agents.

10. What is consignment selling?

Part B $(5 \times 5 = 25)$

Answer **all** the questions.

11. (a) Enumerate the features of consumer.

Or

(b) List out the external factors influencing marketing.

12. (a) Write a note on consumer's behaviour.

Or

(b) What are the various stages in the buying process?

13. (a) Enumerate the objectives of pricing decision.

Or

(b) Describe the basic requirements of a new product.

14. (a) Distinguish between advertisement and salesmanship.

Or

(b) Enumerate the primary functions of advertisement.

15. (a) What are the channels of distribution?

Or

(b) List out the kinds of agricultural markets.

Part C (3 × 10 = 30)

Answer any **three** questions.

16. Discuss the major components of Marketing Environment.

17. Describe the different methods of demand forecasting.

18. What are the various methods of pricing a new product? Explain.

19. Explain the qualities of a good advertisement copy.

20. "Environment approach is essential in international marketing plan" – Explain.

ADVANCED COST ACCOUNTING

(CBCS – 2014 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. State the various elements of cost.

2. Give the meaning of 'Wastage' with an example.

3. Define 'Job costing'.

4. How do you ascertain 'Notional profit'?

5. What is meant by 'Interprocess Profit'?

6. What are by-products?

7. Specify any two features of standard costing.

8. Write a note on 'Labour Variances'.

9. Define Cost Audit.

10. Why is 'Cost Reconciliation Statement' needed?

Part B (5 × 5 = 25)

Answer **all** questions, choosing either (a) or (b).

11. (a) Define Cost Accounting? Why is it studied?

Or

(b) How are cost control techniques implemented?

12. (a) The costing records of a factory gives the following information concerning job number 370.

Materials used Rs. 5,000

Direct Wages;

Dept X 10 hours at Rs. 25 per hour

Dept Y 8 hours at Rs. 30 per hour

Dept Z 5 hours at Rs. 40 per hour

The estimated variable overheads for these departments are as follows :

Dept X Rs. 70,000 for 7,000 labour hours

Dept Y Rs. 60,000 for 3,000 labour hours

Dept Z Rs. 40,000 for 1,000 labour hours

The estimated fixed overheads are Rs. 3,00,000 for 7,500 normal working hours. Provide for profit of 1/3 on the total cost. Prepare a cost sheet to know the sales price.

Or

(b) From the following data, calculate the cost per mile of a vehicle :

	Rs.
Value of vehicle	1,00,000
Garage rent per year	1,200
Insurance charges p.a.	400

Road tax p.a.	500
Driver's wages per month	600
Cost of petrol per litre	6.40
Tyre maintenance per mile	0.80

Estimated life 1,50,000 miles. Miles per litre of petrol 8; Estimated annual mileage 6,000.

13. (a) Samson & Co., produces a product through two processes 'R' and 'S'. The following details pertaining to process 'R' for January 2015 are available.

Inputs:	Rs.
Materials (500 units)	10,000
Labour	8,000
Indirect expenses	7,000

Normal loss in the process is estimated at 5% of the input which possesses a scrap value of Rs. 31 per unit. Prepare the process account.

Or

(b) Four products M,N,O and P are produced out of a single process, their joint cost till split of beings Rs. 6,000. Without any further processing, they are sold at Rs. 10, Rs. 3, Rs. 5 and Rs. 2 respectively. The output during January 2015 was M – 500 kgs; N-300 kgs, O-200 kgs and P-300 kgs.

Apportion the Joint cost on:

(i) Sales price at split off point basis

(ii) Sales value at split off point basis.

14. (a) State the disadvantages of Standard Costing.

Or

(b) Calculate material variances.

Material	SP per kg	Std. mix for 12,000 tiles	Actual usage kg.	AP per kg
	Rs.			Rs.
A	5	1,200	12,000	7
B	9	600	6,000	6

Actual output: 1,00,000 tiles.

15. (a) Specify the features of 'Activity Based Costing'.

Or

(b) The profit as per the cost accounts was Rs. 1,50,000. Calculate the profit as per the financial accounts on the basis of the following information :

(i) The works overheads were underrecovered in the cost accounts by Rs. 6,200.

(ii) The administration expenses were under recorded in the financial accounts by Rs. 2,750.

(iii) Depreciation charges over-recorded in the cost accounts by Rs. 1,900.

(iv) Interest received on investments Rs. 1,000.

Part C $(3 \times 10 = 30)$

Answer any **three** questions.

16. Narrate the steps to be taken for the installation of a Costing System.

17. Explain the procedure to reconcile Cost and Financial Accounts at the end of accounting period.

18. Sakthi Construction Company undertook a contract for constructing a Flyover for a total value of 24 lakhs on 1.1.2013. It was estimated that the contract would be completed by 31.7.2014. You are required to prepare a contract account for the year ending 31.12.2013.

	Rs.
Wages	6,00,000
Materials	3,00,000
Materials at site on 31.12.2013	40,000
Special plant	2,00,000
Overheads	1,20,000
Work certified	16,00,000

Cash received is 80% of work certified. 8% of value of materials issued and 7% of wages may be taken to have been incurred for the portion of work completed but not yet certified. Overheads are charged as percentage of direct wages. Depreciation at 10% p.a. on plant.

19. From the following details, you are required to ascertain equivalent production under :

(a) FIFO Method

(b) Average Cost Method

Opening work-in-progress 5,000 units

Degree of completion : Materials 80%
Labour 60%
Overheads 60%

Units introduced into the process : 20,000 units

Closing work-in-progress : 7,500 units

Degree of completion : Materials 80%
Labour 60%
Overheads 60%

Assume that there are no process losses.

20. Maris Ltd. has furnished the following information for the month of June 2014.

	Budget	Actual
Output (units)	30,000	32,500
Hours	30,000	33,000
Fixed overheads	Rs. 45,000	50,000
Variable overheads	Rs. 60,000	68,000
Working days	25	26

Calculate the variances.

Elective — MODERN BANKING

(CBCS – 2014 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. Define the term banking.

2. What do you mean by globalization?

3. Give the meaning of clearing house.

4. State the definition of monetary policy.

5. Mention any two features of cash credit.

6. What is meant by deposit mix?

7. Who is customer of a bank?

8. State the meaning of savings account.

9. Give the meaning of hypothecation.

10. Define the term pledge.

Part B $(5 \times 5 = 25)$

Answer **all** questions.

11. (a) Write a brief note on Indian commercial banking structure.

Or

(b) Enumerate the reasons for the nationalisation of commercial banks.

12. (a) Narrate the functions of a central bank.

Or

(b) Trace the trends in monetary policy of the RBI in recent times.

13. (a) Describe the factors affecting deposit levels.

Or

(b) List out the problems involved in housing loans.

14. (a) What are the challenges faced by the banker?

Or

(b) State the provisions relating to joint account holders.

15. (a) What are non performing assets? Explain

Or

(b) What are BASEL norms I to III?

Part C (3 × 10 = 30)

Answer any **three** questions.

16. Discuss the role of I.T in commercial banking services.

17. State and explain the credit control measures adopted by RBI.

18. Explain the sound principled of lending.

19. What are the points to be borne in mind while opening bank account in the name of minor?

20. Narrate the difference types of mortgage with suitable illustration.

RESEARCH METHODOLOGY

(CBCS – 2014 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. Define Research.

2. What is Review of Literature?

3. What is Research design?

4. What do you mean by Hypothesis?

5. What is data collection?

6. What do you mean by Primary Data?

7. What is Non-parametric test?

8. What is parametric test?

9. What is Report?

10. What are interpretations?

Part B $(5 \times 5 = 25)$

Answer **all** the questions by choosing either (a) or (b).

11. (a) Explain the Scope of Business research.

Or

(b) Briefly explain the significance of Business research.

12. (a) Explain the features of Good research design.

Or

(b) Write a note on Sampling error.

13. (a) What is Likert scaling technique.

Or

(b) Write a note on Pilot study.

14. (a) Distinguish between Parametric and non-parametric test.

Or

(b) Explain the Bi-variate analysis.

15. (a) Explain the layout of Research report.

Or

(b) Explain the steps involved in report writing.

Part C (3 × 10 = 30)

Answer any **three** of the following.

16. Explain the characteristics of Good research.

17. Explain the different types of Research design.

18. Explain the different methods of data collection.

19. Explain the need of analysis of Data.

20. Explain the types of Report.

INVESTMENT MANAGEMENT

(CBCS – 2014 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. What do you mean by 'Speculation'?
2. List out the different types of investment alternatives.
3. What is 'Risk' of an investment?
4. How is Beta calculated?
5. What are the methods of equity valuation?
6. Write the formula for Price-Earnings ratio.
7. The dividend for a stock is Rs.2.00/- and the required rate of return is 15%. The expected growth rate is 8.3%. If constant growth model is applied, what is the value of the equity share?
8. What is an efficient portfolio?
9. Define 'Options'
10. Mention the uses of 'Swaps'.

Part B $(5 \times 5 = 25)$

Answer **all** questions, choosing either (a) or (b).

11. (a) Give five differences between Investment, Speculation and Gambling.

Or

(b) Write short notes on BSE Sensex.

12. (a) What do you mean by systematic and unsystematic risk?

Or

(b) Calculate the standard deviation from the following.

Year :	1	2	3	4	5	6	7	8	9	10
Return Percentage during the year :	37	24	–7	6	18	32	–5	21	18	6

13. (a) Bring out the stages involved in Industry Life cycle analysis.

Or

(b) Capitalisation rate 15%, Current dividend Rs.2.00 per share, what would be the value of equity share if the company shows no growth but is able to maintain its dividend.

14. (a) You have been asked by a client for advice in selecting a portfolio of assets based on the following data

Year	Return		
	A	B	C
1995	0.14	0.18	0.14
1996	0.16	0.16	0.16
1997	0.18	0.14	0.15

You have been asked to create portfolios by investing in equal proportions (i.e 50%) in each of two different securities. No Probabilities have been supplied. What is the standard deviation of each of the portfolio?

Or

(b) What is an efficient portfolio?

15. (a) State and explain the terminologies of Options market.

Or

(b) Mention the uses of Swap contract.

Part C $(3 \times 10 = 30)$

Answer any **three** questions.

16. Explain the functions of Investment Management in detail.

17. Vinay Gautam is considering an investment in one of two securities. Given information that follows, which investment is better, based on risk (as measured by the standard deviation) and returns?

Security ABC		Security XYZ	
Probability	Return	Probability	Return
0.30	19%	0.20	22%
0.40	15%	0.30	6%
0.30	11%	0.30	14%
		0.20	–5%

18. Discuss the significance of Economic analysis in detail.

19. Mr.X has a portfolio of five securities. The expected rate and amount of investment in each security is as follows:

Security	Expected return	Amount Invested (Rs.)
A	0.14	20,000
B	0.08	10,000
C	0.15	30,000
D	0.09	25,000
E	0.12	15,000

Compute the expected return on Mr.X's portfolio.

20. Discuss about Pay-off for holders and writers of call and put options with examples.

MANAGEMENT ACCOUNTING

(CBCS – 2014 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. State any two objectives of management accounting.

2. What is the role of "management accountant"?

3. Give the meaning of 'comparative balance sheet'.

4. Specify the formula for 'capital gearing ratio'.

5. What is meant by 'funds from operations'?

6. Mention the meaning of 'Investment activities'.

7. Write a note on 'Fixed budget'.

8. What do you understand by master budget?

9. What is Absorption costing?

10. Write the formula for 'margin of safety'.

Part B (5 × 5 = 25)

Answer **all** questions choosing either (a) or (b).

11. (a) How does 'management accounting' differ from cost 'Accounting'?

Or

(b) Describe the scope of management accounting.

12. (a) From the following Profit and Loss Account of X Ltd., prepare a comparative income statement.

Profit and Loss Account for the year ended 31st March

	2011-12	2012-13		2011-12	2012-13
To Cost of good sold	500	640	By Sales	700	900
To Operating expenses:					
Administrative expenses	20	20			
Selling expenses	30	40			
To Net Profit	150	200			
	700	900		700	900

Or

(b) Kasi & Co. sells goods on cash as well as on credit basis. The following particulars are extraced from the books of accounts for the calender year 2014

	Rs.
Gross sales	1,00,000
Cash sales (included in above)	20,00
Sales returns	7,000

Total debtors as on 31.12.2014	9,000
Bills Receivable on 31.12.2014	2,000
Provision for doubtful debts on 31.12.2014	1,000
Total Creditors on 31.12.2014	10,000

Calculate the average collection period.

13. (a) From the following information, calculate funds from operations of the second year.

	I year (Rs.)	II year (Rs.)
Profit and loss account	25,000	40,000
General reserve	40,000	45,000
Goodwill	7,000	4,000
Preliminary expenses	5,000	3,000
Provision for depreciation on machinery	10,000	12,000

Or

(b) After taking into account the under mentioned items, Jain Ltd made a Net profit of Rs. 1,00,000 for the year ended 31st March 2014.

	Rs.
Loss on sale of machinery	10,000
Depreciation on building	4,000
Depreciation on machinery	5,000
Preliminary expenses written off	5,000
Provision for taxation	10,000
Goodwill written off	5,000
Gain on sale of buildings	8,000

Find out cash from operations.

14. (a) State the merits of Zero Base Budgeting.

Or

(b) From the following data, prepare a Production Budget for B Ltd.

Stocks for the budgeted period.

Products	As on 1st Jan	As on 30th June
R	8,000	10,000
S	9,000	8,000
T	12,000	14,000

	Requirements to fulfil Sales programme	Normal loss in production
R	60,000 units	4%
S	50,000 units	2%
T	80,000 units	6%

15. (a) How does 'Marginal Costing' differ from 'Absorption Costing'?

Or

(b) You are required to calculate Break Even Volume from the following data:

Profit Rs. 5,000 (20% of sales)

P.V. ratio is 50%.

Part C $(3 \times 10 = 30)$

Answer any **three** questions.

16. Distinguish between 'Management accounting' and 'Financial Accounting'.

17. What is Cash Flow Statement? Explain how is it presented as per AS3.

18. From the following information prepare a Balance Sheet with as many details as possible:

Gross Profit	Rs. 80,000	Current assets	Rs. 1,50,000
Gross profit to cost of goods sold ratio	1/3	Accounts payable velocity	90 days
Stock velocity	6 times	Bills receivable	Rs. 20,000
Opening stock	Rs. 36,000	Bills payable	Rs. 5,000
Accounts recaivable velocity (year 360 days)	72 days	Fixed assets turnover ratio	8 times

Hint : Turnover refers cost of sales.

19. The expenses for budgeted production of 10,000 units in a factory are furnished below:

	Per unit (Rs.)
Material	70
Labour	25
Variable Overheads	20
Fixed Overheads (Rs. 1,00,000)	10
Variable Expenses (Direct)	5
Selling Expenses (10% Fixed)	13
Distribution Expenses (20% Fixed)	7
Administration Expenses	5
Total Cost per unit	155

Prepare a budget for production of:

(a) 8,000 units

(b) 6,000 units

(c) Indicate cost per unit at both the levels

Assume that administration expenses are fixed for all levels of production.

20. Assuming that the cost structure and selling prices remain the same in periods I and II find out:

(a) P/V ratio

(b) B.E. Sales

(c) Profit when sales are Rs. 1,00,000

(d) Sales required to earn a profit of Rs. 20,000

(e) Margin of safety in IInd period

Period	Sales Rs.	Profit Rs.
I	1,20,000	9,000
II	1,40,000	13,000

COMPUTERISED ACCOUNTING

(CBCS – 2014 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. What is the rule for personal account?
2. State any two input devices.
3. What do you mean by ERP?
4. Who is the developer of tally software?
5. What are the default ledgers in tally software?
6. How many predefined groups in tally ERP.9?
7. How do you measure the units?
8. What are TDS reports?
9. What is current ratio?
10. What is Bank reconciliation statement?

Part B (5 × 5 = 25)

Answer **all** questions.

11. (a) What are the popular accounting packages used in India?

Or

(b) Distinguish between Manual Accounting and Computerised Accounting.

12. (a) Enumerate the information needed for company creation in tally.

Or

(b) What are the buttons appears in gate way of tally screen set up?

13. (a) State the various types of groups used in tally.

Or

(b) How do you create ledgers in tally?

14. (a) Write down the procedure for purchases order processing.

Or

(b) Describe the ledgers pertaining to value added tax.

15. (a) What are the MIS reports?

Or

(b) Enumerate any five exceptions reports in tally.

Part C (3 × 10 = 30)

Answer any **three** questions.

16. Discuss the advantages of computerised accounting system.

17. Describe the various components of the tally ERP.9 screen set up.

18. Elucidate the various types of account vouchers and its uses.

19. Enumerate the steps involved in enabling payroll module.

20. Explain the accounting reports and inventory reports

SERVICES MARKETING

(CBCS – 2014 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. Define the term services.
2. Give the meaning of vision.
3. Mention any two feature of positioning.
4. State the definition of customer retention.
5. What do you mean by service marketing mix?
6. What is communication of service?
7. Write any two types of hotel.
8. State any two features of recreational services.
9. What are insurance marketing strategies?
10. What is meant by logistics service marketing?

Part B (5 × 5 = 25)

Answer **all** questions.

11. (a) Distinguish between service and product.

Or

(b) State the purposes of market segmentation.

12. (a) Narrate the levels of positioning.

Or

(b) State the ways of retaining customers.

13. (a) 'Physical evidence is the core of service marketing mix' – Comment.

Or

(b) How is marketing mix strategy formulated?

14. (a) What are the features of hotel service marketing?

Or

(b) Narrate the marketing issues relating to education.

15. (a) Examine the scope of passenger transport service marketing.

Or

(b) Why is logistic service marketing required?

Part C (3 × 10 = 30)

Answer any **three** questions.

16. Classify service with suitable illustration.

17. Bring out the significance of relationship marketing in service marketing.

18. Write an elaborate note on FPs frame work.

19. Discuss the trends and strategies of Entertainment/Recreational marketing.

20. Explain in detail any five insurance marketing schemes.

RETAIL MARKETING

(CBCS – 2014 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. What is meant by retail marketing?

2. Define the term retail market mix.

3. State the meaning of supplier relationship management.

4. Mention any two goals of CRM.

5. Give the meaning of training.

6. What is meant by category management?

7. Define debit card.

8. What is sales quota?

9. What is meant by retail format?

10. Give the meaning of retail mall.

Part B $(5 \times 5 = 25)$

Answer **all** questions.

11. (a) Distinguish between store and non–store retailing.

Or

(b) What are the benefits of on line sale?

12. (a) Who are channel partners? Explain.

Or

(b) Explain the concept of customer services.

13. (a) Examine the criteria for scientific selection.

Or

(b) Point out the objectives of merchandise planning.

14. (a) What are sales programmes? Explain.

Or

(b) State the need for sales report.

15. (a) Distinguish between physical an virtual model.

Or

(b) Why are strategic options required?

Part C $(3 \times 10 = 30)$

Answer any **three** questions.

16. State and explain the various forms of retailing.

17. Explain the nature and scope of customer relationship management.

18. Discuss the steps involved in CRM planning.

19. Write an elaborate note on sales and value handling.

20. Narrate the distinguishing features of super and hyper retail formats.

DIRECT TAXES

(CBCS – 2014 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. Who is Non Resident of India?

2. Define Assessment Year.

3. What is Municipal value?

4. What is Unrealised rent?

5. What are Transfer of Capital assets?

6. What do you mean by Short term capital gain?

7. What is Set-off Losses?

8. What do you mean by Return of Income?

9. Write a note on Income tax authorities.

10. What is Advance Payment of tax?

Part B (5 × 5 = 25)

Answer **all** questions.

11. (a) Write a note on Previous year.

Or

(b) Briefly Explain the Residential Status.

12. (a) After serving for 33 years and 9 months in Bharat chemicals Ltd. Mr. X who is covered under the payment of Gratuity Act retires from service on 30th November, 2014. The employer pays him a gratuity of Rs. 9,00,000. His monthly basic salary at the time of retirement was Rs. 30,000 D.A Rs. 9000 and H.R.A Rs. 4,500.

You are required to determine the amount of gratuity exempt under section 10(10) of the Income tax act.

Or

(b) Give a specimen for calculating Income from House property.

13. (a) Explain the Exempted Capital gains.

Or

(b) Explain the provisions regarding Assessment of Business income.

14. (a) Write a note on PAN.

Or

(b) Mr. Anil furnishes the following particulars of his incomes for the previous year 2014-15.
Compute his gross total income.

	Rs.
Dividend on equity shares	600
Dividend on Preference shares	3,200
Income from letting on hire of building and Machinery under one composite lease	27,000
Interest on bank deposits	2,500
Income from undisclosed sources	10,000

15. (a) Explain the overview of Income tax authorities.

Or

(b) Explain the provisions regarding advance payment of tax.

Part C (3 × 10 = 30)

Answer any **three** questions.

16. The following are the incomes of Shri Krishnan for the previous year 2014-15.

	Rs.
Income from agriculture in Pakistan	30,000
Income from salary received in India but the services were	12,000
Rendered in Iraq (computed)	
Income from a business carried on India	12,000
Dividend from a domestic company	2000
Income earned and received in Bangladesh from bank)	
Deposits there	6,000

Compute his Gross total income for the A.Y. 2015-16. If he is :

(a) Resident

(b) Not ordinarily resident

(c) Non-resident.

17. Determine the annual value of the house in the following case :

	Amount Rs.
Municipal value	1,00,000
Fair rent	1,20,000
Standard rent	90,000
Actual rent received	1,32,000
Municipal tax 10% of M.V.	paid by owner

18. A non resident Indian remitted U.S. $ 20,000 to India to purchase shares in an Indian Company. At the time of purchase of shares the prescribed rate of exchange was Rs. 30 the shares are sold for Rs. 10,56,000. At the time of sale the prescribed rate of exchange was Rs. 48. Compute the amount of Capital gains.

19. Write a note on Clubbing of Income.

20. Explain the procedure for Assessment.

ADVANCED BUSINESS STATISTICS

(CBCS – 2014 onwards)

Time : 3 Hours Maximum : 75 Marks

Section A (10 × 2 = 20)

Answer **all** the questions.

1. Differentiate Census Vs Sample.

2. What do you mean by Snowball sampling?

3. Write short note on Poisson distribution.

4. What are the rules of probability theory?

5. What are the procedures followed in testing a hypothesis?

6. What is meant by Goodness of fit?

7. What is regression?

8. How will you make inference on correlation results?

9. What are the assumptions of '*F*' distribution?

10. What is meant by the critical value used in analysis of variance?

Section B $(5 \times 5 = 25)$

Answer **all** the questions.

11. (a) What is non-random sampling? Explain its types.

Or

(b) What are the essentials of sampling?

12. (a) An investment consultant predicts that the odds agains the price of a certain stock will go up during the next week are 2:1 and odds in favour of the price remaining the same are 1:3 what is the probability that the price of the stock will godown during the next week?

Or

(b) The following mistakes per page were observed in a book :

No. of mistakes per page :	0	1	2	3	4
No. of times the mistake occurred :	211	90	19	5	0

Fit a Poisson distribution to fit data.

13. (a) 1000 students at college level were graded according to their I.Q and the economic conditions of their homes. Use X^2-test to find out whether there is any association between economic condition at home and I.Q.

Economic Conditions	I.Q High	Low	Total
Rich	460	140	600
poor	240	160	400
Total	700	300	1000

Given $v = 1$, $X^2 = 0.05 = 3.84$.

Or

(b) Two samples are drawn from two normal populations. From the following data test whether the two samples have the same variance at 5 % level.

Sample 1 :	60	65	71	74	76	82	85	87	–	–
Sample 2 :	61	66	67	85	78	63	85	86	88	91

14. (a) The simple correlation coefficients between temperature (X_1), corn yield (X_2) and rainfall (X_3) are $r_{12} = 0.59$, $r_{13} = 0.46$, $r_{23} = 0.77$. Calculate partial correlation coefficient $r_{12.3}$ and multiple correlation coefficients $R_{1.23}$.

Or

(b) Given the following data, estimate the value of Y when $X = 60$ and also find out the coefficient of correlation :

The mean value of $X = 53.2$

The mean value of $Y = 27.9$

The regression co-efficient of Y on $X = 1.5$

The regression co-efficient of X on $Y = 0.2$.

15. (a) The three samples below have been obtained from normal population with equal variances. Test the hypothesis that the sample means are equal

8	7	12
10	5	9
7	10	13
14	9	12
11	9	14

The table value of F at 5 % level of significance for $V_1 = 2$ and $V_2 = 12$ is 3.88.

Or

(b) Explain the Properties of "F" distribution.

Section C (3 × 10 = 30)

Answer any **three** questions.

16. Explain the different methods of collection of data.

17. The following tables give the number of days in a 50, day period during which automobile accidents occurred in a certain part of a city. Fit a Poisson distribution to the data :

No. of defects :	0	1	2	3	4
No. of units :	211	90	19	5	0

18. The result of survey to know the educational attainment among 100 persons randomly selected in a locality is gives below :

Education

Sex	Middle	High school	College	Total
Male	10	15	25	50
Female	25	10	15	50
Total	35	25	40	100

Can you say that education depends on sex?

(For $V = 2$; $X^{2=0.05} = 5.99$)

19. You are given the following information about advertising expenditure and sales :

	Advertisement (x) (Rs. in lakh)	Sales (y) (Rs. in lakh)
Arithmetic mean	10	90
Standard deviation	3	12

Correlation coefficient = 0.8

(a) Obtain the two regression equations.

(b) Find the likely sales when advertisement budget is Rs. 15 lakh.

20. Kerala traders co..Ltd. wishes to test whether its their salesman A, B and C tend to make sales of the same size or whether they differ in their selling ability as measured by the average size of their sales. During the last week

there have been 14 sales calls – *A* made 5 calls, *B* made 4 calls and *C* made 5 calls. Following are the weekly sales record of the three salesmen.

A (Rs.)	300	400	300	500	0
B (Rs.)	600	300	300	400	–
C (Rs.)	700	300	400	600	500

Perform the analysis of variance and draw your conclusion.

FINANCIAL SERVICES AND MARKETS

(CBCS – 2014 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. Define financial system.

2. What are the sources of fund?

3. What is commercial paper?

4. What is stock exchange?

5. What is secondary market?

6. Define banking.

7. What is preference share?

8. What do you mean by forfeiture?

9. What do you know about foreign exchange?

10. What is ADR?

Part B $(5 \times 5 = 25)$

Answer **all** questions choosing either (a) or (b).

11. (a) Shortly write a note on money market.

Or

(b) State the advantages of primary market.

12. (a) Explain NBFC's.

Or

(b) Discuss structure of SEBI.

13. (a) Write down the objectives of RBI.

Or

(b) What are the primary functions of SEBI?

14. (a) Write down the importance of global market.

Or

(b) Briefly explain money market instruments.

15. (a) Discuss the importance of factoring.

Or

(b) Write short note on supervisory functions of RBI.

Part C $(3 \times 10 = 30)$

Answer any **three** questions.

16. Write an essay on financial systems in India.

17. Discuss various functions of RBI.

18. Explain fresh issue market and its functions.

19. Write a detail note on different sources of fund and its significance.

20. Write down the different types of securitizations and its significances.

HUMAN RESOURCE MANAGEMENT

(CBCS – 2014 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. Define HRM.
2. Write any one Challenges of HRM.
3. What is job simplification?
4. What is meant by demotion?
5. What is Sensitivity training?
6. What is meant by Induction?
7. Write about job design.
8. What is case study?
9. Write about any one appraisal method.
10. Write any one fringe benefit.

Part B (5 × 5 = 25)

Answer **all** questions.

11. (a) "HRM as a Profession" explain its character.

Or

(b) Write Notes on Objectives of HRM.

12. (a) Explain the need of HRP.

Or

(b) Write down the Strategies to Retain the Labor.

13. (a) Explain any two sources to recruit top position.

Or

(b) What are the recruitment practices in India?

14. (a) Write down the techniques of MDP.

Or

(b) How will you evaluate a training programme?

15. (a) Brief any two problems faced in appraisal.

Or

(b) What are the requisites of Performance Appraisal?

Part C (3 × 10 = 30)

Answer any **three** questions.

16. Explain the Operative functions.

17. Distinguish between Job Enrichment and Job enlargement.

18. Brief about the Sources of recruitment.

19. What are the Steps in Operative Training Programs?

20. What are the traditional methods of appraisal?

PORTFOLIO MANAGEMENT

(CBCS – 2014 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. What is Investment activity?

2. Who are conservative investors?

3. What is carry forward transaction?

4. What are the forecasting techniques?

5. State the objectives of ISE.

6. What is meant by fundamental analysis?

7. What is SWAP analysis?

8. What is point and figure chart?

9. What do you mean by retrospective effect?

10. What is hedging?

Part B $(5 \times 5 = 25)$

Answer **all** questions choosing either (a) or (b).

11. (a) Discuss investor and speculation.

Or

(b) Discuss briefly about Portfolio Management.

12. (a) What is new issue market? How it is differentiate from secondary market?

Or

(b) What is underwriting of shares? Explain.

13. (a) Explain concept and types of portfolio risk.

Or

(b) What is CAPM? Explain its assumptions and applications.

14. (a) What is Market Model?

Or

(b) Describe flow chart.

15. (a) What is Multifactor model?

Or

(b) What is APT? Explain.

Part C $(3 \times 10 = 30)$

Answer any **three** questions.

16. Write an essay on different avenues of portfolio.

17. Explain the following terms :
    (a) UTI
    (b) LIC
    (c) GIC.

18. Discuss Sharpe's reward to volatility model.

19. After a thorough analysis of both the aggregate stock market and the stock of XYZ company, you are advised to develop the following opinion.

Economic condition	Aggregate market	XYZ	Probability
Good	16%	20%	0.4
Fair	12%	13%	0.4
Poor	3%	–5%	0.2

At present the risk free equal to 7% would an invest in XYZ be wise?

E-COMMERCE

(CBCS – 2014 onwards)

Time : 3 Hours Maximum : 75 Marks

Part A (10 × 2 = 20)

Answer **all** questions.

1. What do you mean by E-commerce?

2. What is Database?

3. Write a few lines on B2B.

4. Expand EDI and EFT.

5. What is data warehousing?

6. Abbreviate WAN and LAN.

7. Write any two goals of E-Commerce.

8. What is Electronic Data Interchange (EDI)?

9. What is teleshopping?

10. What is interactive marketing?

Part B $(5 \times 5 = 25)$

Answer **all** questions. (Either or)

11. (a) What is E-Business? Explain its advantages.

Or

(b) Discuss the term B2C.

12. (a) Write down the importance of E-Commerce

Or

(b) Briefly explain web retailing.

13. (a) Discuss the term "Video Conferencing".

Or

(b) What is E-tail? Explain.

14. (a) Discuss the term "Website".

Or

(b) Briefly explain the term resource planning.

15. (a) List down the benefits of ERP.

Or

(b) Explain online marketing process in detail.

Part C (3 × 10 = 30)

Answer any **three** questions.

16. Detail the term "ERP'

17. Write an essay on various Internet marketing technologies.

18. Elaborate the advantages of E-Commerce and E-Business.

19. Write an essay on various categories of E-Business.

20. Detail the process of B2B and B2C marketing.

———————
